Subject: Open Ohio Schools Normally for the 2020-2021 School Year

Alice- Piqua, OH-I started this petition when Governor Dewine mentioned twice about the possibility of hybrid schools. As a mother of 6 children (4 K-12), a small business owner, wife of a law enforcement officer, and like MANY Ohioan families our lives are structured around traditional schooling. In the fall, my husband and I will have to decide between our financial stability and our children's education. Dr. Acton has admitted this virus has posed ZERO serious risk to children as well as the fact that it was here in Ohio in Dec/Jan. We did not close down schools, we did not force children to wear masks, and be afraid of one another. THIS is how schools should re-open in the fall...NORMAL. I see school district after school district trying so hard to come up with plans to re-open and be as inclusive as possible to all, but the fact is there is only one plan that will do this, and that is to open schools 5 days a week and allow parents to decide if their children should have to wear a mask or not. Governor Dewine and Amy Acton are unilaterally taking away our children's rights to an education and our parental rights to decide what is best for our children. Our children's education is not a political game. As you read through these comments you will find that it is not just rural Ohio parents that feel this same way, but MANY MANY large city parents as well. Thank you for your fight to give the parents and students of Ohio their rights back.

Lisa- Piqua, OH -"These children need consistent schedules and learning. By being in school two days a week they will never accomplish the education and social development they need. Parents are trying to work and be financially stable! By changing schedules, that makes working a normal schedule and finding childcare a difficult task!"

Amanda - Piqua, OH - "Our kids need consistency!!!"

Tiffany -Byesville, OH -"My daughter will be a senior next year, she is a varsity cheerleader, she needs the social interaction and to be with her friends. They need to be able to have a normal school year. I also want to say no forced vaccination for our kids or anyone!"

Joshua -East Fultonham, OH - "Kids need classroom interaction"

Kim- Hilliard, OH - "Kids need to be back in school full-time in the fall of 2020"

Elaine- Xenia, OH - "Schools are safe and should be open. If our president says reopen schools the governors should collaborate!!!"

Marie Lee- Eaton, OH - "Sending my daughter to school is my right."

Angie- Pleasant Hill, OH - "Kids need stability and diversity that school provides."

Cherise- Cincinnati, OH -"While I'm a homeschool parent, I do know there are kids who need school . Who need and thrive from the structure of school. They need food, specialized services for IEP's. This cannot all be done remotely. Parents also need the ability to work."

Ian Hummel Mason, OH - "This is essentially forcing every household with children into single income households. Those households with only one working adult would then mostly be unemployed. It's time to get everyone back to work and more importantly, get our kids back together learning and socializing."

Cassandra Retzler Batavia, OH - "I find this thought process insane. Open schools back up on time and normally. Anyone who wants to home school their kids, there are options out there for ya. Start looking at them now so the rest of us can get back to normal living."

Rhonda Lampton Ohio, US "There is NO WAY technical school students can manage this? How do you learn welding or electrical or medical trades at home or online!"

Pamela Luft Thornville, OH - "WAKE UP OHIO???"

Frank Prozy Diamond, OH - "This is ridiculous get kids back to school"

Randi Mino Seven hills, Ohio - "I can not continue to live my life this way. I amNot a teacher! I am a nurse and can't mentally or physically afford to work and also homeschool my child. The distance learning does not work. My children are not learning."

Lisa Altieri - O'Brien Uniotown, OH - "Our kids have the right to education just like our governors, their kids, and grandkids had. Get Gates out."

Melissa Comer Troy, OH - "You will not put your fears on my children. They will be homeschooled first before being sent 2 days a week and be treated like p.o.w."

Julianne Bush Xenia, OH - "I'm an educator and know the importance of a classroom. Students need to be back to school for their emotional, social, and academic well-being."

Christopher Rampulla Piqua, OH - "Our children still need to grow and be taught "

Nick Kashasha Ohio, US - "Kids need social interaction at young ages. Parent do relay on school for them to work. And why change something thats has worked for decades."

Chelsea Hatton Vandalia, OH - "This is going to do more harm then good.... This is gonna be hard for kids and parents and its gonna be harder to keep our kids on track.... This is not a good solution..."

Lauren Snyder Wadsworth, OH - "Absolutely not!!"

Pattie Ayers Galena, OH - "Kids need to be IN school! On line learning is an "option" not the standard. They need to lift orders NOW so they can plan and prepare for fall! #openschoolsnow"

Gina Hawkins Fletcher, OH - "Kids need back in school. Kids need extra curricular activities."

Nicole Maxwell Piqua, OH - "Because kids need a consistent schedule. Have these two clown understand what kind of damage they are doing? Ok let's cut funding to schools!! 臘 ♡ ♀ #"

Angie Smith Piqua, OH - "Kids need to be socializing with friends and also need a good educatuon"

Erica Campbell Piqua, OH - "School is essential for all . These students need to be back to their normal schedules. If this is the case then you might realize that their education, social skills, and so much more will be ruined. Let's get back to "their" normal or we will have failed these kids. We can't be scared forever Ohio !"

Billie Skeens Ohio, US - "I think there would be a lot of Ohioan push back from this. I don't enjoy being a teacher. I don't want to be a teacher. I get flustered, my kids get flustered it's not a good and efficient learning environment. I see a lot of kids getting behind and not being at age appropriate levels. Parents are still having to work, my job as an adult-which is to provide for my kids isnt going to stop or decline, I don't have time to do hours of school work. Thankfully my job is flexible with Covid19 at the moment but it's going to return to a sense of normalcy. Factories, Retail, Constructions, medical, etc aren't able to keep being closed or shorten hours and parents will return to their 40+ hours a week. **The 2 day plan is efficient at all. •They're still going into the building which means passing of germs anyways. •It will impose babysitting difficulties. •Kids getting behind in education. •Not efficient At home learning environments. •Flustered parents and kids"

Cheryl Regan Avon Lake, OH - "Kids belong in school full-time."

Vicki Palmer Canfield, OH - "How is a single parent supposed to make that happen? Send the kids back!"

Caroline Rose Avon Lake, OH - "I believe these kids need to be back in school in the fall. They need that school schedule and social interaction."

Kelly Wilber Avon Lake, OH - "Our children deserve it!"

Juli Angel Cincinnati, OH - "My children need in person schooling face to face and to spend time with other children his age."

Sherri chasteen Cincinnati, OH - "This entire ordeal is overblown. It's time to move on, get back to normal, and stop the insane dictatorship."

Jackie Blaskovic Avon Lake, OH - "Our children need and crave the structure of school for the whole week not just random on and off days."

Brittney Turner Germantown, OH - "Kids need to go back to school. Additional hardships will be put on families and the kids need to get back to life and be able to enjoy school, sports and their friends"

Michelle Robbins Troy, OH - "My 11 year old daughter does not like online learning. She says she is not retaining the lessons like in school, she knows it long enough to do the work and that's it. She misses her teachers and friends. Kids need to go to school and have the physical interaction with others. Making school only 2 days will cause too many problems and its not good for the kids or teachers."

Erin Adams Lebanon, OH - "Um...where are my kids to be while I'm earning a living for them? I'm a widower so...will Dewine be coming to my house everyday to babysit three days a week? He said "we are all in this together ""

Julie graham Piqua, OH - "I think this has gone to far and my child starts kindergarten next year."

Maura Dillon Urbana, OH - "I am signing because the whole thing has been blown out of proportion! Our kids need structure and stability and parents have to work! You will see a whole lot of kids being homeschooled if this happens! Maybe that's a good thing!"

Rebecca Smith Avon Lake, OH - "This is an unreasonable reaction to an illness like so many others that have plagued the world. And this would have no effect unless they are also planning to cancel sll sports, clubs, school & outside activities. We cannot live a life locked up in fear. If a parent distance learning for their children they have the option to home school."

Kylie Edwards Dayton, OH - "I'm signing because I'm not scared & neither are my children. I understand how my immune system works. I don't believe the media narrative. I'm fighting for my freedom & so should the person who reads this."

Lydia Van Kirk Troy, OH - "Its bullshit"

Joseph Freeman Columbus, OH - "Online learning isn't working anyway and people won't be able to go back to work like this."

Tamara Roberts Rossford, OH - "These students need to be in school full time- they need the interaction and one on one support. We don't want our students to be even further behind than the rest of world."

Susan Riley Tiffin, OH - "The need for control by the government needs to STOP now! Everyone needs their lives back NOW!!!!"

Marjorie Neeley Bellbrook, OH - "I am a teacher, kids learn better IN SCHOOL, not online and 50 percent there. Get the kids back to school and stop with the guessing. You are making these plans without even knowing what is going to happen!"

Chris Enright Pataskala, OH - "Stop trying to change the norm for something is blown way out of proportion. I'm waiting for dewine to decide what he truly believes in because right now all he is doing is listening to everyone else."

Kelly Keller Fremont, OH - "BECAUSE THEY SHOULD HAVE NEVER BEEN CLOSED!!! The severity of the situation was nothing but a lie to gain power and control over the people we will not stand for this this will not continue!!!!"

Stephanie Ramsey Okeana, OH - "Open our schools full time . Our children deserve to be taught by certified teachers"

Stephanie Rothacher Elyria, - "My grandchildren need their education. My children need to work to provide for their families. The grandchildren are being deprived of a quality education that my tax dollars are taken for."

Nicole Bevington Troy, OH - "My son needs to socialize and have structure back, it essential for his learning!!"

laura friscan Cleveland, OH - "This is not a feasible plan for single working parents. Besides science is pointing to young kids not even transmitting the disease"

Brandy Burditt napoleon, OH - "This proposal is absolutely absurd! Is governer dewine saying kids can only catch the virus on certain days of the week??? Total abuse of power!"

Angela Ault Oakwood, OH - "Children need consistency in school. Kids aren't getting what they need in online learning."

Beth Rollins Avon Lake, OH - "Remote learning is NOT a feasible options in homes with 2 working parents. Who is going to watch her on the 3 days she's not in school? How can I be assured that whoever is with her is doing her learning the way it's supposed to be done? This has been an extreme burden for families with 2 working parents. It worked to get us to the end of the school year. It WILL NOT work once parents are back in their work settings full time."

Susan Grinstead Powell, OH - "To safe the education of Ohio Children"

Lena antestenis North Royalton, OH - "Open up ohio now!!!!"

Heather Estes Monroe, OH - "Are kids need to be in school. This is important and not fair to the younger generation.."

rhonda fike Cortland, OH - "Children need stability, interaction,sports,teachers"

Sarah Taber Dayton, OH - "We need our children to be educated correctly, they need to have the social part of school, and it's their damn job! Viruses will come and go. It's time to live life, and our children are suffering the most because of this situation. They are being put on the back burner while Dewine and Acton are causing more pain and anguish! I do not support mixed school days!"

Lynn Wilt Uniontown, OH - "My kids deserve FULL TIME EDUCATION! This remote learning is a total joke."

Martha Curlee Rome, GA - "This is a total ridiculous stunt! Children need social interaction. They have sports activities, scholarships they are working towards. Parents have jobs they have to attend. You can't just say no school! This virus is not even deadly. This is an outrage!"

Aubrey Phelps Port Clinton, OH - "Not only that, but if all these kids are then going to daycare , you were just changing where the germs are spread not actually stopping any spread whatsoever. How are parents

supposed to find the money to send their kids to day care? How are enough daycare supposed to be open in time to take that many new children?"

Mischelle Philpot Cincinnati, OH - "Creating a problem to attempt to solve another does NOTHING! This is not good for parents or children."

Irene Carl mentor, OH - "Take away our in person education, take away our sports, Keep our tax money and make us pay additional for child care. Then after 8-9 hours working we get to teach/monitor our children"

Jody Watkins Franklin, OH - "This is the most irrational and absurd measure yet. If they are safe 2 days a week they are safe 5. You going to step up and compensate families that loose 1 income because they have to stay home with their kids!!!?"

Desiree Spillman Mansfield, OH - "As a parent I do not have time to teach a full day of school and work! As a teacher of children with Autism are kids need us by them to help them learn and so they can get their services!"

Danielle Dettmer Mansfield, OH - "Kids are mentally being MAJORLY effected by not being in their normal routine. They miss their extra people. It's going to have serious long term effects if something doesn't change. We choose school for a reason. Let them go back! Have the option for online -learning for parents that don't feel comfortable sending and let the ones that do go! Please! This is getting out of control!!"

Cassandra Hoagland Miamisburg, OH - "The school teacher and I think this is a horrible option for our children"

Angie Giguere Piqua, OH - "We need to get back to school!"

Brian Adams Powell, OH - "Children need to be educated by professionals, in a school setting. Socialization is also very critical in developing the next generation."

Julie Probst Piqua, OH - "This is ridiculous!! Putting so much strain on the parents for what???"

Michelle Merrill Medina, OH - "This plan does not work."

Beth Flesher Youngstown, OH - "This is not a realistic plan, parents need to work. We are not teachers and can not raise well educated children this way! They need to be back in school Full time stop the madness!"

Jessica Hallquist Struthers, OH - "Mixed school days will cause more harm than good. There is no way to keep things clean and the inconsistencies in the schedules are doing major damage to some of these kids"

Elizabeth Troyer West Lafayette, OH - "I have four children and I feel that this would detrimental to learn for my children as well as have social implications around such a plan. Parents cannot afford to pay real estate taxes which pays our school just and then have to take time off to teach our children or pay for child care."

Laura Huvler Mansfield, OH - "As a full time working parent, this won't work!"

Jen Maginnis Cincinnati, OH - "Children learn so much from each other and need consistency."

Megan Young Mansfield, OH - "Kids need to be able to learn in the classroom as normal, our children are not learning as they should with E-learning. They need social interaction and to be back with their amazing teachers!"

Sara Skirvin Perrysburg, OH - "Children need consistency! A mixed schedule would be worse because you are then moving children in to daycare centers on the remote learning days, where they typically wouldn't have been exposed."

donald tarr Fredericktown, OH - "It makes no sense"

Josephine Ressler North Lawrence, OH - "I want our schools to go back to normal schedules."

Erin Link North Ridgeville, OH - "My husband and I both work full time. I also don't think the remote learning is set up well enough for the kids to learn everything they need to learn along with the social aspect for them."

Jennifer Wuersig Westerville, OH - "I work full time and have three children who desperately need to get back to their normal routine. They are not learning the same at home as they do in the classroom. And I cannot work if they are not in school full time."

Kathy Knoop Troy, OH - "Children need to be in the classrooms and teacher need to teach. We cannot continue to live in a bubble and live in fear. As a school bus driver, I know how to keep a clean bus. I've

done it successfully for over 25 years. Can't tell you the last time I was sick. Never ever have I ever had a flu shot! Live a health lifestyle and practice good hygiene. That's the secret."

Mike Evans Springfield, OH - "This remote learning is garbage. Most parents are NOT teachers. As Ohio opens back up, parents will NOT have the time to help their children learn the stupid common core garbage. We NEED schools to open back up. PERIOD. This remote learning is awful."

Julianne Hood Avon lake, OH - "We are paying taxes for in person schooling. Parents HAVE to get back to their JOBS TO STAY ALIVE. Stop the #scamdemic"

Robert Garrett Youngstown, OH 2020-05-06 "I think this is ridiculous. If your gonna have them go, then then have them go like they normally would"

Elizabeth Peebles Mansfield, OH 2020-05-06 "Kids need the opportunities schools offer!! Academics, sports, extra curricular, social and yes even germs!"

Courtney SKINNER Piqua, OH - "It show be one way or the other. Not go to school a couple days stay home couple. They need their routines back and sports activities. Put these kids back in school. Parents can't afford daycare and can't afford to stay home. Put the kids back in school!"

Amber Dalton West Liberty, OH - "This idea is ridiculous"

Patricia Terry Cincinnati, OH - "Kids deserve to get a education with structure !!!"

Emily Behr Piqua, OH - "These kids need to be in a classroom learning with a stable schedule. Some of them need to be in a classroom to learn and cannot learn simply by reading online assignments. It is not fair to take their education away from them and for some kid's the only stable place they have is school! They need to figure it out because this is ridiculous!!"

Tonja Swartz West Milton, OH - "This social distancing is effecting the kids mental health"

Ruthie Skaggs Franklin, OH - "I'm a working mother who cannot handle working full time, doing e-learning part time. It's too much and our kids need their teachers!"

Kimberly Sanders Mansfield, US - "There is no justifiable reason to continue this level of shutdown or "orders". Our kids need to be back in school with structure of the classroom and extracurricular activities. There are so many physical and emotional reasons why this will be detrimental to many school age children. I, for one, will strongly consider finding a homeschool program for my children (not through the public school system) if this proposal becomes a reality."

Kathy Schlemitz Marysville, OH - "Doing this is idiotic. Kids need routine and parents need school so they can work. An to expect teachers to do in classroom and then online teaching for what they get paid - craziness."

Kathleen Sallah Toledo, OH - "There is no evidence that our school will learn as much as they need to with this schedule. Plus it puts an undue stress in teachers and families."

Teresa Grieshop Maria stein, OH - "We pay for these schools to be open!" Stephanie Smith Lewis Center, OH 2020-05-06 "My kids need school. Being home isn't conducive to our family dynamic. It causes too much strife and anger."

Ambers Cayten Urbana, OH - "I'm signing because this potential plan is an injustice to our children. They deserve to have the best education available. At home learning is not feasible for many children and definitely a ridiculous idea for working parents."

Rebekah Shumer Mansfield, OH - "I'm signing this because it's not realistic and doesn't provide consistency that children need. Resources and parental oversight will not be achievable for all students. Also it would pose a childcare issue for working parents"

Melissa Hazen Fredericktown, OH - "A lot of reasons. Kids need their friends. Kids need to be in school. Kids need sports. Teachers cannot teach online and in class both. Parents have to work and cannot teach their kids too full or part time. And to also say my kid will not be forced to mask their damn face. You can suck a dick dewine! And Amy can F off!!"

Tom Christie Sylvania, OH - "This concept is irresponsible we need to reach herd immunity before the end of the summer and allow students to go to school so parents can return to work and support their families."

Theresa Ritzer Hebron, OH - "I care!"

Lauren Egger Avon, OH - "Amy Acton does not use facts and science to support models or stay at home orders, masks, social distances etc."

Lisa Camden Middletown, OH - "I'm signing because being a working parent is already hard enough to juggle work and your children. You're proposal will make it even harder. Kids need a consistent schedule... Mon- thru Friday in a normal school setting."

Abbie H Franklin, OH - "Send the children back to school!!!"

Scott Ray Piqua, OH - "Time to go back to normal. Enough of this fear mongering!"

Pam Flohre Dayton, OH - "I'm not a teacher."

Emily Naderer Westerville, OH - "I am an essential worker and so have been working outside the home 40 hours a week this entire year. I have also been attempting to home school my kindergartener evenings and weekends (he is too young to complete assignments without supervision and assistance.) I feel strongly that this arrangement needs to be temporary and should not continue into next year. As more people return to work our children's education will be compromised on a more widespread level. Please continue to explore ways that children can safely return to full time in school education!"

Marc Sandy Smith Mansfield, OH - "This is ridiculous"

Laura Artrip Iberia, OH - "Doing half and half with school is not going to work, but just cause more trouble!"

Jennifer Harrison Fostoria, OH - "This is NOT helping the students!!!"

Chris Eilerman Fort Loramie, OH - "Kids deserve/need consistency. They also deserve/need to be challenged so that their learning is stretched so that they can achieve at their greatest potential. This cannot be achieved by only attending school 2 days a week. Their academic and social growth will suffer greatly by attending school only 2/5 of the school week/year. Can we afford to have our youth, who will be entrusted with our future, to receive only 2/5 of an education? NO!"

Brooklyn Shoup Westerville, OH - "There's no way for a family to manage this schedule for multiple children. Instruction would be poor and interrupted with a lack of consistency and they are Still being exposed. This offers very little protection. It's either safe or it's not. If not, distance learning it is."

Marlana Maiani Toledo, OH - "As a teacher and school director, my students need more time than 2 days per week to meet the standards of a quality education. They need more than 2 days per week of socialization for proper learning and development. Kids want to go to school. They want to learn and it is not fair to give them less than half of the education we all received. This makes it even harder on families and creates undue stress for children, families, and educators. Families who are stressed pass that stress on to their children, which can cause delays in development, rises in child abuse, and increased childhood anxiety and mental illness. It is our children's right to have a free adequate public education as mandated by law. 2 days per week is not adequate for all children and is very inadequate for most."

Tara Schroeder Crestline, OH - "I cannot imagine my kids academically passing if this distance learning is continued. We are both working parents who do not hold teaching degrees. Stop punishing the kids and schools by taking away funding and their education, and social interaction."

Shana Yourkvitch Avon Lake, OH - "These kids will be failed if they don't go back. There is no point having them there two days. At that point just send them back full time."

Caitlin Monroe Cincinnati, OH - "Our children need to be in school by the end of August! No exceptions! We are not only doing their immune systems more damage by hiding them away unnecessary amounts of time with no exposure to the real world and germs/bacteria that they need to stay healthy, we are doing them a disservice when it comes to learning as well. I am NOT a teacher and am barely holding onto my sanity right now. Not to mention children need a learning environment around their peers and a level of normalcy in their lives. Too many children will slip through the cracks if this continues on for too long. Some parents do not enforce healthy learning habits and if we don't want a bunch of kids not knowing basic things they will need to graduate or get into college they better reconsider this!!!"

REBECCA DEATON AVON LAKE, OH - "I will just home school my kids if this happens."

Christie Vaulx Delaware, OH - "Kids need to be in school! This rotation idea is nonsense!!!"

Rosemary Wood Cleveland, OH - "I believe children need to go back to school each and every day."

Rochele Queen Avon, OH - "NO to 2 school days! NO to continued distance learning!"

Danielle Sigler Lexington, OH - "As a working parent, childcare and schools must be open if the economy is."

Jacob Reichle Mansfield, OH - "I want my kids back in school! I want them learning from the people who have schooling and degrees that we pay, as tax payers, pay for."

Corenda Williams Miamisburg, OH - "NO to 2 school days! NO to continued distance learning! My kids need to be in school."

Gretchen Cassil Cincinnati, OH - "This won't work. Too much inconsistency and how will working parents manage. If kids are in daycare when not at school, what's the point!"

Kimberly Staub Spring Valley, OH - "Our children need to go back to school. Governor DeWine has overstepped his power. There is no scientific data backing all the TV he claims he is using for his excuses at tyrannical control over our lives. The US Constitution is our laws not the orders he conveniently decides to impose on the State of Ohio"

Sarah Rust Dayton, OH - "This is absolutely ridiculous, and will not lessen exposure risk anyway. If they still go to school part time why not just go back to normal? Children are at such limited risk for getting this that I would rather them be at school than locked up at home for no reason at all! Flu runs through the school every year and I for one am not afraid of them getting a mild illness."

Krista Schulze Anna, OH - "I have seen my children's love and passion for learning dwindling through these last few months. With living in rural Ohio internet connectivity has also been problematic. With one child on an IEP and another who has attention issues they are not receiving the services that they require to adequately learn. Please do not take away their chance at a great education. Please do not away their love of learning!"

Robin Suzelis Canfield, OH - "Special needs children need more education and school based therapy than 5 days a week gives. Our family with autistic children and so many others we know are already regressing."

Stacia Dighton Logan, OH - "My children need quality education. If I wanted half grade homeschooling, that's where they would be. I pay good amount of taxes for schools. They need a better environment. My son has a 504 plan. I don't have the trained expertise to help him learn effectively. He, and all students deserve a healthy productive learning environment."

Leslie Steiner West Liberty, OH - "I'm against virtual learning for the school kids."

Hilary Brown Germantown, OH - "Children need social environments to learn in just as much as the education. We can't continue to keep them away from each other. In addition they need consistency which will not happen if they go to school two days and are out 2 days. Their immune systems need to be exposed to the world around them so it can learn to fight much more than corona virus."

Aaron Jacobs Avon Lake, OH - "Kids need to see their teachers and their friends every day of the week to stay mentally healthy! Parents need us teachers to do our part so they can comfortably return to work without the added stress of additional childcare."

Hannah Baird Hamilton, OH - "As a teacher, I know this not a good solution. We should return to normal next year."

Amanda Potter Mount Vernon, OH - "Either decide that we have to continue with remote education or let them go back to school full time. NO mixed scheduled!"

robin soeder Cleveland, OH - "This will not work. Many small schools do not need this. Online education should not be the future."

Jacque Tilton Mansfield, OH - "It's just not a good option. That's twice as much work for teachers and staff is still exposed just as much as a normal school day."

Megan Stillwell piqua, OH --06 "My kids need normal, socially, their immune systems need exposure, structure, education (and not 2 hrs I try to just get it done after working 10hrs myself) the list goes ON AND ON..."

Monica Silva North Ridgeville, OH - "I have a fulltime job and this is not an bbn option."

Courtney Morrow Sidney, OH-"Our kids need school. It's bad enough they are missing the rest of this year, we can't afford them to lose another"

Leah Hickerson Dayton, OH - "My children are Autistic and need their Preschool to keep up. They NEED IN PERSON DAILY interaction with Speech OT PT. My 1st grader is Sensory processing disorder he needs all the above also! Tablets hurt kids heath eyes etc. They can not LEARN off a tablet!"

Michelle Koverman US - "This is the stupidest thing I have ever heard. Send the kids back to school. It is their right!!!"

Annie Amata Chagrin falls, OH - "Kids of all ages need full time, consistent, face-to-face instruction in school. They benefit from being with their peers, working in groups, socialization, extracurriculars, sports and so much more. Online school doesn't come close to the education kids receive from in-person school."

Laurie Dean Mansfield, OH - "I am a teacher in a career tech program. Our students will suffer greatly from this type of schedule. Don't do it!"

Amanda Barney Cleveland, OH - "I am not sure how our family could function with a rotating schedule."

Julie Gynn Powell, OH - "Parents need to work and children need a normal school schedule. So many will be left behind with this type of schedule."

Tyler Edwards Troy, OH - "People have no idea the amount strain that would put on our school systems and teachers. Let alone the poor parents that would have to figure out totally different schedules on almost a daily basis."

Shana Cronican Cincinnati, OH - "This is not education. Education is a right and social emotional aspects of peer and teacher connection are critical to children ."

Elizabeth Rogers Ashland, OH - "I'm signing because my kids are not learning to their full potential at home. They need the teacher/student interaction. They need class discussions. They need and deserve more than what our state has given them these last 7 weeks."

Rachel Leonard Mansfield, US - "Kids need to be in school! This has been blown out of proportion for far too long, let's look at the big picture and long term affects of isolating them! We need to focus on the greater good here, for all of our futures. Parents are already struggling as it is, this would make things extremely difficult for working parents!! It's time to get things back to normal!"

Rayna Strong Middletown, OH 2020-05-06 "This does more harm than good, educationally, emotionally, and health wise. Let them go to school and get the education they have every right to and we as tax payers pay for, where they can be safely observed for any kind of abuse, and where they will be subject to the illnesses they NEED to be around to build immunity. For educators and students- full school year."

Amy Steele Pickens ,Oh 2020-05-06 "I am a teacher and I would like to have my classroom back. I could see morning and afternoon classes but everyday with a set schedule"

Rebecca Barker Lewis Center, OH 2020-05-06 "As a mom of 4, soon to be 5, I can honestly say the lack of structure and consistency is a very bad idea for the kiddos. Every pediatrician I have spoken with and every behavioral counselor I have spoken with has unanimously stated that kids need structure and consistency. My one daughter with adhd had kindergarten only 2 days a week prior to all of this which, was madness in itself and did not go well for her and I know if they do this to her again we will regress from all the progress she has made being full time in 1st grade. My oldest has lost her love for learning because I am not a teacher and don't make it "fun" and interactive like her teachers have."

Jeremy Shepler Millersburg, OH - "Our kids deserve to a professional teach them. Also, this would create a child care nightmare."

Jennifer Unger Ashville, OH - "My child deserves his education. I have a full time job. I am not teacher. He already has IEPs and is going to continue to be behind if this nonsense continues"

Amber Garcia Delaware, OH - "I have a special needs child who is having trouble already and this new program will only delay any progress he has made this year."

Patricia Phillips Lodi, OH - "I am a parent with a school aged child and I oppose this idea" Dean Seigneur Northfield, OH 2020-05-06 "As a retired educator this will not only interrupt consistent learning for students but adversely affect families. Students need a normal return to their education, not some state-government contrived nonsensical disruption."

Heidi Hilyard Lancaster, OH 2020-05-06 "My children need the interaction and guidance by the professionals that are there to teach them. They NEED school and they NEED it to be they way it was."

Rena Berman Killbuck, OH 2020-05-06 "Our children need the best education they can get. Meaning they need to be in school!"

Angela Peterson Centerville, OH - "My son is struggling and is already behind from behind home these last 2 months. If they don't go back to the classroom in the fall, I'm seriously concerned about his long term education."

Lauren Miller Dayton, US - "I cannot afford to work full time and pay for partial childcare. This makes no sense"

Tracie Schneider Elyria, OH - "Our children are our most precious investment! School is for learning the academics they need to become independent functioning adults! But it is also vital for learning social skills, rules, physical education, arts, music ,& on & on! This is the worst idea (core education) I've ever heard! LET OUR KIDS GROW IN EVERY WAY!!"

Jennifer Cole Uniontown, Oh - "Kids need school! Parents need to go to work.... let us educate and work again!"

Edward Magill Beaver creek, US - "My children deserve to be in school to get an education the way we all have been able to. This has become absolutely out of hand and this has to stop."

Nicole Phillips Loveland, OH - "I'm signing bc lack of routine and structure of school is detrimental to children, especially children with behavioral concerns and anxiety who struggle with change. Kids thrive in a classroom with a teacher and same age peers. I'm signing because prioritizing the high risks lives over low risk lives cannot continue. All lives matter. Quality of life matters. Kids. Need. School. Parents and teachers need school."

Carrie Grant Uniontown, OH - "My kids deserve to go to school and have everyday life experience!"

Holly Kiefer Perrysburg, OH - "Let the kids get back to normal. You already ruined 2020."

Jean Farnham Toledo, OH - "Cause of my niece's and nephew's."

Michael Winner Tipp City, OH - "It's my choice it's my health and all science says healthy people shouldn't wear mask"

Melanie Horton North Canton, OH - "Our children deserve better!"

Starleena Sykes Galion, OH 2020-05-06 "This is getting to be ridiculous. Stop destroying our children and stop destroying our lives. We want kids in school and everything re-opened!! Stop these games!!!"

Brett Oliver Toledo, OH - "This idea is ridiculous."

Susan Zito Akron, OH - "I don't agree with the 2 days on. You have plenty of time to plan if you feel kids need to continue remote learning. Don't waste time. Or just get them back in school full time! Unless they're compromised."

Kris Evans North Canton, OH - "It's awful! Our children deserve an education. My daughter is dyslexic and needs special help"

Leslie Higgins Sidney, OH - "My kids do better in the classroom and Shelby county was not hit by this virus so why should my kids have to suffer."

Sarah Cromly Swanton, OH - "I would like a consistent schedule. Either in school every day or remote learning every day. Routine is incredibly important for children."

Beth Phillips Tiffin, OH 2020-05-06 "My daughter has learning disabilities and as a working single mom, I can't be home to keep her focused on her school work. Distance learning is NOT working for us at all!"

Amy Powers Uniontown, OH - "I believe that schools should resume normally in the fall. We are doing additional damage to our children in terms of education, as well as socialization both from a mental standpoint and a physical standpoint as they will not develop and resistance to germs that are not COVID19 specific."

Lisa Pergram Carey, OH - "Not everyone has access to home online school and is making them fall further behind also the kids in vocational schools need their hours for their respective programs." Sara

Silburn Trenton, OH - "This is not a good idea at all"

Brittany Underwood Columbus, OH - "Our kids need normal again, and they need their friends and teachers back!"

Tessa Clemens Hartville, OH 2020-05-06 "A mixed school day sounds like the most ridiculous idea they've come up with since.... well.... the stay at home order."

Melody Corrie Sidney, OH 2020-05-06 "This would be a pointless measure that would simply harm our kids for no real reason for a threat that may not even be an issue by then."

Jamie Fuller lucas, OH 2020-05-06 "As a working parent I have struggled to keep up with remote schooling for my senior and 2nd grader. My youngest needs a qualified teacher."

Lakeisha Webster Toledo, OH 2020-05-06 "Parents are going back work with no place open for the children to go. That makes absolutely no sense."

Tiffany Crain Perrysburg, OH 2020-05-06 "The district should decide what works best and have the liberaty to act in the best interest of their students and families."

Kayla Foss Mechanicsburg, OH 2020-05-06 "How am I supposed to work when my kids have no where to go? Kids are going to get germs if they are there one day or five. Please do not do this!!!!!!"

Angelita Laymona Uniontown, OH 2020-05-06 "My only child needs the structure that being in a classroom provides. If we wanted to do online schooling we would have. If we all transfer to existing online schools, the local education system will be decimated."

Anna Burchett Cleveland, OH 2020-05-06 "I don't think it will be healthy for some kids"

Christine Jeffer morrow, OH 2020-05-06 "Consistency is significant in childhood emotional development. 1/2 in, 1/2 out is worse than all in or all out. If a 2 days in class and the rest of the week online schedule is put in place, our family will be pulling our child out of our local public school and providing 100% full time homeschooling through current resources already in place. Also, it's very confusing as a parent to try and keep up with all the teacher provided links to all the different programs and coordinate that with yet another link with print outs to go along. I know teachers are doing their best with the resources they've been given. However my child is suffering even now because I am trying to figure out what I'm being told to do by her teacher. We are better off if I follow a curriculum I'm developing for her learning level through current online homeschooling websites. CONSISTENCY needs to be a priority."

Kelli Burns Tiffin, OH 2020-05-06 "My kids were never going to be homeschooled and I don't think it's the states choice on if they are or not."

Julie Buck Toledo, US 2020-05-06 "Kids need full school days and kids are the least affected by covid - I am a peds nurse at a huge children's hospital."

Jessica Sexton West Carrollton, OH 2020-05-06 "Children w disabilities on IEP and 504 plans have been struggling. They need structure, interaction and their teachers!"

Megan Fults Waterville, OH 2020-05-06 "I'm a parent and an elementary teacher with a high school guidance counselor husband. Bad idea!"

Erin Hennigan Cable, OH 2020-05-06 "These kids need to learn and to have so much disruption would be detrimental. Let these kids go back to normal!!"

P Prince Conover, OH 2020-05-06 "This is ridiculous keep the kids in school"

Shirley Fox Dayton, OH 2020-05-06 "This plan makes no sense for working parents"

Cori Boos Luckey, OH 2020-05-06 "As an administrator in an urban setting the start of the school year is so important to build relationships learn students face to face time is irreplaceable"

Carrie Byus Mansfield, OH 2020-05-06 "I'm a working parent and can't be a full time teacher too. My kids will fall behind academically if this happens."

Melissa Smith Canton, OH 2020-05-06 "Kids need to be in school. The state needs to open and return to normal. People need to be able to work and support their families. We flattened the curve to the point that front line health professionals are getting laid off. The shut down is now more harmful than the virus!"

Mandie Shaw Delaware, OH 2020-05-06 "My children deserve a proper and complete education."

Brandi Daniels Rising Sun, OH 2020-05-06 "Children need schooling... parents are not educated on teaching this material... "

Cindi Pickens Xenia, OH 2020-05-06 "There is so much wrong with this plan. This is not education. We can do better than this."

Cheryl Dierckman Aurora, OH 2020-05-06 "I work. And don't know who would watch or teach my children on the days I'm off. We are doing remote learning now and it is not even remotely working for us"

Mandi Lane Troy, OH 2020-05-06 "This will be hard for families to keep track of, hard on teachers, and next to impossible to keep kids on a consistent schedule and ability for families to maintain home, work, school, and home instruction"

Wendy Schuchmann Batavia, OH 2020-05-06 "Mixed days are not about the virus, but about placing the burden of the budget shortfall back onto parents!"

Jack Walsh Cincinnati, OH 2020-05-06 "This will cost lots of people their jobs. It is not sustainable."

Melissa Wilson Greenville, OH 2020-05-06 "Kids deserve all the benefits a school setting for their education provides."

Deborah Payne Risingsun, OH 2020-05-06 "Because no kids should be left behind they need to go to school to learn a lot of parents have to work and others are to lazy to help there kids"

Erica Kiddle Miamisburg, OH 2020-05-06 "Y'all are bay shit crazy to think this is ok!!"

Kellie Kemker Sidney, OH 2020-05-06 "If we even do just one day at school, the exposure is there. I don't see the point in this whatsoever."

Tonya Lentz Cygnet, OH 2020-05-06 "This is not feasible with working parents."

Fabienne Bernard Highland Heights, OH 2020-05-06 "Mixed days will do little to contain germs and will be a disaster for working parents, especially single moms. We also need our children to go back to school full time and get on with proper education now."

Sandy Spanfellner Cygnet, OH 2020-05-06 "The beginning of the school year is vital to building relationships and learning your students. Face to face education is irreplaceable!!!"

Valerie Harvey Massillon, OH 2020-05-06 "My children are struggling to learn remotely, and we are now dealing with depression from the isolation. Open Ohio back up now - including schools!"

Tina Melling Brookville, US 2020-05-06 "Kids need to be in school to learn"

Vicki Foley Maumee, OH 2020-05-06 "Children need consistency as do the parents. Send all the kids back to school in the fall at the same time."

Erica Moser Uniontown, OH 2020-05-06 "most kids need the social interaction to learn and for their health and all being. If covid cases remain at the projection send them back to school."

Rebecca Eaken Cygnet, OH 2020-05-06 "This idea is horrible"

Shannon Browne Pemberville, OH 2020-05-06 "This is just another thing this virus is taking away"

Dawn Bouchard Beavercreek, OH 2020-05-06 "This is insanity! This is a virus not Armageddon ... life cannot be out on hold until there is 'no risk.' If you are 'feeling afraid', homeschool your children!"

Peggy Rountree Springboro, OH 2020-05-06 "It is the right thing to do! Our state needs to get back to business and our politicians need to stay out of it."

Lisa Swisher Cincinnati, OH 2020-05-06 "My kids need to be in school. My son is going to kindergarten and he needs to be in school to create a routine."

Jacklyn Menc North Canton, OH 2020-05-06 "I am signing because I have 4 kids in elementary school and they DESERVE a good education!!!"

Elizabeth Carroll Deerfield, OH 2020-05-06 "I have very little faith in my Governor"

Cindy Friedman Highland Heights, OH 2020-05-06 "I'm fighting for our children who have the right to get the best education they possibly can! Back to school in the Fall FIVE DAYS A WEEK!!!"

Dustin Wooten Vandalia, OH 2020-05-06 "It's absolutely insane. How can both parents work and do homeschooling all year long. DeWine is an idiot."

Regina Browning Findlay, OH 2020-05-06 "This simply makes no sense. The students, teachers and parents all need the structure of school back. This part time idea is not going to help anyone."

Candi Schaurer Troy, OH 2020-05-06 "This can not happen!!! So so many kids need school. We pay school taxes to send our kids to school, not keep them home. Distant learning is hard for teachers, kids, and parents! I personally have 3 kids going to school next yr and 2 at home. They are not getting the education they need from me while I take care of the babies."

Tina Pozwick Brook Park, US 2020-05-06 "Number one it's not consistent for the children now or the teachers or parents no structure and especially for special needs children."

Christa Nealeigh Arcanum, US 2020-05-06 "I am an educator in a Career Technology Center and our students CHOOSE to come to learn HANDS ON! Not virtual. No one wants this!!!" Ashley B. Ohio 2020-05-06 "This is a terrible idea"

Danielle Darling Toledo, OH 2020-05-06 "My child needs CONSISTENCY! :)"

Amanda Nihiser Thornville, OH 2020-05-06 "This is not conducive for learning!"

Jamie Applegate Cincinnati, OH 2020-05-06 "This is too hard for working parents"

Kelly Gallagher Stow, OH 2020-05-06 "Kids need to go to school!!!"

Heather minor Westerville, OH 2020-05-07 "We flatten the curve no need to keep us all pent-up still like this and if you send the kids one day they're exposed so you might as well send them everyday." Carol kendall Perrysville, OH 2020-05-07 "What is the difference of sending them to school or to a babysitter? Since so many people will be back to work this will be the only option. They are still being exposed so if you are going to send them to school do it completely 5 days."

Penny Lester Cincinnati, OH 2020-05-07 "My grandchildren deserve to have an education as my children and myself have had. This affects the entire world - children, parents and teachers. If this is the case and

they aren't given the schools to be taught, then STOP taxing my income bc I have no school age children in my home!!!!"

Rhiannon Bickart Massillon, OH 2020-05-07 "Kids need to be back in school with trained teachers."

Jocelyn Privett Loveland, OH 2020-05-07 "Our teachers are educated for a reason. WE are not educated to instruct our children and they are missing out on the important social component that school provides."

Katie Martin Columbus, OH 2020-05-07 "This is not acceptable."

Andrew Glenn Bethel, OH 2020-05-07 "This idea is asinine!" kathryn o'sullivan streetsboro, OH 2020-05-07 "Children need education from teachers, people trained to teach them, parents have jobs and can't work if they have to teach!"

heather simpson Northfield, OH 2020-05-07 "This is ridiculous!!!!"

Jennifer Sampson Toledo, OH 2020-05-07 "Kids need their world to go back to normal for their mental health"

Melissa Bowman Bradford, OH 2020-05-07 "Unrealistic with today's working families and certainly not the best way to educate our children!"

Natalie Flahie Maumee, OH 2020-05-07 "This idea is detrimental to students and parents alike."

Belinda Dougherty Ashland, OH 2020-05-07 "This is all not necessary and it will put a financial hardship on working parents."

chris tackett Ravenna, OH 2020-05-07 "This is ridiculous. Get drunk Dewine out of here"

Florence Wells Findlay, OH 2020-05-07 "My children deserve consistency in their education. This short-term endeavor into online school has shown me that my children benefit most from constant, daily instruction and interaction with their teachers. My daughter has not been able to keep up consistently on her classwork due to delays in communication with teachers, created by the current circumstances. If it absolutely necessary to reduce class sizes, move them to 1/2 days every day of the week rather than 2 in-person days and 2 home-instruction days. That would allow a consistent daily schedule, easier to accommodate both children and employment needs. The current concept presented by the governor will create an undo burden on the majority of parents and employers. It will create a disproportionate problem in finding adequate, reliable and trustworthy and affordable care for children outside of school attendance and reduce the quantity of the available workforce due to the inability of finding trusted childcare. This potential school schedule will"

Kelli Todd Mount Orab, OH 2020-05-07 "My sons senior year ."

Betsy DeMaio-Baran Columbus, OH 2020-05-07 "I don't care how organized you are, school provides more structure than at home. Kids miss their friends. Teachers miss the kids."

Dianna Oatridge Cortland, OH 2020-05-07 "My daughter is a kindergarten teacher who sees how ineffective remote learning is at this young age. The majority of the burden is on the parents, and they are not certified to instruct during this formative year. Compliance is also an issue! Less than 20% are participating in the remote learning experience! This is not acceptable!"

Norma Stump Johnstown, OH 2020-05-07 "As my graduating high school senior told me today, "kids can't learn this way. It's too much of a disruption to there lives"."

Rachel Nemire Waterville, OH 2020-05-07 "These kids need the stability of going to school. Working parents need their kids in school. I don't want my kids living in fear."

Alissa Martin Dayton, OH 2020-05-07 "Schools should be open full time in the fall! We cannot do this to our children and our teachers."

Alicia Creager Englewood, US 2020-05-07 "I believe kids aren't learning anything from home and it's making it harder on the parents to work and keep their child educated"

Jessica Frilling Fort Loramie, OH 2020-05-07 "Mandates are getting out of control, the kids need a classroom setting by this fall!"

Heather Stacy Covington, OH 2020-05-07 "Heather Stacy"

Brian Toner Dayton, OH 2020-05-07 "My kids will not get a proper education"

Pam Frankforther Wayne, US 2020-05-07 "Herd immunity. Let's get back to our lives."

Debbie Bond Bowling Green, OH 2020-05-07 "Children need to be in school." Melinda Leach Mansfield, OH 2020-05-07 "As an educator, I am absolutely appalled that our government would consider this a feasible option for educating our children. Children learn best through hands-on learning, discussions with their peers and teachers, and immediate interventions provided by

trained educators, NOT by sitting in front of a computer screen. They need social interactions with a variety of peers and adults, as well as instruction in music and art education. Parents should definitely have the right to educate their children from home if they have health or safety concerns; however, parents should also have the right to send their child to school to be educated as well. We are all adults capable of making decisions that are best for our families. Please support our right to make that decision."

Heather Burge Youngstown, OH 2020-05-07 "The mixed education our kids have received in the last 2 months is pathetic and a waste of time. In addition, we work fulltime so who is going to be home to care for, monitor and teach our child? Who is going to compensate our time for being forced to educate even though we are not trained to do so."

Joy Trent Tipp City, OH 2020-05-07 "This is a ridiculous idea. He is going too far."

Melissa Miles Mansfield, OH 2020-05-07 "The children need the guidance throughout the day while parents work! Many children are also not doing well with distance learning....."

Jessica Miller Ontario, OH 2020-05-07 "This is ridiculous kids need that social part of school."

Christy Carlson US 2020-05-07 "My son deserves a great education and that cannot be done with 2 days in school and 2 days of home learning."

Sheree Henson Germantown, OH 2020-05-07 "I am the parent of 7 school age children. Multiple special needs. 4 IEPs. I am not capable or qualified to homeschool them. Private school or home tutors are not in the budget. Remote learning the last couple of months of this school year have been completely fruitless and frankly, a nightmare. My kids are not learning and our family is under tremendous strain attempting to work full time jobs, run a small business and keep our household afloat. Please let our teachers teach!"

Dawn Houck Akron, OH 2020-05-07 "You're going overboard!!!!"

Meg Struck Tucker Westerville, OH 2020-05-07 "This is absolutely ridiculous and also does nothing to secure the safety of our children nor their families safety."

Erica Williams Arcanum, OH 2020-05-07 "My children need the structure of school each day to continue their education!!!"

Jessica Rupp Sheffield Lake, OH 2020-05-07 "This is no way for children to learn."

Katie Myers Mogadore, OH 2020-05-07 "I have 2 children on an IEP that NEED to be in school to get the help they need."

Amy Braswell Springboro, OH 2020-05-07 "Kids should be in school! Let those who have high risk issues learn in the blended environment and allow the majority go back to school!"

Katie Schneider Cincinnati, OH 2020-05-07 "I am signing because I believe in the continuity of the school days for my kids and I also believe in being a small business owner, who contributes to my household income and the economy."

Jackie Blythe Clinton, OH 2020-05-07 "I feel there shouldn't be mixed schools period. I feel that all students should be in schools in the fall, it's a better way of learning."

Angie Hensley Trenton, OH 2020-05-07 "Kids need more structure and social interaction. Many of our kids don't just learn academics but socialization as well. Our kids are home sad and depressed from the lack of community. This is backwards have teacher and students that are immunocompromised do virtual learning."

Melissa Hoerig Fostoria, OH 2020-05-07 "This will be more detrimental to continuity of learning for children than them wearing masks. This will not work. It will hurt all involved."

Sarah Leineweber Mansfield, OH 2020-05-07 "I want my kids to be able to go to school this coming year."

FRASCONE MINDY Massillon, OH 2020-05-07 "My kids need to be in school to learn"

Kristen LaPorte US 2020-05-07 "Sending our children to school 2 days a week will cripple their future and that of US. This would be a logistical nightmare for working parents and our daily lives. And we live in a fantastic school district; can't even imagine what it will do for those who are less fortunate!"

Alyssa Benschhoff Greenville, OH 2020-05-07 "I think its absolutely ridiculous that the state is considering this. That's why I'm signing it."

Melinda Evans Massillon, OH 2020-05-07 "Our children need to be IN school to receive the best education possible."

Amanda Gobble Mansfield, OH 2020-05-07 "I have a son on an IEP and a daughter , I'm a full time working parent as many many others are, how can we work and teach our kids at the same time? I could go on and on."

Mike Mauro Cortland, OH 2020-05-07 "Stop punishing kids trying to push a political agenda!"

Teresa Miller Germantown, OH 2020-05-07 "Kids need to be in school, and we pay taxes for their education!"

Sally Piscazzi Akron, OH 2020-05-07 "This will not help"

Tonya Aronhalt Sardinia, OH 2020-05-07 "No!! Just no! I'd rather just homeschool my kid!! Rather him be in school but not half n half it'll mess everything up!!"

Julie Sobel Twinsburg, OH 2020-05-07 "Julie sobel"

Thomas Elliott Toledo, OH 2020-05-07 "This plan is not conducive to single parent homes or homes where both parents work. Kids need the structure of a 5 day week to prepare for workforce or college. Kids also need more social encounters than just 2 days a week. I pay taxes for a full public school education, not half an education where I do the other half."

Kathy Kelley Mansfield, OH 2020-05-07 "I am against mixed school days"

laura Fournier Wick Tipp City, OH 2020-05-07 "From preschool to high school kids need the educational experiences and socialization only being in a classroom brings."

Tracey Hill Massillon, OH 2020-05-07 "5 days a week for school. Asymptomatic means healthy person. Kids are five and need to socialize."

Brian Madden Miamisburg, OH 2020-05-07 "My grandkids and their future."

KIM MEEKER Franklin, OH 2020-05-07 "Kids need schedules Adult supervision at all grades Need raised up not dummy downed Working parents can not give these kids what the school's can Sometimes safety food love and education to be responsible effect humans in society"

Kate Woods US 2020-05-07 "Having a child with special needs who refuses any form of technology as a form of learning, this method clearly would not work."

Angela Lattire Cincinnati, OH 2020-05-07 "My 3 school age Children need the classroom. I emailed MR. Dewine today to voice my concerns with Children not going back to the classroom in the fall. Our Children and future need to be in the classroom. My husband and I are both still working full time and I know we are not able to provide what they need. PLEASE let us make the decision to send our kids back!!!"

Sarah Stumpf Maineville, OH 2020-05-07 "All children need consistent schedules and learning. Being in school two days a week they will never accomplish the education and social development they need to succeed and thrive."

Rebekah Giuffre Springboro, OH 2020-05-07 "Children need to be in school full time this fall. Their education has been compromised enough this spring. Our teachers and schools are not prepared to adequately educate their students remotely."

Michelle Gibbs Germantown, OH 2020-05-07 "Michelle Gibbs" Susan Stiles West Chester, US 2020-05-07 "There is already anecdotal evidence that healthy kids are mostly asymptomatic. This is a nightmare for parents and for the structure that kids thrive on."

Susan Kocsis Clinton, OH 2020-05-07 "Children need routine, parents need routine! This would be incredibly difficult on teachers and students!"

Pamela Bruey Eyink Maria Stein, OH 2020-05-07 "Children with healthy immune systems have no need for social distancing. the data shows they are not susceptible to this virus. this two day schooling is senseless!"

Sara Ebano Cincinnati, OH 2020-05-07 "No way this is going to work with 4 kids and my work"

Katie H Ohio 2020-05-07 "All school districts are different, so loot should be up to each administration to decide what is best for their students, OUR children."

Brittany Davis Mansfield, OH 2020-05-07 "This is the craziest thing. Parents have to work. That's why there is teachers and school buildings. This has messed up learning for these kids. I argue with my son to do his work daily all day at that. He already struggles. There's no way this can happen."

Jody Hester Hamilton, OH 2020-05-07 "It will be impossible to keep up with assignments and make sure my kids' work is done. My son is ADHD and will spend the day home playing video games instead of work if he's home alone while I'm at work. It will be an absolute nightmare. If kids are safe to go to

school 2 days a week, they can go 5. If they're not safe to go to school full time then they need to stay out all together."

Amy Klein Wickliffe, OH 2020-05-07 "It's the dumbest idea I've ever heard. It is not sustainable for working families and I question how this would slow transmission if the children are still around each other for a couple days of the week."

Rebecca Grajeda Springboro, OH 2020-05-07 "What are working parents supposed to do? How can we work and teach our children full time? Our boys are hands on learners. Most subjects can't be taught remotely. It doesn't work!"

Denise Barhorst Sidney, OH 2020-05-07 "I am NOT a teacher but am working full time and being forced to be my kids full time teacher as well - my kids need to be in school Name Location Date Comment where they will actually learn properly! We the people pay school tax for a damn reason and we should have a say!"

Kevin Watson Canfield, OH 2020-05-07 "Online learning is not the future of our children we need teacher interaction everyday and our schools are outlets for our children"

Kim Reese Cleves, OH 2020-05-07 "Because it is crazy"

Danielle Walton Ontario, US 2020-05-07 "I want what is best for my childrens' education. Children thrive on routine and consistent education. This proposition would not only interfere with my childrens' education but would also be a burden for working parents to provide child care on days where their children would be forced to learn from home. Please reconsider."

Lisa Vasey Springboro, OH 2020-05-07 "These kids need in school learning. My son who is a junior said he isn't learning anything w online learning. And he really started to thrive this year w his grades as he's taking classes he enjoys. Won't happen if more online schooling"

Ashley Burns Ashland, OH 2020-05-07 "This is ridiculous. The school year is 3 months away and our children need to be back in class. This has disrupted their lives far beyond what is necessary and parents can't be expected to maintain their education at home while working full time and caring for their families."

Melinda Nyhan Dayton, OH 2020-05-07 "I am a working parent AND Teacher. DeWine has been in his ivory tower for too long apparently. He has already put his wrecking ball to so many students educations and extracurriculars THIS school year, causing missed experiences they can never get back w/ real mental health consequences such as depression, anxiety, etc. We can't allow him to destroy NEXT year too!"

Amanda Moag North Canton, OH 2020-05-07 "Academic and social learning is very important as a growing up. My child has definitely suffered from the social isolation that has been going on thus far. The mental health of our young American's is important for their future."

Kelly morehead Morehead Westchester, OH 2020-05-07 "I'm a therapist working within the school. Both parents and students are emotionally exhausted by complying with virtual learning. Parents need to start working again, they will not be available to stay at home with their kids to motivate, teach and encourage their kids to stay consistent and complete task. This is not an acceptable long term plan. Students on IEP'S are struggling significantly, they need someone walking with them each step of the way. If parents are teaching all day, they will not be able to work. Students are losing social skills, they are grieving the lost of not being with friends and not being able to use coping skills outside the home. Open up the schools as normal next school year, we are causing a serious mental health decline that may take years to recover from at this point."

Travis Turner Niles, OH 2020-05-07 "We need to retain traditional classroom settings that are conducive to a well rounded, social education!!"

Michelle Miozzi Dayton, OH 2020-05-07 "Kids need their teachers in school. Home schooling doesn't give long lasting learning and not a a focused educational environment. It does not promote social skills necessary for their adult jobs and they deserve to continue in a learning atmospher with live teachers not computers. This craziness needs to end . Dewine will kit get my vote or many others if he doesn't end this asap"

Amy Steinmetz US 2020-05-07 "This is unreal my son is a senior this year and lost so many things he was looking forward to doing. This will not be the new normal. This is ridiculous and will pull my children out of public school and do only online learning. Will pay no school taxes. How many people will lose their jobs if this happens"

Krista Huff US 2020-05-07 "My daughter needs the interaction with other kids and her teacher. A teacher who is an education professional not her mom."

Tammy Eisenreich Sylvania, OH 2020-05-07 "I have a child with autism and he absolutely needs 1:1 instruction and the socialization that school gives him."

Michelle Beck Englewood, OH 2020-05-07 "This does not make sense for the kids, teachers or parents."

Lori Griesdorn Versailles, OH 2020-05-07 "Students need to go back full time in the fall! It is how they learn best!"

Lisa Anghilante Avon Lake, US 2020-05-07 "Kids need to go back to school full time on the Fall. This virus is not a threat to our children. Sports for these kids also need to be back up and running"

NICOLE CAMPBELL Carey, OH 2020-05-07 "My children need the structure school provides. They need the socialization."

Kara Sommers Uniontown, OH 2020-05-07 "This is crazy how am I supposed to work and teach my children on their off days, let alone afford a babysitter while their off school."

Peggy Grewe Fort Loramie, OH 2020-05-07 "Students need structure of a school building and let the teachers do their job in the classroom!!"

Christina Miller Mansfield, OH 2020-05-07 "Kids need to be in classrooms with a teacher to get a quality education and what about the high school vocational programs!"

amy adams Cardington, OH 2020-05-07 "I believe that it is in the best interest for everybody, that all students return to school in the fall. They need the normalcy, social interaction and routine back in their lives!"

Valerie Leanza Troy, OH 2020-05-07 "I am trying to help my friend Brittany"

Calen Vernon Piqua, OH 2020-05-07 "I'm signing because there's 0 reason why kids should only go back for 2 days a week. There's no consistency, it's not preventing covid from spreading if they're only there 2 days. Let them go back to school to get a real education. There is so much learning by interaction in a classroom that is not provided by parents who aren't not equipped to teach their children. It's truly a horrific situation."

Heather Burson Powell US 2020-05-07 "Kids need classrooms to learn"

Amanda Gold Sidney, OH 2020-05-07 "KIDS NEED SCHOOL AT SCHOOL. How many kids will be missing out on meals? How many kids will fall behind in school because they don't have access to everything? How many kids don't have a stable home to work from? How many parents CANT afford to pay someone every other day to watch their children? This is NOT ok!!"

Krista Habig-Klee Ohio 2020-05-07 "Kids need to be back in school! I have created a petition as well!"

Lynda Ditty Galion, OH 2020-05-07 "Kids need to be in school and not looking at a screen."

Willetta Coleman Mount Vernon, OH 2020-05-07 "I think the kids need this learning ability from teachers"

Alesia Fowler Risingsun, OH 2020-05-07 "Please we are grandma and grandpa, we are not teachers!!!!!"

Ryan Page Massillon, OH 2020-05-07 "Not worth the exposure for 2 days in school. If it's not safe keep our kids home!"

Rachel Boiano Hamilton, OH 2020-05-07 "I think this is ridiculous for many reasons"

Marie Campbell Sylvania, OH 2020-05-07 "This is the dumbest thing ever!! Most parents work and won't be home to help there kids on off days! We will lose a lot of kids in the crack with this! No way!"

Krista Sier Kettering, OH 2020-05-07 "I have a child that struggles and being an essential employee and blessed to still be working there are not enough hours in the day to get everything done."

molly stefan Westlake, OH 2020-05-07 "The solution is by far and away worse than the problem"

Holly Sortman Fairborn, OH 2020-05-07 "Kids need to be in school!"

Verna Jordan Hillsboro, OH 2020-05-07 "Because DeWine is out of hand. We can not just stop living. COVID19 is curable, my Aunt had the virus and was cured with regular antibiotics and oxygen. Not this nonsense."

Amy Kincaid Perrysburg, OH 2020-05-07 "I am signing b/c virtual education when the world is back in school sets the US further behind ..."

Shanda Cox Lima, OH 2020-05-07 "I think these kids NEED consistency and NEED to learn from an actual teacher."

Tabitha White Marengo, OH 2020-05-07 "Children need their teachers, social interactions and extra curricular activities....not only for mental health and well-being but also for their physical well being"

Kimberly Leighner Troy, OH 2020-05-07 "Because I have 4 kids and getting my masters in education."

Deidra Kaufman Bluffton, OH 2020-05-07 "I feel that our children deserve a better education with structure and social interaction."

Alison Saksefski-Gates Cincinnati, OH 2020-05-07 "My kids need their teachers"

Julia Bey Beaver creek, OH 2020-05-07 "School is many children's safe place." Lisa Coy Shelby, OH 2020-05-07 "I'm signing because Children needs structure a lot of children that is her safe zone"

Amanda Presta Cincinnati, OH 2020-05-07 "I have two children who depend on school routine, teachers educating them and the social aspect of school. This is damaging to our children."

Janet Iohr Fostoria, OH 2020-05-07 "That would be fair"

Don Turner US 2020-05-07 "We flattened the curve - now open to Ohio!!!"

Shannon Berta Maumee, OH 2020-05-07 "Children need the structure, social interaction and daily opportunities for physical exercise as well as providing much needed daily nutrition for lower income districts."

Stephanie Barabani Mansfield, OH 2020-05-07 "This is not the best solution...what about the teachers and staff who are at the school every day? This just doesn't make sense."

Amy Masters Newton Falls, OH 2020-05-07 "My children are just starting their educational journey and I cannot imagine how kindergarten students could ever benefit from 2 days a week while remote learning the rest. This is setting our children and educational system up for failure. Not only that but it is completely unfair to the children Or families who have difficult home lives and rely on the school to provide food, positive reinforcement and role models, social interaction, academics, counseling and many vital services that schools do not get nearly enough credit for providing!"

Philip Geissinger Canton, OH 2020-05-07 "This is ridiculous!!!"

Jennifer Davell Hilliard, OH 2020-05-07 "Not a good idea"

Michelle Rieman Cincinnati, OH 2020-05-07 "My child needs a structured school setting."

Courtney Mylen Rocky River, OH 2020-05-07 "My children need to be taught by their teachers, not their moms."

Carissa Sudkamp Fairfield, OH 2020-05-07 "Hell no."

Kim Berry Greenville, OH 2020-05-07 "This is a ridiculous idea! Kids need to be back in school!!!"

Leah Fite Cincinnati, OH 2020-05-07 "Children need the structure and interactions with other students! Parents cannot be expected to work full time and provide their children with quality education."

Amanda Turner Toledo, OH 2020-05-07 "This is not a viable option for any parent. Do better Ohio!"

Ashlee Ellis Cincinnati, OH 2020-05-07 "Is this about exposure? What about the 2 days...does the exposure magically go away?? I think not!!!"

Cindy Clement Mason, OH 2020-05-07 "This is an unnecessary hardship for parents."

Melanie McBride Sidney, OH 2020-05-07 "If parents can go to work then children can go to school. If they have to wear masks so be it."

Kristi Trogden Milford, OH 2020-05-07 "This will not even prevent the spread of illness. Our children need an education and parents need to work."

Danielle Kiko Alliance, OH 2020-05-07 "It's harder for students teachers and parents"

Jessica Dowden Toledo, OH 2020-05-07 "It's doesn't make sense"

Brent Ferguson Greene, OH 2020-05-07 "I'm signing because this is crap. Back to normal school come august. No exceptions. We've all been duped."

Tina Slatzer Navarre, OH 2020-05-07 "My 3 sons deserve what my tax dollars pay for! There hard working teachers and school sports 5 days a week! Stop trying to dumb down our youth!"

Angela Nespeca Youngstown, OH 2020-05-07 "My children want to be in school full time and their father and I work full time."

Brittany Fulton Holland, OH 2020-05-07 "We can't do this forever, this virus will never go away, even with a vaccine. Ramp up the hand sanitizer, cleaning processes and send those kids back."

Taylor Wilson US 2020-05-07 "My daughter deserves a better education than that system could provide."

stephanie damron Tiro, OH 2020-05-07 "I have special needs Children who need there school classes. The teachers and aids. Also need there resources. This will hurt them so much. Stop this nightmare why he ahead."

Kalli Griffith Woodsfield, OH 2020-05-07 "This makes absolutely no sense."

Jeannette Chu Springfield, OH 2020-05-07 "Kids need to be taught in schools with teachers and not with parents trying to be teachers"

Amanda PB Westerville, OH 2020-05-07 "Parents have to be able to work, and they cannot work, and homeschool, and those with young ones pay for daycare when they would be in school. It is impossible and will be detrimental to everyone's mental health"

Jamie Koch Hamilton, OH 2020-05-07 "With funds for education being cut, to even consider making such big changes is dangerous. No funds to pay teachers to develop a rigorous online curriculum, no funds to increase cleaning of schools, no funds to add supervision for lunch times in classrooms, and no time to put any of it together is a recipe for disaster. There are too many children who need a traditional education five days a week. If my kids can go two days, they should be going 5."

Nicole Marstiller Ravenna, OH 2020-05-07 "being the mother of an autistic child, this would hurt him more than help him. He needs a strict routine and doing this will make it harder for the teachers to get him to focus. He either needs to be taught with us at home or at the school. One or the other, not both."

Lisa Santorelli Amelia, OH 2020-05-07 "There are so many reasons not to do mixed school days. Not all parents are meant to be teachers. Most parents can't take 3 days off work each week in order to be teachers."

Amy Burrows Miamisburg, OH 2020-05-07 "I'm signing this petition because our kids need a normal classroom setting. The evidence shows they are not getting sick from Covid 19. There's little to no evidence they transmit it to adults. In fact most cases if Covid in children are from someone else in their own household. These reasons alone are enough. Throw in the well-being of the children as well. We are sacrificing the healthy to prevent others from dying. Children's lives matter too. Just because they cannot vote does not mean they don't count. Besides if they are in school 2 days a week or 5 days a week they are still exposing each other to germs. They might as well be there 5 days. Give kids back there lives."

Shirley Morgan Findlay, OH 2020-05-07 "I think this would be a big mistake"

Daye Woodard Sidney, OH 2020-05-07 "I'm signing because children are going to fall behind if their education is left to us parents who did not go to college for teaching. Not only that, we pay school taxes and fees for a reason. Teachers pay is low enough, but I don't think they should be getting full pay if us parents are putting in at least half of the work. It's not fair to the children or the parents. Some kids have bad home environments, bad parents, or don't have the resources to continue on this way, even if it's part-time. Also, my step-sons go back and forth between our and their mother's house; that's not easy to adjust between 3 different learning styles (at school, their mothers, and ours). This will not work."

Tara Valdez Toledo, OH 2020-05-07 "Keep school the same this is ridiculous."

Crystal Havens Miamisburg, OH 2020-05-07 "They should either be in school or out" Lori Downey

Dayton, OH 2020-05-07 "I believe normal schooling is crucial for all ages, teachers & parents!"

Shannon Cacchione Akron, OH 2020-05-07 "All children need interaction with peers and teachers"

Gail Leibold Fremont, OH 2020-05-07 "This is just beyond ridiculous!! Kids need to be able to go back to school fulltime!! Doctors have said numerous times children need to interact with other children daily to keep their immune systems strong and healthy!! And on top of that I am not a school teacher, I did not go to school to get a degree in teaching, and I'm not gonna continue doing someone else's job while they collect a paycheck and we still have to pay school tax!!! Its unfair and absolutely ridiculous to limit schooling for the kids!!!!"

melanie hood carlisle, OH 2020-05-07 "Not all changes are good!"

Monica Cox Cincinnati, OH 2020-05-07 "I believe that kids need school for structure an the socialize with other kids there age"

Amy Smith Greenville, OH 2020-05-07 "This is not acceptable or possible! How are kids supposed to learn this way. It's been hell for almost two months now!"

Trudy Barnett Wilmington, OH 2020-05-07 "Children need school to learn, to earn an education."

Marianne Thompson Loveland, OH 2020-05-07 "This mixed-day plan is the most ridiculous idea ever concocted. It offers no benefit whatsoever to the students or their parents. It deprives students of the

benefit of classroom instruction & the diverse atmosphere experienced in school that is so important to their future endeavors. This plan is also an extreme hardship for parents not only financially due to daycare, etc but also the added stress of having to change the entire family's schedule on a day to day basis. Raising a family is stressful enough financially & keeping up with schoolwork, sports schedules along with the parents' career obligations. This mixed-day plan would be a disaster for families."
Darcy Sines Elyria, OH 2020-05-07 "This at home school is BS. I have a son on an IEP. I cannot facilitate his needs"

Renee Cox Dayton, OH 2020-05-07 "These kids need to be taught, not sent assignments on google classroom and expected to turn in the work. My child is turning in work but I'm not sure she is learning anything. School also provides structure and community. My child misses her teachers, and friends. The kids need to be going to school everyday week day and start to learn again."

Jaclyn Ard Cincinnati, OH 2020-05-07 "As a teacher and mother, I can validate the importance of structure, routine and socialization provided in the school setting. Parents need to work and know their kids are safe learning in school. Online learning is not effective for young children."

Amy Smith Englewood, OH 2020-05-07 "Students are not learning anywhere near the amount they would in a traditional schedule. Parents are overwhelmed. How is my special needs child supposed to do Career Center hands on skills via computer? She also thrives on routine and is in a scary downhill spiral emotionally. It is not feasible for this method to continue, even in mixed form."

Kelli Martindale Grove City, OH 2020-05-07 "This is not in the best interest of the students." Lauren Okeefe Cincinnati, OH 2020-05-07 "Two:two days are a terrible idea, why go at all? The time for remote learning is over and for our children's best interest they need to return in August. The virus has probably already swept through our school community. (For two separate weeks our school was closed by the health dept due to sickness; flu, respiratory infections and strep) We have immunity and everyone's mental health and opportunity to work hangs in the balance. Make the better choice and allow students to go back to school full time in August!"

G Boyd Lebanon, OH 2020-05-07 "My son has an IEP & is in special classes. I am finding it extremely hard to be a teacher to fulfill his schooling needs. I do not have the training to do so. If school remains remote I do not have a childcare option. I will have to quit my job."

Maryann Bonus N Royalton, OH 2020-05-07 "I am signing this because we do not need any different program in the schools in the way they're set up now. This is a waste of money and will inhibit the children's socialization and learning"

Kristin Nolan Dayton, OH 2020-05-07 "I cannot teach the way my sons teachers do. These kids are missing out on a lot I important information."

Rhonda Strauss Middletown, OH 2020-05-07 "Kids need full time school, in person, with their classmates and teachers as well as their extracurricular activities."

Brian Leaf Sylvania, OH 2020-05-07 "This is tyranny."

Chris McMahon US 2020-05-07 "Teenage pregnancy drug abuse in crime Well all be On a uprise"

Stephanie Burkhart Zanesville, OH 2020-05-07 "Our kids need to see us going forward with bravery and protecting their future"

Nicole Fiore Springboro, OH 2020-05-07 "I am signing because I don't agree with this and I think our children are losing out being at home when they should be in a class room setting learning."

Kim Brodrick Greenville, OH 2020-05-07 "Not only will this cause more financial problems, most households have two working parents. Child abuse will go up and so will loss of income to make provisions for the kids. Education will be worse because kids will fall through the cracks. This is the worst idea I have ever heard of. No one is equipped to do this on any level. Our children don't deserve to pay the price for a virus that's proven to be less deadly than we were all told."

Katie Vaught Milford, OH 2020-05-07 "Because free APPROPRIATE public education is my children's right."

Brittany Volpe Akron, OH 2020-05-07 "My kids have IEP'S my husband and I can not teach them like the school can plus my husband and I both work full-time."

Katy Daily Bowling Green, OH 2020-05-07 "The reasons this doesn't work are endless - for everyone!"

Stefanie White Cincinnati, OH 2020-05-07 "I'm signing for my son on an IEP who will not be able to function in a 2 day school week."

Beverly Barnhart Fairborn, OH 2020-05-07 "This puts a huge burden on working parents!"

Kevin Albin Delaware, OH 2020-05-07 "I am sorry, I am not by any sense of the term a substitute for my kids teachers. I cannot teach them, and I refuse to let them fall further behind!! Not too mention that by doing this, my wife and I will not be able to work!!"

Kerri Scott Springboro, OH 2020-05-07 "Our students need to be back in school learning full time. We can't live in fear forever. Take the necessary health precautions to keep them healthy and learning in school!"

Cynthia Cooke Dayton, OH 2020-05-07 "I'm signing because attending school has benefits that cannot be measured by tests: learning to cooperate with others, learning to voice ideas and opinions face-to-face with others, learning to actually listen to others, and learning to respect others' boundaries, feelings, opinions, and knowledge."

Emily Jarzenski Stow, OH 2020-05-07 "This is not the right way to conduct public education."

April Luedy Mentor, OH 2020-05-07 "Another plan has to be created. This makes no sense. I am a teacher and this is not an organized plan to consider. Many circumstances to consider as I'm hoping DeWine & our officials will think of more than just this idea. It's not going to be easy for anyone. Parents do have to work, though & children do need school. A rotation of some sort is my suggestion. Teachers cant do both, in class teaching (planning) & online. That's double teaching & double the work. Rotate the students by location so bussing isn't a hassle. Our class is split into 2 groups & they come on different days so only half at a time. Please, let's give this more consideration."

brenda king Akron, OH 2020-05-07 "These kids need socializing with other kids the little kids are the ones who are really having a hard time with not understanding" Emily Bush Dayton, OH 2020-05-07 "I disagree with this solution!"

Lora Zimmerly Wooster, OH 2020-05-07 "My kids need normalcy. This is affecting their mental health. Let them go back."

Victoria Kochis Jefferson, OH 2020-05-07 "Doing school half time is devastating to children with IEPs and in need of routines. If it's safe to go to school 2 days a week, they can go all 5 days. I'm appalled by the irrational thinking and extremely disappointed in our governor."

Jacqueline Forrer wooster, OH 2020-05-07 "Parents depend on schools to educate their children. Teachers are doing the best they can with the situation. They can't be escape red to do this long term though!! Parents will be working and then what? Day cares will be required to do the distance keening? Or pile more into parents who are already working full time? Homeschooling or distance learning works for some families but that's an individual decision not something to be forced upon people."

Denise Feller Macedonia, OH 2020-05-07 "Children need to be educated by their local school municipalities"

Brandy Patterson Bellefontaine, OH 2020-05-07 "This is ridiculous and I do not support the disruption of our children's lives and the governmental over reach based on unproven models"

Donald Hildebrand Tremont City, OH 2020-05-07 "I'm signing because it is nearly impossible for my family and numerous others to be able to accommodate this schedule due to childcare. My wife is a teacher and if required to be in her classroom while our kids are not in school, we have no way to keep them on task even at a sitters house."

Adam Olgin Elyria, OH 2020-05-07 "It's unfair to both the parents and the children"

Denise Douglass Canfield, OH 2020-05-07 "Because we owe education to all children..."

Brendan Woodburn NORTH CANTON, OH 2020-05-07 "I am signing because I know the difficulty this would place on parents. Also kids would go hungry during days at home. Also not all kids have access to technology to do on-line learning."

Michele snyder north canton, OH 2020-05-07 "I feel children need more consistency then being in school two days a week. I have a child with autism who would not handle that schedule well. I'd rather them take online everyday then two days a week."

Robin Lawhon Sunbury, OH 2020-05-07 "This is absurd, absolutely absurd. Families can not afford this, schools can not afford this, teachers can not afford this, and the children's education can not afford this. Everything will suffer - especially our children! They need classroom attention as normal; not reduced or not at all. Save our children's future! Keep them in school!"

Melissa Zimmerman US 2020-05-07 "Open the school so my kids learn and be with there friends again so they can be kids again"

alice francis oxford, OH 2020-05-07 "Sounds like so much trouble for the parents teachers staff caregivers businesses transportation anybody involved in this constantly changing school year! Not a good idea!"

Brad Manheim Parma, OH 2020-05-07 "This proposal makes no sense ."

Tamara Kuhn Lancaster, OH 2020-05-07 "Too confusing"

Jealissa Collett Dayton, OH 2020-05-07 "Kids all need be in school"

Andrew Koehler Findlay, OH 2020-05-07 "It's a terrible idea that doesn't work for working families."

Paula Werderitsch Cleveland, OH 2020-05-07 "I do not agree with mixed school days. I will withdraw my kids from the public school system if this is what will be in the fall."

Kristy Powell Akron, OH 2020-05-07 "They are going to be no more effective a couple days than 5. Some parents need there kids in school to work"

Samantha Anderson Fairborn, OH 2020-05-07 "Children need to be in a classroom setting with teachers that went to school for teaching. My oldest is in all AP classes except for electives in high school and I don't believe he is getting challenged enough. My youngest is smart but at home with me he tries to do the minimum when he's at school he engages, answer questions. Plus I believe kids need to be social. And I be they can do it within the guidelines."

Kristen Farnsworth Grove City, OH 2020-05-07 "I Definitely need my child to be in school! I need to work 5 days as well and he will already be going to an aftercare if it's open."

Christine Pease Haviland, OH 2020-05-07 "I'm not a teacher. And a concerned parent"

Linda Fryman Dayton, OH 2020-05-07 "For the kid's"

Kellie Eick Cincinnati, OH 2020-05-07 "You are taking away something very important to our children and they deserve this. They need school, social skills is very important. I'm not a teacher what happened to no child left behind."

Wendi Sutton Mount Vernon, OH 2020-05-07 "Children have the right to public education, not a partial half education. If parents do not want to send their children to school, then they can homeschool. No more fear of of unknown!"

Aubrey Cooper Batavia, OH 2020-05-07 "I'm a single mother. How am I supposed to work and educate my children? My 16 yr old has to help me now as is!"

April Mendenhall Greenville, OH 2020-05-07 "This would be a disaster. My adhd son is struggling so much with remote learning right now. He needs the consistency and routine of school every day at the school building to succeed. He's been an honor roll student for years, and now he's getting C's and D's. This can't continue into next school year."

April Torres Cleveland, OH 2020-05-07 "I'm signing because I believe the children need to go full time for social and emotional growth. This virus will be around either way."

Stephanie Becker Cincinnati, OH 2020-05-07 "Our children deserve to go to school full time. They deserve a proper education."

Alicia Beaver Maineville, OH 2020-05-07 "Remote learning has not been a good fit for our children and I can't see it working part time either."

Deanna Smith Cincinnati, US 2020-05-07 "I have to go to work during the week, and dont have a masters degree in Education, so I am not qualified to teach my children!!"

Gina Jones Mount Orab, OH 2020-05-07 "There will be nowhere for my children to go the days of remote learning. Grandparents will have to watch them, whom are high risk. Kids need school and all the clubs, activities etc to stay out of trouble. They learn just as much from those things as school work. Have sports too!! Even if it's just parents as spectators."

Sherri Ramsey Shelby, OH 2020-05-07 "This is complete bull. My kids need to be in school."

Erica Alcorn Hamilton, OH 2020-05-07 "My child deserves to get a great education. These kiddos need to be in school. I didnt Go to college for early education for a reason. Let them go back !!!"

Tammy Hamilton Wilmington, OH 2020-05-07 "This doean't work for me and the husband with our work schedules. Our son needs the one on one classroom structure." Shirley Warrington Cleveland, OH 2020-

05-07 "I don't see how this benefits anyone. If parents keep their kids home when sick and we teach our kids about building their amunity through healthy diet and exercise that is the solution IMO"

BillieJean Oehler Goshen, OH 2020-05-07 "I am signing this bc my kids need a 5 day a week school week! They need in person instruction!! My girls have never struggled in school (I know I am lucky in that sense) however they are getting ROBBED of the education they need and deserve!! 2 days a week? Are you serious?! How about special needs kids who need structure and routine? How about parents who have to work? Now they have to pay more money they may not have to a sitter, not just a sitter but they would also have to function as a substitute teacher! This is an absolute joke!!"

Sarah Savage Sidney, OH 2020-05-07 "Kids need structure. The idea of two days and then two days is absurd!"

Carrie Hicks Marysville, US 2020-05-07 "Grade school children need to be with their peers and in person for emotional and social development. Virtual school is not healthy for them"

Alli Ester Warren, OH 2020-05-07 "Kids belong in school 5 days a week"

Deborah Hobson Shelby, OH 2020-05-07 "I'm the mother of 3 young children. I've already seen what a wonderful impact school, teachers and other students have had on them. My children learn better in a classroom environment. I also believe school is about more than just academics. This is where children learn to socialize, gain independence and become their own person. Our kids need to be in school and more importantly, they WANT to be in school."

Tiffany Andrews Fairborn, US 2020-05-07 "As a teacher, there is no way this can work effectively in my school district. You are putting the students emotional and learning needs last. You are cutting funding districts need and now you want students to not have structure and no consistency."

Renee Simovart Sidney, OH 2020-05-07 "That schedule does not work for dual working parents and remote learning is not as effective as face to face learning."

Allison Franklin Shelby, OH 2020-05-07 "Online school does not work for my son at all."

Amy Carvin Barnesville, OH 2020-05-07 "We need to get back to normalcy. Ohioans have the right to relocate to areas that will begin a regular school year in August."

lisa handshoe republic, OH 2020-05-07 "This plan is not feasible. Parents can not maintain jobs with this plan. Kids will not get the learning they need and deserve. Open up Ohio!"

Laura Lewis Cincinnati, OH 2020-05-07 "They will still be exposed in this model so it's best to let them be kids and be together. I don't see how this will solve for mitigating any risk."

Tami Oyster Butler, OH 2020-05-07 "This is ridiculous!" Name Location Date Comment Johnny N

Canton, OH 2020-05-07 "Kids need school, they have already been cheated this year. They need to return to school as before, for theirs and their parents sake"

Bryan Lysikowski Richfield, OH 2020-05-07 "Our children's mental health is important. They need a structured classroom environment. We have already done enough irreparable damage to some of them!"

Aaron Nicley Springboro, OH 2020-05-07 "Children's mental health is being affected by forced isolation and they are not learning effectively."

Donna Luecke Milford, OH 2020-05-07 "Ridiculous idea. Who is going to take care of the children of working parents!"

Angela Morrow Cincinnati, OH 2020-05-07 "Data does not support this spacing. There are other approaches."

Mandy Miller Shelby, OH 2020-05-07 "This is not a good solution !!!! Especially for working parents in healthcare, why would we be paying teachers full salary when we were are doing the majority of the work"

Jenny Rowland Elyria, OH 2020-05-07 "If it goes to mixed days I will either one homeschool my children and two be looking to relocate to another state so that my children can have normalcy they needs of classrooms, teachers, friends, sports, and the education they deserve!"

Jessi Konrad Loveland, OH 2020-05-07 "Mental health, children on IEPs, the list goes on. This is a BAD idea. We have no idea what COVID will look like in August. Stop jumping the gun! Think big picture and realize that children have statistically not been high risk(that is if you're realizing accurate data)"

Jason Cramer Akron, OH 2020-05-07 "This is crazy"

David DeSantis Canfield, OH 2020-05-07 "This is an AWFUL idea and plan."

Rita Detmer Waynesville, OH 2020-05-07 "Kids need to be in school. They need to build their immune systems!!"

Judy Warrick Sebring, OH 2020-05-07 "Distance learning is hard on the students and staff. And, for poverty level families, they are at an extreme disadvantage."

charlene walker Cincinnati, OH 2020-05-07 "This is dumb. Send the kids to school. I am not a teacher and I don't want to be."

Kenton Loy Columbus, OH 2020-05-07 "School is not only about learning. It is also to help with socializing skills and learning to work with others in school projects. The extra curricular things like science fairs, music and band concerts. These are things our students do not need to be cheated out from doing. Not to mention other events that take place at school. The teachers of public schools are taught in college to do hands on teaching. Please let them teach the children in a normal school setting!"

Taphorn Cincinnati, OH 2020-05-07 "Children need the classroom environment. Additionally, I am my child's mother; I am not a trained educator. I do not feel equipped for the task of part-time homeschooling."

Kelli Pille US 2020-05-07 "My youngest daughter (1/5) will be a senior At Mercy McAuley high school this year. We have waited a very long time for this. This is a very important year of learning for her and for her moving forward into college. They students need to be in the classroom in person!!!!!! Also I don't want to spend 12,000 for her to only be in school half time. Enough is enough. Let these students go to school. If you don't this will be detrimental to them and this country for years."

Laura Brown Springboro, OH 2020-05-07 "Because this proposal makes no sense whatsoever - kids will still be exposed to germs, day care centers and babysitters can't expect to home school on the off days, and many working parents can't bear the financial load of paying for childcare."

Jen Mott Toledo, OH 2020-05-07 "This would be a disaster and would accomplish nothing. Let school, sports and clubs return as normal in the fall."

Heather Matson Lucas, OH 2020-05-07 "We can't do this to our kids ! They need to be in school !"

Jennifer Lanter Cleves, OH 2020-05-07 "I care about education and our students and I think the government has gone overboard in many areas"

Bobbi Jo Stevens Bucyrus, OH 2020-05-07 "Send our kids to school! Enough of this paranoia!"

Teresa Parker Dayton, OH 2020-05-07 "This might work for some but not all. Structure and consistency is best."

Jennifer Murphy Dayton, US 2020-05-07 "They need to go every day"

Michelle Vetter Cincinnati, OH 2020-05-07 "Kids need to back in school full time."

Joanne Fecke Dayton, OH 2020-05-07 "Return to all day school!"

Diana Crouch Loveland, OH 2020-05-07 "Our kids need to be in school. The numbers don't support keeping them home. There is no accurate scientific data to support keeping them home. Let them learn! They do not get the same education at home using the online platforms available."

STEPHEN ROTHWELL Maineville, OH 2020-05-07 "This policy will fail children and parents. The State Constitution of Ohio guarantees a competitive education for all children in our state. This will cause an undue burden on family's that have working parents by leaving children at home to learn on their own. Stop the madness!"

Karla Dye Barberton, OH 2020-05-07 "This is ridiculous. Schools need to reopen full time. Kids need the hands on learning and parents need to return to work. The schools need to adapt just as the rest of the businesses have."

Ruth Yoder Hartville, OH 2020-05-07 "I have grandchildren that need a good education and the moms work part time and it's NOT good that kids are home alone so much, Name Location Date Comment plus we pay taxes and we need a voice in this...Gov DeWine needs to be put in his place!!!"

Colette Boyko Ohio 2020-05-07 "This is the right thing to do for our students and our state"

Jenna Daugherty Warren, OH 2020-05-07 "As a mother and a teacher this is beyond detrimental to schools, families, and most importantly the students."

Jan Miracle Seville, OH 2020-05-07 "Send them back to school. This is a terrible idea."

Julie Moss Canton, OH 2020-05-07 "Maybe spend some money on good cleaning companies to sanitize and disinfect the schools and get rid of janitors! Kids need this quality time for education and socialism! If you want parents to be stay at home teachers then pay for us to stay home and educate our children then, I have a full time essential job already!!!"

Gayle Bresson Milford, OH 2020-05-07 "Kids need to be back in school full time! This pandemic has been exaggerated. We've sheltered in place. Now let's start educating our kids again!"

elisha miller fostoria, OH 2020-05-07 "I have two autistic children and they would never learn this way!!!"

Lynda Winbigler Crestline, OH 2020-05-07 "My 13 year old has been devastated since not being able to complete her 7th grade year at school. She is not as engaged in the remote learning and her grades have suffered because of it. Kids need a consistent learning environment to thrive. This mixed days plan is not going to cut it"

Sarah Perry Amelia, OH 2020-05-07 "My kids need to go to school for well being." Kristy Edgar Burghill, OH 2020-05-07 "Public education is right that we have a FREE nation! What is being proposed is not public education. Families are not equipped to handle this. Also, I don't feel that the children's best interest has been considered in this at all"

Stev Stroll Canton, OH 2020-05-07 "Dewine is an idiot"

Hector Martinez Kirtland, OH 2020-05-07 "Our children need the structure and social interaction of a normal school day. The negative collateral consequences on the mental health and development of our children is not being considered by Governor DeWine."

Kimberly Cragel Holland, OH 2020-05-07 "Children need consistency of everyday school along with socializing, routine & safe-space"

Sherry Leasure Bristolville, OH 2020-05-07 "My small business can't afford to have my employees of elementary children scrambling for child care 3 days a week."

Julie Swisher Dayton, OH 2020-05-07 "It is my children's given right to have the same access to education as all other children!"

Mary Riffell Greenville, OH 2020-05-07 "I have 7 children in the school system and two of them have special educational needs. They are not getting education they deserve at home"

Jennifer Burr Mason, OH 2020-05-07 "Students need to be IN school! They're largely unaffected by this virus and by fall, we will have built up more immunity, if Dewine ever opens up the economy."

Jessica Rosing Loveland, OH 2020-05-07 "My child has special needs in school that I can't provide. A 2 day schedule just wouldn't be able to provide that, how far must our children fall."

Meg Goddard Cincinnati, OH 2020-05-07 "COMPLETELY AGAINST THIS!"

Stephanie Hinz Toledo, OH 2020-05-07 "Some families do not have the time, resources, or abilities mentally, physically, or otherwise to consistently school their children for half of a week."

Kori Calderone Uniontown, OH 2020-05-07 "Kids need full time school. And consistency. This is absolutely lunatic."

aurelia monnig Dayton, OH 2020-05-07 "I work in a school and this makes NO sense what so ever!"

Kristin Dysinger Fairborn, OH 2020-05-07 "I am a teacher and I want to be back in my classroom with my students. Not all of my students live in an adequate environment that will work with them and provide them with daily needs. They need to socialize with other students and receive all services in an appropriate way which is in the classroom. Virtual learning puts too much on parents especially those with younger kids and with parents returning back to work, how will young kids even do school work if not in school and parents gone? This is dumb and needs to end. My students need to be back in the classroom and so do I!"

Melissa McDonald Loveland, OH 2020-05-07 "I am a teacher and a single parent of a school age child. A mixed schedule will NOT work for my family! I also don't think it is in the best interest of the kids."

Suzanne Braunschneider Springboro, OH 2020-05-07 "Kids need their normal lives back!"

Elaine Hale Dayton, OH 2020-05-07 "This will not work and as a pediatric nurse children NEED daily interaction with peers..."

Shaun Schumacher Attica, OH 2020-05-07 "A lot of students need to be taught face to face not just reading and doing homework."

Peggy Waldron McGowan US 2020-05-07 "Get these kids back in the classroom. It is so difficult to get them to be consistent and dedicated to complete subjects with on line learning. Their attention span is not reading a computer 2 to three hours a day, especially the younger ones. They need that interaction with the teachers personally."

Jennifer Meyer Lorain, OH 2020-05-07 "My daughter deserves an education and to learn the best way possible which is hands on and in the classroom!"

Sara Mauk Beachwood, OH 2020-05-07 "Children deserve a traditional education and socialization. Parents work to instill work ethic and provide for their family. Immunity is built by exposure. There are many more lethal things that that people should fear. Our country was founded upon freedom and independence ... it was fought for and earned."

Amber Willard Sylvania, OH 2020-05-07 "Education is a right not a privilege!"

Beth Wager Dayton, OH 2020-05-07 "Children need structure and consistency. Especially those in lower grades (K-5) where they are just beginning to learn. Don't take away their opportunity for success. In addition, families with dual working parents will be feeling the hardship of having to find sustainable care 3 of the other days off school. Finally, if fear of exposure is the worry, 2 days wouldnt make the difference, the same teacher will have been exposed to all the children at some point during the week. So stop acting on fear and start acting on common sense!"

Alexys Davis Canton, OH 2020-05-07 "Absolutely stupid. What's the point of having kids go home when they're still to go into the school on certain days? How is that limiting the chances of them getting the virus? But better yet, we have to think about how it's going to affect their education overall. They probably struggled through the last half of 2019-20's school year, why mess up next year's school year? Kids need structure and consistency, nothing is consistent about this. Keep things how it's supposed to be & get this economy back to normal!"

Hope Kirker Coshocton, OH 2020-05-07 "These children need school and their teachers! Without school, how many children are going hungry, being neglected and abused? Not to mention, they don't get the help they need to learn!"

Monica Bell West Chester, OH 2020-05-07 "My daughter needs a full week of SCHOOL !"

Lori Fields Dayton, OH 2020-05-07 "Remote learning is NOT working. Kids cannot learn from websites and videos of other people talking. They need their teachers and they need their friends with face to face interaction. Plus it will ruin private schools! Few will pay a tuition to continue remote learning on a partial basis. The family hardships with young kids who cannot be home alone and the need for childcare, the need for more food in the family, the need for internet access, etc. It is not ideal!!!!"

Amanda Imhoff Mansfield, OH 2020-05-07 "I am so against this!!!!!"

Mary Ana Hicks Vermilion, OH 2020-05-07 "Remote teaching is not equal for all students. Those without access to technology, internet, or parental support are falling behind. This system will only increase that disparity. It will also put undue stress on working parents and teachers who will be struggling to provide both in person and "remote learning" instruction."

Stefany Tilmant Mount Vernon, OH 2020-05-07 "I can't afford getting someone to babysit and tutor my kids while I am at work. We live in rural Knox county that has hardly been hit by Covid-19. Our kids need to be in school with their peers and teachers. They cannot learn at home the way that a teacher will teach them."

Sylvia McElroy Alliance, OH 2020-05-07 "I understand some students can learn in this environment but my youngest can not. The stability of a day to day classroom experience is what she is used to. We are willing to take our chances with us getting sick."

Kristen Broeckel Vermilion, OH 2020-05-07 "How will this be effective? We are already struggling? This will be horrible."

Michael Stinson Shelby, OH 2020-05-07 "Students need stability and routines."

Diane Briskey Painesville, OH 2020-05-07 "Kids need to be back to school...there is no logic whatsoever in keeping the kids out of school! You can go to the grocery store, shop in the retail stores, go back to work, then the children should and need to go back to school! This can only cause hardship to our future if children and not back in school!"

Heather Wendling Cleves, OH 2020-05-07 "Mixed school days will not work for my son. He is on an IEP and has an intervention specialist along with a reading and writing aid. He needs the structure of school in order to succeed. Remote learning does not work for him!"

Jaime Garrett Hamilton, OH 2020-05-07 "Our kids need school and structure! I can't teach like their teachers can!!!"

Christina Perera Cincinnati, OH 2020-05-07 "Ohio already has an excellent online public school option. Let any family who is concerned and able use that option. If more families sign up, let the teachers who are concerned teach in that online school. Everyone else should go back to school. We used the time to flatten the curve and prepare our medical professionals. Dr Acton said that with intervention or without intervention the same number of people would contract this virus. We intervened to prepare hospitals and acquire PPE, now lets get back to work and school."

Stephanie Mitchell Shelby, OH 2020-05-07 "I want my kids to have full time teachers! I am not a teacher and I also have a full time job - this is unrealistic for the working parents!"

Jamie Campbell Westerville, OH 2020-05-07 "Kids need 5 Days a week! Two working parents are unable to schools there kids in distance learning"

Kathy Butcher Lebanon, OH 2020-05-07 "Our children are the future of this country . All children need a structured environment and are due an education ❖❖"

Marie Reiser Shelby, OH 2020-05-07 "Not all subjects can be done through online. I as a parent know that my daughter is taking Spanish next year and I can't help her as I don't know anything about that language."

Jill Mize Huron, OH 2020-05-07 "This is not a feasible option!"

Renee Lewallen West Carrollton, OH 2020-05-07 "I am NOT certified to be a teacher. My child has not learned anything new in 2020 since being at home. He just does 'busy' work."

Maria Brandell West Chester, US 2020-05-07 "I think it would be really difficult to teach and to learn because the state standards are not assuming a home school curriculum and it would be impossible to adapt"

Heather Miller Uniontown, OH 2020-05-07 "Kids need to go to school I can honestly say mine have learned nothing at home. I am not a teacher, don't want to be a teacher, and my kids are not benefitting from home school at all."

Mike Bush Tipp City, OH 2020-05-07 "Life is not without risk! We drive 70 miles an hour on the highway every day knowing 40 to 50,000 people die a year from car accidents. But we don't lower the speed limit to 5 miles an hour ,which would save lives! Let's get back to normal people! The scariest words you'll ever hear is "we're from the government and we're here to help"!!!"

Kristina Dabney Shelby, OH 2020-05-07 "I don't believe that alternating days for kids will make a difference in the spread of the virus. I work full time and when my husband goes back to work it will make it extremely difficult to assist our three daughters in classroom assignments. Our oldest has learning disabilities and needs her intervention teachers. Please let the children go back to school in the fall. Parents who are uncomfortable always have the option of homeschooling for the year."

Stacy Yount West Manchester, OH 2020-05-07 "Kids need to go 5 days a week!!!!!" People Kelly Milford, OH 2020-05-07 "Thus is not an acceptable option."

Melissa Snyder Hubbard, OH 2020-05-07 "I feel like the kids will not benefit from this schedule and that it will only hurt families as well as the children and their grades." Tom Adams Lakeside Marblehead, OH 2020-05-07 "Not a good idea."

Lynn Werbecki Tallmadge, OH 2020-05-07 "A mixed schedule is not sustainable for kids, teachers or parents."

Kristy Anderson Pleasant Plain, OH 2020-05-07 "My children need to be in an educational environment and have social interaction with other children."

Jane Knecht Cincinnati, OH 2020-05-07 "Children need socialization in a structured school building 5 days a week. Teachers need to teach. Not parents"

Change Choice Reynoldsburg, OH 2020-05-07 "This is literally causing a problem, not developing a solution. This helps no one and solves nothing, the children will still be at risk sharing the same physical space within 24 hours of one another."

Mark Tewart Lebanon, OH 2020-05-07 "Stop the Draconian over reaction and placing hardships on the citizens of Ohio. Listen to the citizens!"

Bradley Beers Dayton, OH 2020-05-07 "1) Children have the best outcomes when it comes to this virus - not a single death in OH under the age of 20!2) There is no way working parents could make this work. 3) This is like asking teachers to do twice the amount of work for no bump in pay."

Patricia Steede Alliance, OH 2020-05-07 "Not all students have parents that help them when it comes to remote learning or make sure they do it. We do not want more children to fall between the cracks"

Linda Lanham Greenville, OH 2020-05-07 "I am completely against this. Kids NEED to be in school"

Angela Morris Mogadore, OH 2020-05-07 "I believe this is ridiculous and the kids need to get back to school and regular schedules! We are AMERICANS and we have rights!!!"

Joy Van Patten Maineville, OH 2020-05-07 "Our kids need full school days and weeks"

Carlie costello columbus, OH 2020-05-07 "Our children need to be back in school learning. All they are doing at home is completing the task, they are not learning. Yes they need to wash hands, cover their mouths when they sneeze or cough. They need to be with other kids not sitting home on tablets and video games. Full time 5 days a week. If your child is sick keep them home!"

Nikki Brown Mogadore, OH 2020-05-07 "Because this is all a violation of rights and children and families are being affected."

Candace Wright Batavia, OH 2020-05-07 "My 2nd grade daughter deserves the normal American experience of school and quality education that it brings."

Gary Kauth Canton, OH 2020-05-07 "Our governor is an incompetent idiot" Loretta Hays Mendon, OH 2020-05-07 "My son who is 17 will be a senior next year goes to a vocational school and needs 5 days of hands on experience. He is in a Animal Health class. They just got a new building this year. His grades went down he is struggling to get his work done on line does much better when he has a teacher every day"

Cheryl Phillabaum West Chester, OH 2020-05-07 "I'm a parent with 3 kids that need to get back to school. Plus, I work full time."

Brittany McClish Ashland, OH 2020-05-07 "I am a teacher and this is making it so much harder on us, students, and parents."

Holly Dohme Springfield, OH 2020-05-07 "If the kids are going back to school send them back. By having mixed school day's that would just be exposing more kid's. One or the other. You can't have it both ways."

Kathy Bosse US 2020-05-07 "My senior day said that's just as bad as the learning they are doing now.

◆"

Nicole Murphy US 2020-05-07 "Your consideration of this is neglectful at best. Mr. DeWine should be ashamed of himself for stealing our children's education on the multitude of levels. I am absolutely appalled at what you are doing to our state. I am a Republican but you have lost an enormous amount of support and confidence in your decision making, choice of counselors and their authority. You are doing a disservice to our state on so many levels but taking away funding to the school systems that you threw into this remote learning is completely disgraceful."

Lori Conover Cincinnati, OH 2020-05-07 "Children need to be IN school. This may be the only love or meals that some kids get. They need structure."

Trisha Sefakis Cincinnati, US 2020-05-07 "Consistency is key for learning." Christy Smith Beach City, OH 2020-05-07 "With both parents working full time it is hard to keep a consistent schedule teaching our children let alone have to afford childcare"

Nicole Eaton Columbus, OH 2020-05-07 "Teachers also need to have consistency. They enjoy their children."

Jameson Bond Mansfield, OH 2020-05-07 "Decision for the 2020-2021 school year need to be made closer to the actual opening date"

Anthony Schaefer Cincinnati, OH 2020-05-07 "My children deserve better than Ohio's governor is suggesting"

Malinda Barton Mineral Ridge, OH 2020-05-07 "These kids need to get back to school! Parents work full time and cannot teach their kids like trained teachers can. I know most parents are "helping" their kids by doing most of the work themselves, because they do not have enough time after working full time jobs, cooking, cleaning, laundry and bathing the kids to then sit for hours at night "teaching" their kids. It is easier to just do the work themselves which is hurting the kids."

Michele (Davies) Turner Chagrin Falls, OH 2020-05-07 "There's no way that this will provide our children with the foundation they need to be successful! Not to mention those kids with emotional issues that need the consistency! Please don't do this!"

Michele Newman Akron, OH 2020-05-07 "Children need to be in school!!" Dawn Verhovec Norwalk, OH 2020-05-07 "It's a ridiculous idea. They're going to be at and and exposed already, so they might as well just go like normal. Kids are STRUGGLING with this homeschool thing. Please don't let them do this to our kids!"

Amanda Grabeman Miamisburg, OH 2020-05-07 "We need to go back to normal."

Christy Webster Middletown, OH 2020-05-07 "Our children need consistency, stability, and they need TEACHERS!!"

Christine Robinson Blanchester, OH 2020-05-07 "Of my daughter who has disabilities"

Sydney Riddle Lucas, OH 2020-05-07 "I will have 3 kids in school this fall. This doesn't simplify things, if anything it complicates things. They have said this virus isn't going away, so what are we going to do? Continue with this way of life forever? No. We have to get back to normal."

Samantha messenger Barnesville, OH 2020-05-07 "Our kids need to be back in school. Everyone has followed the rules thus far, so it's time to allow them to return to normalcy for their mental health. Full time working parents attempting to home school kids isn't conducive to providing them with a proper education."

Danielle Seymore New Richmond, OH 2020-05-07 "I am a college student myself in the day along with a mom and foster mom to school age children. It makes it really hard to juggle the kids schoolwork, my school, work, transportation and life with the kids on a split schedule especially if they all get but on opposite days of a split schedule. Please just decided to go back to school. More people are dieing from suicide and other things than the virus. We need to all build up our immunity by being around people."

Misty Thomas Galion, OH 2020-05-07 "Life goes on....while we need to be vigilant about the virus, we also cannot hinder the youth and their ability to thrive. Education is important, teachers are important, learning at a greater capacity than what we can do at home is necessary."

Virginia Galvin Columbus, OH 2020-05-07 "Keeping schools, well, closing them to begin with, is just supported by the data. The actual data, not speculation and models. There are other alternatives to those that are afraid or feel vulnerable but do NOT continue this madness for the MAJORITY of people that will not be harmed by this virus."

samantha anderson Galion, OH 2020-05-07 "This is a horrible idea, our kids need routine and schedules this will only negatively effect their education"

Chaz kline Troy, OH 2020-05-07 "#kidsfirst"

Kathleen Houston North Canton, OH 2020-05-07 "I can't afford kids home 3x week."

Margo Stuart Cleveland, OH 2020-05-07 "Having parents who have full time jobs teach their children from home when they also have commitments to work in order to support their families is just unrealistic. Children need to go back to school and have the teachers teach them so that they can get proper attention that they need."

Jennifer Wages-Hamm Milford, OH 2020-05-07 "This would be a logistical nightmare for parents and educators. And would also eliminate so many opportunities for our students."

Susan Vitko Cuyahoga Falls, OH 2020-05-07 "Children need a regular consistent schedule and all the supports that a school provides."

Jennifer Miller Cincinnati, OH 2020-05-07 "My straight A honor student had straight Fs a week ago. I have been working outside the home which leaves my daughter "alone" for 8-10 hours a day. This is not learning, this is detrimental and devastating! This is traumatic!"

alisha halsey minerva, OH 2020-05-07 "This won't happen at my house! Us parents do have jobs and little kids who can't stay home by theirselves!"

Michelle Klein Mason, OH 2020-05-07 "Parents need to work and a lot of kids have to be in daycare while we work. We don't have anyone to watch our children! What are we suppose to do? Just quit our job..樂"

Marilyn Fredenburg Fowler, OH 2020-05-07 "This is ridiculous!!What about Free and Appropriate Education Law....may be free but not appropriate!"

Stephanie Bryant-Kidd Cincinnati, OH 2020-05-07 "School setting provides a wide spectrum of resources, hands on learning and structure."

Tracie Deaton New Richmond, OH 2020-05-07 "My children are already struggling with distance learning we can not sacrifice our children's education we have to find a better way."

Bridget Burgess Toledo, OH 2020-05-07 "Socialistic! We are a free country!"

Lynn Squier Dublin, OH 2020-05-07 "Our kids need to be back in school with their teachers. They also need to be back doing sports and other normal activities. Protect the high risk, but get our kids, who are the lowest risk back to school. If they aren't in school, they are going to be in daycare, which also is a group setting where they will be exposed. Split school day or online learning solves nothing!"

Teresa Collins Lebanon, OH 2020-05-07 "If I felt qualified to homeschool I would be homeschooling, teaching is not my "gift". Our tax dollars are poured into our local schools and our schools should begin operating normally this fall. Cutting the number of days the kids are in school will also mess with many, many jobs. A parent can't work and teach at the same time. Online learning is not the same as a classroom setting where kids not only learn academics but also social skills, discipline and more"

Malia Ridge Cincinnati, OH 2020-05-07 "This is what is best for our kids, teachers, and society. They need to be in the academic and social environment of their school. The actual numbers of the virus have shown this. Stop the panic and give us our freedom back!"

Adrianna Ruble Detroit, MI 2020-05-07 "I'm a student in ohio, and being at home is killing my grades. My parents run a buisness and they need my help there almost every day for 10 hours because due to the shutdown they had to let go of all hired help. This is time that I need for my schoolwork. Also, I bet that if this actually passes we will see alot more teenagers with depression and anxiety, as well as younger kids with MPD. Students do not want this either"

Sarah Palermo Blacklick, OH 2020-05-07 "This is so unstable for our children." Beth Thompson warren, OH 2020-05-07 "I don't see how this is going to work out for the best interest for the children or parents"

juanita banks Hamilton, OH 2020-05-07 "Itisnt a good.idea, think it wouldmt help kids going to.school this wqy"

Liz Armstrong-Stamey Cincinnati, US 2020-05-07 "I'm not a teacher and my daughter needs the classroom to thrive. I can't let her 4.5 GPA sink because of this!!!"

Nicole Lessard Canton, OH 2020-05-07 "My husband and I both work full time and the kids not being in school full time will make an extreme hardship on my family"

Patricia Scarberry Georgetown, OH 2020-05-07 "It's difficult for working parents to have only partial schools days for their children. Children need a schedule to learn on a more consistent basis. Parents would be required to pay for daycare days the children do not have school which causes a burden in the family budget"

Alissa Spieles Vandalia, OH 2020-05-07 "This is ridiculous. We need to get life back to normal and if they have this all year then nothing will get back to normal soon. It will separate the kids and their friends and ruin many highschool moments. How would you feel if you were separated into school days and not get to have a real highschool experience?"

Lacey Robinson Cincinnati, OH 2020-05-07 "My husband and i both need to work to support our family. Daycare is already costly for our toddler but to add our other two children AND to be forced to work inconsistent hours would put strain on our family. We would be together less as a whole unit." Betsy Singh US 2020-05-07 "I'm a teacher and I'm a friend to many parents who will need full time school for their children."

Kathy Johns Hamilton, OH 2020-05-07 "This is a horrible plan. Let kids go back to school."

Penny Eshelman Hartville, OH 2020-05-07 "This does not work for working families or benefits students. Students education will suffer."

jamie berlon Youngstown, OH 2020-05-07 "My kids need a certified teacher in a school setting!"

Katrina King US 2020-05-07 "Children need a consistent schedule of 5 days a week and this is impossible for the working parent"

Amanda Clay Amelia, OH 2020-05-07 "This is ridiculous."

Jessica Criss Wilmington, OH 2020-05-07 "I think it will cause more harm than help"

Kristen Rinker Arcadia, OH 2020-05-07 "No!!!! Just no."

Brad Betz Alliance, OH 2020-05-07 "My youngest son is need of structure and help , he will be going into the first grade. If he doesn't have the structure and help I fear his development will suffer and he will get left behind!"

chris evans Lakeview, OH 2020-05-07 "This must not happen"

Victoria Close Springboro, OH 2020-05-07 "This is just wrong on so many levels! Time to say "No More"!!!"

leslie davanzo New Springfield, OH 2020-05-07 "These kids need to be in school learning. This online crap that they are doing now is not education. It is a disaster. Dewine is just too lazy to make adjustments in the schools. These kids need to socialize with other kids and their teachers. Dont try to be the hero dewine."

Valerie Hammond Galion, OH 2020-05-07 "Kids need structure and on line learning isn't cutting it! So many kids I personally know were A and B students. Some are now struggling to even get a C! Splitting them isn't going to slow anything."

Erika Grimshaw Batavia, OH 2020-05-07 "I am an educator and believe that children benefit from a structured school environment. Please send them back full-time in the fall!"

Susan Baenziger Mason, OH 2020-05-07 "My dtr has immensely struggled with online leaning. She has learned NOTHING!!!"

Justin Kerr Jackson, OH 2020-05-07 "Kids need s hook and interaction with other kids and teachers"

Patrick Turner Parma Heights, OH 2020-05-07 "This idea is bullshit. Either keep them closed or open them 100%. I am in favor of opening them."

Jennifer Beamer New Washington, OH 2020-05-07 "The kids need to be in school."

Angie Sherman Genoa, OH 2020-05-07 "Our children need a education from teachers who have the education to do so. Also students need interaction with others to prepare for future. They are children who have special needs that need that educated teacher to help. The majority of American family work and hard to spend that quality time helping there children out. And not every household has WiFi. Or a chromebook."

Stephanie Wheeler Morrow, OH 2020-05-07 "Our children need to be in school- in person, five full days. They need to participate in activities and sports. Don't steal any more time and experiences from them!"

Keith Ciolek Kent, OH 2020-05-07 "Kids need stability and parents need this as well. With parents working some of us don't have funds for daycare or alternative options for children while we work"

John Guisinger III shelby, OH 2020-05-07 "DeWine is a complete DUMBASS and Acton's puppet. Both of you morons need to go."

Phyllis Boucher E Liverpool, OH 2020-05-07 "We cannot live in fear forever!"

Kristopher McKee US 2020-05-07 "Our children's future and mental well being cannot suffer because of this massive over reaction."

Samantha Chadbourne Wadsworth, OH 2020-05-07 "I love my kids and they need a proper education. Especially special needs!"

Nicole Maurer Myrtle Beach, SC 2020-05-07 "This is a ridiculous idea and absolutely unnecessary."

Crystal Shank Louisville, OH 2020-05-07 "Kids need consistency. And the best opportunity to learn on a daily basis. I love my kids at home but they need regular school days..."

Monica Geering Fairborn, OH 2020-05-07 "My two oldest boys that are still in school go to a career center and 2 days a week in their labs will not be sufficient enough education/training to prepare them for the career paths they have chosen. The same goes for our youngest son who will be starting kindergarten this coming fall, 2 days of school will teach him nothing. We are only able to do remote learning right now because of a very generous friend of ours who lent us their mobile router. Along with borrowing 2 chromebooks from their school. We DO NOT have high speed internet in the rural area in which we live and it will not be ran any time in the next year! I know we are not the only people this affects either so forcing remote learning on kids can't be an option."

Amy Eberly Cleveland, OH 2020-05-07 "Children need the structure and most learn better in person. The option to homeschool is available to those who feel that method suits their needs and health concerns."

Dusty McCoy Dayton, OH 2020-05-07 "This is outrageous!!!"

rachelle wright Akron, OH 2020-05-07 "My daughter receives special education services as per her IEP which can not be done if only attending school 2 days a week. She needs a full time, traditional school setting"

Adrienne Custer Mason, OH 2020-05-07 "Students need consistency. This has been a struggle for students and teachers. We choose to send our children to physical school because we see value with in person interaction."

colleen james Loveland, OH 2020-05-07 "This is not doable. People are from all walks of life. Some struggle to keep food on the table and their lights and heat on. Some work more than one job to do this. How can anyone expect parents who work for a living , who come home exhausted try to educate their children. Not to mention when these parents are away at work who is going to be watching the kids what are they going to get into while these parents are out of the house."

Vicki Magers Barnesville, OH 2020-05-07 "How confusing for the students! Surely there is a better alternative! There is more than one issue (Covid) to consider! You can't focus on solving one problem and then create several more problems!"

Ali Dreher Chardon, OH 2020-05-07 "Kids need to be in school every day. My oldest is 15 and his mental health is suffering as a result of the isolation. And as a teacher I need to be in class with kids 6.5 hours a day in order to make a difference for them. There is no way families can function with their kids home from school half the day. Nor will our kids be able to make appropriate learning gains that way. Please open schools full-time in the fall. Thank you!"

Samantha Guerrero Cincinnati, OH 2020-05-07 "Children need consistency when learning, "mixed" school days are NOT the answer - and neither my husband nor I went to school for childhood education."

Lisa Reid Hamilton, OH 2020-05-07 "This is a horrible idea !!! This absolutely makes no sense if you have 20 what's the difference to have 2,000.00? I guess then the teachers would have to be responsible to clean down all desks between classes as well as everything else they are on top of just being a teacher !! This is absurd !"

Sarah Huth Fairlawn, OH 2020-05-07 "Our kids need full time education and to be with their friends again! It doesn't even make sense to go 2 days? How that going to "help" anything! No science behind that ridiculous logic."

Cassinelli Mason, OH 2020-05-07 "Unacceptable for students and parents."

Jenifer Heavner Loveland, OH 2020-05-07 "Our children need the consistency of a structured school day. They need social interaction and too many parents would have to struggle to figure out childcare solutions."

Erin Kocab Westlake, OH 2020-05-07 "My kids cannot continue to go through this"

Doretta Lacy Fairborn, OH 2020-05-07 "My taxed dollars have funded public education for over 50 years through outbreaks worse than this one. Impeach the gov and fully open our schools."

Nathan Burks Cygnet, OH 2020-05-07 "I pay school taxes for a reason and I don't have a teaching degree!!!!"

Tracy Griffith Dayton, OH 2020-05-07 "I do not believe this to be an issue anymore. My son, does much better with structure and routine. This has affected him mentally. He doesn't even live svhool but desires to go back to learn."

Virginia lehman Orrville, OH 2020-05-07 "School needs to resume as usual in the fall"

Steve Myers Cincinnati, OH 2020-05-07 "This is going to negatively affect millions of people who can't afford daycare while trying to maintain a job."

trisha hodge Madison, OH 2020-05-07 "You either open school or you don't."

Peggy Shumate Zanesville, OH 2020-05-07 "Our children need and deserve an education."

Sherri Davidson Lima, US 2020-05-07 "If both parents or single parents have to work to support their families, how can they stay home 2 days a week to home school? Are you, governor DeWine, going to pay their wages to stay home? I don't think so!!"

Peggy Shumate Zanesville, OH 2020-05-07 "Our children need and deserve an education. I believe that benefit far outlays the danger our government is alleging."

william hammond Galion, OH 2020-05-07 "Need to get back to regular school"

Cathy Clark Waldo, OH 2020-05-07 "Mixed school days is a ridiculous idea,there is no reason under the sun to do this except to save money,Governor DeWine needs to make cuts elsewhere like higher education which is not mandatory but a personal decision."

Melissa Moore Cincinnati, OH 2020-05-07 "This is not at all good for anyone."

Honi Cohen Hamilton, OH 2020-05-07 "Students need to be in school! If they need to wear masks they will! If they need to sanitize their desk top after each class they will! If they need to stay several feet apart they will! SCHOOLS need to set the rules until such time we can forget about this virus...but returning to normal means returning to the NEW normal!!!!"

Rachel O'Diam US 2020-05-07 "I do NOT want a hybrid model. Kids need to be in school and this is not ideal for working parents. Kids need human connection and germs are actually good for their immunity!!"

Brenna Kautz Columbus, OH 2020-05-07 "I'm a teacher!!!"

Kathryn Berg Maineville, OH 2020-05-07 "This is a ridiculous idea. What is the point?? How , in God's name, will this plan ward off the virus??"

Jennifer Dray cedarville, OH 2020-05-07 "I need to go back to work and this just won't work for my family. Plus I have five kids. So I'd have some home some days and others home other days? No way."

Stephanie Bebout Canton, OH 2020-05-07 "Keep online schooling for the kiddos or have them go back all together!! Stop making changes for these kids & parents."

Colleen Scott Girard, OH 2020-05-07 "Remote learning is not ideal for anyone. Kids need to be in school. If you think you have issues with a virus, try homeschooling for another year. Many more issue will arise as a result."

Lisa Hensley Boggs Williamsburg, OH 2020-05-07 "It is not fair to the children. All the Governor is doing is causing teachers to become jobless. Parents will start sending their children to Charter Schools or even home schooling them. The education system will eventually collapse."

Jessica Malsch Loveland, OH 2020-05-07 "ITS THE STUPIDEST IDEA I HAVE EVER HEARD OF!!!!"

Robin Folino Vandalia, OH 2020-05-07 "These kids need to be taught face to face not electronically!"

Lindsay Patrick Canton, OH 2020-05-07 "You cannot place education behind fear"

Jessica Tucker Mansfield, OH 2020-05-07 "If they're exposed then they're exposed regardless. Go back full time or don't go back at all."

Jessica Miller Shelby, OH 2020-05-07 "Kids need structure. The proposed idea is crazy & won't work well for most parents or kids! My family has 2 children & 2 adults- we work 2 jobs each & cannot work from home. This will put so much stress on our lives & im not sure how we could make this work with our schedules. Please, consider some alternatives!"

Debbie Simmering Mansfield, OH 2020-05-07 "I feel the kids need to be in school"

Pam Osborn US 2020-05-07 "Theres no way kids that dont have access to the internet can learn. What about trade schools? 2 days a week would be a ridiculous joke."

Donna Domanick Northfield, OH 2020-05-07 "Mixed school days are unacceptable"

Jennifer Bonnette Akron, OH 2020-05-07 "We are two working parents and and cannot effectively teach our daughter. Child care would also be incredibly difficult. I never wanted to homeschool and dont want to now."

Michelle May Davis Galion, OH 2020-05-07 "It's common sense why!"

Heather Cunningham Louisville, OH 2020-05-07 "There is absolutely way this can work and be a long term solution. My son needs structure and stability that comes from school. My husband and I have to work all day so there would be no one here to help him. This idea is absolutely a disaster waiting to happen!"

Kathy Dick Fairfield, OH 2020-05-07 "Kids need to get back to onsite learningThis current situation is not effective."

Adrienner Zehrung Loveland, OH 2020-05-07 "Our kids deserve more."

Maria Tschuor Middletown, OH 2020-05-07 "2 days in school still exposes children to other children and the teacher. She could pass to the next group of kids that come in anyway. School needs to reopen as normal and daycares need to reopen before the state reopens. Parents can't go back to work if they don't have childcare."

Cathi Warner Greenville, OH 2020-05-07 "This is ridiculous. It doesn't even make sense. All it does is put a hardship on working parents and gives the government more control they DO NOT need!"

Kelly McKenzie East Liverpool, OH 2020-05-07 "I am a teacher and this would be a chaotic mess !"

Kylee Sutter Celina, OH 2020-05-07 "This is not fair to our parents, students, or teachers! While we can do what we can do our kids learn from our teachers, my son has little interest in learning stuff like this from myself."

LISA PEter Hamilton, OH 2020-05-07 "I'm against this!!"

Emily Otting Cincinnati, OH 2020-05-07 "I'm a teacher and blended remote learning with forever put our students behind on basic skill sets!"

Brenda Horvath US 2020-05-07 "I think kids need to be in school 5 days a week! How do you expect kids to go to daycare 3 of the other days? Ridiculous!!"

Melinda Curry Springboro, OH 2020-05-07 "I have a daughter with special needs and needs her therapy and education I can not provide to her at home. I am not a teacher. I am a nurse that works 12 hour night shifts and I can not homeschool my children. They will be greatly affected by this and not in a good way."

Deniele Brown Cuyahoga Falls, OH 2020-05-07 "Regardless off mixed schedules the kids are stillExposed to the same bus drivers, teacher, lunch workers, classrooms etc... kids never school and routine back in their lives... they need to be back at school full time."

Marla Thomas canton, OH 2020-05-07 "Kids need to be back in school!! Enough is enough. The death tolls are a bunch of lies and manipulations!!!"

Erin Koeller West Alexandria, OH 2020-05-07 "I have children, though not in this district.. and every child deserves the right to an education!"

brenda barrett fairfield, OH 2020-05-07 "We can work on ways to make it safer for the kids...this would be a nightmare for kids, teachers, and parents!"

Kelli Vossen Massillon, OH 2020-05-07 "This is a terrible idea!!! Kids need to be in school. Some kids do terrible at remote learning and they need the social interaction. Listen to parents don't just decide for us!!!!"

Natalie Ringeis Akron, OH 2020-05-07 "I am a teacher. We need a voice in this"

Sydney Kurz Columbus, OH 2020-05-07 "I'm signing because the 2/2 school day idea is completely idiotic and not feasible for working parents. Not to mention, PARENTS are NOT teachers! Our children will suffer with this schedule."

Casey Sung Caledonia, OH 2020-05-07 "This "learning at home" is NOT at all educationally beneficial to those kids who do NOT have REAL teachers as parents. It is more harmful than helpful and I cannot keep this up."

Kelsie Fannin Middletown, OH 2020-05-07 "Children need the proper education. They can't get that at home. Also if that's how it's going to be I feel teachers shouldn't get paid what they do if we (The Parents) are doing half their work."

Carrie Lintner Lebanon, OH 2020-05-07 "It's the craziest thing I've heard if"

Julia Clark Georgetown, OH 2020-05-07 "This will never work. Who is going to teach the kids while I am at work? Am I supposed to quit my job?"

Kathy Heyman Cincinnati, OH 2020-05-07 "The kids need to be in school! Full time. How can parents work and teach their kids?"

Charles Myers Reynoldsburg, OH 2020-05-07 "I am not in favor of this option. 10 students or 25 students. Kids will not keep a social distance. Open up fully for all. Our kids don't need to go to prison for school."

Issy Helton Hamilton, OH 2020-05-07 "Our government should not be making parental decisions. Open the schools and let the parents decide."

Amberly New Bellville, OH 2020-05-07 "The kids need to go to school. My kids don't like the online learning"

Kelly Christman Springboro, OH 2020-05-07 "All school aged children need to be back in school full time. They need the guidance, structure, education and for some refuge that comes with going to school. This is would also be a very difficult situation for working parents."

Michelle Weaver Arcanum, OH 2020-05-07 "We have got to get these kids back in the classroom and back to normal!!"

Allie Turner Dayton, OH 2020-05-07 "I do no believe the kids should have to deal with only two days of school"

Lindsay Green Russellville, OH 2020-05-07 "I don't agree with the mixed option school plan."

Crystal Harris Lexington, OH 2020-05-07 "My husband and I are not appropriately trained to properly educate a child. We are educated in our fields of service. We work full time and count on school to educate him and to keep him safe while we work. This is not a proper education-expecting parents to teach academics!!!! Children need to be in school to develop social skills and with teachers trained in learning disabilities. My son is finally thriving, this will be a major setback, and I will hold you accountable!!!! Plus you will be putting teachers out of jobs!!!! What a disgusting idea!!!!"

Tara Racano Cleveland, OH 2020-05-07 "This is totally unacceptable for working parents" Cindi Hatfield Crestline, OH 2020-05-07 "The students need structure that schools and the teachers give them. I don't see how well this will work for the parents either."

Paul Rieder Cincinnati, OH 2020-05-07 "It just doesn't make sense logistically. Children need consistency. And if the same teachers are teaching both classes they're cross-contaminating both groups anyway, so you lose the entire point."

Sarita Cunningham Massillon, US 2020-05-07 "My son is a teacher and I have 3 grandchildren in school."

Ruby Waycaster-Riggs Crestline, OH 2020-05-07 "It is too hard on the kids learning this way. I will just homeschool them to where they have consistency."

Kelly Silva Burbank, OH 2020-05-07 "This is unnecessary and we all know why. An entire generation will not learn properly. It puts unnecessary hardship on working families. Children NEED this!!!"

Rob Davis Troy, OH 2020-05-07 "It's the complete opposite of what is needed for the kids' health."

Elissa Rapp Toledo, OH 2020-05-07 "I think it would be very difficult in working parents and the children to have a routine!"

Kristina Calme Cincinnati, OH 2020-05-07 "We as parents have to return to work. We do not have options to help us and can't afford to quit our jobs. I work for a small business that needs me. My youngest will be going into Kindergarten. We are not equipped to teach such an important age in development. Our kids can not afford to get any further behind."

Lauren Tallen US 2020-05-07 "No parent is going to be able to afford kids going to school two days a week and go to work and find child care in between this is absolutely ridiculous"

Stacy Haston Wooster, OH 2020-05-07 "These children like my own need social interaction to thrive in life! By keeping them home & them having to learn virtually is causing anxiety & a sense of loneliness! They need to be in school with their friends & teachers that chose that profession for a reason & are very good at their job! Us parents didn't sign up for this & are doing the best they can, but it's not fair to the children & something has to change!!!"

Heather Judson Hudson, OH 2020-05-07 "This doesn't make sense. We must move forward with our lives, school, sports, and employment."

Shaun Schock Cleves, OH 2020-05-07 "I am signing this because of the dismay it will cause to many of families!"

Ann Spanier Loveland, OH 2020-05-07 "I have a child with special needs who's IEP stresses 1:1 interactions with peers, teachers & therapists. Luckily, I've been trained in some areas to effectively teach my child, but this is no substitute for the experience of my child's typical school day. This virus, while very real, has been manipulated by the media and by main stream medical powers that ignore suggestions for boosting our immune systems through consumption of vitamins D, C and zinc. It has ignored effective and inexpensive methods of treating the virus early through IV vitamin C and zinc coupled with chloroquine as per Eastern Virginia Medical School (Dr. Marik's protocol). The CDC has admitted fault and contamination in covid testing kits. It's time for the truth to prevail."

Crystal Tull Wapakoneta, OH 2020-05-07 "I have 3 kids and work full time. There is no way I can keep up with this."

Ronda Agee Salem, OH 2020-05-07 "It is not feasible for kids that have issues learning, ADHD, and parents that work. This will never work."

Faith Dotson Beach City, OH 2020-05-07 "They need structure!!!!!"

Amanda Swank Doylestown, OH 2020-05-07 "Our kids need and thrive best in routines and being with friends and teachers. Kids everywhere are falling behind. Parents are facing hardships finding care for

them while they work. There is absolutely no point in going 2 days a week. If they go 2 days, they may as well continue on. They are still being exposed. This has all gotten completely out of hand and I'm sick to death of denying my kids a normal life."

Angela Davis Niles, OH 2020-05-07 "This is a complete disruption for parents and children, this cannot be our new "normal""

Hayden Hajdu Akron, US 2020-05-07 "Let our kids get back to school and sports! We need to practice quarantine for the people that need it and the people who are afraid of getting it."

Deb Shook Lima, OH 2020-05-07 "My daughter's and their spouses have to work...they cannot let their children stay home by themselves"

Denise Bergman Minster, US 2020-05-07 "Kids need their teachers and a consistent conducive learning environment. Let them go back to their school 5 days per week. This partial day and home learning schedules are not sustainable for working parents."

Paul Fry Cleveland, OH 2020-05-07 "Governor DeWine is not thinking straight lately. Well, ok Governor, we will just have to do the thinking for you. "NO" on mixed school days; not everyone is independently wealthy."

Stephanie Rich Franklin, OH 2020-05-07 "I did not go to school to be a schoolteacher. I think kids need structure. I think all of this is getting to the point of ridiculous. We are going to be raising up a bunch of kids who don't have an education. If the governor thinks that kids are getting proper homeschooling at home he is crazy. I want my life back."

Bev Payne Crestline, OH 2020-05-07 "children need to have a routine that consists of school and home as two separate things."

Jason Howe Columbus, OH 2020-05-07 "What's the point. You are going in a building with others. You are being exposed and you are exposing others. You might as well go everyday."

luke zeinner Batavia, OH 2020-05-07 "i want school and sports"

Timothy Carpenter Vermilion, OH 2020-05-07 "This is a bad idea" Amy Casey Pedro, OH 2020-05-07 "Education is important not HALF of an education! Get them back in school full time!"

Amy Skelly Elyria, OH 2020-05-07 "my kids love school dont do this send them back"

Savannah Hay Springfield, OH 2020-05-07 "I am a mother of 3 and with myself and my husband going back to work soon we would not be able to do the 2 day learning, we would have absolutely no time to sit and do school work with our children which will result in them being set back in their education! My husband and I work while my kids are in school (before corona) so if they can't go to school for the full 5 days I would have to quit my job which will put a strain on our family financially, with just my husband income we are still over the poverty line for assistance so how would we buy our groceries or pay utilities or our mortgage?"

Karie Matejka Painesville, OH 2020-05-07 "Students learn best and need socialization at school. Remote learning is not adequate for any age student."

Melissa Buchman US 2020-05-07 "Our children need to be back in the classrooms with their teachers and friends. They have already suffered academically and socially, as this year was abruptly ended. 💎"

Devin Miller Wheelersburg, OH 2020-05-07 "All or nothing"

Greg Dickson Dayton, OH 2020-05-07 "I'm signing this because our son really struggles with this online schooling and went from getting such good grades to now not understanding the material being given. The teachers are not teaching the students anything they are just giving assignments for them to do. Basically busy work is all and this is Not acceptable for us. Please let our children back in school to learn!!"

Allison Helmick Canal Fulton, OH 2020-05-07 "We can't live in fear. We have to have a voice" Aimee

Gigliotti Avon, OH 2020-05-07 "There is absolutely no way to make this mix day work. This has been so hard in the kids already"

Adam Latham Cincinnati, OH 2020-05-07 "I cannot work 40-50 hours a week on third shift, sleep, and teach my kids throughout the week. Not possible."

Amber Vreeland Franklin, OH 2020-05-07 "I have a high school student that has an IEP. Online schooling is not a good idea for him and his development."

Alexis Parks West Salem, OH 2020-05-07 "I have 4 children and as much as I appreciate what our school has done and our teachers during this time, it really has impacted my kids learning and advancing in their studies. We've been following everything that's been provided to us but even socially this ALL is not ok."

Michelle Scott Hamilton, OH 2020-05-07 "I am a teacher. This will NOT work!"

Karrie Watrous North Royalton, OH 2020-05-07 "The kids need to be in the classroom full time. They miss too much"

Sheri Lombardi Akron, OH 2020-05-07 "It is not what is best for my kids!"

Krista Hoggatt Union City, OH 2020-05-07 "Special needs children do much better in a consistent environment and schedule."

Alicia Bowery US 2020-05-07 "Kids need normal routines and social interaction with peers. This change is causing anxiety and depression with many kids who had none before. Please reconsider the proposal."

Jean Spridgeon Van Wert, OH 2020-05-07 "Young families have enough on their plates and the state can't make it even harder."

Heather Bischoff Orrville, OH 2020-05-07 "We all mentally can't continue to homeschool all 10 of our children. My 8 year old is acting out so badly it's unreal. It's so sad these poor children are missing out on the time in school learning. Get our kids back into school!"

Midge Asher Uniontown, OH 2020-05-07 "My kids must go to school. Online school has always been an option and I did not choose that option. My children's mental health is a huge concern. Paying for a sitter is a concern."

Deanna Taylor Taylor US 2020-05-07 "The statistics do not support this lockdown and our children need to be in school. Too much has already been taken away. As unfortunate as this is, we cannot "wait out" this virus, it's not going to disappear if we just keep waiting in lockdown"

Kimberly Rasnake Cleveland, OH 2020-05-07 "Mixes school days are BS"

Jaci Wynk Versailles, OH 2020-05-07 "Our students need to go back to school. Think about the students that are not safe at home. They have no one there to help them. Send them back!"

Heidi Lyons Willard, OH 2020-05-07 "Too difficult for families and teachers and especially our kids."

Tricia Dawson Columbus, OH 2020-05-07 "It's ridiculous. How is this possibly going to help. Just get them back in school."

Lucinda Staver Union City, OH 2020-05-07 "Children need a constant. To only have them in school for 2 days a week is not a constant, and they will not be able to hold that information in. Return to school and return full-time, FOR the children!!!!!!!"

Vicki Frohman Youngstown, OH 2020-05-07 "Vicki frohman"

Constance Naylor Conneaut, OH 2020-05-07 "I do not believe it will benefit parents, students or our economy to have mixed school days. Who will be home with thousands of children when their parents work and students are home? How will we keep places of employment open when there is no child care for our children?"

Rachel D'Onofrio Canfield, OH 2020-05-07 "I work full time & my parents who would watch my daughter are elderly. Your ideas will not work. Also, online schooling is not good for my elementary school daughter. No thanks."

Jillian Rhoades Versailles, OH 2020-05-07 "Kids learn best in school!"

Linda Taylor Hartville, OH 2020-05-07 "I am a mom and want my child back in school, full time, in the fall."

Lisa Heidenreich Versailles, OH 2020-05-07 "Our children NEED to be able to attend school! No one wins here."

Tessa Edgell Painesville, OH 2020-05-07 "There is no way I can teach my 5 yr old and 16 yr old they way they need. Especially my 5 yr old going into kindergarten. Not to mention... how can you work a regular 8-5 Monday? We will all suffer financially and educationally."

Rachel Trem Gates Mills, OH 2020-05-07 "This isn't even close to enough space to explain why this is ridiculous, but we'll start with the new facts that don't support this or any costly change we are currently enduring."

Shannon Lowe Maumee, OH 2020-05-07 "My children thrive at school with their teachers and friends as I am sure most other kids do. Kids need the consistency of their school day. I did not go to school to be a teacher and can't teach my kids the way their teachers can."

Megan sarver Apple Creek, OH 2020-05-07 "I'm signing this petition because it is absolutely ridiculous to do mixed school days. This remote learning is crap, and not the way teachers were designed to be able to teach. Not to mention all of the kids with special considerations who need that daily interaction with their teachers and aids. Working parents are going to have extra stress of finding childcare for partial week days, and it's just all ludicrous. Please let our schools resume as they should--on a daily basis, getting the teaching from people who have been trained and who absolutely LOVE what they do."

Jim Niewiadomski Painesville, OH 2020-05-07 "I'm a single parent and there's no way I would be able to keep my job and support my kids if this happened."

Tristica Withrow Hamilton, OH 2020-05-07 "Because this is hurting innocent children. This is no different than a flu that is blown way out of proportion."

Kelly Yelton Benedum US 2020-05-07 "The kids are our future! They need a schedule and education from qualified teachers!"

Craig Wenning Newark, OH 2020-05-07 "Schools should be controlled by the communities they represent not a tyrannical governor."

Kristen Merrill Cincinnati, OH 2020-05-07 "My child needs structure."

Susan Percic Concord, OH 2020-05-07 "I do not want mixed day schooling." Wanda Roberts Shelby, OH 2020-05-07 "I think children need to be out with other children. I know my niece was homeschooled and I think it makes them dependent on the caregiver. When they are in school they are more willing to do things on their own."

Shannon Schneider Lima, OH 2020-05-07 "Kids need more than 2 days a week!"

Chris Earlywine Dunkirk, OH 2020-05-07 "The coronavirus is nothing more than a flu. Sure it was scary at first but with the info we have now, social distancing is NOT necessary"

Kim Kelley Cincinnati, OH 2020-05-07 "Our kids need school. They need the routine and normalcy."

Michael Treb Wadsworth, OH 2020-05-07 "The idea is stupid and not feasible for parents. Neither is it necessary"

Melissa Charron Cincinnati, OH 2020-05-07 "My 5 year old grandson with Autism has not been getting the occupational therapy he needs, since the schools have been closed. This back and forth rotation would be too much of a disruption for him and other children, with or without special needs."

Dana Cavallaro Jefferson, OH 2020-05-07 "I absolutely cannot home school my child. This is ridiculous. I went to school and got a masters in biology to have a career. Someone else went to school for education. Those people need to use their education just like I need to use mine."

Renee Flowers Mentor, OH 2020-05-07 "Children need routine. I don't need my child literally in tears because she can't go to school that is stressful. All they do are 'assignments' online they don't learn anything even in a Zoom or Google meets there is no learning. They can't focus at home. Nor can I as my husband and I work full time. I pay my taxes to send them to school."

Jandee Mowell West Alexandria, OH 2020-05-07 "It is in the best interest if students, parents, educators, and their community."

Lora Long Arcanum, OH 2020-05-07 "Not everyone has the ability to do remote learning. Some of us in rural areas don't have internet access."

Carlene Moehrman Deshler, OH 2020-05-07 "To many kids will fall through the cracks these kids will never catch up learning like this"

Megan Metzger Minerva, OH 2020-05-07 "I do not feel this is the right thing for our children. Keep schools closed or open them up. Not everyone has accommodations to fit this. Plus children need to learn from a teacher. Homeschooling should not be forced on anyone."

Lauren Ingebritson Terrace Park, OH 2020-05-07 "Our children have a right to education, and only allowing them in the classroom 2-3 days per week does not meet this right. This proposal also puts an undue burden on our teachers by requiring they teach in both the classroom and remotely. It's an unreasonable expectation and all parties will suffer."

Jami Liggett Wooster, OH 2020-05-07 "This would be a logistical nightmare for so many families, not to mention children thrive on routine, this would create chaos in their little worlds."

Jennifer Kopkas Strongsville, OH 2020-05-07 "The idea is ridiculous!"

Tammy Smith Ashland, OH 2020-05-07 "My child's education will not fall behind because of the senseless decision of our governor. I also cannot afford daycare for the days he will not be in school. Every child deserves the opportunity to an education!"

Beth Boyd Mansfield, OH 2020-05-07 "This is the least vulnerable group for serious effects from this virus but the most vulnerable to the emotional and psychological impact of these draconian limitations on their lives."

Jennifer Rose Chillicothe, OH 2020-05-07 "Our students need a proper education!"

Pam Porter Cincinnati, OH 2020-05-07 "The data does not support the move"

Kim Holman Centerburg, OH 2020-05-07 "I am a teacher...this is not being handled correctly. We do not live in fear of "What ifs and speculation" students need to be in school."

Stephanie Zahora West Chester, OH 2020-05-07 "It's not consistent. Kids need consistency."

Lori Niedermier Attica, OH 2020-05-07 "Kids need to get back to routines and socializing. Both are very important parts of life."

Barbara Kaple Shelby, OH 2020-05-07 "Bad idea all the way around!"

Richard Hamble Columbus, OH 2020-05-07 "This is ridiculous!"

Karen Flaig Hamilton, OH 2020-05-07 "While some children do well with online learning, most do not. Nothing can take the place of teacher based group learning. We will find our children getting farther behind with mixed learning due to many factors, no computer, no supervision, no childcare. The list goes on and on. Put parents back to work and kids in school. I am signing this as a retired grandparent with no vested interest."

Roy Brown Hartville, US 2020-05-07 "Our children need normalcy not to live in fear."

Tonya Gusevik Hamilton, OH 2020-05-07 "This is the most ridiculous thing I have ever heard of! Who on Earth thinks this is hood for the students, the teachers, or the parents?!?!? Are you seriously trying to make people quit their jobs just so they can homeschool their children???? Daycare and childcare workers CAN NOT be responsible for teaching and watching children while parents continue to work to make ends meet!! While we won't be living in Ohio next school year I will sign this because it is an insane proposition!!"

Marie Lee Mount Eaton, OH 2020-05-07 "We can not accept this!"

Mandy Kaminski Alliance, OH 2020-05-07 "I do not agree with mixed school days."

Rachel Johnston Findlay, OH 2020-05-07 "This I not practical for most families and the industries that would have to accommodate. Child care will become flooded and too costly."

Jacque Purcell Cincinnati, OH 2020-05-07 "I'm confident that Cincinnati Public Schools will come up with a plan to keep the kids safe while at school. My daughter needs a classroom environment to thrive and learn. She needs to be someone trained in education and with her peers as part of her development."

Gail Piscitani Rootstown, OH 2020-05-07 "It's time for this madness to stop! I understood the stay at home order at first but now this has gone way to far!!!! Kids need to socialize and live life not quarantined from life!!!"

Tricia Lacey Dayton, OH 2020-05-07 "I believe our kids not only deserve to be in school full time, but also deserve to not live in fear and have healthy immune systems doing what they are created to do—protect us by building immunity. Thank you for giving us a voice!"

Sabrina Haught Cuyahoga Falls, OH 2020-05-07 "This is not an option" Sherrie Browning Columbus, OH 2020-05-07 "My child needs a teacher everyday. I work. I can't be that teacher"

Denyese Tigner Dayton, OH 2020-05-07 "I think are children should be back in school we have children with Disability and learning disabilities that are unable to work without a teacher's on a lot of their work their suffering the most here and we have children who have very bad home life's and it hurting them being home to"

David Morris Cincinnati, OH 2020-05-07 "It will not work!!!!!!!!!"

Jeanne Zekan Westerville, OH 2020-05-07 "I have a child in elementary school, he is needing a good education. I also work and can not work if he is home all day and i am expected to be his teacher as well. How can I work and teach at the same time? You can't. One has to give in that scenario. He needs his teacher teaching him, at the school that i pay taxes on and the teachers salary, which she is currently only providing a lesson plan, not actually doing the teaching, I am. A single mother with a full time career."

Greg Marchione Cuyahoga Falls, OH 2020-05-07 "My son suffers from ADD. Online learning does not work for him. He has gone from all A's and B's to low grades. He is miserable working online. He needs in person teaching and direction, and to socialize with his friends. Both my wife and I work full time. We can not do the job of a full time teacher. This MIXED SCHOOL idea is nonsense. Governor DeWine has proven he never has a logical plan. He put a million people on unemployment and did not know the system could not handle the volume. He gave non essential business one day to shut down. He makes decisions without planning or rational thinking. This is another of those bad ideas!"

Courtney Boehm Toledo, OH 2020-05-07 "Kids deserve to be in school!!!"

Heather Whalen Cincinnati, OH 2020-05-07 "My three children who are 15, 13 and 9 desperately need to get back to school full-time. They need this normal school life back from both a physical and mental capacity."

Sherri Lynn Duncan Mentor, OH 2020-05-07 "Students deserve the right to a free and appropriate education under federal and state guidelines. Securing their rights means that they are provided with meaningful and adequate education in a classroom setting with degreed and accredited professionals. It also means the taxpayers have the right to ask where and how their tax dollars are being allocated and spent. A partial school week and/or continued remote aka virtual learning is not a fair or adequate substitute for a public education, especially for students with disabilities and IEP's who currently are not receiving outlined services such as speech, occupational, and/or physical therapy. It is my belief that all students K-12 and those with individualized education plans need and should return to the classroom setting by the new academic year this upcoming August."

Lisa Teague Hartville, OH 2020-05-07 "Remember that parents that don't want to send their children to school will still have the choice to homeschool or enroll in remote learning. Families should be able to make their own choice."

Kasey Thompson Mentor, OH 2020-05-07 "My child needs to be in school with a teacher! I am not a teacher!!"

kim doerr Mentor, OH 2020-05-07 "Our kids need to be back on schedule not only for them but for working parents."

Kathleen Cabrera New Philadelphia, OH 2020-05-07 "Being in school and socializing is vital for my kids"

tesla derossett Bethel, OH 2020-05-07 "I don't mind doing whatever I need to for my child but she has needs that I can't meet solo with schooling. She needs her teachers, speech therapist, and counselors to help assist her with her education. The remote learning just was not good enough. She wasn't retaining anything. Im worried about her going into first grade when she already struggled to get how far she is now. I worry she will fall even more behind. I'm trying my hardest and so is her teacher over emails. Two days is not enough for a child like her.! On top of how I feel for my child I worry about other children with needs that as much as the parents try can't be met at home."

Angie Weber Whitehouse, OH 2020-05-07 "Let our kids go to school!!!"

Rebecca Jessen Huron, OH 2020-05-07 "Young people need structure and consistency in order to effectively learn and to develop tenacity and work ready skills."

Tracy Homan Cincinnati, OH 2020-05-07 "Not all of Ohio's children have the same opportunity to study on line. Does every family have wifi, tablets, laptops and home computers to do this? The answer is no. Our children also need to learn to socialize!"

Kathryn Coultas Pataskala, OH 2020-05-07 "Kids need to be in school full time for a host of reasons."

Heather Poloisky Dover, OH 2020-05-07 "This helps no one and hurts everyone."

Cynthia Fussnecker Batavia, OH 2020-05-07 "Parents are not teachers. They have already done more than their share of homeschooling. It's time to get back to school and first parents to get back to work."

Ashley Evans Lima, OH 2020-05-07 "I am a parent to a child in school and work with special needs kids that need to be in programming . Virtual school is. Not effective for the majority of children"

Anna DePinto Eastlake, OH 2020-05-07 "Kids need to have access to their meals and face to face learning that they cannot get at home."

Annemarie Hover Hubbard, OH 2020-05-07 "As a working parent, I know how hard and expensive it is to find someone to watch your kids while at work, someone you can trust. Plus, we need to be out and exposed to different things, Including disease to build our immunity."

Donna Rypinski Willowick, OH 2020-05-07 "I don't believe the proposed system will work. Kids need to be in school. Parents need to work and need to know that their kids are safe in school."

Tina Shaffer Medina, OH 2020-05-07 "I'm not a teacher, it's too hard on the kids as well. I'm sure my kids will behave to this as it is"

Tricia Klimkowski Cincinnati, OH 2020-05-07 "These kids are not getting what they need remotely. They deserve for things to go back to normal."

gwen westrick Cincinnati, OH 2020-05-07 "Kids need teachers. They interaction. Parents won't be able to work and teach school at the same time."

Jennifer Boger Euclid, OH 2020-05-07 "It is not a practical solution for working families and it is not what is best for the kids education!"

Christina Moore Russells Point, OH 2020-05-07 "I want my kid back in regular school. Not 2 days a week."

Laura Kalamets Norton, OH 2020-05-07 "My child got accepted into a career tech program.... that's not something one can really learn and master from home. He's also autistic, and all the services he's eligible for by law are doing him no good at home. These kids need to be back in school!"

Angel Courtney Dayton, OH 2020-05-07 "My kid needs to be back in school this Fall. Homeschooling is not going to work for us."

Jeremy Metzger Bowling Green, OH 2020-05-07 "This is a horrible idea"

Anna Pagal Bowling Green, OH 2020-05-07 "Our children need to get back to school!! This is all ridiculousness!"

Crystal Shoup Winesburg Oh, OH 2020-05-07 "Kids need school. They need interaction."

Jennifer Knisley Troy, US 2020-05-07 "This is not going to work...."

Christy MCDiffitt Columbus, OH 2020-05-07 "My kids need to be at school to learn. 2 days a week won't provide the education they need. I have to work during the week and can't be home with kids or afford to hire someone. Children need to be with friends to balance out the day. Distance learning is already a struggle on our internet hasn't been working consistently the past week for my kids to do assignments"

Jessica Tepe Cincinnati, OH 2020-05-07 "School is important for our children, they need structure, they need to be interactive with their peers."

Jean Crawford Dayton, OH 2020-05-07 "This idea causes more problems than it solves. Open the schools."

Sheldon Hoke Canal Winchester, OH 2020-05-07 "I'm a single father of 3 school aged kids. While my employer offers the ability to work from home, I can't work and provide the necessary instruction/help they need, nor am I qualified to. This quarter has been a nightmare and none of my kids are doing well with distance learning. They need the structure of the classroom to be successful."

michele grim East Palestine, OH 2020-05-07 "Kids need to be back in school! This idea will not work for everyday people who work. Plus this is way too soon to even think about. This has gone way beyond making any sense!!"

Rebecca Wells Batavia, OH 2020-05-07 "I have special needs kids that will be affected. They will not receive the intensive learning they need."

Justin Leonard Celina, OH 2020-05-07 "I can not afford to send my kids to daycare. Also I do not have time to school my kids and work full time while my wife working full time. If both of us are not working full time we cannot afford to live."

Michelle Rolfes Cincinnati, OH 2020-05-07 "I am signing this petition because our children need to be in school full-time. Children who attend parochial schools whose parents are paying for that education, will likely have to be put into public schools if they are not returned to school schedule. This is a very bad idea for parents, children, for learning, development, and for teachers. Put children in school full-time. Families will deal with any repercussions for health. We deal with flu, several viruses a year, colds, bacterial infections Every school year. We will deal with that again this year and every year after. Parents want their children in school. Children need it and the health of our economy requires it." michele grim

East Palestine, OH 2020-05-07 "This is complete insanity! This will not work for families who work and it's not good for the kids education or socialization either! No one wants this!"

emily kaylor Cincinnati, OH, OH 2020-05-07 "I'm a nurse. So if I'm working to save people, I need my children to be in school. Ohio can't do this. Please!"

Kristen Doeding Cincinnati, OH 2020-05-07 "Our kids need to be in school. Their edits important and parents need to be able to work!"

Marilyn Elmore Willoughby, OH 2020-05-07 "I worked for 24 years in Public Education. This will be so disruptive to students and parents. Not educationally sound. One day in school and then back to online learning. Young children need continuity"

Tony Teschner Cincinnati, OH 2020-05-07 "Ppl can't Oxford this to go on any longer"

Jennifer Stager Cincinnati, OH 2020-05-07 "This is not in the best interest of our children's education."

Kellie Owen Eaton, OH 2020-05-07 "Children need a regular schedule and routine. Many parents for not have the ability to work and teach children in multiple grade levels."

Angela Vandeneynnden Loveland, OH 2020-05-07 "the Kids get more out of their education by being in school. kids need structure"

Kelly Gartz Beavercreek, OH 2020-05-07 "I am a teacher and a parent. The kids need to be in school. It is what is best for all!"

Nicole Mullins Sidney, OH 2020-05-07 "I don't want my kids education to suffer. I work and am a full time student. I have 5 children and I know they will fall behind. Plus, there are a lot of good teachers out there that will lose their jobs. And what about all the parents that are only able to work while their kids are in school?"

Janice Ditto Elida, OH 2020-05-07 "Providing mixed education wrecks havoc for the students, and their parents especially if they are working. Kids need to be back in school and moving forward."

Patricia Scherer Cincinnati, OH 2020-05-07 "I want children to be in school and learning from certified/trained teachers"

Melissa Huddleston Columbus, OH 2020-05-07 "Children learn so much more in the classroom than just what's in the books that is imperative to their development. Additionally older children rely on their schools, sports, and activities to set them up for college. Being at home effects them all negatively that could have a life lasting impact."

krysteena Wylie Hubbard, OH 2020-05-07 "As a working single mother of 3 and allnin different grades, this would be unjust for these kids. I work fulltime and i know how the last few months have gone, they learn better in a school setting and NOT at home."

Emma Whitlock BERE, OH 2020-05-07 "My husband and I work full time and if schools aren't open one of us would have to take off work to be home with the children."

Angie Jackson Loveland, OH 2020-05-07 "How are single (working) parent families going to make this work!? It's not going to work!"

Deborah Gantner Dayton, OH 2020-05-07 "This is getting out of hand!" Georgina Shipp Batavia, OH 2020-05-07 "It's a ridiculous plan by the state"

Kim Norris Cincinnati, OH 2020-05-07 "We pay for private tuition our children should be able to go to school every day"

Ashley Heaps Milford, OH 2020-05-07 "My children need proper education in person 5 days a week!"

Joe Creech Norwood Ohio, OH 2020-05-07 "I believe this would end in disaster for children. It would also put hardships on some families."

Sarah Altstaetter Wauseon, OH 2020-05-07 "It will not be equal learning for all students. There will be too much variables from day to day education."

Patty Sheck Canton, US 2020-05-07 "My son and many like him have 504 and IEP plans that will not get the help they need. No child left behind? This will leave children behind!"

Stacy Vatty Chardon, OH 2020-05-07 "This has to stop"

Carolyn Schaadt Dayton, OH 2020-05-07 "My daughter needs help!! She went from an A/B student to a D/F student because she has difficulty comprehending what she's reading!! These kids can't continue to suffer!!!"

Donnamarie Reeves Berea, US 2020-05-07 "I disagree with this process. End the lock down. It didn't pan out to be the pandemic it was supposed to be."

Wendy Butcher Galena, OH 2020-05-07 "My high schooler belongs in a physical classroom 5 days a week. The past 7 weeks have been a joke. She does 1-2 hours of work a day and then goes out and hangs with her friends. She's making straight A's. I'm paying an ungodly amount of taxes for my kid to be educated, You're wasting my hard earned money."

Joy Siatwaambo Cincinnati, OH 2020-05-07 "If kids are in school one day they can be there everyday. Keep them out completely or out. My children are not thriving in this environment at all! You"

Kerri Wilhite Crestline, OH 2020-05-07 "I work at a school and feel this type of schooling hurts more than it accomplishes"

Renee Butler Dayton, OH 2020-05-07 "Child care must be addressed before a chance in the school day!"

Stacie Southerland Lebanon, OH 2020-05-07 "This is such a disservice to our children. I am not qualified to teach them and I feel like the remote learning isn't being retained like a normal classroom setting. Also, we have so many issues with the websites not working properly or teachers not being specific enough to get the tasks completed properly! Our kids need to go back to school for a tiny bit of normalcy!"

Kathy Corrigan Maineville, OH 2020-05-07 "Children learn more in school, and this is a hardship on families."

Amber Niese Ottawa, OH 2020-05-07 "Children with IEP and 504 plans need attention not remote learning where the teachers don't answer questions. Basically our children have been self taught. If we wanted homeschooling we would sign up for it"

Jesse Scott Troy, OH 2020-05-07 "Kids need the structure school provides."

Amanda Cary Cincinnati, OH 2020-05-07 "My children have been struggling with the virtual learning and deserve to learn the best way possible... IN SCHOOL!!!"

Jenna Harrington Lorain, OH 2020-05-07 "My son has ADHD and receives speech and occupational therapy at school. He is regressing already without the structure of school. He NEEDS school! Many kids NEED school."

Jessica Schultz Paulding, US 2020-05-07 "My kids need to go back to school. They miss their teachers and their friends. I'm not a teacher and want my kids back in school so they can get the best education possible."

Tina Kaiser Harrod, OH 2020-05-07 "Because I know what a hardship it is when a parent(s) works & has to struggle to find and pay a sitter for their kids."

Karen Alley Madison, OH 2020-05-07 "Schools are a safe haven for all children. Mental stability is just as important as education, that an not happen with online schooling even if it's partial"

Sara Wilson Celina, OH 2020-05-07 "Online learning is difficult for kids who need the structure of the school to focus on their work."

Lisa-Troy Friend US 2020-05-07 "My son will be a Senior and i want him to be in school and not miss a thing! Being a Senior is a once in life thing to be there is no do over

Merissa Ballard Morrow, OH 2020-05-07 "My kids need school and an education I will have a kindergarten student who has an opportunity for speech and I'm not an expert who can help as speech delayed child with his alphabet."

Tania Bercaw Fostoria, OH 2020-05-07 "I'm signing because i believe that kids need to Have their lives get back to normal."

Nicole Deskins Bucyrus, OH 2020-05-07 "Because my kids (next year to be 9th grade and 6th) aren't learning anything at home and aren't doing anything but busywork coloring sheets and such. We can't do this again next year. The virus will have calmed and it is ridiculous to not send kids back to school after a 6 month break!"

Agnes Barr Fairfield, OH 2020-05-07 "I have a grandchild in kindergarten and think he needs the structure he would only get by not splitting days."

Latisha Stick Middletown, US 2020-05-07 "All kids need structure in their life and school is one that is a good structure for all children and I think all children should be in school Monday through Friday from 8am to 3pm. Parents that work needs their children to stay on target and staying in school and even parents that stay-at-home just want to have their free time just for a little while even though if that's just 8 hours a day. So let school start back on time so these kids can get a good education and learn things that they need to learn for Society."

Amber Rew Brunswick, OH 2020-05-07 "I am a single mother who works full time and there is not enough hours in the day."

karin ruth Fairfield, OH 2020-05-07 "My son is in vocational HS. He will miss 3/5 of his hands on education."

Sarah Sheneman Hudson, OH 2020-05-07 "I am a teacher and I think we should have school and families who don't feel they can send their kids for health reasons could opt for k12 online for a year... it doesn't make sense to do any blending... we can either have regular school or we can't mixing up days or hours and such will not effectively prevent the spread"

Rhonda Crawford Cincinnati, OH 2020-05-07 "Some children learn better with other children. They can learn from each other and be more active out side the home"

Lori Horton Moscow, OH 2020-05-07 "because it's ridiculous!"

lauren hovis US 2020-05-07 "My child has been assessed by the board of education and needs the socialization that classrooms provide. With the 2 days in/ 2 days out I feel she wouldn't be getting the exposure she needs to expand her social skills and her abilities in group activities."

Nicholas Novak Medina, OH 2020-05-07 "Kids in school two days or 5 won't make any difference it's just a headache for working parents"

Karen Goins Cincinnati, OH 2020-05-07 "These kids need to go back to school and the parents need to be able to work."

Michelle Schirmer Attica, OH 2020-05-07 "I'm signing because there is no logical evidence to support this idea."

Maranda Debbe Van Wert, OH 2020-05-07 "I don't understand what good this would do! Exposure is exposure! They need school! My kids are not learning anything!!!"

Sarah Richardson Hamilton, OH 2020-05-07 "We have to be able to work. And kids need to learn. Properly."

Stephanie sturgeon Howard, OH 2020-05-07 "My son has ADHD and possibly autism and doing this will get him out of retuine which he desperately needs. This will also keep him from his occupational therapy at school.and hos reading intervention class. This makes no sense, we can open businesses but cant let our kiddos go back to school!!! Our goveneror has lost his mind and makes no sense!"

Janna Millican Wadsworth, OH 2020-05-07 "My son had not learned anything from distance learning. He is not being challenged academically or socially this way. He needs to be in the classroom 5 dats a week to be properly educated."

Bethany Widmer Gibsonburg, OH 2020-05-07 "As a former elementary teacher and a current parent of high school and college students, I know the emotional and academic stress not attending in person classes has caused my own children, who come from a stable home. My children are at the top of their class and have struggled. I can not begin to imagine the children who come from dysfunctional and/or abusive homes and those who struggle academically and/or do not have someone to help them. We need to resume traditional education for the health, safety and academic success of our children and communities."

Melissa Heffley Caledonia, OH 2020-05-07 "Children need the consistency of a schedule and an educated TEACHER to instruct them on a daily basis. Not shown 1 day and then simply "Review" for the next week."

Anita Good Vandalia, OH 2020-05-07 "I don't believe it is practical for parents"

Rachel Dahm Wheelersburg, OH 2020-05-07 "I want kids back in school in the fall. I feel the numbers of sick does not justify the complete overhaul of life as we know it."

Ryan Woodruff New Richmond, OH 2020-05-07 "Promoting safe practices is better than segregating students and allowing the social divide that our young people need."

Audra Popik US 2020-05-07 "I want my kids in the normal school routine next year!!!"

travis Konrad Milford, OH 2020-05-07 "If our kids only go to school 2 days a week then we should restructure the taxes to accommodate the 2 days a week they go."

Julie Frascone North Lawrence, US 2020-05-07 "Remote learning is not the best education this state can offer these kids!"

Erin Benner Salem, OH 2020-05-07 "I do not agree that we should stay out of school or limit our schools in the fall. Our kids need to get back to life!"

Angela Miller Huron, OH 2020-05-07 "Kids do not learn well from their parents, the IQ will go waaay down, some children live in homes that the parents could care less and don't teach. I cannot afford to send my kids to daycare all year round. send them to school"

Joni Proffitt Fairfield, OH 2020-05-07 "Kids need to be in school all day. Some are struggling with at home work."

Amanda Ulm US 2020-05-07 "I work a 40 hour work week. It is to hard to manage a home and take care of school work. These kids need social interaction"

Leslie Drexel Cleveland, OH 2020-05-07 "So if there's no all day school every day the grandparents get to babysit??? Yeah that makes a lot of sense. My kids r going to school all day even if we have to leave Ohio!"

Michelle Houston Canton, OH 2020-05-07 "Let the kids go to school all year round this bull I hate this remote learning my child is falling behind bc I'm a working mom full time and sometimes can't remember to submit there work. Keep school 5 days a week!!!!"

Carole Snider Batavia, OH 2020-05-07 "So many children can not learn this way. Also many parents will not b3 able to stay home from work to help and support their children."

Vicky Barker Cincinnati, OH 2020-05-07 "Working parents cannot do this" Eric Craft North Lawrence, OH 2020-05-07 "That would be impossible."

Sarabeth Haase Bellbrook, OH 2020-05-07 "My children do not respond well to remote learning. My children will regress too much if remote learning continues. I will also have to go back to staying home instead of working. We will have to stay a single income family if I cannot work to help contribute."

Dawn Wilson Canton, OH 2020-05-07 "My son needs school he is special needs"

Mark urton Cincinnati, OH 2020-05-07 "Next school days is a terrible idea. We can keep similar groups together and in smaller classrooms. But doing some remote learning and summer school is terrible."

Sandra Gebhart Germantown, OH 2020-05-07 "I am the Grandmother trying to have my Kindergartener and Fourth grader keep. There Is little leeway this year but trying to help them with virtual lessons permanently will be a mistake. My daughter and her husband work full time so have limited time to help the children. Regular school please!!!"

crystal blake orrville, OH 2020-05-07 "Our children need a normal schedule and school environment with teachers that are there to teach and help them one on one. If kids are sick they stay home, if you dont want to send your kid dont. But let the ones that do send their kids back to their normal life. We all need to be exposed to all kinds of viruses to build our immune systems!"

Michael Chapman Uniontown, OH 2020-05-07 "I have 3 children and I can't imagine this if they were older!"

Adriann Brown Galloway, OH 2020-05-07 "I believe it is in the best interest of the children to go to school and have the guidance, schedule and social exposure."

Jessica Hayes Dayton, OH 2020-05-07 "My young kids need to be in a school setting for the best learning and socializing. Kids grade 4 and under need to be in class every day!"

Sarah Vanas West Chester, OH 2020-05-07 "My kids are doing the bare minimum amount of work at home! My husband and I both work full time. This is emotionally difficult for all of us. Kids are depressed and on media all day long hiding in their beds, although we try to set limits. We are paying for kids counseling to cope with this. Please open schools as planned!"

Walter Alley Madison, OH 2020-05-07 "The kids need to be in school this up and coming year. They need to have their extra Curricular activities also like theater band sports etc."

tiffani Loughney Ravenna, OH 2020-05-07 "My kids are not learning what they need to. Online is hard to navigate, they need to be in school for 5 days."

Alicia Cox Cincinnati, OH 2020-05-07 "Working families can not do remote learning and work to provide for the family"

Kathleen Mowell Springfield, OH 2020-05-07 "The educational and social development of my grandchildren is at stake. Parents that are working do not need to have to worry/make other arrangements for the care of their children while they are at work."

Emily gullely Somerville, OH 2020-05-07 "I'm not a teacher, our kids need structure in a school setting, and parents working full time can not educate like our kids need! It's just not right. Plus all the teachers and staff losing jobs. Not right to cut education funding either! It's all a bunch of bull shit"

Denise Hudak US 2020-05-07 "My daughter is not able to be a successful student that can move forward as a successful citizen and adult with the online learning platform."

Nancy Klas Cincinnati, OH 2020-05-07 "I am a teacher and this sounds like a logistical nightmare for us. Obviously he has never taught in a school."

Tina Sherick Findlay, US 2020-05-07 "Tina Sherick" Dawn Selzer US 2020-05-07 "School needs to

resume!!" Rebecca Tomsich Warren, OH 2020-05-07 "Student need a structure environment for learning. With limited time in school it can lead the student to suffer with grades but with social interactions."

Stephanie Nodine Saint Marys, OH 2020-05-07 "She isnt learning with online schooling. Cannot retain it was well and is totally distracted at home. Need to be in school 5 days a week"

Astrid Whitfield Dayton, OH 2020-05-07 "What happens to the kids that are already "latch key" kids?

They will have absolutely NO guidance for the periods of time they will be at home. Its ridiculous.

Children have been going to school hundreds of years in person. There is a reason for that. How else do they learn how to socialize and follow rules outside of their home in order to become functioning citizens? Terrible idea!"

Kelly Dickerson Middletown, US 2020-05-07 "Our kids need to be in school. We cannot live our lives at home."

Tasha Christian Liberty Twp, OH 2020-05-07 "My children are falling behind already and they need to return to school!"

Cory Seigman Mentor, OH 2020-05-08 "How do you expect working parents to make this work and still be able to pay the bills and keep a roof over these kids heads???"

Stephanie Lemma Cincinnati, OH 2020-05-08 "I am signing this petition because this is ridiculous! Let them go back to school!!!"

Kyle Forte Cincinnati, OH 2020-05-08 "Mixed school days are a ridiculous approach. If your child has symptoms, keep the home and get them checked."

Brittany Goble Lucasville, OH 2020-05-08 "We send our kids to be taught by people who are trained to do so. Most of us parents are not equipped tp teach. That's why we didn't homeschool from the beginning. People living in rural areas, like me, have no options for high speed internet access, so distance learning is a huge challenge for us. Your rural area schools will suffer greatly for it & or children woefully unprepared & under educated."

Andrea Rutherford Fairfield, OH 2020-05-08 "I have 2 kids that need to be in school during the week! They love school and I love working!"

Miranda Terry Cuyahoga Falls, OH 2020-05-08 "My kids need to be in school. Socially and academically they deserve to be with their teachers and friends. This virus can't control us and keep us in bubbles. We need to be smart yes but teachers need to teach and parents need to have the right to send their kids to school or be the one to choose not to."

Sandra Deitsch Cincinnati, US 2020-05-08 "People have to work to take care of their children, they can't be home with them."

Marti Malek Cleveland, OH 2020-05-08 "Our children need structure for their physical and emotional well being this will cause undue continued stress on families. And would introduce more the children and staff to more germs by having them go to daycare and being exposed to an entirely new group of children with new germs and new adults with new germs."

Jessica Shrout Eaton, OH 2020-05-08 "This is a terrible idea that would negatively impact most families. The children need the socialization and school experiences that come from a 5 day week at school."

Lyndee Nolan Bellefontaine, OH 2020-05-08 "This will not work with families that have both parents working in the household. It wouldn't work with single parents either. They need to get back to normalcy. We have struggled keeping up with what has been given now and keeping him on track. This is not a good idea at all!"

Brandy Kieffer East Canton, OH 2020-05-08 "Stop being a control freak dewine!!!!"

Lori Adkins Norton, OH 2020-05-08 "It's 4 months away, no need to decide now. Everything else is opening. We can't stay locked down forever. The longer keeping the kids home is going to damage them socially, educationally, emotionally. Start them back after Labor Day full time."

Carie Miller Delphos, OH 2020-05-08 "This is a terrible idea. This will not benefit our kids in any way and make home lives 10 times more stressful!!"

Sheri Hayes Springboro, OH 2020-05-08 "Although you believe the distance learning is working, as a parent of a student in a private school experiencing the distance learning, I can tell you with 100% certainty that many things that would have been taught in the classroom are not being introduced. Anything that was scheduled to be taught is going to have to be taught at the beginning of next year. If a "mixed" school year is in effect, these students will get even further behind. And don't even try to suggest the students have to wear a mask all day. Number one, you cannot legally enforce that and number two, I do not want my student suffering from Carbon Monoxide poisoning."

susan merritt Toledo, OH 2020-05-08 "I strongly feel this will be highly detrimental. I am ❖ against. I have been home with my grandchildren but will be going back to work, parents work, who is gonna take over? Why is education Allowed to suffer ?!"

Kimberlie Smith Centerville, OH 2020-05-08 "Structure is important for these kids. There are too many distractions at home for ample learning. In addition, I have an IEP student who is suffering from the lack of support & assistance as well as her academic status is declining as a result of this current and further homeschooling."

Dan Brugh Painesville, OH 2020-05-08 "This does not work for working parents."

Jamie Rathod Mayfield Heights, OH 2020-05-08 "Our children need to be in their accustomed school setting getting an education. Many parents work & are unable to juggle a full time job & being a full time educator, therefore putting in place a two day school day & the other three at home is not conducive to the American working family. It also puts every child in this state at a disadvantage, because they will not be receiving an adequate education. The biggest part of childhood development is being among their friends & learning together. Where will entire generation of Ohio children be if we implement this type of plan, we just got rid of the dumbing down curriculum Common Core. Please don't allow the dumbing down of our children & the continued destruction of Ohio families & their ability to provide for their families. We have already been faced with financial challenges & Name Location Date Comment an immense amount of stress. This has gravely affected our special education students who need & are entitled to services that cannot be provided at home by their parents such as so"

Delora Wimmer Bradford, OH 2020-05-08 "This is ridiculous especially for small school systems like ours with less than 700 students K-12! Your people coming up with this stuff have a one size fits all mentality! Let all kids go back to school as usual and don't let what ifs run your thoughts."

Margie McDole Cincinnati, OH 2020-05-08 "No!! This is absurd!"

Elfrieda Sanders Fort Loramie, OH 2020-05-08 "Elfrieda"

Marissa Hastie Columbus, OH 2020-05-08 "My children deserve an education. They are missing out on valuable time that only a brick and mortar school, with peers, and hands on experiences, can give them."

Stephanie Carder Dayton, OH 2020-05-08 "There is a better solution than this! Did anyone check with teachers and see if they think this is a good idea? No! I'm a teacher and a parent and this won't work for our family or many families out there. Listen to your teachers! We know what will work."

Keli Kirby Cincinnati, OH 2020-05-08 "This will cause a hardship to many working parents. It will also cause a lot of stress to teachers, parents and students."

Sean Elliott US 2020-05-13 "They need to go to school. They learn people skills, responsibility, and as adults how you get up and go to work everyday. It prepares the kids for life."

Sarah Harmon Dresden, OH 2020-05-13 "We as parents are overwhelmed with this crisis called the pandemic. I am a nurse and I understand we want the children to be safe, but what about the children? What about their education that is suffering, what about their need for social interaction, what about their need for mental and physical exercise. Please let these kids return to normalcy for the sake of the kids and the parents alike. How can you expect parents who work full time to educate their children at home part time? I want to spend quality time with my kids doing the things they like to do, which believe me, doesn't include school work. I am not a teacher I am a nurse and I need to work and send my kids to school 5 days a week, period. Thank you for listening."

Beverly Sherwood Dayton, OH 2020-05-13 "My high school daughter's education matters!"

Suzanne Ardo Lewis Center, OH 2020-05-13 "I am a working parent and this scenario would be very hard to navigate for my family"

Jamie Norton Berea, OH 2020-05-13 "I agree"

Stacy Lenton US 2020-05-13 "Do not agree. Send them back to school full time with alternate measures of safety within the school."

Janell Spires West Union, OH 2020-05-13 "Our children are being put last by virtual learning. They are the ones that will lose."

Debra Howell Dayton, OH 2020-05-13 "Closing schools in fall would be ridiculous"

Heather Luttrull Cincinnati, OH 2020-05-13 "Keeping kids home for remote learning is a horrible alternative. Kids are losing structure, actual teaching, socialization and for some the only attention they get. Not all parents are good parents."

Tania Ostervich Wadsworth, OH 2020-05-13 "Both parents in household work full time and cannot be home with our 2 students during the day once we return to work!"

Jan Rohrbaugh UTICA, OH 2020-05-13 "My son diagnosed with ASD needs consistency to thrive. Split school is not consistent!"

Stephanie Riedel Canton, OH 2020-05-13 "It is has been very difficult to teach two different grades at the same time. I am basically a single mother while my husband is a truck driver and I also work full time! We financially can not afford for my hours to be reduced to do homeschooling for much longer! My children need the interaction to thrive, that's what makes school so much fun! I also have a child that has ADHD and being home is just one big distraction for her! She has toys and too many noises at home like me teaching her sister which makes her work super difficult. At school she has a quiet room with students doing the same work!"

Toni Wolke Peebles, OH 2020-05-13 "Its ridiculous. Kids need to go all 5 days."

Dawnie Corsi US 2020-05-13 "Our kids need to be in school"

Alison Ruff Huber Heights, OH 2020-05-13 "Kids need to be in school!!!"

Bruce Dubose South Lebanon, OH 2020-05-13 "Are they kidding! No, no, no and I don't have kids in school."

Jennifer Handrosh Litchfield, OH 2020-05-13 "These kids need taught by REAL teachers, not parents. My kids miss their teachers."

Valerie Bluhm Toledo, OH 2020-05-13 "We need to get our children back in the classrooms 100% of the time. Online education for the masses is NOT working."

Victoria Neff Dayton, OH 2020-05-13 "I have 2 kids in high school, this is a terrible idea"

Rodney Campbell US 2020-05-13 "Some students would not be able to keep up with schoolwork"

Kim Balzano Columbus, OH 2020-05-13 "Governor Dewine! Think of the working parents that will have to navigate childcare. We need our kids back in school for the structure and opportunities it provides. Our teachers need more than a few computer hours for proper instruction!"

Andrea Schwochow Clyde, OH 2020-05-13 "My kids need the social interactions to be healthy and well rounded. I also can not provide the same quality education at home that they receive by attending school. School is more than home work assignments."

Lori Pahner Cincinnati, OH 2020-05-13 "Mental health is just as important as physical health. These kids need the structure and stability provided in our schools and activities."

Julia Lieb Mentor, OH 2020-05-13 "Enough is enough. Just end the year."

Angela Blankenship Grove City, OH 2020-05-13 "I am NOT able to give my son the education he needs & deserves while both his father and I are working full-time outside of the home. The e-learning option currently in place does not account for his individual abilities. It's a blanket curriculum with no way to add on (or take off) for each child. In school, he gets the education he needs and not to mention the social aspect that is truly so important."

Brenda Rahe Waterloo, IL 2020-05-13 "It's ridiculous to expect parents and children to carry out the education remotely. Especially how curriculum has changed over the years and parents are struggling to learn it with their child and juggling responsibilities for the rest of their family at the same time. Too many drawbacks and hardships for parents and children."

Kristi Haag Hamilton, OH 2020-05-13 "Herd immunity."

Matthew Zolman Maineville, US 2020-05-13 "Our kids education is the future of this country. We cannot risk the jeopardy this puts on them and their future."

Rachael Smith Springfield, OH 2020-05-13 "I have special need kids in my family that need the structure of school and not do it from home! My niece and nephew have struggled with online learning. My daughter has also been unhappy not seeing her friends and having the interactions of school!"

Ashley Brooks Vandalia, OH 2020-05-13 "I have almost an 8th grade and her education is important! This is not a new normal for many of us!"

Zach Phillips Lancaster, OH 2020-05-13 "This is getting extremely ridiculous. What are we going to do when a more deadly virus come around? Close down the whole country again?! Let's get a move on and get back to normal!!!"

Rachel Boes US 2020-05-13 "My kids are struggling with online learning, they are not learning what they should, they are missing social interactions and structure. I as a full time working parent do not have the ability to teach three children at home, whether it be part or full time. My kids will suffer and I will suffer. Please get us back to normalcy! Institute safe guidelines, hygiene, daily home temperature monitoring, symptom free kids should go to school!!!"

Anita Rike Dayton, OH 2020-05-13 "Kids need to be in school learning and socializing not at home on a computer. You have no clue how hard this is on parents."

Andrea Puterbaugh Bellbrook, OH 2020-05-13 "Kids need to be in school. All 3 of my kids grades went down a lot." Jacqueline Taylor Dayton, OH 2020-05-13 "Kids need to be in school full time."

Julia Damico Cincinnati, OH 2020-05-13 "He needs to tell us how much space is required and let teachers work the rest out. There is a formula for social distancing and square footage"

Amanda Raab Delaware, OH 2020-05-13 "I signed because my 6 year old son is autistic and needs the structure to learn effectively. The back and forth is so detrimental to him."

Kristie Place Kenton, US 2020-05-13 "This is completely ridiculous. School doesn't go back until August. It will be fine for kids to be in school by then."

Kelly Bradshaw Dayton, OH 2020-05-13 "This plan is complete insanity! It is unfair to students, parents and teachers alike. If this assanine plan comes to fruition, it will stunt our state's academic future permanently."

Theresa Kling Glenmont, OH 2020-05-13 "This is just wrong."

Jodi Craig Bryan, OH 2020-05-13 "Children need to be in school on a regular schedule and not off and on every few days. That will disrupt their learning experience and cause mental health issues. Most children need the hands on learning that teachers provide. They need to be in school full time for the school year."

Emili Strong Franklin, OH 2020-05-13 "Our education system is better than this. Education is essential."

Heidi Schifer US 2020-05-13 "That's ridiculous, the governor is saying you can only get covid on the 2 days you attend school"

Jan Schone Milford Center, OH 2020-05-13 "Remote learning is not working."

Jennifer Martin Vandalia, OH 2020-05-13 "Kids and parents need school!!!"

Amber Hess bellbrook, OH 2020-05-13 "I don't think it's a good ideal. Students need consistent learning and home learning is not good for diversity."

Nicole Dornon Newark, OH 2020-05-13 "Most families can not help provide adequate learning at home. Some families have both parents working full-time jobs what are they suppose to do? And what about the kids who come to school because it is the only safe place for them and the only time to get a hot meal. What your are considering is absolutely ridiculous!"

Clinton Van Wey Zanesville, OH 2020-05-13 "My own children struggle to make use of online instruction, despite the fact that they live with a computer literate teacher. Some of my students do even worse, and they depend on having the nurturing interactions with their teacher to learn."

Tina Westhoven Columbus, US 2020-05-13 "I want my kids back in school."

Linda Wooten Columbus, OH 2020-05-13 "Distance learning is just not cutting it for our children. They are struggling horribly and are admitting they need in person teachers. Even one or two days a week is not enough."

Andrea Stine Sidney, OH 2020-05-13 "It's not fair to the children who's parents work because they are not able to get the same amount of teaching as other kids"

craig brown Cincinnati, OH 2020-05-13 "School needs to go back to normal! My kids will be behind in their education and deserve the best chance and that is NOT remote learning or split weeks"

Kelly Pethtel Newark, OH 2020-05-13 "You need to think about the parents that are working who don't have access to a sitter during the normal school day! This is not a good educational opportunity for children!"

Dan Fugazzi Dublin, OH 2020-05-13 "Stupid idea. Too much hardship on parents, child care and children. They need structure"

Lisa Wirth Sunbury, OH 2020-05-13 "I am unable to work and homeschool my young children at the same time."

Brittany Lyon Mount Vernon, OH 2020-05-13 "My children are not learning online as they would in classrooms. The internet in the country settings are inadequate for online learning when you have more than one child. It's not acceptable."

Michael Gust Dyer, IN 2020-05-13 "Closing our nation was a premeditated scam orchestrated by power-hungry, self-serving Democrats and radical left."

Marcus Hill Columbus, OH 2020-05-13 "The hoax is over. Kids need to be in school full time. Stop the madness!"

Sandra Maniskas Logan, OH 2020-05-13 "This is ridiculous! Schools need to open!"

Maurin Shaffer Canal Winchester, US 2020-05-13 "Kids need classroom education, we cannot continue to destroy the economy and education for this."

Amanda Jones San Jose, US 2020-05-13 "This will absolutely not work- for teachers, students, or parents!!!"

Amber Trago Pataskala, OH 2020-05-13 "My kids need school and the relationships they've built"

Kasandra Luna Toledo, OH 2020-05-13 "My kids 5 yrs apart are not doing well in the at home schooling."

Amber Willison Xenia, OH 2020-05-13 "I have 2 kids on IEPs . They need consistent schedules I am NOT a teacher . And evidence shows this virus has been here since way before schools were closed and numbers don't match the actions"

Danielle Angelo Allen US 2020-05-13 "Online learning has not worked for my children!!!"

Bradi Thomas Etna, OH 2020-05-13 "This is asinine!!!"

Ryan Smith Zanesville, OH 2020-05-13 "It's hard enough out here, if you don't stop messing with us, we're gonna start messing with you"

becky martin Bethel, OH 2020-05-13 "I honestly don't like the schools opening till we know for sure our kids are going to be safe"

LINDSAY AMATO Columbus, OH 2020-05-13 "The negative impact on children NOT going back to school is more damaging ..."

Rose Chappell Tipp City, OH 2020-05-13 "I am signing because I have grandkids in Bethel schools and this would be a disaster for them their parents and me as a grandparent."

Brooke Allman Waverly, OH 2020-05-13 "Children need social interaction and a stable learning environment. Staggered school days will do nothing but prevent the students from learning."

Sheri Jones Medina, OH 2020-05-13 "Students need interaction. They need the support of their peers and teachers!!!"

Wendy Clum Pataskala, OH 2020-05-13 "They need to be in school!!!"

Leslie Way Kettering, OH 2020-05-13 "This idea is not the answer! Kids will not get a solid education or social skills at home. Especially as parents go back to work."

Megan Liebhart US 2020-05-13 "My kids need structure, socialization for a healthy future, and kids in their safe space don't want to sit for hours at a screen..education has been taught differently than what most parents were taught and we honestly can not teach them the way the teachers are. Not Name Location Date Comment to mention, this isn't healthy for a child's mental health which is going to cause more issues for these kids in the long run."

Holly Fritz Okeana, OH 2020-05-13 "Because I believe my kids benefit from being in school with their teachers, peers and sports."

Nick Schmitt US 2020-05-13 "It affects my education"

Dawn Johnston Painesville, OH 2020-05-13 "Because kids need the structure of schooling, some it's only their safe space. Some need more of one instruction. Some households are not set up to teach children at home as both parents work."

Toni Holt Waverly, OH 2020-05-13 "Most children learn better when in a classroom with their peers and teachers."

Emily Jackson Steubenville, OH 2020-05-13 "The kids need to go back home is not a learning environment we are not getting paid to be teachers and a majority of us still work"

Jamie Moore US 2020-05-13 "My girls need to be in the classroom to get a quality education!"

Joseph Farrenholz US 2020-05-13 "As a mother and a teacher, I agree that we need to go back in the fall. This proposed arrangement is a lose-lose-lose for students, teachers, and parents. We cannot make this our "new normal!"

Diana Gunckel Dayton, OH 2020-05-13 "So many will "fall through the cracks" with a mixed schedule!"

Sarah Whitt Tipp City, OH 2020-05-13 "My children need teacher interaction and classrooms!"

Carolyn Green East Liverpool, OH 2020-05-13 "Why? If they can go for two days, they can go for the week! This makes absolutely no sense!"

Melanie Lloyd Strongsville, OH 2020-05-13 "It will be a poor learning plan for the kids, mess up another sport season, depress them even more and a logistical nightmare for working parents"

Michael Stegemoller Dayton, OH 2020-05-13 "Doing mixed days will not work for those working parents.."

Blythe Egbert Anna, OH 2020-05-13 "If you think this will work, DeWine, come to my house for a week. It's impossible to homeschool 4 children, have an infant and run two small businesses. STOP thinking about yourself and think of all of the working Americans!"

Carole Kole Medina, OH 2020-05-13 "Students & teachers all need to be in school, in person, M-F for the 20-21 school year"

Tammy Higgins Zanesville, OH 2020-05-13 "My son is going to the vocational school and it is 100% necessary that he is there every day to learn his trade at school in the workshops and classrooms the next two school years. Let homeschooling be optional for those who don't agree."

Tonya Beachfuller Medina, OH 2020-05-13 "Send them back to school full time! Fall 2020!!"

Laura Rochte Sunbury, OH 2020-05-13 "This does not benefit the students because it will put a lot on the shoulders of the teachers who will have to do double duty. It is also awful for parents who will have a huge burden of paying for child care and or having to stay home. Not every one can do that. Also, what about teachers who are parents and are not living in the same district as they teach? What if the days do not match up? Even more pressure on our teachers."

Christopher Trefz Vandalia, OH 2020-05-13 "The government is out of touch with reality. Reality is in this time of the country and state most families have to have two incomes to survive. Split school day is all good for those that rely on the government for their income. The governor needs a dose of reality. A very big dose."

Laura Sherrill Burton, OH 2020-05-13 "I believe it's my right and my children's right to have an education. If I was going to keep them at home I would homeschool them. I feel you are infringing on my rights as a citizen of the United States and as a mother who would give her life for her children. You are

not going to tell me what's best for my child. My child has a right to public education! Stop trying to take away the rights of the American people!"

Jill Schmitt Cincinnati, OH 2020-05-13 "Im a single parent with a high schooler and 2nd grader. Its already impossible with no school and no daycares and trying to work full time."

Mark Cunningham East Liverpool, OH 2020-05-13 "This is outrageous. It's a flu worse on some than it others just like in the past. We need to take back our lives."

Whitney Eckstein Blacklick, OH 2020-05-13 "Kids need to go back to school full time. Children are not at risk for the virus. If a staff member is at risk then they can stay distance and teach the classroom from home while an aid assists the kids in the classroom"

Jenna Wacker Miamisburg, OH 2020-05-13 "I find it ridiculous and unfair to students"

Kathryn Reynolds Roaming Shores, OH 2020-05-13 "Kids need to be in school FULL time. You've taken away a lot of safe zones for some kids...50% decrease in Ohio's reported child abuse cases. Also two meals that a lot of kids wont receive at home. Kids need to be around other kids...you're taking away their childhood too."

Sherry McKinney Fayetteville, US 2020-05-13 "Schools need to be open the same as everything else."

Jessica Basham Middletown, OH 2020-05-13 "Kids need to be in school learning!! Not at home! Parents can't afford to be at home teaching our children!! We chose to send them to public school. Do your jobs and let our children back in school!!"

Kim Hughes Groveport, OH 2020-05-13 "This is the most difficult and option for families with 2 working parents and kids too young to stay by themselves."

Valerie click Delaware, OH 2020-05-13 "My kids deserve a great education, one that the local school district was doing an excellent job at providing!"

Mandy Haag Watson US 2020-05-13 "We have to consider what's best for the majority. Education is too important to sacrifice!"

Tianna Burchett East liverpool, OH 2020-05-13 "If we can have state fairs and people can still shop and take their whole families out to stores to shop when the point was to keep them home then there is no point that school cannot be in session. Families with mixed schedules or multiple jobs cannot be expected teach their children, and try to find baby sitters. School needs to be back in session!"

Roberta Wycuff Celina, OH 2020-05-13 "This is to hard being a working parent"

Karin Townsley Elyria, OH 2020-05-13 "This is not the least restrictive environment for learning. This is a terrible plan."

Jason Guilliams Mansfield, OH 2020-05-13 "Children need stability of school, private schools will board up and recover without in class students, and families need to work to provide."

tenya mortimer East liverpool, OH 2020-05-13 "It makes absolutely no sense to keep kids from school a much bigger environment from their friends activities a daily routine to be forced to this insane chaos 2 day a week. Parents have to work some kids don't have many family memebers. You wants these kids forced into daycare smaller rooms, not able to do their school work. Not have their daily school routines then come home forced to do online work till 10 12 pm at night. This is bunch of bullcrap our kids need to get back into school. If their are kids who have compromised immuned systems keep them at home don't keep our kids who deserve their sports friends healthy social skills and not to mention their mental health. Kids can not be kept at home indoors 24/7. It's not healthy. My kids mental health is just as important as physical health. You guys shut down the parks you couldn't even walk the trails it's insane why you ppl have done If you go to 2 a days I won't vote for you. I'll vote you all out plain and simple."

Tammy Martin Wilmington, OH 2020-05-13 "As an educator and parent, our kids need to be back in school."

ruth stuart lancaster, OH 2020-05-13 "I think it is ridiculous."

Julie Gift Dayton, OH 2020-05-13 "Workers can't stay home with their kids"

Melissa Mortensen Benton Ridge, OH 2020-05-13 "I am an occupational therapist working in the Cleveland area children need the stability, structure, and routine that the school building provides. Along with social engagement and for some a safe place with meals and love. I also feel this will harm all special education children by limiting their rights to iep services!! Please reconsider this awful model."

Kasandra Hutchinson Greenfield, OH 2020-05-13 "I'm a parent and a teacher. Our kids WILL suffer from this."

Tabitha Gartner, MSN, APRN, CNP Newark, OH 2020-05-13 "This is a hardship for full time workers and our children are not getting the education that they deserve"

Shelliann Owens Rogers, OH 2020-05-13 "I am a working mother and my kids need to go to school to get a good education!"

Jacob Yinger Jackson Center, OH 2020-05-14 "I pay taxes for a big fancy school !!! USE IT!!!"

Jo Ann Kirkpatrick Minerva, OH 2020-05-14 "This would only further set our school age children back in learning. The continual change between classroom and remote learning would make a delay every time we switched."

Rowena Dowden Morrow, US 2020-05-14 "Rowena Dowden. I'm signing because our grandchildren are being cheated out of a quality education and an opportunity to continue participating in sports. We party taxes for a quality school and Emphatically believe they have been cheated already. In addition, the young people do not need any more emotional stress. Young teens, and older teens, are developing mentally and emotionally and they are more likely to have emotional problems die to address stressors."

Kim Hall Newark, OH 2020-05-14 "Kids need to be in school. Parents are not qualified teachers!"

Vickie Davis Orient, OH 2020-05-14 "I'm signing because this has not worked well in the past.(South Point Ohio School District 1977,78,79.)1977"

Cathleen Kelly Pocos Avon, US 2020-05-14 "I have to work a full time job and so does my husband in order to make ends meet. If one of us had to adjust our works hours in order to accommodate this new school schedule it would financially ruin is. Keep it a give day school week!"

Tracy Bennington Wilmington, OH 2020-05-14 "I do not agree with this."

Erin Hannan Springfield, OH 2020-05-14 "My daughter'a need stability next year. My youngest has been especially affected...social interaction is their life. She is NOT learning! She is doing busy work!"

Tammy Ritzert Brunswick, OH 2020-05-14 "I'm signing because kids need the social interaction, as well as the ability to learn from their teachers. This online education is NOT nearly as effective! We need to get back to living our lives and not live in fear."

Sandy Shaffer Springfield, OH 2020-05-14 "I don't feel children get the needed education learning from home, parents are not teachers"

Denise Mack West union, OH 2020-05-14 "Because my kids need the stability of a teacher teaching them. We as parents cant teach our kids the way that they need to be taught by a teacher. So I think it's best for our kids to be in school."

Natalie Collins US 2020-05-14 "I don't think this will be enough schooling for kids"

Jessica Ginter Blacklick, OH 2020-05-14 "Children need to go to school full time for social and educational benefits!"

Dorothy Smith Tiffin, OH 2020-05-14 "Kids need to be in school five days a week."

Shayla Dickey Wickliffe, OH 2020-05-14 "This is just insane and completely useless!"

Jeannine Borah Lancaster, OH 2020-05-14 "My kids are retaining nothing that we go over at home.

Remote learning doesn't work for younger children. Plus the lack of socialization is crippling."

Lisa Willwerth US 2020-05-14 "The children need to learn. I don't feel like my child has learned much at home this last quarter of school. We wonder why the US is falling behind other countries in everything!

The students want to go to the classroom, they need the socialization and extracurricular activities.

Parents have to work and our country can not afford to keep paying people to stay home! END THIS PLANDEMIC! It's time!"

Gina Valerius Bowling Green, OH 2020-05-14 "This will put a strain on working families."

Elizabeth Page US 2020-05-14 "Kids need to be in school. They need socialization"

Susan Crank Union City, OH 2020-05-14 "Our kids need a proper education and a structured day. They need the love and support of teachers, school staff, and their friends. Our teachers need their students too."

Lindsey Gunthorp Delaware, OH 2020-05-14 "As a special education teacher I can not effectively meet the needs of my students when they are not at school."

Nathan Jeronimo Cleveland, OH 2020-05-14 "I need my real education back. I don't learn anything at home"

Karen Dunn Galloway, OH 2020-05-14 "How are parents going to deal with this? Childcare, jobs? This idea will only make life that much harder."

Florence Beaver Harrisonburg, VA 2020-05-14 "Our Children need to be back in school as some parents are able to home school their children & they deserve a good education. Stop with the politics. Time to open the school up & all business."

Shannon Harrison Marysville, OH 2020-05-14 "Kids need to be in school for proper development of social skills as much as learning."

Stacy McWhorter US 2020-05-14 "Because I feel like my daughter hasn't learned anything from doing classes online. The things she has learned I have had to teach her and working full time and trying to teach a child with learning disabilities is very hard."

kristen kenney westerville, OH 2020-05-14 "The states covid numbers are so low. We are not New York. Act like the numbers show! I am a doctor and hospitals and offices are empty- get kids in school"

Rachel Stevens Arlington, OH 2020-05-14 "My children need to be in school, with their classmates and teachers!! DeWine get your head of Acton's you know what and stop your dirty politics and do your damn job!"

Sara Schulte Celina, OH 2020-05-14 "This makes no logical sense"

Lori Miller Hamilton, OH 2020-05-14 "Teachers go to college and are trained to teach our kids. Kids need consistency and classroom structure"

Tracy Mayne Dayton, OH 2020-05-14 "This will not work for anyone. I work in schools and have a child on school."

Wendy Nelson Glouster, OH 2020-05-14 "Our children need to be in school period!"

Helen Slivinski Dayton, OH 2020-05-14 "Children need structure and teachers to teach them not all parents can do this and they need to work. The children are suffering through all of this."

Katie Sebetto Fremont, OH 2020-05-14 "The hardship and strain this is putting on all parents! It is tiring and making it impossible to live financially."

Angela Armstrong Canal Winchester, OH 2020-05-14 "My kids need the structure by being in school. They have learned absolutely nothing the last quarter of this year."

Kelly Smith Rockford, OH 2020-05-14 "Not all parents are teachers and not all children can learn online."

Teresa Miles Bascom, OH 2020-05-14 "Children need structure and socialization!"

Scott Steinbrunner Celina, OH 2020-05-14 "No way in hell"

Kristal ling wilmington, OH 2020-05-14 "These kids need school a lot of parents work and cant do all of the extras .they need school in there life ."

Matt Dwenger US 2020-05-14 "Our kids need to go back to school for their mental, social, and physical health. If teachers decide they are uncomfortable then get a replacement and/or give them enough PPE to protect themselves."

Lewis Burley Republic, OH 2020-05-14 "It's called Freedom.."

Tracy Gain US 2020-05-14 "2 days is just not enough. These kids now days need structure, hands on. Not all kids learn the same. 5 days a week."

Joni lewis Fort Smith, AR 2020-05-14 "Cause this would be hard on parents and unfair to the kids"

Shad Kistler Bremen, OH 2020-05-14 "No distance learning.. it's not working!"

Louise Blackstone Lewisville, OH 2020-05-14 "Remote learning doesn't work for all students! Students need to be around others for their development!"

Kathleen Evers Cincinnati, OH 2020-05-14 "I dont believe my child along with all the other children will get a proper education."

Kara Willis Clapper US 2020-05-14 "My son has IEP's and needs social skills to progress. Mixed school will be a disservice to him and his education and growth."

Jennifer Fesler Zanesville, OH 2020-05-14 "Kids need to be in school with other students and to have a consistent schedule"

Shandi Mason Leesburg, OH 2020-05-14 "If I wanted to homeschool my kids I would have. This is so traumatic for my kids, they do not do well at home"

Brendyn Ragan Hamilton, OH 2020-05-14 "I'm in school and this still sounds stupid"

sherry fugate cana Winchester, OH 2020-05-14 "The kids are not getting the education they need from at homeschooling with parents who do not know how to teach them correctly and the kids so better with structure of at school teaching !!!!!"

Scott Bertsch Sidney, OH 2020-05-14 "These kids need to be taught by teachers who have been trained to do so."

Donna Leadingham US 2020-05-14 "It is impossible for working parents to afford to do this. Why keep raising school taxes yet us to take off work to teach."

Mary Neal US 2020-05-14 "I think it's important for kids to get back in school"

Kristi Nading US 2020-05-14 "My son needs his tutoring and speech teacher and structure of a class and a teacher one who is certified not me..."

Patricia Chattin Pickerington, OH 2020-05-14 "Students need socialization to help develop as individuals. Parents and homes are safe places for some but not when becomes a school with so many more rules."

Theodore Seidl North Ridgeville, OH 2020-05-14 "Our children need social interaction with their peers, not a perpetual culture of fear."

Stephanie Schmuck Hudson, OH 2020-05-14 "My child will have to go to school or daycare. The problem will just move to the daycare trying to manage multiple grades, topics and abilities. I don't know the right answer, but this will literally send me over the edge in an already stressful environment."

Elizabeth Clingerman Mentor, OH 2020-05-14 "I work full time. I am a single parent 9 months out of the year. where are my kids to go?? To a day care were they are still in a room full of other kids not doing their school work now!! Who is paying for the day care that will most likely charge me for the full week even if they arent there. my youngest is delayed she isnt on an IEP yet but sure it is coming since after 2 years of kindergarten she is still only half way where she needs to be. I see her falling even further behind and getting so frustrated trying to do school online that we have quit!"

Diane Dunbarger Lowell, OH 2020-05-14 "These children need to get back 2 school."

Angela Young Geneva, OH 2020-05-14 "This idea is lunacy! Open the schools and let the kids go back."

Stacy Pratt Urbana, US 2020-05-14 "Kids need to be in school. Need social interaction"

Katie Knapke Medina, OH 2020-05-14 "Children require social interaction and face to face learning. The social and economic impact of not having children in the classrooms with each other will be detrimental to the lives and futures of these children. We are lucky to live in a very parent involved community but as parents are going back to work, this solution is becoming more and more impractical."

Katie Knapke Medina, OH 2020-05-14 "Children require social interaction and face to face learning. The social and economic impact of not having children in the classrooms with each other will be detrimental to the lives and futures of these children. We are lucky to live in a very parent involved community but as parents are going back to work, this solution is becoming more and more impractical."

Laura Davis Canal Winchester, OH 2020-05-14 "I'm signing because I can not continue to live this way. I am doing therapy during the day while I juggle getting my kids on their classroom video sessions. Three kids with different schedules. And yet, my job pays the bills. It is paramount that I focus on it as a priority. But when they are not in Meets and I am working and my husband is working- my three 7 year olds are basically unsupervised. They fight and destroy the main level as we both desperately try to work. Then when I sign off.....guess what??? It's time for school work. For about 2 hours. I am over it. No way I continue to justify this kind of necessitated non-parenting. They need their teachers back and they need their parents back. Period."

Winter Hornsburger Columbus, OH 2020-05-14 "This is not going to work how are they supposed to learn 2 days and. Then at home my kids are special needs they need one on one from a yeacer"

Rachel Hallock Marysville, US 2020-05-14 "My kindergartener needs quality education and this does not come from me trying to educate him after work."

Brent Lavy Zanesville, OH 2020-05-14 "What a joke"

Amber Young Cincinnati, OH 2020-05-14 "For some remote learning might be fine, for my son it has been a nightmare and many kids need to be in an actual classroom with real teachers! I'm a 911 dispatcher and a single mom, I do not have the skill, time or patience to also be an elementary teacher!"

Kaylee Goff Reedsville, OH 2020-05-14 "Kaylee Goff, I am signing the petition because the students need to socialize with kids their own age. Some of the students might look forward to coming to school because they might not have a very good home life. Teachers do a really good job of meeting the student's needs. Parents might not be able to be off work when their kids are at home and some can't afford someone to watch there kids."

Jessica Seifrit Dayton, OH 2020-05-14 "It would be nearly impossible for me to work and 'homeschool'."

Heather Beem Xenia, OH 2020-05-14 "Not one family in the USA can manage to work and to homeschool their children. All over a small less than half of 1% risk. I'm sure 99 % of the USA feels the same way. Kids need structure, some need to not be abused and to eat each day, and parents have no way to deal with daycare and work and teaching at home. If Ohio wants to fail us, this is the fastest way to do it. Fail our yourhand they will be society's problem in the future. This is complete and utter overstepping of government power."

Kimberly Stumpf Columbus, OH 2020-05-14 "Extra exposure at daycares on the "off day" isn't worth it. Keep them in their cohort at school. My ADHD kids need the structure!"

Curtis Shreve Cincinnati, OH 2020-05-14 "The kids need to be together!"

Christian Harmeyer Miamisburg, OH 2020-05-14 "Children thrive of consistency, as well as parents be need to be able to provide financially to their families."

Miranda Stone Columbus, OH 2020-05-14 "I agree"

Courtney Coleman New Carlisle, OH 2020-05-14 "Children require social interaction and face to face learning. They also need to socialize with kids their own age. It would be very difficult and tiring for parents who work and then have to homeschool."

Cheryl McPherson CIRCLEVILLE, OH 2020-05-14 "None of it makes any sense! If you can go shopping, to liquor stores, have an abortion, than the kids can go to school."

Steven Eckstein Columbus, OH 2020-05-14 "Dewine is an idiot"

Eric Robinson Cincinnati, OH 2020-05-14 "Too soon. There's enough public disarray."

Amy Vonrohr Milford, OH 2020-05-14 "It won't help our kids."

Monica Insana Mentor, OH 2020-05-14 "Parents are their for their children for parenting. A child needs a structured day for education by teachers that are taught to be teachers."

Michelle Haslinger Sunbury, OH 2020-05-14 "This is killing the work that has been done on mental health. Get our kids back in school and social. Additionally, you are killing the "working outside of the home parents" and the stay at home parents are running on empty."

Brenda Scinto Mentor, OH 2020-05-14 "It is unreasonable to even consider not having full time school in the Fall. None of the data for Ohio supports having closed schools this spring, let alone next fall. The damage done and education time lost is already going to be devastating to many students, so unless you BBC are going to hold them all back for a year, they need to return to real education. And the inequity in virtual teaching from district to district holds NO ONE to standards, so unless you are going to somehow standardize technology as well as access across the state, you can not reasonably expect that virtual teaching has in any way worked during this shut down."

Tara O'Neill Vandalia, OH 2020-05-14 "I am a parent at Tipp City schools and I moved to this wonderful town so that my kids could attend these schools! I am absolutely furious that continuing online school is even being considered for next year! This shut down has stolen my child's ability to be with his peers and to learn and experience everything he should have been apart of this year in Kindergarten. I will not stand for his ability to attend public school for the entirety of the first grade to be stolen from him! He is losing out on an education that would be better learned in person rather than online. If I, a dental hygienist, who is at the highest risk to contract any viral infection, is allowed to return to work, then my child should be allowed to return to school. There have been no real links to the spread of this virus in schools and I will not be living in fear any longer. This is America, home of the brave! Not home of the cowards who forfeit thier freedoms out of fear."

Traci Willrath Celina, OH 2020-05-14 "This is a bad idea. My husband and I will still be both working. No daycare available to help them do "school" during the day. It has already been a nightmare. They will already be behind because 3 months of review at home and screaming and yelling tantrums when we are exhausted makes for bad home life."

Lara Tiller Amelia, OH 2020-05-14 "Remote learning isn't working. Our children's education is suffering. They need to go back to school full-time in the fall."

Suzanne Bennett Akron, OH 2020-05-14 "I'm a single mom with 3 kids, 3-11 years old, two of which are school age. I cannot work just to pay someone to watch my kids while I'm at work when they are home from school. I rely on them being at school so that I can work to be able to provide for their needs and mine. Also, I am not a teacher, this distance learning is undoing everything my children had accomplished academically so far in the school year, and now they are not even motivated to do their work. They need

social interaction, face to face, with other kids and the teaching staff, to gain necessary social skills away from home. I have always respected our teachers and I have always known I could not do their job every day the way they do. Being home during this pandemic and trying to help my kids with their schoolwork has further cemented that into my way of thinking."

Susan Cumberland Wilmington, OH 2020-05-14 "DeWine is welcome to pay for child care! This idiot 臘
◆♀# AND HE CUT EDUCATIONAL FUNDING!!! Taxes aren't going to change, well, they will go up. This is so stupid."

James Rosenberger Alliance, OH 2020-05-14 "If it's safe enough for my child to be in school 2 days, then they can go 5. All or nothing..."

Lita Clark Springboro, OH 2020-05-14 "I signed because although I homeschool, that was a choice my family made...and it's not an easy decision, in part because of the one income! To make families that didn't make this decision to turn their lives upside because of a decision made FOR them, is just not right!"

Cheryl McConnell Cleveland, OH 2020-05-14 "Because kids learn in school and need to be taught by a teacher."

Jillian Lee Oceanside, CA 2020-05-14 "this is not what kids need!!!"

Tracy Nicely Clyde, OH 2020-05-14 "This will help no one. As an educator who did the last nine weeks of distant learning, I need to tell you that I lost my students. We were making so many gains and now my students just held steady. Education is so much more than school, it's relationships, mental health, it's 2 meals, and it's safety. Those things can not be done online. The children in this country are the future of our country. We need to make sure they can compete! Kids need not to be living in fear."

Jeri Evenden US 2020-05-14 "I have 3 gifted children with needs that cannot be met in this ridiculously inconsistent format."

Anna Wearsch Hilliard, OH 2020-05-14 "It is very important to me to have my son in school as much as possible next school year. In just the several weeks of e-learning, he has lost his passion for school ("Mommy I hate school work") and his learning has suffered greatly as my husband and I continue to work and attempt to manage his schooling. We need to be Mom and Dad, not teachers. And he deserves better. Not only the phenomenal education our Hilliard schools provide, but social interaction and growth as well. School at a normal schedule in the fall!!!!"

Nina Durham Troy, OH 2020-05-14 "As a grandparent of several grandkids it is extremely important that kids have structure and social interaction!!!"

Katelyn Whitt Middletown, OH 2020-05-14 "My children do not get proper education at home! It is impossible!! This plan makes zero sense"

Amanda Rouch Middletown, OH 2020-05-14 "I have 3 kids 2 on IEPs and one on the IEP is autistic he deserves a fair shot at an education. If he's homeschooled he won't get one. Name Location Date
Comment Both of my IEP kids deserves a fair chance at a education. And my other deserves to take her ccp classes and all of her honors classes"

Malynda Cook Ohio 2020-05-14 "Please tell me how a kindergartner is going to learn and have the same education at home as they would in a classroom? I'm not a teacher. I haven't been trained to teach in general let alone teach a small child. Not to mention I am a second shift single mother of two who will both be in kindergarten this year amongst other responsibilities of a mother. This isn't going to work!"

Julie Knighton Newark, OH 2020-05-14 "I'm a full time essential worker that job provides medical insurance and money to pay medical bills and other bills. Even split up group A had a sick child no symptoms and teacher is exposed now group B has it we are not minimizing this virus at all. Show better hand hygiene and make sure they are washing frequently. Keep specials and lunch in each room instead of walking halls and putting more than one class all together there are better options there are more options and these kids deserve to grow and learn in a class room."

Heather Pegram Hebron, OH 2020-05-14 "I do not agree with this proposal"

David Harpe Franklin, OH 2020-05-14 "Kids need to socialize they need to grow independent and learn to problem solve with others. Working at home will limit a lot of kids and stunt their growth Academically and socially"

Jennifer Doyle Bellefontaine, OH 2020-05-14 "Children need a routine and proper learning."

Gerry Luster Wooster, OH 2020-05-14 "Kids need the structure"

lisa laws Middletown, OH 2020-05-14 "I am against the split school day. It is not a good idea for the children and it's hard on the working families who have no way of aiding the children in education nor care while us working Americans are doing our jobs. Open our world up!"

Tresa Sawyer Pomeroy, OH 2020-05-14 "I am signing this because the children will not learn anything this way. In the long run it is going to hurt them."

Larry Adkisson Dayton, OH 2020-05-14 "Distance learning for elementary age kids is laughable at best. Kids need structure. They need social skills etc."

Sarah Hunt Tipp City, OH 2020-05-14 "I believe our children need to be in a school environment where they are all getting the education they deserve."

Janie Shellenbarger US 2020-05-14 "Kids need to be in school."

Nicole Kritis US 2020-05-14 "No one can live like this and children need to see and socialize with ALL of their friends! School isn't just for learning but always building friendships and socializing. ALSO, children need to attend school and stay with a routine which may not be offered at home. They need educators who care which not all children's parents have those capabilities. Children need to be around children of their own age and socialize as well as not spend all of their time on computers!!!!!!!!!"

Laura Eckstein Fairborn, OH 2020-05-14 "This would only make school even harder for the students, especially the younger ones, to stay focused and engaged in the Name Location Date Comment lessons and for working parents who don't have a sitter for days kids are at home. Not to mention the lack of social interaction with their peers. Kids NEED to attend school in person not online."

angela martz Middletown, OH 2020-05-14 "I have an autistic son on and IEP, he needs the structure and routine that school provides. Home doesn't have the same structure and routine as school."

Angel Baker Mineral City, OH 2020-05-14 "My children need the structure of the classroom and one on one time with the teacher. They need the attention from an educator who can work with them each day and ensure they learn the needed material. Online meetings and reading does NOT replace our teachers and all they do to help these children succeed and advance. As parents, we are not educators with the proper teaching tools, and we can not replace the teachers who are. The children are the ones suffering because they can't keep up, and they have little to no social interaction or friendships to ease their anxiety. They need a structured environment to keep them working steadily and pushing forward."

Charlotte Thompson Newton Falls, OH 2020-05-14 "This would cause a hardship for working families."

Rita Bradford Dublin, US 2020-05-14 "Need consistency for our kids."

Monika Crevda North Ridgeville, OH 2020-05-14 "My 3 boys constantly distract each other, I have to separate them & walk round checking that they're on task every 5 minutes so I can't get anything I need to do done. Teachers can't see when they are confused like in an in-person setting and help them right then. They just have to watch videos and answer questions. The lack of interaction and structure is sad and unfulfilling. They miss their friends too!!"

Sabrina Albertson Coshocton, OH 2020-05-14 "My son is NOT getting the same quality education that he does when he attends school. He will not continue online instruction at home unless someone is home to make him do it. If you want parents to work full time, we do not have time to come home from work and educate our children after work. This is a disservice to children in the state and across the country. These children have already fallen behind and when you only have 4 years of high school left, the next step is college so how will they ever be ready? The small rural school districts don't have the luxury of every child being online AND they do not all have devices. Our district does not have money in the first place, let alone giving kids devices. Even if they did who pays for their internet connection?!?! Don't compare us to big cities and high-end schools where education is still continuing...because it is NOT across the entire state! There are too many parents who do not have the ability to provide education that is why they are NOT teachers!"

Anita McKee Ostrander, OH 2020-05-14 "Besides the added expenses for families needing daycares for those that work, Some kids don't have parents that will be supportive and invest the time and energy needed for school work."

Melissa abshire Reynoldsburg, OH 2020-05-14 "I have developmentally delayed twins that were already struggling in kindergarten. They need more help, than I'm capable of with Name Location Date Comment homeschooling. They have IEP's and need the assistance and support they can get at school"

Kim Stokes North Lewisburg, OH 2020-05-14 "Kids are not able to learn without the human interaction. Depression and anxiety is up. I am a clinical social worker and depression and anxiety are on the rise in my profession."

Angie Crawford Reynoldsburg, OH 2020-05-14 "Kids need to be back in schools period"

Ashley Knapp Sabina, OH 2020-05-14 "I have 4 kids and both us parents work full time jobs. This would be a nightmare for us."

Christie Taylor Dayton, OH 2020-05-14 "Kids need to go to school!"

Jason Roseman Westerville, OH 2020-05-14 "Children need to be in school learning, socializing, etc. Oh yea...and my taxes pay for it."

carla Cole Warren, OH 2020-05-14 "The children need to learn in school."

Heather Knestrick Cleveland, US 2020-05-14 "I remember my 4th grade teacher Mrs. Butcher from Renwood Elementary in Parma OH made such an impact on my life, my parents not so much- we spend 8-10 hrs per day working...We can't give our children as they deserve this environment!"

Mark Dombek Dublin, OH 2020-05-14 "This cannot happen. Get the kids back to school this fall."

Ashely Willrath Wapakoneta, OH 2020-05-14 "As a working parent, this schedule is not feasible. I also believe its important for children to be with all of their peers, the remote learning is not a one size fits all!"

Erin Delbrugge Geneva, OH 2020-05-14 "Children need to be in school for an appropriate and consistent learning environment as well as socialization. Plus the virus isn't bad enough to not allow it."

Jennifer Zilba Toledo, OH 2020-05-14 "My sisters are not qualified to be their kid's teachers. Kids need structure and their questions answered by the ones teaching the subject."

Karla Littler Springfield, OH 2020-05-14 "If stores, factories, etc can be open these kids can go back to school and their activities like before. This is completely out of control. I no longer believe this is about safety, it is about controlling people."

janet soto perry, OH 2020-05-14 "online schooling isn't really helping any of us actually learn something. we actually need to be in school to be able to ask question and not asked them over email especially when it comes to test."

Kelly Letner Grove City, OH 2020-05-14 "This shutdown is unconstitutional. Period! We must fight this insanity." Richard Nester Orrville, OH 2020-05-14 "You don't stop disease by quarantines of people who are perfectly healthy!"

Craige Banios Troy, OH 2020-05-14 "It's ignoring immune system science to continue the separation of healthy people!"

Brooke Thome Cincinnati, OH 2020-05-14 "I don't feel my son would get the education he needs. Remote learning isn't for everyone."

Claudia Baker Elyria, OH 2020-05-14 "Have regular school. Not 2 days a week. Seniors have worked hard for their Senior year. My Student will be a Senior this fall. Let them experience this wonder transitions. Prom, senior pictures Year book the whole nine yards."

Nancy Schempp Mahwah, NJ 2020-05-14 "I am against mixed school days, that's a terrible idea !"

rica brewer Springfield, OH 2020-05-14 "Enough is enough!"

Laura Kraus Vandalia, OH 2020-05-14 "Please take me O'Lord and not a child. I am praying this way, because I have 1 Granddaughter, who is about to be 12. I have another granddaughter who just turned 7. They are my life. I'm not even their mother, and I don't want a child, any child, to die, Please take me O'Lord and not a child."

Karen Armour Medina, OH 2020-05-14 "Enough is enough, there's no reason for schools to not reopen with a normal 5 days a week schedule in the fall. Also NO masks! Not only is it a health risk to be breathing in all the CO2 and colonized staph in your nose, it's also psychologically damaging to small children to be wired to think they should fear others because they MIGHT catch a bug. Children get sick, that's a good thing, they build their immune system this way! If a child is immunocompromised allow them to do distance learning or wear a mask."

Beth Schwartz Burkholder US 2020-05-14 "It doesn't make any sense at all to have a few days in school and a few days out."

Dwaine Maxson Middletown, OH 2020-05-14 "I am signing since this would put unnecessary financial hardship on parents to find daycare when their children are not in school. Also, the policy makes

absolutely no rational sense and lacks any common sense. I am tired of the unnecessary hysteria and fear. There are better ways to protect the vulnerable."

Keenan Topp Columbus, OH 2020-05-14 "IEPs are not setting youth up for success at home. Our tax dollars are best spent in classrooms with amazing teachers."

Justine Thieman Arcanum, US 2020-05-14 "I am a 6th grade Language Arts teacher. My students need to be in the classroom. I have several students that have not turned in any work to me since the day they left for quarantine. Do you think they are learning or doing anything of educational value at home right now? I am so concerned about the kids who do not have the support and guidance at home AND their parents shouldn't be expected to teach them. They are probably working from home or starting to go back to work now. That's the case here! I would also like to know how you think parents plan to work and have kids at home or at a sitters or grandparent's house doing schoolwork, actually complete it, and actually learn the difficult math concepts or comprehend the read,etc.? This is absurd. I also have two boys that love school and their friends very much. One is starting Kindergarten this year and this is the foundational time that will set the stage for the rest of his learning and reading. How do you expect me to do my job effectively as a tea"

Adam Pennington Cincinnati, OH 2020-05-14 "I feel this virus is the treat we are being told to believe."

Christina Evans Fayetteville, OH 2020-05-14 "My husband and I work full time. We have struggled with distance learning. Our school is not equipped to do it. If we do this we will be pulling our kids from school and doing strictly online and we really really don't want to do this. Exposure is exposure. Schools won't be any cleaner than they have been."

Kimberly Swartz Tipp City, OH 2020-05-14 "I am a mother of 4 I cannot home school and work. My children need the school atmosphere and they need the normalcy."

Natasha Ellis Stewart, OH 2020-05-14 "My kids deserve a real education"

Jennifer Hand Bellefontaine, OH 2020-05-14 "This process has been a struggle for teachers, students, and parents. A lot of schools aren't giving real grades for this time. I'm not sure any of the kids are learning much, and their incentive to do the work has been removed."

Laurelli Burt Columbus, OH 2020-05-14 "Online school is so overwhelming and stressful"

Angela Fuller Dayton, OH 2020-05-14 "Do more harm than good ,putting alot if parents out of work that is not the solution"

Abigail Sturgill Cincinnati, OH 2020-05-14 "I'm sign because my son will fall behind. He's so smart but I work, my husband works. I'd have quit or drop to part time to be able to give him the daily attention he needs. Clearly these decisions are being made by those with privilege and strong support systems."

April Ballard Tipp City, OH 2020-05-14 "We have horrible internet in our home. Also the children are mentally being affected by this stay at home as well! They need normalcy back. They are not cootie catchers!"

Rachel Purser Lincoln Park, MI 2020-05-14 "My high school children have not been given proper amounts of online work and instruction. Teacher are assigning "watch Netflix". This is woefully preparing them for college."

Jeri Lindner Philadelphia, PA 2020-05-14 "Kids need to go back full time come fall."

Beth Villamagna Cincinnati, OH 2020-05-14 "We can keep our kids safe and still send them to school every day. Education of our children must be a priority and on line school is absolutely not the answer."

michelle heywood Mason, OH 2020-05-14 "I'm signing because all children need interaction. Plus A big chunk of students are getting too far behind."

rose johnson youngstown, OH 2020-05-14 "This is wrong"

Joyce Berger Coldwater, OH 2020-05-14 "The kids need interaction with other kids. They learn better"

Thomas Eppley Monroe, OH 2020-05-14 "You cannot expect blended learning at this age to equal traditional M-F setups. College yes, grade school and middle school, not a chance. Also how are employers going to adapt to this when a parent may need to be home to do the non school days? Can you now go to your employer and say I'm going to work from home or work less days but still be paid as full time. Not every family has the option to even come close to pulling this off. Furthermore a daycare and/or babysitter cannot be expected to teach our children 40-60% of the time."

Desriel Brewer Dayton, OH 2020-05-14 "Not having school has already affected my child's educational growth. On top of that the kids immune systems are getting weaker daily. They need to be around other

kids. The government is blowing this all out of proportion and it has quickly got out of hand. Put sports back on, let the kids go back to school, let the seniors have prom. Quit ruining everyone's lives!"

Heather Swander Clyde, OH 2020-05-14 "I see the impact the past few months have had on my son! He needs socialization and sports!"

Joyce Coffey Wapakoneta, OH 2020-05-14 "Kids need full time schools to get the education they deserve."

Sara S Independence, OH 2020-05-14 "No masks for kids at school !!!! Start another petition for that and we'll sign !!!"

Alyssa vore Tipp City, OH 2020-05-14 "As a parent who works 6 days a week for the usps it is going to be hard to make sure my kids are getting the education they need let alone someone who can be home monitoring them, they r too young to stay home alone and though they do attend daycare those r not open yet and they r not qualified to get these kids school ready. Kids need to go bk to school to get their education"

Tobias Kostner Perry, OH 2020-05-14 "The actions of the Governor and Director of Health are focused on control and power, not helping people. A broke and broken population is easier to control. This must stop."

Judy Flood Columbus, OH 2020-05-14 "Kids need to be in school 5 days a week for consistency."

brittany moore south lebanon, OH 2020-05-14 "My son needs to go to school full time he is autistic and needs structure and routine. Also im a single parent who can't just take off when I want. I have to support my family."

Tom Homan Minster, OH 2020-05-14 "Students need to go back full time. We all pay in school taxes so let's please use the school. Remote learning isn't the same as being in the classroom."

Douglas Eckstein Dayton, OH 2020-05-14 "Children need the social interaction and learn better in a classroom environment"

LaDedra Wilson-Albert Columbus, OH 2020-05-14 "I am signing this because I have special needs children who get therapy at school. They also thrive on routine and social interaction."

Dawn H. Ohio 2020-05-14 "I'm signing this because distance / remote learning is not working! I am doing the best I can but have watched my son's math scores drop 30 points since school was forced to close. How am I going to teach 2 boys at home plus find day care for the days that I need to work? Are they providing funding for this? This has been a complete mess with the distance learning from the get go. I know that some parents are not teaching their kids at all because they refuse to be the teacher. What about these kids that are already behind and are getting left further and further back? I am also not sending my kids to school in masks for 6 hours A-day. Kids get viruses and kids get sick. Fact. This is how they build their immune system. I think we were all willing to do what we needed to do for a few weeks.. a month .. it's been about 8 weeks now enough is enough!! Also let's make sure we write the governor and Superintendents and make sure our voices are heard and that way too!"

Leeann Wagenbrenner US 2020-05-14 "It's a logistical nightmare for schools and families. I see no benefit, and the kids are who will suffer the most."

Sue Michaels Burgoon, OH 2020-05-14 "DeWine and Acton have no right to do this to the children in Ohio. We have educational CHOICE in this country - this "plan" does not allow parents to choose. Plus many families will be forced to go to one income so that someone will be in the home on the off days. And we are doing all this based on extremely faulty statistics from an unelected official, and a virus with a death rate of less than 0.03% that doesn't even effect children."

Ryan Kaiser Celina, OH 2020-05-14 "Look at the data... young people are much lower risk. If the kids live with older folks that are concerned, give them the option to be schooled remotely but don't mandate it!"

Gloria Harrah Clyde, OH 2020-05-14 "Won't work, bad idea!"

Megan Schloss Cincinnati, OH 2020-05-14 "It is not fair to deprive this generation of the education they need and deserve."

Alicia Sheffield Grove City, OH 2020-05-14 "My husband and I both work full time, and cannot carry the burden of that, plus parenting, plus educating our children and them gaining proper education."

Lori Merritt Zanesville, OH 2020-05-14 "I applaud the Governor's actions to keep us safe, but remote learning is not working. Our school district has no uniform approach or platform for remote

learning...locating, downloading, and submitting assignments is more like a scavenger hunt than educational exercise and most of the teachers are not presenting material via video calls. There is a very low degree of learning and high degree of stress for the kids, parents, and teachers."

Kelly Suriano Jacobsburg, OH 2020-05-14 "I'm a working parent. I cannot afford day care when my child should be in school. This year was hard enough on him getting him Name Location Date Comment to do the work and understand it. A whole year will be worse on him and he will fall behind."

Heidi Viccaro Youngstown, OH 2020-05-14 "I want my grandchildren to have structure and stability by going back to the classroom, seeing their friends, and participating in their sports and activities."

Amber Meiser Cincinnati, OH 2020-05-14 "These kids need structure and to actually be taught. The parents cannot be expected to work full time to pay the bill's and teach our children effectively. This generation will suffer."

Pam fitzpatrick Loveland, OH 2020-05-14 "I feel all children, especially those with IEP can not function to their highest potential with mixed school. All students especially K-8 grades, do better with structure, routine and hands on learning with peers and teachers, aides etc. This is a failure waiting to happen. And this generation will be playing catch up for years."

Staci Benno Alliance, OH 2020-05-14 "Government shouldn't control their citizens. Citizens should have control over government."

Mandy Dillin Hamilton, OH 2020-05-14 "I work full time and with my work schedule it would be completely impossible to help my 8 year with school work and keep a handle on my 1 & 2 year old! My 8 year old also has ADHD & does his best learning in his classroom with his teachers. I don't have the knowledge to help a 3rd grader get and be where he needs to be to pass test & make it to 4th grade."

Rebecca Littleton Mount Vernon, OH 2020-05-14 "For me to home school my kids being out in the country 5 minutes from town but you would think I live in BFE. The WIFI to run 5 chrome books cost me \$195.00 a month. Thats insane. Nothing eles is available we have tried Verizon, Centry Link, as Thats all available. And the kids being home isn't helping my successful very structure Daycare I have ran out of my home for the past 20 years. All though I love my kids being home, homeschooling isn't idel for my kids they need socialization and seeing teacher's and friends and structure I just cant provide and work from home. And give All the kids the attention they need."

Abbi Vance Kettering, OH 2020-05-14 "My daughter has bad anxiety and can not handle online schooling again, she needs structured classroom. The continued flipping schedule will have her in a panic attack daily on what's due when."

Kristen Barker Powell, OH 2020-05-14 "If at all possible, they need to be back at school with their classmates and teachers."

Jodi Moore Columbus, OH 2020-05-14 "Kids need interaction with other kids and teachers. They need routine."

Melissa Holsinger Cincinnati, OH 2020-05-14 "If businesses, ie movie theatres, big box stores, casinos etc are opening.... there is no reason school can't be in session! Maybe start later after Labor Day, but get these kids BACK IN SCHOOL. Five days a week. Install hand washing stations. Do whatever it takes! We all pay taxes and the state has a civil duty to educate and protect these children! Enough is enough."

Molly Rodgers East Liverpool, OH 2020-05-14 "I'm a teacher and I know how much this will negatively impact our kids."

rhonda tipton dayton, OH 2020-05-14 "School should be a structured learning experience. Whether online or in class. They should not have to worry about catching a deadly virus while attending classes therefore I would prefer to wait until there is a vaccine before our precious children return to campuses"

Teresa Titus Cardington, OH 2020-05-14 "Because this so called panedemic is blown way out of proportion and kids need structure and socializing"

Anissa Davis Lima, OH 2020-05-14 "This is ridiculous!!"

Rose Subler Versailles, OH 2020-05-14 "Schools need to he opened up completely!"

Pam Braun Wapakoneta, OH 2020-05-14 "Because this is stupid and ridiculous I don't even understand why this is an issue school is months away from opening back up. They don't even know what is going to be going on at that time. Most if the bull going on is false anyway."

Lynn Newsome Columbus, OH 2020-05-14 "As a step-mom to a 15 yr who already has difficulty in social environments, she has grown leaps and bounds these last two years. This would severely damage

the progress she has made. She's an only child and she thrives on going to school and being with other students. She has picked up extra curricular activities that mean a lot to her as well. Also, I work from home. I'm very busy on phones all day. I pay school taxes to teach her, and when she's home that puts a hardship on me."

Teresa Radabaugh Circleville, OH 2020-05-14 "Education is important for all of our children. Physical presence in the classroom is essential. Teachers can see where someone may be struggling and can step in to assist the child by scaffolding, presenting the information in a new way, or just building the child's confidence. There are many different learning styles (visual, auditory, hands on, etc., which makes having a teacher present to observe, reflect and adapt his/her teaching to help the child grasp the concept. Each child should feel included and valued. Placing importance on education may be difficult to cultivate if some portion of the students are excluded from the classroom. They may undervalue the importance of education by feeling an under attachment if this method is implemented. Working citizens pay taxes to support our education system and this method doesn't give us the level of education we expect for our nation's children."

Joanna Lawrence Pickerington, OH 2020-05-14 "My son is special needs and this would just not work for him. He has much difficulty when out of a schedule. Not to mention how this would impact my own business that I own. It needs to be an all or nothing scenario."

jessie mccarty Marion, OH 2020-05-14 "I am a full time teacher and parent. I do not see the blended learning working for my children or my students. Students have been struggling since learning went online. Someone has to monitor their online learning daily and parents will be going back to work. Teachers will be in the classroom and students online will be in their own until teachers have time to help and make sure students are doing what they are supposed to. Parents/Guardians Name Location Date Comment do not always respond to phone calls, text messages, etc. Many students have not turned anything in. I worry about children who have special needs and IEP goals are not being met."

wade guelde Findlay, OH 2020-05-14 "Not a good idea !!"

Lydia Rowe Tipp City, OH 2020-05-14 "Please don't dictate for everyone. Have quality distance learning as an option for immune-compromised, ill, or fearful students/families. Allow for many more sick days and make sure teachers have realistic expectations for days missed so no student comes to school sick because they are afraid of make-up work. Allow families who want to learn at home or want to wait for a vaccine to do so. But please do not dictate this for all."

Emily Blasko Delaware, US 2020-05-14 "Because I am not a teacher. My child's education will suffer if she is to do remote learning half the time during her Junior year of high school. This child wants to be a doctor.... do you really think I can help her with the math she needs to learn?!? She finished her Sophomore year online and Geometry was a disaster. Geometry. Not even math that is that I'd super hard, but I cannot help her with simple math like Geometry. Kids need teachers to teach them, not parents with mixed educational backgrounds."

Brenda Womack Columbus, OH 2020-05-14 "It seems we're taking this all to an extreme. Let children learn together on a consistent schedule and in a less confusing environment. Bring more stability to their home life so that parents can maintain a consistent work schedule. It's already stressful enough for parents juggling schedules without throwing a wrench like this into it."

Heather Foster Dayton, OH 2020-05-14 "If I wanted remote learning for my children I would have enrolled them in homeschool . Kids need structure I know for a fact my girls have fell behind academically due to the remote learning. It is a strain on us parents who work 40 + hours a week to be expected to help with the remote learning. Not to mention all the parents who would have to find reliable sitters instead of letting the kids be in school. Our kids have a right to learn and I feel like that right is slowly being taken away as all our other rights are being . Do not take the kids out of school!!!"

Amanda Woods Columbus, OH 2020-05-14 "The missing point is that teachers and staff will come into contact with everyone, and all surfaces cannot be completely sanitized. This method of distancing is POINTLESS. It's all or nothing now."

Sherri Edwards Loveland, OH 2020-05-14 "My children will not wear masks, be vaccinated or have mixed days!!!"

Kelly Waldorf Twinsburg, OH 2020-05-14 "Kids need to be in school and learning. They need to socialize and have activities. They will never get these formative years and experiences back."

Rebecca Kohout Medina, OH 2020-05-14 "Child fatalities approach zero; it's not our kids who are at risk. Parents can do what they need to do at home as appropriate for themselves."

Nicholas Cataldo US 2020-05-14 "Not right"

Megan Kline Piqua, OH 2020-05-14 "Because it's ridiculous. My son is going to UVCC for exercise science. Can't do that at home or at school 2 days a week. Ummm NO"

Lindsey Adkins Wooster, OH 2020-05-14 "My kids need structure and social interaction with their peers, not to mention participating in their sports and activities."

christina cundiff kettering, OH 2020-05-14 "My daughter needs the classroom to learn efficiently!"

Katie Kingrey Dayton, OH 2020-05-14 "I pay taxes for my kids to learn from people trained to educate and the facility for them to learn in. I can see this online learning is horrible for my son, his teacher gave him websites to go to and said to do x amount of time on them.... that's not teaching...."

Sheena Cloninger Akron, OH 2020-05-14 "How would expect parents to work? Most companies aren't going to adhere to this schedule and unemployment will rise as parents have to make the decision to quit their jobs to be home with children."

Doreen Bundy Dayton, OH 2020-05-14 "That's the stupidest thing I've ever heard!"

Sarah Yost Columbus, OH 2020-05-14 "Keeping kids out of school is only a set back. There is no positive effect on their education. A lot of kids are already behind from being out from March to the end of the school year."

Roberta Schaefer Lima, OH 2020-05-14 "All children need an education and interaction with classmates. They also need all the sports offered to them. Some of the children only receive encouragement and love from the teachers"

Gina Kitzmiller Gahanna, OH 2020-05-14 "This is a burden on single parents and will negatively affect my children's education."

Alicia Hendrickson Waynesfield, OH 2020-05-14 "If this would happen who is going to pay for childcare for those who need it let alone leaving teenagers home with no supervision."

Michael Hart US 2020-05-14 "As a teacher, I understand what this will do to my grand children. If the teachers are teaching half the kids live, then they are not available via distance learning to address the needs of the kids who aren't in the class. During this shut down, I've been available every Name Location Date Comment day during school hours to help kids. I know I can't be in two places at once so I know my grand daughters' teachers can't be in two places at once either. This is clearly an idea dreamt up by someone with no educational background."

Mechelle Heitkamp Marysville, OH 2020-05-14 "All kids need to be at school 5 days a week! The statistics do not support keeping kids at home. They should have stayed in school from the beginning!"

susan Kinser Tipp City, OH 2020-05-14 "Mixed school days put a huge stress on parents who work and children who can't get comfortable in a classroom. Terrible idea"

Angela Sabol Dayton, US 2020-05-14 "Children aren't learning with this current set up, it's not good for them mentally, they aren't the ones getting sick and dying, they need their friends and need to return to normalcy and build up their immune system"

Michael Krouse Greenville, OH 2020-05-14 "This is not a feasible option for working families"

Dominic Oehler Ypsilanti, MI 2020-05-14 "Children deserve an education, we moved to Sylvania for the schools, we will leave if they are no longer relevant, it is too expensive."

Hillori Sartin Galloway, OH 2020-05-14 "This would be a huge burden on parents. Kids would get so confused. This is just an all around bad idea."

Dominic M Lima, OH 2020-05-14 "School don't need to be separated to do offline class and class at schools because there would be no point at all and also it's like THEY did this virus so that they can change our normal."

Anna Slifka Lincolnton, NC 2020-05-14 "I am a teacher, and I want to give my students the complete education they deserve."

Laura Lesniewski Norwalk, OH 2020-05-14 "The kids need to go back to school. They need to have the education and social interaction. The online learning is impossible, especially for elementary aged children with 2 parents who work in health care. PLEASE make a plan to return kids in August! We cannot live in a bubble forever and neither can our children!"

Andrew Starr Springfield, OH 2020-05-14 "Yeah definitely waste of time and quite dumb. We didn't do this for any other virus, we shouldn't start now."

Andrew Arnold Burton, OH 2020-05-14 "I'm signing because viruses don't discriminate on what days it infects people ♦"

Jill Davidson Lebanon, OH 2020-05-14 "I will have a senior-he takes ap classes, advanced class, he is an athlete-he needs more than 2 days in school.I will have a freshman-he takes all advanced classes-he needs more than 2days in school.I will have a 6th grader-he needs more than 2 days in school.School CAN NOT continue like this year ended-the children were not learning-simply being given busy work and our kids NEED more than THAT!!!!"

matthew muise dayton, OH 2020-05-14 "My child does better in school with teachers than at home with a mechanic. I can fix a teachers car but I can not do their job."

Summer Hill Greenville, OH 2020-05-14 "Kids need to be in school"

Scott Highfill Galloway, OH 2020-05-14 "Mixed school days are a terrible idea and Dewine is completely out of touch with the American working family."

Robyn Perkins Zanesville, OH 2020-05-14 "I believe that kids learn best in the school environment. If I wanted online school for my kids I would have been doing it at home long ago. My children need the daily social interaction with peers. Kids are not a high risk population. Give us our lives back!"

Diana Bryant Kendallville, IN 2020-05-14 "Children need to be in school. Socializing, getting a good, hot lunch. They need structure and routine"

Joni Ahlers Springboro, OH 2020-05-14 "My child needs full time education in a classroom setting!!!"

Lisa Hudson Jackson, OH 2020-05-14 "These kids need their education and structure from a teacher in a Classroom.! Parents have to work also."

Danny Lightle Waverly, OH 2020-05-14 "To much financial burden on parents."

Andrea Spencer Mansfield, OH 2020-05-14 "If we expose them for part time, we might as well have them go full time. There's not really part time exposure safety. These kids emotionally, psychologically, academically need to go back to their lives, school, friends, sports"

Christopher Dean Ohio 2020-05-14 "These restrictions are ridiculous."

Barbara Chick Mansfield, OH 2020-05-14 "My boys need in class schooling, remote schooling does not work for them at all. It's such a fight to get them to do any work let alone what they are supposed to do a day."

Laura Wheaton US 2020-05-14 "I need my children back in school, back to a routine, and being socialized."

Petra Watkins US 2020-05-14 "Kids need a routine and that will mess them up"

Holly Bentley Lebanon, OH 2020-05-14 "Our kids need real education again IN the classroom!"

Kimberly Bollinger Dayton, OH 2020-05-14 "This would not be an acceptable way for instruction. Kids need structured education to be successful and because not all children have access to computers to be able to even attempt online learning, I feel that many kids would be left behind. Our children are our future and limiting their ability to learn would result in a very dim future for many of them."

Patty Starkey Brunswick, OH 2020-05-14 "The children have to go back to school. If they're going to a daycare or running around with a grandparent while I'm at work NOT WORKING FROM HOME. The children should be in school."

Dawn Durham Piketon, US 2020-05-14 "I'm signing because I'm a teacher and kids need to be in school!"

Tiffany Pauley Blanchester, OH 2020-05-14 "This is hard for parents and teachers. But it's even harder for the students."

Alyshia Moore Wapakoneta, OH 2020-05-14 "This is bs!"

Sarah Tawney West Chester, OH 2020-05-14 "Homeschooling is not working and will not work going forward. Short term it's manageable but there is NO learning happening. The mental toll this is taking doesn't benefit our students and their education is being greatly impacted by this. A whole year will leave most students incredibly behind especially the younger ones who need their teacher and interaction with classmates for social learning! I cannot go back to work with a 50/50 schedule."

Michelle Whitfield Mansfield, OH 2020-05-14 "I'm signing this because I'm an educator. Online education is not the best for kids. My daughter loves school and loves the routine"

Debbie Pemberton Cincinnati, OH 2020-05-14 "I think it is a stupid idea. Its not going to stop the spread of diseases anyway and will make it very hard on working parents."

Samantha Davies Cincinnati, OH 2020-05-14 "Because this is ridiculous" ashley eckenrode Canfield, OH 2020-05-14 "Kids belong in school !!"

Leevi Ward Dayton, OH 2020-05-14 "Bc I agree"

Laura Morrison Westerville, OH 2020-05-14 "Kids need to be in school in the place that PARENTS CHOOSE for their children. They don't need mixed days or fear driven decisions. Time to get back to normal!"

Angel Cook Cincinnati, OH 2020-05-14 "I'm signing this petition because remote learning is not working. My kids need to have the teacher with them while they are learning. Watching videos just are not cutting it. They need structure and the only way to do that is to be in school full-time."

Amanda Waters Lebanon, OH 2020-05-14 "I'm not a teacher, I don't know how to teach a struggling child. This is affecting mine and my child's relationship and our mental health. I work full time during the critical learning hours. By 5pm it's not a good time to start school work. We need normal, we need trained professionals!"

Julie Tuke Faust Cincinnati, OH 2020-05-14 "No new normal!!M-F school days!NO MORE MIND CONTROL AND SOCIAL DISTANCING!!"

Jamarr Davis Willingboro, NJ 2020-05-14 "They need to be either all the way in or all the way out. Working families can't function like that"

Janelle Davis Millersport, OH 2020-05-14 "Students learn better in an educational environment."

Lisa Sizer Wellington, OH 2020-05-14 "I refuse to live in a world that promotes false hysteria and fear! Open up Ohio and let's get back to living!!!!"

Jonie Sapp Toronto, OH 2020-05-14 "I'm signing because I didn't go to school to learn to be a teacher. I don't get paid to be a teacher. I have multiple children in multiple grades. Plus, I've never been on board with common core math. This whole thing is just bogus and unconstitutional. Scrub the school. Scrub down the desks. Arrange them in a way so kids aren't on top of one another. The whole thing makes me so angry. Not everyone has to worry about who they give/get it to. This and the closure of small businesses, but big businesses are richer than ever, haunts me. I'm over it..."

Brandy McGlothlin Logan, OH 2020-05-14 "Our kids need to get back to some kind of normal. They need more than 2 days a wk! I worry this will set them so far behind. We try our best at remote learning but let's face it I'm mom not a teacher and they don't do for me what they do for their teachers at home. I worry most about my kiddos with IEP they need their extra helpers to keep growing and achieving their goals. We can't live in fear and it's time to get back to some kind of normal."

Sheila Turner Glenmont, OH 2020-05-14 "Things need to get back to normal ! Parents can not be expected to home school their children again next year! If they can be in school 2 days they can be there 5 days! This needs to stop!"

Rena Hughes Jackson, OH 2020-05-14 "Stop the fear mongering among parents and individuals about a virus with a less than 1/2% death rate. If you are going to educate, then EDUCATE!"

Nathan Dittmar Dayton, OH 2020-05-14 "This is the stupidest thing and is not going to benefit the children and our future!"

Alyssa Berndt US 2020-05-14 "I want my son in school full time. Distance learning is not working and the isolation is making kids depressed"

Jerrica Paul Circleville, OH 2020-05-14 "I understand this is serious and we need to take precautions. But if we are exposing them two days a week, we might as well be five. I understand the idea is probably to have less kids in the schools but these kids are not getting what they need. Some children are living in hell at home or not getting by guidance for school work. Kids need this stability."

Stefanie Wildman Jackson, OH 2020-05-14 "My kids need to be in a structured classroom with a teacher that can give them the education they deserve."

Lori Marshall Nashport, OH 2020-05-14 "I have grandkids that need to go to school full time. My teaching isn't good enough for them"

Melanie Cupps Springfield, OH 2020-05-14 "Parents are not school teachers. The kids need back in school."

Alicia Morrissey miamisburg, OH 2020-05-14 "This is just crazy. It's hard enough to keep kids on a decent schedule now..let alone this stupid crap they are trying to pull. It's all BS!!!!"

Mikele Giambra Mason, OH 2020-05-14 "The government shouldn't be controlling the school day !! The tax payer should !! This is a terrible idea for our kids !!!"

Jennifer DeRenzo Concord, OH 2020-05-14 "There is no reason to continue this way. Too much media hype and scare tactics being used against us. Send the kids back to school!!!"

Danielle Page Dayton, OH 2020-05-14 "The potential proposed recommendation for mixed/partial school days fails to take into consideration the continued need for childcare, educational and emotional support of childcare on other business days. As a single parent, the proposal would created additional hardship to my family and others like myself not to mention put my child (and all children) at risk of depression, obesity, and other emotional and health concerns."

Bailey Emrick ohio, OH 2020-05-14 "i'm not spending my senior year doing mixed school days. it was bad enough not going all together this school year."

Bradley Swinning Waverly, OH 2020-05-14 "This will NOT be good for the kids! They need routine! Let life move on!"

Maria Foley Tiffin, OH 2020-05-14 "This isn't practical for working parents"

Rachel Bader Newton Falls, OH 2020-05-14 "My kids need to be there everyday to learn they need the structure of the classroom."

Denise Roeder Columbus, OH 2020-05-14 "Kids need a consistent and reliable schedule! They need to interact with role models and peers . It is crucial for their development."

Tiffany Hedges US 2020-05-14 "It's dumb school should remain the same !"

Erin Speakman US 2020-05-14 "These kids need to be in school with consistent schedules."

Allison Davis Sidney, OH 2020-05-14 "I am signing because this is absolutely ridiculous!!!!" \Rachel Shultz Olmsted Falls, OH 2020-05-14 "My kids need to be in school. I have a so. With special needs and two other young children. It's critical for their learning and development"

Angie Casalinova Kent, OH 2020-05-14 "Staying locked up for a long period time just prolongs the inevitable of the number of cases increasing. The more ppl Who come together and are out in the public will build immunity's to this. Obviously, if you are immunocompromised you should take precaution! I am a nurse in the medical field and truest believe this as does the doc I work for. I want my daughter to experience her senior year and all that goes with it."

Amanda Brock Franklin, US 2020-05-14 "I have 3 children in school and they need the interaction with others students. To me they are not leaning why they need to through the computer."

william majors Zanesville, OH 2020-05-14 "It's BS, parents have a hard enough job as it is raising their kids today. This will just add to that job making it more costly to parents. DeWhin needs to stop all this unnecessary crap and open Ohio up all the way without all this other crap added."

Erica Leugers Wapakoneta, OH 2020-05-14 "I'm not a teacher n I'm not going to school to be one so my kids need to go to school n be hands on not this online shit"

Richard craig US 2020-05-14 "It's not going to change anything health wise. The kids have great immune systems. Your doing nothing but destroying the kids education and putting a bind on schools and parents financially. Parents have to work but they can't because they have no daycare"

Pam Haley West Salem, OH 2020-05-14 "My kid deserve the best education and remote is not that."

Deborah Giblin New Middletown, OH 2020-05-14 "For all the students and teachers."

Caroline Hancock Archbold, OH 2020-05-14 "I am a health care worker and mom of three. They need to go to school!"

Jerry Mertz Celina, OH 2020-05-14 "Society needs to build immunities, that only happens when people are together. Don't use Corona to hurt our children's learning environment!!!"

RaeJean Boggs US 2020-05-14 "I feel the kids should return to normal routine and attend school full time"

Susan Riggins Columbus, OH 2020-05-14 "The damage from closure far exceeds the deaths from covid. I refuse to believe the 3.3 million essential employees who've been in igh contact zones for months BEFORE masking have survived solely by miracle alone. This is NOT the plague, but a government grab for our rights. Open NOW and send our kids back to school without psychologically disturbing social distancing measures."

Rita Silvey Jackson, OH 2020-05-14 "I work in kindergarten so I know how important consistent, face to face contact with the teachers is."

Shirley Barker Elyria, OH 2020-05-14 "Children need A "complete" education, not A partial one. Why can't the states offer vocational training for the other 3 days???"

Hailey Slusarczyk Kent, OH 2020-05-14 "I'm a preschool teacher and I don't agree with this for different reasons. I believe in an all or nothing approach here. I just don't see this as fair to teachers and if anything it's an excuse to pay teachers less and reduce education funding all while expecting the world of teachers to juggle home schooling, classroom activities, as well as their own lives. I'm not okay with this idea."

Molly Miller Ray, OH 2020-05-14 "My kids need structure. My husband and I work full time. I work 13 hour shifts (including weekends and holidays). I am not a teacher. I do not know what I am doing. I cannot keep a set schedule for school with my work schedule. My child's mental health is suffering because of this. He needs structure and to be taught properly. He needs socialization."

Erin Lakin Loveland, OH 2020-05-14 "My kids deserve a choice in their education!"

Angela Phillips US 2020-05-14 "This is nuts talk about ruining kids life"

Lisa Wheat Celina, OH 2020-05-14 "Our children need routine and stability! Most parents do not know how to teach and most of these parents work full time, which leaves little energy for them to also be teachers. Please let us get back to our normal routine, for the sake of our children and our sanity."

Christy Rigsby Chillicothe, OH 2020-05-14 "Children need consistency... and positive relationships and social interaction is key to development..."

Stephanie Woolever US 2020-05-14 "I have a fifth grader who loves school and a 4 year old starting school. They need a schedule. I'm also working on my master's degree in special education and I current sub teacher in Athens City School, Nelsonville-York school, and Lancaster school district. If we don't go 5 day I won't have a job to go back to in the fall."

Katie Rhoads Loveland, OH 2020-05-14 "My children need education. Myself and my husband are both front line workers! Cutting class size in half and expecting kids to actually social distance is not realistic!"

Amanda Platfoot Sidney, OH 2020-05-14 "I believe kids need to be back at school. They are lowest risk and many more have already had or been exposed to COVID 19 than they have tested. Some children need everyday instruction from teachers, which is not me. I am a nurse not a K-3, elementary, or HS teacher. Schools do not handle this properly, some teachers have transitioned easily to it and others are absolutely absent almost. Kids who were struggling are falling further behind." Megan Massie Springfield, OH 2020-05-14 "Its bullshit"

Steve Chance Dayton, OH 2020-05-14 "This is not a workable solution for families that work for a living."

Sharon Johnson Cleveland, OH 2020-05-14 "For my daughter & grandsons."

Ryan Sullivan Dayton, OH 2020-05-14 "It will kill our families income. My wife will need to quit her job."

Barbara Sibole Leesburg, OH 2020-05-14 "It's a travesty for our children !"

Rachel Hatfield Cincinnati, OH 2020-05-14 "No mixed school days. OPEN OHIO!!"

Sherry Honn Xenia, US 2020-05-14 "There is no way this will be effective. Not for the students or parents."

maureen north lakewood, OH 2020-05-14 "Dont think it will work"

James stover Thurman, OH 2020-05-14 "We need the children back in school"

Larry Roseberry Springfield, OH 2020-05-14 "All of this is nonsense."

Kayden Bourget Kenton, US 2020-05-14 "i don't like the idea"

karen roberts Lancaster, OH 2020-05-14 "Education is vital to our future"

Jennifer Lehman South Charleston, OH 2020-05-14 "This 2 Days in 2 Days out is not going to benefit anyone. Where will they be if not in school Daycare? Are daycares going to be responsible for taking the place of teachers now? At home with their parents? What about the parents who have returned to work?"

kristina finkel Ashland, OH 2020-05-14 "They will be around kids all summer"

Tami Kelley Bainbridge, OH 2020-05-14 "I think the children need to be in school full time."

Kathy Mohr Cincinnati, US 2020-05-14 "The longer you allow this, it will never stop. Let's move on."

Jonathan Petrus Alabama 2020-05-14 "In my humble opinion, school learning is best completed in a school physical classroom. Consistency in our children lives is important."

Angel Six Toledo, OH 2020-05-14 "This is retarded 路♀# A lot of people have to work and can't afford baby sitting nor trust people to baby sit"

Jennifer Pargeon Rockbridge, OH 2020-05-14 "I feel most kids wont get proper education at home."

Molly Balogh Rock Creek, OH 2020-05-14 "I work full time, this is not ok. Kids need socialization, sports and other extracurricular activities!"

Regina Tassell Cincinnati, OH 2020-05-14 "The modeling has all been proven wrong. Our kids need to go back to school, as normal, in the fall."

Lisa Lofthouse Dayton, OH 2020-05-14 "I value proper education for my children."

Arielle Sheldon Dayton, OH 2020-05-14 "If malls and dining is opening children will be exposed anyways. Keeping them home while everyone else goes out doesn't solve Name Location Date Comment anything and working parents need a reliable option for their children . Sitting in desks at school is safer than piling them up at daycares."

Lizzi Rolfe Logan, OH 2020-05-14 "Quit all this. Let us do what we want. Don't ruin our kids schooling because you wanna have control over us."

Marie Wochele Cleveland, OH 2020-05-14 "My child needs to be in a classroom environment while being taught by a qualified instructor. I'm not a teacher and we don't do well with at home/distance learning."

Kim Waybright Cincinnati, OH 2020-05-14 "This idea would not help one bit with the stop of spreading diseases/virus. All it would do is mess up childcare options for everyone that works outside of home. Come on governor we've been through lots of other disease/virus over the years and have never done any of this. Leave school the way it is!!!!!"

Kasey Eaglin Dayton, OH 2020-05-14 "I am full time working parent of two school aged children. I do not have the time to make sure they are getting adequate learning at home. We also omly have 1 laptop in the household. I fear the children would fall behind doing it this way."

Chad Christian Alliance, OH 2020-05-14 "Our children need to be in school full time together. A high percentage of parents are not effective teachers or knowledgeable of things that are taught in school. What about the underprivileged children, where school is actually an escape from home."

Jennifer Medlen US 2020-05-14 "My special needs child needs to go to school and learn!!! He is not getting this online learning and it's a huge struggle."

Martha Bias Seven Hills, OH 2020-05-14 "Children need to be in school."

Sherry Wieter Delphos, OH 2020-05-14 "Don't want my grandkids to have to sit in school with the mask on and then people that would take it off expose them I'd rather them be schooled from home"

Austin Parrett Circleville, OH 2020-05-14 "I have children that need a routine schedule to learn an proseper into young adult with the knowledge they can only be taught by the school systems we pay into to allow them to be taught properly"

Diane Boden Columbus, OH 2020-05-14 "Look at the numbers, Dewine. Children aren't dying of this. Our kids need back in school."

Penny Crabbe Stoutsville, US 2020-05-14 "They need to be in school."

Misty Jordan Jackson, OH 2020-05-14 "I feel 2 or 5 days don't matter! These kids need structure in a learning environment! Dealing with a whole 9 week of Name Location Date Comment homeschooling was enough to make me never think of home school again! My kids are fed well and taken care of well, but there are so many other kids that need to be at school for it's a safer and better environment and gets at least 2 meals Guaranteed. I think that most kids will be better off at school 5 days as to be home!"

Bridget Robertson's Mason, OH 2020-05-14 "I'm signing because parents need for their children to be in a safe place while they work and kids need to be in a classroom in order to optimize learning."

Jessica McCormick Galloway, OH 2020-05-14 "If you screw up my kids' schooling, I will pull them out. Enough is enough! The numbers of mortality from this virus are less than 1%, and children are not at high risk of serious illness. There's no good reason to put parents and schools in this overburdened position!"

Becca Leensvaart Greenville, OH 2020-05-14 "I believe our children are safe to attend school full time in the fall! There is no medical evidence to support closing down schools"

Bill Gaglione US 2020-05-14 "Mug son loves school and with his special needs he needs to be in the class."

Amy Mills Dayton, OH 2020-05-14 "I am against this, put the kids back in schools with a normal week. They are not endanger."

Kelly Lipka Wilmington, OH 2020-05-14 "kids belong in school..this virus has been here for a long time..kids were in school then.."

Jodi Vermaaten Grove City, OH 2020-05-14 "I think that it is very important that children get the benefit of learning and interacting with other students.I also think that this will be a logistical nightmare for working parents"

Kerrie Wilson Youngstown, OH 2020-05-14 "I am a teacher and this online teaching is not good for the kids. They miss school and need the structure."

Dawn Clark Chesterland, OH 2020-05-14 "Small group or large group- if someone is infected it spreads"

Samantha tanner Columbus, OH 2020-05-14 "It makes no sense economically or scientifically! I can't survive on blended work days based on my kids blended school days!"

Terri Moore Camden, OH 2020-05-14 "There are parent that are going to have to work and not be able to afford a babysitter for their children on the days that they are not in school. Many parents work their work schedule around their children's school schedule."

Terri Moore Camden, OH 2020-05-14 "I 100% agree"

Venus McGraw US 2020-05-14 "My kids are having the hardest time keeping up with online learning. They are at home and comfortable and doing school in your home isn't working for them. They need their routine back of getting ready, going somewhere to learn (in person) from teachers Name Location Date Comment who are trained to do so. I am working while my 65 yr. Old mother watches my 5 kids trying to beg and bribe them to do their school work. We can't live like this much longer. This is not stopping a virus from spreading."

Kimberly Staub Spring Valley, OH 2020-05-14 "Mixed school days make no sense. They are not economically a good idea nor will the teachers be able to handle the juggling of this type of education. Our kids need to get back into their normal routine. The government has gotten way too carried away with this. The rate of spread among children is very low anyway. And masks are not healthy to wear all day when you are a healthy individual."

Tricia Barlage Celina, OH 2020-05-14 "I have special ed. children that need someone that is trained and understands how to teach them. They also need the social piece that school provides."

Heather Cairns Cleveland, OH 2020-05-14 "I have children and they deserve a proper education in school!"

Lois Henry Thurman, OH 2020-05-14 "Young children need the guidance of a hands on teacher. A lot of kids could fall so far behind and will fall through the cracks. Besides all kids need socialization with their friends and peers."

Janet Barcus Canton, OH 2020-05-14 "This would be a teaching nightmare for educators. What happens with Art, Gym, Music, etc.? Two days in, two days out...what about the fifth day?"

Tim McNeilan Hillsboro, OH 2020-05-14 "People have to work and pay bills. I am not a schoolteacher, and I'm not receiving any type of payment for being a schoolteacher. The school board and the governor need to think about doing virtual classrooms. This generic Google classroom is way too difficult for kids to navigate through. At one point my daughter received 50 emails over a weekend. Set the teachers up with cameras and laptops so they can conduct their classrooms from anywhere they happen to be just like they were in the classroom. And the kids could get online and be in class on the same time. Corporations have meetings such as these with their satellite offices all the time it's a very simple solution."

cindy sterner Lancaster, OH 2020-05-14 "I have grandchildren in school and they thrive on a structured schedule. The homework packets are at times difficult for parents, grandparents, and caregivers as the way children are taught is not the way my children nor myself were taught, makes it rough when helping children understand what the homework requires, causing unnecessary stress for both parties."

Michelle Stomieroski US 2020-05-14 "Mixed school days is the wrong choice for Ohio schools!"

Kelly Smith New Carlisle, OH 2020-05-14 "I believe kids need school 5 days a week. Plus they need sports and clubs."

Erica Morales-Quezada Medina, OH 2020-05-14 "Children need their routines back! Two days per week is not a good option especially if they will require masks and basically sitting in the same spot for 6 hours possibly surrounded by plastic barriers. Let get back to normal!"

Jacki Raabe Dublin, OH 2020-05-14 "Home education is not equitable even within the same district. The teachers are not providing education in most cases, but lesson plans for the children to teach themselves, which they aren't qualified to do; or counting on the parents to teach their children, which is not the parent's role. Free APPROPRIATE public education is what our district is supposed to provide in exchange for our property taxes."

My job has been effected because of covid19 and I now typically work 6 days a week 12 hour days. I don't have the time to devote to her for school work. I barely have time to get to be her mom because of this virus so I defiantly don't have time to be her teacher too. She needs and deserves to have all of her 1st grade year."

Lori Pennington US 2020-05-15 "It is too hard on kids not to have daily routine. It is not feasible for single parents or families where both parents work. If it isn't "safe" to go to school full time than how could it be "safe" to go part time? How are you going to keep everything in a school building sterilized between kids and keep a normal schedule? How in the word could you bus kids and keep them 6 ft apart in a bus as well as in the classroom? How would you plan to make kids wear masks all day?"

Whitney Kaczmarek Columbus, OH 2020-05-15 "My kids need their classroom. They need their friends. But most of all, they need their qualified teachers who are able to focus on teaching them. I'm an accountant. I'm not qualified to teach them common core math or music or art. And I still have to work. So even if I'm homeschooling them, I'm not able to focus entirely on their needs. It becomes more about getting it done than the learning process. It takes away from our family time as nights and weekends become school rather than movie nights or time spent riding bikes, etc."

Lola Motter- Clayton Saint Marys, OH 2020-05-15 "When both parents are working this is not only hard on the child but on the parents as well. We want what is best for our children and to get a proper education. That is what we pay taxes for. This remote learning and two day classes is ridiculous! Are you going to exempt all from paying school taxes? If I wanted to home school my child, that is how she would be enrolled. Open the schools back up! Put people back to work! Save Ohio's businesses! Let us work for a brighter future!"

I don't understand how this mixed schedule will help things anyway... there are other precautions that could be put into place. No water fountains. No shared supplies. Clean the bathrooms more frequently. Isn't it too early to tell anyway...let's follow the plan this month and see what happens!"

Melissa Bachstetter Orient, OH 2020-05-15 "This will be way too much for three parents and the kids are not doing well now on online learning now. They need to be in the building. Especially those with autism, ADHD and other learning disabilities. They have routines that help them adapt and learn. They know school is where they do school work and home is for home stuff. It's been a battle for so many parents to get their kids to work. Plus the teachers are having issues teaching online classes. The programs are not working well. It's all a hassle!!!"

Jennifer Schuermann Cincinnati, OH 2020-05-15 "It's ridiculous to have children have mixed school days. If this happens, I'd prefer to homeschool and have the tax dollars normally sent to the school sent to me instead."

kim markley wooster, OH 2020-05-15 "Kids need to get back to school for many reasons. Not only is it affecting their education but it's not good for their mental health. For parents going back to work this idea is a nightmare. Also, I've heard the idea of wearing masks. Bad idea, you can barely breath and you can't understand anyone. Suggestion, maybe take everyone temperate daily and if kids are showing symptoms of getting over a cold or cough make them wear a mask. Not the healthy students."

Shawn Howard Chillicothe, OH 2020-05-15 "Because I think kids need to be around other kids they can't learn everything they need at home"

Hayley Lauve Columbus, OH 2020-05-15 "I'm signing because I'm worried that our state does not see how having on and off days creates more exposure to uncontrolled settings besides the ones listed in this petition (which are very good reasons!) If younger children are in a school then go elsewhere on the days off, this is like taking a control group and scattering it around to many other places (various day care centers or home care) and then putting them back together on the ON days. This isn't a way to more careful. It'd be better to keep kids in the same "germ environment" maybe by having more latch key options so that they are keeping in the same sort of control grouping. I'm all for safety, social distancing, masks and deligent cleaning practices, but spreading kids out into other variables and situations seems like a bad idea. Let's also not forget that day cares are starting to limit numbers, so that could be harder to find. I have seen a few centers moving to 9 per class with one teacher. This will greatly reduce options sadly making it ha"

I can't handle forcing them to do school work, it's too much. They need to be in a educational setting or they will be held back. Let us choose, maybe some parents can handle this, but not all of us can!"

Michelle Lauve Galloway, OH 2020-05-15 "Besides the reasons listed in the petition, I am signing because alt days creates more room for exposures by having kids out in other atmospheres that are not their own home school on the off days. If this were a science experiment, you wouldnt take your control group, expose it to other groups (places like day care house kids from all other schools) and then bring your control group back to the home base.. That'd be a disaster. Week long school cuts down on that exposure especially if they could ramp up latch key thus keeping kids more into the "home germ pool" sort of aspect. If it was really about less exposure - the technically, alternating days creates MORE elements and route for exposures coming from many other variables depending on where kids go for those off days. We would only hope that everywhere these kids went was following proper safety procedures, but we can't be sure especially when day care center are cutting numbers. I am seeing some go to 9 a classroom with one teacher for school aged childr"

Rosalind Clark Lima, OH 2020-05-15 "Many parents and guardians are not equipped to assist their students with remote learning. We are continually berated about the "dumbing down" of America because parents are dropping the ball in building our children's characters. This measure will almost ensure that happening. Many students will virtually receive only half an education because their parents, who are not educators, have neither the time not the resources to teach their students part time."

Ofelia Cardines Miamisburg, OH 2020-05-15 "Time to stop living in fear and get our kids back into school for social interaction with their peers."

Lisa Keller Lima, OH 2020-05-15 "I am a grandma, my grandson and daughter live with me. She works 12 or more hours 7 days a week. I am not a teacher. Never wanted to be.. and I do not have the skills needed to be a teacher. These last few weeks have definitely proved that. That would be unfair to my grandson.."

Pam Goss Granville, OH 2020-05-15 "My kids need that interaction & to be in school. It's their right. Three months of at home learning was enough."

Deb Coppus Tiffin, OH 2020-05-15 "Because they are taking this way out of context. Let kids be kids, or keep them home."

Shannon Lewis St. Marys, OH 2020-05-15 "This is absolutely ridiculous! Kids do not get the education that they need! Please do not do this!"

Jennifer Howlett Olmsted Falls, OH 2020-05-15 "Kids need routine and structure. This rotation system will not work. This is putting a huge burden on working parents. Daycare costs. Having their own work schedule interfere with."

Katy Jacomet Piqua, OH 2020-05-15 "Our kids need to be in school!!!"

Jarrod Yant Piqua, OH 2020-05-15 "Mike Dewine is wrong and what he is doing to Ohio is wrong and he needs his power striped from him"

Margo Cox Middletown, OH 2020-05-15 "I am in healthcare and I can not work all day and help teach my child when I have only 2-3 hours with her before bedtime. She needs the structure and motivation from attending school each day."

korena mcarthur Leesburg, OH 2020-05-15 "Because my kids need to be in school full time every day. With no mask ."

Jessica Locker Sidney, OH 2020-05-15 "It's doing more harm than good. Especially for families who have children ranging from all ages. Those of us who have older children to watch the younger ones for the time we are at work because childcare costs are too much will once again be forced to choose between providing for their families and someone watching their children. Dewine is clearly out of touch with his Ohioans he keeps claiming he is hearing."

Elise Kiser Piqua, OH 2020-05-15 "Children need to be in school and mike dewine is single handily ruining our state and lives"

maureen schofield parma, OH 2020-05-15 "Dont agree"

Deanna Kortis Troy, OH 2020-05-15 "Children need to be in school with a routine & structure! They need normalcy and deserve to be taught by teaching professionals not parents who are also trying to work full time. I've witnessed first hand that "online" school does not help children learn the way being in school 5 days a week does."

Rhylee Tufts Piqua, US 2020-05-15 "This mixed learning is honestly not a good way for children to learn, many kids can't learn at home and it's very stressful for kids to be going back and fourth"

Tammy Webster Piqua, OH 2020-05-15 "I think this is crazy, I understand totally that there is a chance of getting this crazy virus however there is also a bigger chance of not getting it ... Please these kids have missed out on so much of there life they will never get back don't take anymore away from them !!!!!"

Heather Bell Piqua, OH 2020-05-15 "Kids need the structure and routine of school."

Kami Millhouse US 2020-05-15 "Kids need structure and routine! This has affected all 3 of my boys differently. The oldest still hasn't met his teachers for uvcc and did ok with doing homework; my middle is on an IEP and struggled with understanding assignments and my youngest who was a kindergartener would get to the point where it was a battle for me to get him to do his homework." Kimberly Miracle US 2020-05-15 "My daughter is suffering greatly. She is on an IEP and needs the help from the school staff."

Nicole Kessler Sandusk, OH 2020-05-15 "Our children need proper access to the education & educational facilities that they are entitled to."

Diana Drummond Wapakoneta, OH 2020-05-15 "All children need a structured learning envirmenent."

Jennifer Persinger Troy, OH 2020-05-15 "I strongly believe this will do more harm than good to my child as his education is important to him and myself. Doing this online school is for the birds not all parents are educated and can help their child. Think about what our world will be like in 10 to 15 years with uneducated people. Not to mention the abuse some kids face being at home. Just not a good idea for many reasons."

Denise Tysar Cleveland, OH 2020-05-15 "I have to work. How can I homeschool my child if I am not at home? There are way too many people that will not be able to afford to stay home from work when their children are not at school. I am not a great teacher. My child's education will be non existent if I have to help him."

Ann Watkins Piqua, OH 2020-05-15 "My kids are not learning anything since this remote learning started. Sad that they lost a whole quarter of learning this year if it is split School next year & they require masks my children will be homeschooled"

Debra Steele Troy, OH 2020-05-15 "We are destroying lives along with the economy. We can't live in fear. We can be cautious (not overly so) now that we know some things. We can't have teachers nor children wearing masks either. It is not healthy for healthy people to do so. We all need to see faces and expressions. If anyone wants to wear one, fine. Classrooms need to be usual sizes as well. It doesn't make sense to shrink sizes to exclude some students. If someone prefers to home school they have that right. Those of us who want our lives and freedoms back need to have that. Please do hear we the people Governor and Dr. Actin."

Gladis Pelaez Monroe, OH 2020-05-15 "It will be a struggle for the kids and parents that work."

Laura Knierim Millbury, OH 2020-05-15 "1. Rotating the children won't do much to keep them healthy.2. The proposed schedule won't give children a solid education - even with teachers doing their best to provide work at home.3. Parents need to get back to work! 4. You can't pay teachers enough to do all of this extra work. Some will because they love to teach, but then try to get that past the unions!Open up schools next fall!!!!"

Aubrey Tufts Macedonia, OH 2020-05-15 "Kids need to go back to normal."

Laurie Damuth Sagamore Hills, OH 2020-05-15 "Being a parent of a soon to be 4th grader, this will not work for my schedule. Either the kids go 5 days or they continue with online schooling through the district where the kids will not be exposed. The schools will not deep clean every night so a child who may be contagious will spread the germs to the surfaces touched. I am against the 2 day on, 2 day off.. Its not reasonable"

Sarah Colston Uniontown, OH 2020-05-16 "5 day school is necessary"

Kellie Parker Cincinnati, OH 2020-05-16 "Kids thrive in school. Families with multiple children will not be able to help each child with school, they will struggle. My child is struggling and "feels dead inside""

Mechell Estes Alliance, OH 2020-05-16 "Unless you have a vaccine for the COvid-19, I don't feel it is safe for my girls to attend"

Tracy Burgh Piqua, OH 2020-05-16 "I want my kids to have the best at learning. That would be in the class, with their teacher, FIVE DAYS A WEEK."

stacy sharrer newark, OH 2020-05-16 "My daughter will not get the learning that she needs if she is not in school."

David Alachniewicz Maple Heights, OH 2020-05-16 "Your kids need to be in school. I tried homeschooling for multiple reasons. It didn't work & I'm still trying to finish up. Don't let your kids fall into this trap. Demand they get back in school during the fall. (This isn't my current profile pic. Gonna try & change it.)"

Garrett Thompson Cardington, OH 2020-05-16 "We need to go back to normal and stop blowing this out of proportion."

Pamela Murch Piqua, OH 2020-05-16 "While I no longer have children in the school system, I do have grandchildren. I saw (and assisted them) their school work first hand. It isn't enough. The burden of remote learning is next to impossible for working parents and even the stay-at-home parents did not plan to be their child's teacher. Please do not do the split school days. The children will suffer from this."

Gretchen Williams Dayton, OH 2020-05-16 "I am signing because this is ridiculous"

Devon Hill Morrow, OH 2020-05-16 "I am signing this because I don't like the idea"

Brandi Parker Cleveland Heights, OH 2020-05-16 "Kids need school 5 days a week social interaction.

The way it has been for generations. If I wanted to home school my kids I would" Stephanie Huff

Columbus, OH 2020-05-16 "Children are the future."

ashley fitzgerald Piqua, OH 2020-05-16 "I don't want my kids schedule to be all messed up"

Brian Dershem Russia, OH 2020-05-16 "Kids need interaction with other kids."

Jade Gibson East Liverpool, OH 2020-05-16 "Typically both parents work in a household They need school and actual teachers that are educated to do so!"

Lynn Schisler West Milton, OH 2020-05-16 "I believe the teachers should change classes that's only 1 person instead of a whole classroom in hallways and easier to keep from spreading germs"

Sharon Mott Piqua, OH 2020-05-16 "Not only is this a hardship for the families but the children are not learning in many of the family settings and no child should be left behind!"

Carol Bowdler East Liverpool, OH 2020-05-16 "It is unstructured. No doubt on off days students will be sleeping in, hanging out with friends, parents will be struggling with their own work schedules to be home with their children. To chaotic"

Erica Bowers Piqua, US 2020-05-16 "What would this mean for our teachers, our school funding, fundamental socialization, child care, structure, and routine? Why couldnt it be parental choice to remote learn if they are not comfortable with sending their child(ren) back to school? Why not let parents decide if they prefer to send their children to school for a better level of education than some parents can render at home?"

Nakeysha Nowell Dayton, OH 2020-05-16 "Kids need full school so parents can work to feed and clothe and house them"

Heather Hipsher Mansfield, OH 2020-05-16 "I have a full-time job and remote learning isn't the best option for my child. She needs the structure of a school setting to stay focused."

Kenneth Pyeritz Irwin, US 2020-05-16 "The children will have no set schedule or structure in their lives."

Maggie Strunk Sidney, OH 2020-05-16 "Distance learning is hard. Children are being left behind. No mask!!!!!!!!!!!!!"

Ashley Smith Massillon, OH 2020-05-16 "Children need to go to school all week not 2 days an then remote learning no kid is learning anything"

Fallon Eastham Batavia, OH 2020-05-16 "I'm a stay at home mom and I have 3 boys. My oldest has ADHD and this homeschooling stuff hasn't been easy for him, he needs to be in a classroom setting and to have interaction with his friends. My middle child is going into Kindergarten in the fall, I want him to have the best experience going to school all day and to learn the right way by a teacher in a classroom setting not at home where he'll be distracted all day. Please don't let this happen, I'm not meant to homeschool."

Leeann Miller Amherst, OH 2020-05-16 "It's silly. These kids need to be on school"

Stephanie Prince Beachwood, OH 2020-05-16 "Direct instruction is lacking in urban area schools due to the digital divide."

Betsy Hovan Jamestown, OH 2020-05-16 "We must stop teaching our children to love in fear. This virus was heard for months already. We need to resume normal life!!! Now!!!" R

obyn Liffick Tipp City, OH 2020-05-16 "This mandate is unconstitutional and very harmful to our children!!!"

Donovan Konoff Montpelier, OH 2020-05-16 "Fuck de whineys bullshit plans"

Donna Schaub Piqua, OH 2020-05-16 "I have a grandson on an IEP and this home schooling is hard for him. They need the structure."

Christopher Robbins Troy, OH 2020-05-16 "if they want to do this then the schools need to repeal the income taxes and levees they have on the population."

Amber Yeager Defiance, OH 2020-05-16 "Kids need school 5 days a week and as both parents work out of the home we struggle to send our kids to the sitter let alone find one sitter that can take all"

Tammie Wendt Clyde, OH 2020-05-16 "My 13 yr old special needs son needs to be back in school and back to his routine."

Jacklyn Hensley US 2020-05-16 "I'm not a teacher we have 5 kids!"

Mary Walther Hudson, OH 2020-05-16 "Kids need structure and consistency. They do not need forced social distancing, mandatory masks, overuse of hand sanitizer and no mandate to receive a coronavirus vaccination."

Richard Fuller Rock Spring, GA 2020-05-16 "I think it's foolish"

Natasha West Cincinnati, OH 2020-05-16 "I believe our children should be allowed to attend school 5 days a week. They need the physical and social interaction with their teachers and friends. Teachers need jobs, my list goes on!"

Derek Cooper Hillsboro, OH 2020-05-16 "It would allow students to spend more time in a classroom setting"

Heather Hershey Ashland, OH 2020-05-16 "I do not consent to anything than a typical school day and week!!!! This is unacceptable!!!!!"

Maria Lance Fremont, OH 2020-05-16 "I have grandchildren that are in the high risk group. Even if they were not, I in no way would risk their health or their lives. Other options have to be explored. How can Governor DeWine make this decision. When even Dr. Fauci who has admitted he doesn't know everything about this virus advises caution. So no I do not support his decision."

Amy Foster Defiance, OH 2020-05-16 "My children deserve an education from people who know how to teach and work with any concerns educationally. They also need social skills and peer support."

Greg Badgeley Hilliard, OH 2020-05-16 "Education is too important to play politics with. I hear how the U.S. is lacking in education and the solution is less time being educated?"

Georganne Huber Troy, OH 2020-05-16 "We are a two a 2 income family and only option for childcare is grandparents"

Jacob Bayus Hubbard, OH 2020-05-16 "1st of all I'm not a teacher and the way students are being taught in school now compared to when I was is completely and totally different And there are some oh scored that I simply can't understand or help them with because I don't have the understanding or the teaching skills or the knowledge like their teachers do They need be in school learning from their educators And it's hard from some or possibly all of us parents to change our schedules around or come home from work and be a teacher it's not fair to our children they need a constant schedule they need a better routine they need their educators to help them succeed And learn"

Jennifer Beamer Elyria, OH 2020-05-16 "Children are so involved in technology. We must not forget that human interaction is essential for growth."

Jessica Smith Piqua, OH 2020-05-16 "These kids need to go back to school full time. They need that structure"

Holly Brown Morrow, OH 2020-05-16 "It's time to get back to life and stop living in fear!"

John Fetters Georgetown, OH 2020-05-16 "I disagree with this. There has been too many hardships placed on families already. Most have parents that work and cannot take more time off. Single parents cannot take more time off. Unemployment is steadily increasing, it is ludicrous to think for a second our society can survive in this manner. There will be more homeless families, more child abuse than before."

Carrie Wilson West Manchester, OH 2020-05-16 "This is too difficult for children with special needs. They need routine, predictability! They need to be around others!"

Victoria Schwab South Bloomingville, OH 2020-05-16 "Just like leaving Walmart open but closing down small businesses, this idea makes absolutely no sense! If you can be kept "safe" part of the time you can be kept "safe" all of the time. OPEN THE SCHOOLS AND STOP MAKING OUR CHILDREN AFRAID OF EACH OTHER."

Chris Blackford Zanesville, OH 2020-05-16 "Our children deserve a good education"

Hope Swabb-Fitch Troy, OH 2020-05-16 "My kids are failing with homeschool but when actually in school they get A's and B's. Kids like mine with learning disabilities they are hands on and need in person structure they need to be in school my own kids have even told me mom this is too hard they are now getting D's and F's or like my son won't even do his work period at home. Location Date Comment all he tried and didn't understand it I tried to help and he threw his laptop and said screw this I'll fail"

Angela Wilde Huber Hts, OH 2020-05-16 "My son needs the structure and will learn much more from going to school."

Kim Newcomb Cincinnati, OH 2020-05-16 "Our kids need to go back to school, they need their friends all together, they need each other as a whole, our household needs to work and we can't afford full days of daycare and she will be in the same situation if she were in school 5 days a week. I'd rather her be with her teacher 5 days a week. Our teachers aren't working in prisons where they have to keep them separated."

Ronan Casanova Franklin, US 2020-05-16 "Because wtf deswine"

Joclyn Perez Parma, OH 2020-05-16 "Children are NOT learning!!! They are just getting by and doing what they have to! Children thrive in a classroom setting and NEED social interaction"

Natalie Miller Middletown, OH 2020-05-16 "I don't see the good it will do"

Melissa Valenti Vermilion, OH 2020-05-16 "Let them go to school!!! Do y split days. Don't keep them out. Let them go."

Starla Rogers Seneca, OH 2020-05-16 "The whole idea is just ridiculous! We are bankrupting a Nation over a virus that has a 99% survival rate. We need to learn to live with it! I say bus monitors to take temperatures and school monitors to take temperatures of staff and children who drive or are driven! We must learn how to go on living with this virus in a mist!"

Peter O'Neal Dayton, OH 2020-05-16 "We need school to get back to normal... remote learning is a fiasco... I am a teacher, and I say, PLEASE let school go back to the way it is supposed to be."

Jody Merrill Hamilton, OH 2020-05-16 "Because I think the long term affects will be nothing short of devastating should kids not be able to go back to school full time."

Melinda Fowler Warren, OH 2020-05-16 "My son has struggled with this whole new way of learning."

Hannah Walters Cambridge, OH 2020-05-16 "Kids need school. They need to be able to communicate with other kids and other adults. My son needs speech therapy. He needs to learn more than I can teach him"

Roberta Knisely Macedonia, OH 2020-05-16 "My child is a senior - I am so upset she may miss her last marching band season when she has worked hard for 6 yrs to get to this point - even giving up jobs, vocational schooling and other activities. She is taking college credit and AP classes for the first time - which will be tough regardless but close to impossible if she goes to school part time. She will not have a chance to catch up or make up work in later years. It is bad enough seniors this year have missed 2 months along with their graduation and prom. Now you want the class of 2021 to give up their entire year? What about kids that are hoping for scholarships by playing a sport their senior year? You could ruin their future by closing up a state and educational system for a virus that has not proven to be as deadly as you claimed. I am all for being cautious - cleaning, hygiene, shutting down a school for a Name Location Date Comment long weekend if a virus has taken hold ... I am all for giving people a choice. But give my daughter a choice to attend her last year of school"

Billie Stevens Dayton, OH 2020-05-16 "I'm signing because I feel like my child is suffering because I'm not educated enough to give him the help he needs. I just feel like it's more stressful on my child and feel he really isn't learning."

Patti Hart New Philadelphia, OH 2020-05-16 "I have 3 children, home teaching was an awful experience for them. A lot of tears and confusion. Not even sure much was retained. They already keep stressing over a whole year of this. Let them go to school!!!"

Rebekah Loveland Girard, OH 2020-05-16 "I am a teacher and feel that at the kindergarten level we need school 5 days a week." Richard Spiker Springfield, OH 2020-05-16 "This is an undue hardship on working parents and quite frankly it's idiotic"

Rebecca Ochoa Zanesville, OH 2020-05-16 "Kids need to be in school getting an education."

Autumn Conley Springfield, OH 2020-05-16 "Overlord DeWine and Control Freak Acton have ruined our economy, our mental health, and our children's educations with their fear-mongering. Acton admits the virus was here in January, and for two months after that, before our rights were trampled, we went to work and school and lived normally, without walking around with face diapers and holing up in our homes and never seeing or hugging our loved ones. DeWine already found a loophole to ruin the primary election. Now, he wants to control schools, too, with no regard for what is best for students, teachers, and parents...as long as he stays in the national news and the limelight. Please sign this petition to put a stop to his overstepping, because we've already given far too many inches, and he will keep taking miles at our expense."

Nikki Austin Hudson, OH 2020-05-16 "It's stupid let the kids go to school!"

Victoria France Cleveland, OH 2020-05-16 "My daughter needs to be in school physically 5 days a week and participate in sports and school activities daily. No 2 day and virtual BS!!! Enough is enough already."

Elise Tulanko Marysville, OH 2020-05-16 "This has gone too far. School should be something that inspires children and grabs their attention to learn. This will not do that. Also parents will struggle to find daycare for children while they go to work."

Kaylaya Crutcher Cincinnati, US 2020-05-16 "My daughter is disabled and does not do well with remote learning and needs the in classroom interactions with her therapists, teacher, and classmates to learn!"

Ethan Haney Middletown, OH 2020-05-16 "We need to go back"

Alana Hanser Wilmington, OH 2020-05-16 "It is the most ridiculous, ignorant plan I have ever heard. Then again, Dewine is ignorant too."

christopher s. noble eastlake, OH 2020-05-16 "We can't harm our children's future over our dear of death from Covid19."

Dalyn Johnson Miamisburg, OH 2020-05-16 "I am a teacher and I do not feel as though I will be able to have enough time in my classroom with my students to develop higher levels of understanding. Rapport will be lost with students, which is such a large part of motivating students to want to learn. When students are invested, they learn. Higher order thinking is created when teachers are able to push their students beyond a simple explanation and that does not happen without conversation and interaction. Knowing when to push or when to re-teach for clarification is largely dependent upon human interaction. Kids often can not communicate their thinking, but their reactions show where their thoughts are developing. As a parent and a teacher, I want to develop thinkers."

Shirley Walker Troy, OH 2020-05-16 "This is ABSOLUTELY crazy! We will never develop herd immunity if we don't do a better job of "opening up completely"! Kids help with the herd immunity! Medical professionals have testified that what we are doing is not right! Kids need to have a normal life - not a "new norm"! They've already had to suffer with "standard core". Don't make them and their families suffer more! This puts a GREAT strain on families, teachers, & school systems to continue with this idiotic approach! Furthermore, most school systems are already suffering with all the financial cuts and this will add more "insult to injury"! PLEASE stop this NONSENSE!!!"

Carol Oler Dresden, OH 2020-05-16 "Most kids in rural areas don't have affordable internet that's reliable"

Joanne Gartland Willoughby, OH 2020-05-16 "This is ridiculous! Stop already!"

Rosetta McFadden Wellston, OH 2020-05-16 "It wouldn't be good for the students. Just go back to regular classes."

Brittanie Zimmerly Lima, OH 2020-05-16 "Are kids need stability. They have been off since second week of March they need to be i school full time."

Melinda Curtin Dayton, OH 2020-05-17 "They need to go back to school."

Lori Woodrum Cincinnati, OH 2020-05-17 "This is the most ridiculous thing ever for children and families."

Rebecca Helfinstine Middletown, OH 2020-05-17 "Kids need to build up their immune systems. You are being paranoid about a virus that can be killed with pretty much everything! Just stop and let us live our lives and let kids be kids!"

Chloe Martin Chillicothe, OH 2020-05-17 "I'm a student and the only way we learn is with consistency id much rather online than waste my time."

shawn blaho West Lafayette, OH 2020-05-17 "Because the governor and his Babykiller sidekick don't have a clue"

Julie Sisunik Parma, OH 2020-05-17 "The kids need their teachers! The teachers need their kids! Education is more than a Google Doc!"

Heather Dulaney Cincinnati, OH 2020-05-17 "I have 2 kids and this would not be effective for them or me"

Kathy Reynolds Cincinnati, OH 2020-05-17 "This is a terrible idea. There is no feasible way for parents working outside the home to be able to handle this type of school schedule."

Lori Willinger Sandusky, OH 2020-05-17 "I believe my granddaughter deserves to have a normal school experience!"

Michael Wheeler Lima, OH 2020-05-17 "Get a grip Ohio!! Quit being a bunch of scared pussies and turning our kids into scared pussies!!! No social distancing!! No masks!! Hand shakes and high fives and hugs are allowed!! Live life! This virus is t going anywhere and we the people will not be mandated to be vaccinated. Believe that!!!!"

Stephanie Ford Springfield, OH 2020-05-17 "The kids need normalcy. They need a structured schedule. Parents need to be able to send the kids to school to avoid further hardship for them."

Megan Brown Barberton, OH 2020-05-17 "Our kids needs to be in school full time"

Angie Yunker Medina, OH 2020-05-17 "Director Acton just said that the virus has been in Ohio probably since January.... the hospitals were not overrun in January or February.... There were no deaths by the tens of thousands why do we need to have our state closed at all there obviously is no pandemic or the hospitals would've been overran in January open our state now no mix schools for our children"

jessica dickenson Piqua, OH 2020-05-17 "Not only will these children still be exposed to everyone else, as if they would during full schedules, but my visually impaired child has lost all support at home from her therapists and teachers (some of her favorite people) other than a video chat here and there, but I am also not able to work and teach two children and have been deemed a necessary worker. My daughter has also lost all therapy access as it was provided at school, as well as sleeping problems now because her routine has abruptly changed. My other child had social issues that were being addressed in a small group setting at school, and now she's in total isolation and completely defiant towards remote learning situations. Neither of them are learning anything except how to keep me awake every possible minute. I CANNOT keep this lifestyle up. I do not have access to daycare or babysitters qualified to take my medically fragile child, especially someone I can trust because she does not speak. Life has to return to normalcy at some po"

John Ratliff Cincinnati, OH 2020-05-17 "Kids need school. It's the most important thing we do as a society!!! Remote learning is horrible!!!! Please get the kids back to full time real school!"

Rebecca white US 2020-05-17 "My daughter deserves her education! I also dont want to be her teacher."

Cameron Breeze US 2020-05-17 "I do not agree with mixed school days"

Kristin Ward Dayton, OH 2020-05-17 "I'm concerned for the future of our children's education, socialization and their overall well being!!!!' My son graduates in 2 weeks, thank God because this is not fair to our youths physical or mental health!!!"

Sean Lowe West Alexandria, OH 2020-05-17 "I disagree with everything DeWine supports."

Lindsey Smith West Unity, OH 2020-05-17 "This is a ridiculous expectation of children and their families!"

Cynthia Enright Gallipolis, OH 2020-05-17 "I am an educator and a parent. Keeping kids at home will not be beneficial to their public education, and socialization skills. I am concerned about the students in my classroom getting the proper education they deserve the days that they are not in the classroom. I am also

concerned with my personal children not receiving what they deserve while I'm at school teaching other people's children. Let us start school like we have always done and teach to kids 5 days a week in the CLASSROOM!"

Kathy Hines Dayton, OH 2020-05-17 "Kathy Hines"

Katie Dula Strongsville, OH 2020-05-17 "The difficulty of getting the kids to school on random different days. Also, if a kid is sick, not know it yet, at school, then the next day the new batch of kids come in and touch what the sick kid touched. All or nothing, in school or out. I vote 100% in school. My one daughter is going to fail because she can't handle online school."

Kelley Stoltz Troy, OH 2020-05-17 "I totally agree 100% with Alice, on this !!!" Mark Brown Huntsville, OH 2020-05-17 "I do not agree with tyranny."

Nick P Chardon, OH 2020-05-17 "We need a better plan."

Nichole Richardson Lebanon, OH 2020-05-17 "Children need a proper education which means 5 days a week with their teachers. Parents need to be able to return to work and can't if their children are schooling from home. Most parents depend on their children being at school so they can work those hours."

Amanda Tucker Troy, OH 2020-05-17 "I'm signing because I have a full time job. So does my husband, I am also a step mom... think about the kids that have shared homes, and different schedules already, there schedule is already, choppy with who's house, now to figure out what parents what days will be home schooling, this is not going to provide our children with an education they need to succeed. And it will be more of a hassle/ Name Location Date Comment and stress on students with split homes. Kids will fall behind. And it won't be consistent or ideal for most of the people in Ohio..."

Eileen Andrews Lakewood, OH 2020-05-17 "Children need to be with their peers. They are already far behind in their education. They need to be back in school."

Jeffrey McLaughlin North Canton, OH 2020-05-17 "Parents need to work and can't stay home with their kids. So if they go mixed days, the daycare will be over run, grandparents will have to watch them or a parent has to quit their job and they now don't have enough money. Doesn't make sense"

Erica Knight Manchester, OH 2020-05-17 "I think student need to learn from teachers not their parents that have to work too!"

Brittany Ralston Lima, OH 2020-05-17 "I feel doing this would ruin people's life. The last two months proved that schools and parents are not able to handle this. The internet can't handle all these kids on online schooling. Look at the grades of students. I personally have had many technical issues where the teachers weren't getting the homework submission but I personally stood there and watched my child submit them. My dad has tested positive for covid he's supposedly one that would need hospitalization he's over 50 and diabetic and he's at home on the mend no hospitalization necessary. I think all this is unnecessary. All your doing is ruining good students life because now they are getting bad grades when they are doing the work and the other students like my son with his iep are getting even farther behind. Your ruining family relations because those parents with difficult children on iep's are now constantly fighting with their kids. And people with multiples I'm sure are feeling the same way I am. You feel like your constant!"

Valerie Joseph Middletown, OH 2020-05-17 "FREEDOM"

Stephen Owen Columbus, OH 2020-05-17 "This is the worst idea ever. If safety is that much of a concern then the two days a week is ludicrous. But if the goal was economic collapse leading to austerity, and eventual growing poverty, then they succeeded mightily."

Julie Bok Defiance, OH 2020-05-17 "My 5th grade daughter hates homeschooling. She went from being a straight A motivated happy student in school to a sad depressed homeschooled student. She has no motivation to do"

Anthony Griffith Belle Center, OH 2020-05-17 "My children need the in classroom instruction that they are not getting from this so-called remote learning. Many, not all, teachers are not helping and are not making themselves available to help. In many cases this is the only meal some kids get. Don't take that away from them too."

wenona richards Sherwood, OH 2020-05-17 "Our children need the education we had growing up to become some one in the world this day and age! Kids are not learning Name Location Date Comment everything they need to know. Bc we are not all teachers! We pay taxes that pay a teacher income! That has chose that line of work! To teach our children while we make a living!"

Kara Eicher Antwerp, OH 2020-05-17 "Kids need to go back to school full time with online options for sick or at risk kids. Parents and babysitters cannot be expected to complete the schoolwork."

Ruthie Robertson Cincinnati, OH 2020-05-17 "So Ridiculous. Our schools need to reopen. Our Children need proper education. Remote learning is not the right answer."

Cynthia Shaw Wilmington, OH 2020-05-17 "these poor children are falling behind" Debbie Ferrell Columbus, OH 2020-05-17 "

Sara Hermanson Cincinnati, OH 2020-05-17 "The children are being punished and suffering for this. We can do this safely."

Amy Blum Cincinnati, OH 2020-05-17 "For one I work a full time job and have been essential through this whole pandemic. Lastly, my son has not learned much of anything through virtual learning and he also needs to be around other children. It's not healthy to keep them locked up"

Dan Root Strongsville, OH 2020-05-17 "Our kids need the teaching and direction from qualified, professional educators!! The teaching most kids are currently receiving, from time-strapped, full-time working parents, is not adequate! Kids also need to attend school for human interaction and social aspects nearly as much as they need to attend for learning. We can get school days back to normal while maintaining any needed personal safety precautions!"

helen hill Cleveland, OH 2020-05-17 "I'm signing this because children need to socialize with thier friends"

Savannah Larkin Cincinnati, OH 2020-05-17 "I should be able to go to school full time"

Linda Wisnak Strongsville, OH 2020-05-17 "These children need to be in school all day. Whatever they have planned is not going to do well with every child"

Lori Laub Davis US 2020-05-17 "No way, how confusing would that be."

Chrissy Valigore Chesterland, OH 2020-05-17 "Children need consistency, and so do parents to be able to work. This includes NO MASKS either. There is no way children will get a quality education with this ridiculous proposal."

Ruth Robertson Ashtabula, OH 2020-05-17 "My son is our last child to attend school. I do not agree with split days. They can go full days. And have summers off as usual.This nonsense needs to stop!"

Donald barrett Portage, OH 2020-05-17 "Dewine needs to be recalled he's treating people like kids and 2 days a week!!! He's nuts!! And I question the qualifications as a doctor!!! When a lot of other doctors are saying wearing musk can also hurt you!! Better yet why aren't those two wearing musk??? If it's as bad as they say it is"

gloria combs Dayton, OH 2020-05-17 "This won't work for special needs kids that have a set routine. I can't imagine the parenting difficulties this would bring to families."

Janet balmut Cleveland, OH 2020-05-17 "Children need in person education!"

Dawn Smeltzer Zanesville, OH 2020-05-17 "Mixed school days will not work, kids have already lost 2 months of school, and how are parents supposed to do child care"

Coleen Manny Sunbury, OH 2020-05-17 "The children need consistency or their learning may be interrupted."

Debra purman springboro, OH 2020-05-17 "The kids must go back. The virus willRun it's course"

Mary Renner Sidney, OH 2020-05-18 "Coronavirus has a 98% survival rate. Herd immunity would already have been reached if there was no shut down. It's time to let children go back to school!"

kelly fleak Sunbury, OH 2020-05-18 "The entire state needs to return to normal. No more restrictions from King Dewine"

Randi Damman Toledo, OH 2020-05-18 "Please let our children continue their education 5 days a week with their peers. The hardship on parents on a mixed schedule would be insurmountable. Pick the logical choice!"

Katelynn Cook Wooster, OH 2020-05-18 "This is a dumb idea."

Diana parke Piqua, OH 2020-05-18 "My grandchildren deserve a proper education with their peers! They need to socialize, get back to living without mask!"

Dorene Willen Camden, OH 2020-05-18 "Because our children will not be wearing masks. They need 5 days a week. Normalcy."

Susie Rayburn Washington Court House, OH 2020-05-18 "I want to keep my kid home I will not let her go back to school with this virus 裂 I will homeschool her"

cathy rasche hamilton, OH 2020-05-18 "Because this is a stupid idea"

Sandra Evers St Henry, US 2020-05-18 "I want my kids to physically go to school & learn in a classroom. It should be up to the parents whether they want their kids to wear masks. It should not be mandatory for kids to wear a mask to attend school. Enough is a enough. We abided by the rules but it is time to Name Location Date Comment get back to normal. Not the "new normal " but back where we were prior to this pandemic."

Emili Stack Wooster, OH 2020-05-18 "It would be very stressful on teachers and students and could bring a lot of chaos."

Robyn Blackburn Hamilton, OH 2020-05-18 I think it's unrealistic and a ridiculous idea to continue educating our children in this manner."

laura wooten Piqua, US 2020-05-18 "This is the dumbest thing I've ever heard. School has always been 5 days a week, you can't change that now. Children need to be social, and parents have to go to work."

T'Ashley McGowen Coshocton, OH 2020-05-18 "I'm signing this petition because we and our children all need to get back to a normal lifestyle and routine! These kids need structures and school teachers we as parents are working parents we are busy and we are not school teachers! These kids need structure and proper learning and no stupid masks will be worn by any child. That's just ridiculous!" alan clark

Youngstown, OH 2020-05-18 "No mixed day. Open up"

Philip Neville Millersburg, OH 2020-05-18 "Children need to return to normal school in the fall..... no split schedule or face masks required."

Vania Eberhard Green Springs, OH 2020-05-18 "I want my daughter to enjoy her first year of school, IN SCHOOL."

Martha Silver Zanesville, OH 2020-05-18 "I have kids I care about, they are twins. I don't want them separated nor do I think it's good for kids, too much change"

Kari Swartzentruber Sugarcreek, OH 2020-05-18 "My children deserve to have an education, a full education!"

Erik Berger Avon Lake, OH 2020-05-18 "No masks no distance period."

Kayla Elliott New Vienna, OH 2020-05-18 "My child will be in 1st grade and this is the most important learning age and for the last few months she has learned nothing from home it's not easy with two working patients"

Kristina Massey Malta, OH 2020-05-18 "2 full time working parents cannot also be teachers in the evenings. We have teachers for a reason"

Danielle Sturgeon Peebles, OH 2020-05-18 "This is ridiculous" K

ari Keim Apple Creek, OH 2020-05-18 "Children need to learn without the hinderance of invasive politics."

Lisa Knapp Powell, OH 2020-05-18 "The facts by odh and CDC show that children ARE NOT at risk from coronavirus. This ridiculous proposal will do much much more harm to our children than good!"

Joseph Koehne Cincinnati, OH 2020-05-18 "I am against the governor's draconian and tyrannical mandates."

Brian Blackburn Delaware, OH 2020-05-18 "Because this is all unnecessary!"

Brian Astor Troy, OH 2020-05-18 "Kids need to be back in school."

Savannah Lang Cincinnati, OH 2020-05-18 "Children need to be back in school. How are people even thinking about making a drastic decision like this so early on? Summer break just started and businesses are just now slowly beginning to open back up. It is way too early to make a call about next school year."

Crystal Evans US 2020-05-18 "My son is in a vocational school. Which is hands on learning. He has struggled a lot prior to this. He had a 4.0 until remote learning started. Now he is just passing. Not all students adults or children can learn in a remote learning setting. Also vocational schools are hands on. And if anything this pandemic has proven these careers are essential."

Kimberly Bever Anna, OH 2020-05-18 "Our children need to resume full school in the fall! For Those children that might already be behind, Mixed School days will Not help!"

nick shough Troy, OH 2020-05-18 "This is not about "health and safety", it's about control and power, and everybody knows it" Lana Borders Arcadia, OH 2020-05-18 "Because parents work Full time and don't have back up babysitting not to mention homeschool them."

Rebecca Mott Upper Arlington, OH 2020-05-18 "Parents, especially single parents, ate working full-time, have no daycare available, and then on top of all other household duties, and outside projects, became a full-time teacher as well. The time spent on all of these efforts, well, there is not enough time in the day. We have been working from early morning to late at night without breaks, outside fun, or any time to cook or things we enjoyed. The time spent on all of this is taking parents to the end of their limits and is establishing a breeding ground for (1) exhaustion, physical and mental; (2) mental health crises in the world; (3) stress on family and work relationships, including further abuse and neglect; (4) lack of appropriate and necessary medical care for all who need it. Everyone is suffering. People need to go to work. People need to have their schools, daycares, and businesses open for business. Kids need to be in school being taught by their teachers and socializing with their friends. The time has come. We must get back to normal"

Jennifer Crist Pioneer, US 2020-05-18 "My daughter did not do well working on her own! She has a 504 and with both me and my husband being essential workers we was left on her own. She desperately needs structure and additional help daily to function successfully. Please get the schools opened fully and let these kids go back to normal classrooms and learning!"

Kristen cummins Dayton, OH 2020-05-18 "My kids would not do well in that situation. Especially my autistic son."

Jill Wood Worthington, OH 2020-05-18 "Stop leading thru fear and please use critical thinking and common sense!"

Amy McMillin New York 2020-05-18 "That's ridiculous, but totally something this idiot in Jersey might do too."

Amanda Anderson Green Springs, OH 2020-05-18 "I want my child to have a better chance at learning, and feel school needs to be opened at it's regular time of year, The end of August and the regular amount of days, Monday-Friday."

Cindy Wade Cortland, OH 2020-05-18 "RETURN OUR SCHOOLS TO NORMAL BEFORE MARCH 2020!!! No masks, no 6' distancing and a full 5-day week!!!!"

Courtney Caillouet West Milton, OH 2020-05-18 "Because this is ridiculous. Do we need any other reason?! This "lockdown" has been largely unnecessary, especially for the least vulnerable; i.e. our children. Let's get back to normal and do away with the "new normal." The wool is being lifted and Ohioans will not tolerate it much longer."

Ayaat Hassan Cincinnati, OH 2020-05-18 "I want my kids to go full time"

Julia Davis North Lawrence, OH 2020-05-18 "This has been a Government overreach from the get go. This has never been about protecting children, parents, small businesses, farmers. It's about division, the biggest Government power grab in American history. Absolutely NONE OF THIS has been even closely related to our Constitutional rights. You have stirred the wrong bee hive!!!!!!!!!!!!!!"

Denise Stantz Archbold, OH 2020-05-19 "We have successfully flatten the curve. Let's get these kids back to school as our "old" normal was! No modifications to the school day, week or setting."

Shana DeLong Wilmington, OH 2020-05-19 "5 days in school would be better then just 2 days because not everyone understands the new way of learning and can't afford internet."

Michelle Lemley Loveland, OH 2020-05-19 "Stop the insanity. Our kids deserve better!!!"

Brianna Beatty West Unity, OH 2020-05-19 "This is an awful idea. Any kid under 7th grade should not be spending that much time on screens trying to do school work. I question even those in grades higher spending that much time."

Sheila Peters Lancaster, OH 2020-05-19 "Students need interaction with other students and teachers for social skills that you cannot get on line."

Brett Sparks Loveland, OH 2020-05-19 "Ohio's children have experienced so many negative effects of being forced out of their schools and being isolated from peers and teachers they love. This is not okay for this to continue. We need better solutions. The new normal proposed for schools does not represent positive changes that are tolerable for students, teachers or parents. This will cost our youth in big ways socially, emotionally and academically and push parents/caregivers to breaking points. This is a highly traumatic approach for many children that will be impossible to undue."

Patricia Kidd Chagrin Falls, OH 2020-05-19 "Too difficult in working families to home school and will create increased costs for day care during the week."

Marian Webb US 2020-05-19 "I think school should be back like it was"

Roleena Frambes Cincinnati, OH 2020-05-19 "Social isolation is not healthy for our children. They need to be in a classroom with their peers"

Karen Grocki Westerville, OH 2020-05-19 "My son is severely Autistic. Change is so hard for him and being off his routine ALWAYS sets him back. He has been out of his routine for far too long already. This mixed school days concept is not necessary or what is best for our children (special needs or not). We cannot continue to live in fear of a virus with 98/99. % survival rate! It is more likely that someone would be killed in an auto accident or a hundred other ways. Are we supposed to just sit at home and do nothing out of fear? NO we are not! Please let our kids go back to a normal school schedule!"

Patsy Cole West Unity, OH 2020-05-19 "Kids need to be in school. Too many parents won't take the time to help them, some students will be left behind!"

Steven Kemerer Defiance, OH 2020-05-19 "This will not work with parents that need to work to provide for their children."

Bryan Enright Rutland, OH 2020-05-19 "We need our kids to be in school full time in a classroom. Going to school a few times a week is not beneficial to their education when there is nobody to help them at home. My wife is a teacher and I work a full time job. How are we to teach our children when there is nobody at home to help them?"

Donna Sasso Willowick, OH 2020-05-19 "Our children NEED to be back in the school environment. Learning at home is not working in this house. Our 15 year old has not learned anything, It has affected him physically and mentally, not to mention the mental health of this adult trying to hold him and this family together. SEND THEM BACK!!" Louis Petros Mount Vernon, OH 2020-05-19 "We must let this virus run its course!"

Tracy Braswell Englewood, OH 2020-05-19 "My husband and I both work full time DAY jobs. Our elementary aged son needs to be on school grounds 5 days a week. We cannot continue on this at home school learning. We are not educated to be a full or part time teacher. Kids are not going to be properly educated if this type of learning would continue. This at home learning caused all sorts of anxiety for both him and us."

Jennifer Craft Wapakoneta, OH 2020-05-19 "My children need structure and interaction with peers and educators"

James Cavender Dayton, OH 2020-05-19 "Go to school two days a week?this is the stupidest idea yet."

Tallie McKinney Lewisburg, OH 2020-05-19 "These children have suffered enough at the hands of our state government. This is manageable just like any other virus and reasonable precautions can be taken. Doing this to these already suffering children is NOT going to help them academically at ALL. Not to mention the growing depression and anxiety amongst them!"

Tiffany Horner Lima, OH 2020-05-19 "My son can not do online schooling. Him having ADHD is hard enough at school but at home it is way worse. I am losing my mind. He's completely bored and has so many missing assignments."

Anthony Howard Rittman, OH 2020-05-20 "The Corona virus data is skewed. we will not live in fear to "save" the life of a 90yr old by quarantineing the healthy. My kids will NOT get this vaccination and I'm not anti-vac. We will vote all of you covid nut cases out of office."

Melissa Swain Uniontown, OH 2020-05-20 "Kids need to be back in school learning!!!"

Chris Root Greenville, OH 2020-05-20 "Life, Liberty, and the Pursuit of Happiness!"

Jennifer R Sherman Fort Loramie, OH 2020-05-20 "I'm a nurse, who works around the clock, and gets home very late. It's very difficult to assist elementary school aged children, when they need guidance with schoolwork, especially with assignments that are due the same day. Children need consistency, as do working parents."

Brandy Kirkpatrick Middletown, OH 2020-05-20 "Brandy Kirkpatrick Kids need to be social!!!!"

Denise Lewis Shelby, OH 2020-05-20 "I want my kids to go back to school. No need for masks either. No more distant learning!!!"

Markita Bayes Cincinnati, OH 2020-05-20 "Our children deserve the best education available! The end of this current school year CHEATED our children out of the right to have access to a comprehensive education! They need to be back in a physical school building, with their friends, and face to face with their educators."

Cheryl Gammon Hartville, OH 2020-05-20 "Don't let it happen. School should resume as it always did."

Sandra Conley Akron, OH 2020-05-20 "Absolutely not! If school is not conducted as usual (no masks and no social distancing), my child will not be attending."

Terina Faig Hamilton, OH 2020-05-20 "Kids need a consistent schedule."

Tara Deese Orrville, OH 2020-05-20 "Schools need to open in August! No masks! No social distancing!"

Lauren Rhoades Uniontown, OH 2020-05-20 "It's important!"

Jaelyn Moore Canton, OH 2020-05-20 "There is risk in life, always has been, always will be. The health and safety of my child is the most important thing, but we need to be in reality and realize that they are always at risk, everywhere, all the time of contracting disease or illness. We cannot be paralyzed by fear and the what if."

Audra Dorn Spring Valley, OH 2020-05-20 "This "mixed or hybrid" school days are the absolute worst of both worlds. Working parents who need to contribute to the economy and feed their families continue to be burdened; while kids are still attending some school, mixing with tons of other kids, and being exposed to the virus. If I'm going to have to homeschool my kids, make it worth it by keeping them safe. If our families are going to be potentially exposed to the virus, MAKE IT WORTH IT, and actually do what educates our kids best (in person, no masks, focused on academics) and allows parents to work."

Dora Honsted Dayton, OH 2020-05-20 "Parents need to get back to work. Kid need to get a good education in school. Children need to be around other children."

Kathy Moore Hamilton, OH 2020-05-20 "Kids need to get back to the classroom full time and learn. Stop the madness!"

Olivia Singer Akron, OH 2020-05-20 "I have a child who will be going into first grade and I feel having the school weeks set up like this won't help my sons learning process or progress."

CINDY SHIPMAN Loveland, OH 2020-05-20 "This is not a reasonable solution. It puts undue hardship on parents and provides no consistency for the students"

Elizabeth LaMey Cincinnati, OH 2020-05-20 "My child is not learning during remote learning. And there are too many children in Cincinnati being left out."

Amanda Davidson Sidney, OH 2020-05-20 "Our children deserve a consistent schedule! No chopped up school days, NO MASKS, no social distancing!"

Marqueta Galyean Norwalk, OH 2020-05-20 "It is hard for parents to provide take care for kids. Kids need the structure that school can provide by being in school 5 days a week. They need exposure should their friends."

Jennifer Michels Harrison, OH 2020-05-20 "My high school students need the classroom atmosphere to remain focused on their school work. Sitting over a web class meeting does not keep their attention."

Meranda Smith Akron, OH 2020-05-20 "I'm not qualified nor have I went to school in child education. These kids need to be back in school full time in the fall."

Gwen Tarves West Milton, OH 2020-05-20 "Children need an education teachers need jobs, income, parents must work to earn a living to house, feed, clothe their families."

Jennifer Cammalleri Huron, OH 2020-05-20 "Doesn't make sense..."

Brieta Robbins Cedarville, OH 2020-05-20 "I believe it would be better for alk to go back to how it use to be."

Lindsay Adams Warren, OH 2020-05-20 "I'm a single mother of three boys all three years apart in age. I work full time and usually overtime as a nurse. I'm struggling and my kids are struggling. I can't work 40-50 hours a week at work and be a full time teacher for three kids with three different curriculums. My children's social skills and education is suffering. I've seen the covid crisis up close and personal. I'm and ER nurse. It's time to put them back in school."

taylor staab Lewis Center, US 2020-05-20 "this virus is way overblown. let life go back to normal!"

N Oswald Maumee, OH 2020-05-20 "Kids need to be on a reschedule it would be very confusing going 2 days and remote the other days. This virus has been here before Christmas most people already caught this virus."

Shelly Kolat Girard, OH 2020-05-20 "This is bs! Then I want to be paid for my time teaching!! And a tax cut!!!"

Jason Slusher Sidney, OH 2020-05-20 "Either have the kids go all week or don't go at all. Trying to juggle when the kids will be home or not will be way too hard for parents. Home schooling kind of sucks cause all this was pushed off on us parents & my kids really struggled with it. An actual schedule where the teachers actually teach the kids via zoom or something would help tho. Making them go, wear masks, social distance & eat microwave food in their classrooms also sucks, so please don't be idiots & actually make kids do this either. Please elect someone with common sense when sending our kids back to school." yes yes because my Discord wife who lives in Ohio wouldn't like this very much."

Steve Cain Troy, OH 2020-05-20 "I don't feel that one man, the governor, should be allowed to dictate how he feels schooling should be structured with no data to back up his decision. Complete and accurate data has been lacking through this whole ordeal."

Jane Pearson Hartville, OH 2020-05-20 "The kids need to be back in school entirely 100%. This needs to end now."

Sandy Selzer Akron, OH 2020-05-20 "It's a terrible idea. I don't have any children, but I don't like it."

Amy Ramey Bellevue, OH 2020-05-20 "Any ramey"

Nicole Woodruff Sandusky, OH 2020-05-21 "Kids NEED school! They NEED their teachers their friends and social interaction! More over they need to build immunities!"

Angela Thorp Ansonia, OH 2020-05-21 "I have 5 boys all on an IEP plus I work full time as does their dad. It has been extremely difficult and frustrating for all of us to try and do schoolwork one on one with all five of them. I have cried many, many times because it's lam and we're still up doing schoolwork but I have to be back up for work the next morning. It doesn't work. We are a small school. Let us go back!"

Sheila Adams Dayton, OH 2020-05-21 "

Sheila Adams" Kathy Scheiman Newport, MI 2020-05-21 "We have to get back to our lives. No more living under Communist control because of inflated statistics of a recoverable disease."

Andrea Flewelling Sandusky, OH 2020-05-21 "We all need to start widening our circles now....a little wider every week.....then we will all be ready for school to start in 3 months, without all of the restrictions. Why are we not following the data from states/countries that did not close down, or who opened up earlier? I agree with the initial shut down to buy time, learn more, and not overwhelm the hospitals, but now it is time to re-evaluate and re-direct. It is not time to double down into policies that served us well in the beginning, but have outlived their welcome and the new evidence and studies we now have about the virus."

Chris Theobald Dayton, OH 2020-05-21 "Kids need to be in school and working parents cannot be home to homeschool."

Leann Deibel Dalton, OH 2020-05-21 "I'm signing because I'm a teacher and what is being proposed is NOT good for kids! Please don't do something detrimental to their learning and social and emotional health! Send them back to school with us!"

Yvonne Maldonado Sandusky, OH 2020-05-21 "These kids are being deprived of an education."

Marsha Nester Dayton, OH 2020-05-21 "Schools have taxed us for money so send my kids to school or refund me my money"

julie heffner Tipp City, OH 2020-05-21 "I have 1 starting kindergarten and this is not how I want her to experience school. I work full time and can not possibly home school two small children!"

Greg Plaster Ashland, OH 2020-05-21 "Not necessary"

Janet Buzard Canton, US 2020-05-21 "Because I have grandchildren that need to be in school. I also have a granddaughter that graduated from Kent to be a school teacher. This is just crazy and communistic. Graduated without a ceremony because of no school this year."

Melissa Evans New Albany, OH 2020-05-21 "Our children need to be children. They have a right to get a good education"

Christine Foster Huron, OH 2020-05-21 "I am a teacher and a parent, there is only one way to educate or children publicly...All in, all day!"

Caitlin Berry Akron, OH 2020-05-21 "It's not fair to the parents that have to work full time and have multiple kids too"

Stacie Jackson Birmingham, AL 2020-05-21 "I ABSOLUTELY AGREE!?! Believe it or not, we care about our kids mental health and they need the structure and social stimulation from school"

Mark Higinbotham Centerburg, OH 2020-05-21 "This madness communist bs has to stop somewhere. I draw the line when you start really messing with my kids."

Alisha Snider Sandusky, OH 2020-05-21 "My daughter needs to be in a school environment."

Alisha Sturgill Trenton, OH 2020-05-21 "These rules and regulations are insane! Let the kids go to school!"

Denise Slabaugh US 2020-05-21 "This is unacceptable and insane. There is no need for this. I will not send my children to school for them to be tossed around in getting their education only to confuse and mess them up from learning."

Kathleen Schlabach Glenmont, OH 2020-05-21 "Our children deserve better. So do the teachers and school faculty. These "guidelines" are ridiculous, outrageous, and impossible."

Amber Fleming Bellevue, OH 2020-05-21 "No moxed schools NO MASKS! My kid is asthmatic and I refuse to make him wear a mask! I can't wear a mask and I am not asthmatic!!!"

Tammy Parsons Wilmington, OH 2020-05-21 "This is ridiculous, I do not agree with this 2 day school."

Christina Whitt Franklin, OH 2020-05-21 "My children deserve the right to socialize, to learn, to be children. Masks will be a distraction for students and teachers and "social distancing" will make small children feel isolated. Learning will take a back seat to all these guidelines and my children deserve more."

Amy Boeke Piqua, OH 2020-05-21 "If there is any risk to my child at all to go back EVERY day then they shouldn't be going back at all!!! I'm not willing to endanger any of my loved ones..... especially my children!!!"

Don Killinger Lorain, OH 2020-05-21 "We do not need a cookie cutter approach to operating school districts all over Ohio in the Fall of 2020."

Tracey Smalley Findlay, US 2020-05-21 "My kids deserve more kids need socialization we need to think about what will happen to them mentally"

Karla Littler Springfield, OH 2020-05-21 "The children need to be in School!! Participating in pep rallies, sports acting and other extracurriculars. The cdc have listed what looks to be how prisons are ran. Distance learning does not work and we are destroying our immune systems."

David Hawkins Castalia, OH 2020-05-21 "This is absurd. If anyone feels it is not safe to return their child to school then homeschool them."

Dee Henry Columbus, OH 2020-05-21 "The average family the adults work, kids being in school is so many hours w/o paying expensive babysitters. Average person has difficulties feeding family let alone a babysitter."

Gaye Clark Clayton, OH 2020-05-21 "My daughter loves her children but is also a working mother. She needs consistency to keep working. She does not have the opportunity to switch back and forth for day care."

Micah Slabaugh Apple Creek, OH 2020-05-21 "There is no reason for this. It has been proven that masks are a health hazard and no kid is going to want to go to school when they can't be with their friends. They are taking away all the "fun" stuff and when school is no longer fun the students stop learning, and do you really think the high school students will listen to the 6 foot rule and not hang with their friends? I know

better, I watched it all spring groups of kids walking down the sidewalk pushing each other, jumping on each other, hanging on each other. You think that will change this next school year? Nope."

Kimberly Brumbaugh Pleasant Hill, OH 2020-05-21 "My kids deserve a normal education"

Diane Cupp Marysville, OH 2020-05-21 "We are setting up our children to fail as adults in the future. They need structure & teachers 5 days a week. I have always been an advocate of year round schools, same number of days for breaks but it is spread out. You can't tell me that up until now that our children NEEDED teacher assistance to learn but now they can learn it on their own remotely and only 2 days off teacher help. Are we listening to ourselves right now???"

Karen Koba US 2020-05-21 "I support educational learning in a classroom setting."

Melissa Chorba Columbus, OH 2020-05-21 "These kids need structure and consistency. While some kids are successfully home-schooled, home-school and school from home are very different things. Not only could this hurt the parents who now have to change the way and amount of childcare they need for their children; this could hurt the child's education and ability to stay focused without that daily structure. I also don't have any idea how they believe this could at all protect against COVID."

Lori Doyle Norwalk, OH 2020-05-21 "Our children deserve an education that is solid."

Nicole Evilsizor Urbana, OH 2020-05-21 "Some kids need the structure of school to learn and succeed and doing this well hurt alot of students reach their potential."

Julie Glenn Madison, OH 2020-05-21 "I see working parents struggling to help their children w schooling... when our taxes are still being taken to better our schools.. yet the kids aren't in school... they're not helping them... let's take America back..." C

Carol Beal Norwalk, OH 2020-05-21 "Children need consistency. This has got to stop!"

pam jones Mason, OH 2020-05-21 "This is not right on so many levels.How many more rights can be taken away before we stand up?"

Amber Bower Killbuck, OH 2020-05-21 "I will not be sending my children to school part time or if they have to wear a mask. My children will go back regularly or not at all!"

Kristen Ramirez Woodbridge, VA 2020-05-21 "How will working parents deal with this? Ridiculous."

essence Barhorst fort loramie, OH 2020-05-21 "This is the Land of the Free, not the fearful. Kids deserve better and will be SAFEST at School."

Virginia Taylor Westerville, OH 2020-05-21 "I'm critically concerned for our school children if some of these ideas are put in place. Also, the huge pressure on working parents will be problematic."

Chanda Felletti Salem, OH 2020-05-21 "I think this will hurt kids, not help them. This would be robbing them of their childhood."

Courtney Koler Doylestown, US 2020-05-21 "My child needs the normalcy of school! She needs to be around others her age and to be taught in a school with teachers who know how to educate appropriately."

Dawn Jarrett Huron, OH 2020-05-21 "As a separated parent.. we both work full time. We do not have extra funds for childcare and dont have access to teacher resources. Once working.. we get home and cook dinner and have moment w kids and it's time to call it a day. We are not teachers we are parents"

crystal rice Fairfield, OH 2020-05-21 "Amen bless us all"

Emily Arnold Springfield, OH 2020-05-21 "Send our kids to school 5 days each week! They need consistency, their teachers, and their peers!!"

Michele Regula Fresno, OH 2020-05-21 "I think the schools should stay open for the 5 days like always Its better for the children"

Heather Rose Canton, OH 2020-05-21 "Children need consistency and five-day a week learning."

Shayne Lehman anywhereville, OH 2020-05-21 "Our children need to have consistency/structure. No staggered days. They need that social, in school experience with teachers and their friends. My child has hated learning from home. He missed seeing his teachers and classmates. He is not learning the way he did in school. And to think of the children that the only positives they get in life are from their teachers and possibly the only meals they get are at school. I work in the school cafeteria and see how many kids are free and reduced. If things continue as they are it will be devastating to so many children. We can't keep our kids out of school and away from sports and their friends forever. It's just not good for them, mentally or physically."

Cynthia Haney Cleveland, OH 2020-05-21 "Split days are not in the best interests of children."

Sharon Seed Maumee, OH 2020-05-21 "Distance learning is not what kids want! They are missing out on many opportunities that schools provide. A mixed schedule would be confusing for parents, students and teachers. We need the normal routine, no restrictions, no barriers, no masks. Give children back their schools!"

Darleen Jennings Marysville, US 2020-05-21 "I believe this will do more harm than good to families. It's just unreasonable 2 want to do this"

Patty Schenkelberg Avon Lake, OH 2020-05-21 "We need to get back to life! Our bodies naturally develop immunity. Elderly or immune compromised individuals can shelter in place. Mental health aspects of isolating people need to be acknowledged. suicide, depression, addiction rates are now elevated due to the isolation. We need to go ahead back to normal."

Andy Miller Lebanon, MO 2020-05-21 "This is just dumb to make our children dumb!"

Alyssa Smith Marblehead, OH 2020-05-21 "This cannot be our kids new normal"

Heather Hirzel Perrysburg, OH 2020-05-21 "This has gotten so out of hand, our children need their childhood! Their normalcy! Their social development, equal and fair education. This cannot happen."

Shawanna Parker Elyria, OH 2020-05-21 "Children need diversity and everyone learns differently."

Alison Crawford Norwalk, OH 2020-05-21 "This isn't going to work! Please consider our children's educational needs. We cannot live in fear."

lindsay mullins Castalia, OH 2020-05-21 "I believe kids need school to thrive"

Dawn Pieper Gibsonburg, OH 2020-05-21 "I'm an educator and agree this model is not beneficial for parents, students, or teachers."

Nicole Vickers Canton, OH 2020-05-21 "I signed this petition because our children deserve normalcy. They deserve to receive the highest degree of FULL TIME education that only the schools and teachers can provide not to mention the taxes we pay for this to be possible. I commend our teachers as they pulled off the stunt of the year! They were able to collaborate and provide solutions within hours of the schools being closed. However, at no fault of the teachers, our children have suffered enough after enduring the last few months of remote learning. They are completing the assignments but not retaining any information. Why? Well the past few months the kids are disconnected, cooped up inside, socially cut off and planted in front of a screen and expected to learn and retain the information. For a glimpse inside my household, I have a 1st grader, a 4 and 1 year old, worked a 45 hour a week job (with a pay cut), along with the slough of other tasks mothers often do. This is unacceptable and cannot continue to be the "new normal". Our earliest c"

Jessie Shingleton US 2020-05-21 "No child should have to wear a mask all day and be treat like they are in jail no play grounds no social time please stop this crazy stuff now they are children I my self refuse to wear a mask"

Patricia Whitehead Montville, OH 2020-05-21 "The ppl that are well should not be quarantined for any reason or in any way. We teach our kids to share, be kind, give hugs., These new rules of social distancing, masks and the like are political and not reasonable. We'll adhere when governors, politicians, Hollywood stop having double standards. We need to get off the Ridiculous Train and employ commonsense, again. Get rid of these rules and stop putting ppl out of business, get our kids educated and enjoying childhood."

Tim Pryor Akron, OH 2020-05-21 "This shit is stupid" E

lizabeth Scholz Cincinnati, OH 2020-05-21 "Children need to be children. That means going to school and being with all their friends, not half of their friends, and not being distant from them. They've been locked away for two months. It's time to consider their mental health."

stacy grisez Versailles, OH 2020-05-21 "Because it's time to get back to normal. Sending the kids back with mask is not healthy for them. The kids need to be back full time with their teachers that's what they went to school for not us parents, we can't help them like the teachers can. My girls want it back to the way it was, where they went to school seen their friends and learned new things."

Gregory Conant Columbus, OH 2020-05-21 "This provides no stability of education or balance of risk for kids or families." Ruth Grisez Minster, OH 2020-05-21 "

Ruth Grisaz" Angela Miarer FINDLAY, OH 2020-05-22 "My kids need to be in a structured setting to learn. Doing online work does not work for them. And teachers that say they are available to help, are not always dependable."

Amanda Motz Milford, OH 2020-05-22 "It's not a good idea. Kids need to be in school 5 days a week."
Sandy Reed Canal Winchester, OH 2020-05-22 "My son is a good student and lost motivation for learning while attending "school" at my dining room table - our district even admitted in an email that many students were struggling with remote learning and grades would be "adjusted" to account for this. This is setting these kids up for failure in the future!"

Karen Adelman Norwalk, OH 2020-05-22 "Our children need a quality education, at school with their peers."

julie switzer Findlay, OH 2020-05-22 "This goes against everything we've been taught. Exposure increases immunity, why do you want to take that away??? Inhaling your own "germs" increases the chances of pneumonia, why would we do that??? Are we increasing safety or destroying it???"

Ross Kurtz Huron, OH 2020-05-22 "No more 'new normal'!... the old normal has worked fine since the beginning of time. Anyone who cares to argue is only helping vocalize their existence has thrived. Their family lineage has survived generations... many experiencing war, famine, genocide... all of which are far worse than a disease that generally affects those who are immunocompromised or living with comorbid conditions... COVID-19 is a 'normal' disease (albeit of suspicious origin), and is not a valid reason for shutting down our economy, crippling families livelihood, or furthermore keeping me from drinking a  at a bar in support of local businesses."

Jen Fostet Piqua, OH 2020-05-22 "My child needs to be in a schhol building full time! Dulance learning is not working! She needs to physically interact with teachers and her peers! This BS has gone on long enough! We flattened the curve! This ridiculousness cost our seniors their graduations, their prom, their spring sports and not seeing their friends for what may be the last time! Start school NORMALLY in the fall! NOT the NEW normal!!!"

Tammi King Pleasant City, OH 2020-05-22 "This is ridiculous! How do you expect our kids to have strong immune systems? You are destroying their childhood!"

David Yurick Shreve, OH 2020-05-22 "Sign this! Please."

Christie Maggard Seven Hills, OH 2020-05-22 "My children need to be in school to b"

Comment Rachel Barnhart Marietta, OH 2020-05-22 "This is not economical."

Kelly Mohn Put In Bay, OH 2020-05-22 "Not everyone is a teacher! Some don't have the knowledge of the subject, some don't have the money for the supplies needed, some don't have the patience and above all the child is now not getting quality time with their parents!!! By the end of the school learning both are tired of each other and there is not much left for love and fun that use to happen!!! Find a better solution!"

Amy Hines Jamestown, OH 2020-05-22 "I am a teacher that feels that the online learning we just did was not true teaching that needs to occur. Plus my own daughter had her worst grades of the year during this time due to struggling to learn that way."

Greg Hines Dayton, OH 2020-05-22 "I will not let the government dictate what my kids do. We are a free country and we better wake up and start acting like it."

Trishanda Barhorst Troy, OH 2020-05-22 "My kids need consistency... all or none at school"

Christina Raeke Medina, OH 2020-05-22 "As a teacher with little kids and no family close by to lean to for support, I would have to find someone to watch and transport my children to school. This would be a heavy financial burden."

Michael Cain Findlay, OH 2020-05-22 "It's ridiculous"

Nikki Smith Medina, OH 2020-05-22 "There will be too much confusion and still the spread of germs"

Regina Reino Bowling Green, OH 2020-05-22 "Schools need to reopen. Period."

Valerie Cachat Westlake, OH 2020-05-22 "If my kids need to attend daycare they will not have an opportunity for remote learning when not in the classroom"

Valerie Hammond Galion, OH 2020-05-22 "I have a straight A student. That is until Corona. On line learning doesn't work for him. It has possibly ruined his chances at Valedictorian, Scholarships and who knows what else. Our kids need structure and to be able to learn in an environment meant for education! They need to be back in school full time with teachers that aren't so overly stressed trying to make everything work!"

Royce Hamlin New Carlisle, OH 2020-05-22 "I don't think we need a new normal"

Mike Oxlol lol, MN 2020-05-22 "Some students have IEP's and this will not work for them. Most governors probably don't even know what an IEP is."

Jennifer Daubner Olmsted twp, OH 2020-05-22 "Kids need to be back in school. Everything else is open pretty much. Not to mention Many kids are in daycares or extended care. Plus parents need to be able to work."

Kathy Yoder Findlay, OH 2020-05-22 "This is so stupid only someone like dewine would think it's ok."

Michelle Nolan Sandusky, OH 2020-05-23 "Our kids need to be back in school full time. These kids will hang out regardless so no sense in keeping them out of school"

Marlo Thomas US 2020-05-23 "I am signing this because I believe children not only receive an education at school they also learn their social skills while attending school. Let kids be kids!"

Lisa McGhee Burton Ravenna, OH 2020-05-23 "I agree that classroom learners SHOULD be able to return to their classrooms"

Jenni Tackett Shiloh, OH 2020-05-23 "Our kids need to be in the classroom FULL TIME to learn!! I have 3 kids that are pretty good at getting these assignments done but I can tell you their not retaining anything that they are learning!!! Also how dumb is sending half kids 1 day other half the next,germs are still going to be there!It's time to get these kids back in school"

Stephanie Giles Salem, OH 2020-05-23 "I'm a teacher and the online/in person mix sounds even worse than 100% online (which was fairly disastrous for several of my students and myself as well)."

Tatum Keefer Chicago, IL 2020-05-23 "My child should be able to go to school!"

Katie Beltz Oberlin, OH 2020-05-23 "Kids need schedules, peer interaction, and less screen time. Their mental health suffers when they are unable to be with their friends, as do their social skills. Parents are unable to maintain at home schedules and work to support their families."

K Thomas Cincinnati, US 2020-05-23 "<https://www.wsj.com/articles/the-evidence-on-kids-and-covid-11590017095>"

Pat Peters Greensburg, US 2020-05-23 "Open up the schools"

Jacki Schilling Massillon, OH 2020-05-23 "Children and parents need weekly consistency. Parents are not teachers. They cannot afford daycare one day per week. They will not be able to learn nearly as much going only half time."

Holly Bowers Beallsville, OH 2020-05-23 "Let them all go back. It's not fair to the students."

Bart Russell Massillon, OH 2020-05-23 "Because children need the structure of a 5 day a week school year. DeWine when are you going to wake up and realize; all people die. Children are the least at risk group there is. Stop spreading FEAR! It's time to live and stop waiting to die."

Susan Palmer Mansfield, OH 2020-05-24 "Need to try to return to a proven schedule"

Heather Morell Lorain, OH 2020-05-24 "I will not allow my children to do work online. They need to be in classrooms with teachers."

Danielle Locke Lakewood, OH 2020-05-24 "Nonsense"

Michelle Neuleib Findlay, OH 2020-05-24 "I believe these kids need to be in school with the rest of their peers and for 5 days...not just 2. These kids can not learn at home. And these kids need to be in class without masks as well."

Melissa Ruhe ottawa, OH 2020-05-24 "Does not allow for the proper intervention of children who have IEP's and 504 Plans."

DANIEL REEDER Newark, OH 2020-05-26 "This is one of the dumbest ideas I've ever heard of and I'm particularly appalled by the arrogance of the Department of Education official's attitude when viewing the news story. Apparently they know what's best for us and we will adjust and get used to it. There is certainly no shortage of both government and elected officials showing their ability to come up with hideous ideas Name Location Date Comment one after another in a time of crisis. Kelsey Bowman Lewisburg, OH 2020-05-27 "All kids should go back to school without penalty without having to wear masks or distance themselves and be free to socialize!"

michele Derksen Dayton, OH 2020-05-27 "Kids need to be back in school. They are not going to wear a mask all day either. Kids need this, not going to school, or going some days versus other days is very disruptive to their learning experience. Send them back to school this fall."

Nancy Wood Bradford, OH 2020-05-27 "Parents are capable of deciding if school is a healthy environment for their children. I appreciate the GUIDELINES but not the dictatorship. Let people make their own decisions ... let freedom continue."

Janet Helton Cincinnati, OH 2020-05-27 "I think children being in school is not only important for academics but for social interaction with their friends. They need to be involved in sports activity and school events. It's a must for physical and mental health."

Kathy Gualtiere Steubenville, OH 2020-05-27 "Not fair to the kids!!!"

Jill Resides Pleasant Hill, US 2020-05-27 "The children need full time school. They will fall behind without it."

Kathy Keller Rocky river, OH 2020-05-28 "Our future needs a REAL education- not home, online schooling with no structure. No boundaries, no time frames, no socialization will be the death of a generation and our economic structure."

Megan Luhrman Columbus, OH 2020-05-28 "Our children need consistency."

Angela Lampa Cleveland, OH 2020-05-28 "Kids need to go to school. Learn safety at the same time. Times like this is also a good learning for them, instead of keeping them away."

laura arter-feaster newark, OH 2020-05-28 "My kids need to be back in school. My kids want to be back In school. No masks! Education isn't a political game! My kids deserve education not blended learning!"

Andrea Heeley Tipp City, OH 2020-05-28 "I want my kids in school without masks, temperature checks or social distancing. Stop the madness and let us have our freedom."

Lisa Wick Norwalk, OH 2020-05-28 "Our kids, teachers, parents, our future needs normalcy! This IS NOT my "new normal"!"

Nicole Selinsky Dover, OH 2020-05-28 "My kids suffer greatly from not having a teacher to guide them, structure of a classroom and are becoming depressed from the isolation. They have not learned a thing and will not until we get back to the classroom as usual. Masks are a detriment causing severe headaches, loss of concentration and many more things not in the best interest of our kids learning!"

Dan Wright Newark, OH 2020-05-29 "Kids do not die from covid 19. There is no reason they can't have a normal school year. Protect the elderly that are affected by this virus and let kids be normal."

Rebecca Kendrick Bowling Green, OH 2020-05-29 "Having 4 sons in 3 separate grades on a mixed school day schedule would be utter chaos; not only with mine and my husband's work schedules and

getting kids both to and from school, but also getting those at home back to school for anticipated after school sports practices). Further with our boys in 3 grades, we would likely have at least 2 on opposite schedules, which means even more additional work for us (which would end up being me) to try and figure out how to keep track of their school work on home days. And online school only this spring has been extremely detrimental to the oldest of my 4 sons - it is not the way many kids are wired to learn and I've heard dozens of accounts from parents whose children, like my son, shut down when the structured school day was taken from them."

Robin Belleville Bowling Green, OH 2020-05-29 "Kids need normalcy and a schedule. My kids (grades 11, 8, and 3) had to function fully on their own without my husband or I at home. 11th grader became the 3rd parent. He hated that part. They didn't learn; it was googling to get the work done."

Cari Beth Noah Maplewood, OH 2020-05-29 "If we truly care about no child left behind and the disparity of some socio/economic students- we NEED to go back to school normally. They don't have access! We are leaving them out or behind. We shouldn't do that! Also-masks will be more of a hinderance to education than helpful."

Ashley Hammond Powell, OH 2020-05-29 "Children need consistency and that will be difficult to provide if their week is split between teachers and parents. It was very difficult for me to work from home and provide a quality education for my fifth grader this past spring."

Sharon Donahue Springboro, OH 2020-05-29 "I'm signing because my child deserves a proper education which is NOT going to evolve from e-learning or hybrid learning. Parents are NOT teachers. E-learning and/or hybrid learning WILL have Name Location Date Comment educational and psychological consequences. Stop this insanity NOW!!"

Jennifer Dee Wadsworth, OH 2020-05-29 "I'm signing because my children deserve an appropriate education, especially my son with special needs. Distance Learning is not the answer and is not effective for children who are differently abled learners!"

Malinda Long-Copland Cincinnati, OH 2020-05-29 "I think we can respectfully allow opt-out options for people who wish to continue to home school. However, those who are comfortable taking perceived risks should be allowed to do so. We cannot continue to allow an unelected public official, who refuses to acknowledge that original models were wrong, deny citizens access to healthcare, employment, education, elections, and more."

Tricia Adams Bolivar, OH 2020-05-29 "These children need consistency. Some don't have homes where they get that and school is what makes the difference in their lives. My youngest just graduated, but I couldn't imagine my kids havng to deal with what these children will have to deal with. And having them wear masks is a huge issue too. Masks don't work. They cause more harm and spread more germs than not wearing one."

Kelly Guerrieri Strongsville, OH 2020-05-29 "This cannot continue. Children are not dying from the virus. This is impacting them negatively in so many ways. They need their teachers, their friends and parents need to be able to work. Children cannot wear masks all day. They are uncomfortable, they are distracting and they will cause kids to be touching their faces even more, spreading more germs. The population that is least likely to become sick or die from the virus is the one that is getting the most taken away. This makes absolutely no sense at all."

Sara Hammond Miamisburg, OH 2020-05-29 "Children's lives should be as Normal as possible !!! My Children will NOT wear masksTo school and changing classes is normal for everyone !!!! Let these kids have NORMAL school!!!! The mental health of all is what matters and there's no way working parents can do split school days !!!"

Mary Alltop Zanesville, OH 2020-05-29 "Kids need structure, set schedules. Kids need socializing, learning. They need to learn splitting days up is not going to stop the spread of the virus, you have people whom are carriers just like the flu. I also dont agree with the face masks God gave us air to breathe not our own carbon dioxide, we need to build our immune system not weaken or kill our immune system. Just like a grocery store they have masks they have a shield but they are still touching items that came off the shelf for possible carriers touched , then touch customers items repeatedly in front of me , behind me and non stop , let nature take its course and actually give us true numbers and dont lie about them. The flu kills more than this coronavirus. We as parents have jobs and we work around school schedules as a babysitter, if we pay babysitters like we do now it dont serve us to work because we pay more in child

care, there are so many reasons they need to go back to NORMAL 5 days a week without masks , without the strict 6 feet ap"

Bonnie Filips Medina, OH 2020-05-29 "Kids need to be in school, mixed school days and remote learning causes more problems for kids, working parents, and teachers then the minuscule chance that Covid will be spread back-and-forth with school aged kids"

Crystal Langbein Mason, OH 2020-05-29 "Students need consistency and someone qualified teaching them!"

Belinda Meade Mason, OH 2020-05-29 "I have children and grandchildren, this will not benefit the students"

Jennifer Dietrich Wilberforce, OH 2020-05-29 "My daughter needs a structured and disciplined environment. Not a constant upheaval and ever changing place that is supposed to be a place of peace."

Richie Adkins Springfield, OH 2020-05-29 "Open the damn schools. The media would have you think that this is a modern day bubonic plague. It's far from it. We survived bird and swine flu scares, just like we will survive this."

Jim Leightner Pandora, OH 2020-05-29 "Ohio and Ohio schools need to know they can return to school under normal, not "new normal" conditions. Much of what we've been told for the last 4 months from politicians, the mainstream media, and the medical experts has been proven wrong on a regular basis. Often we've found that the truth was 180° different from what we were told before. The news this week that COVID-19 isn't easily contracted from various surfaces is just the latest. We've also learned that children are not common carriers of COVID-19. The predictions from medical authorities have been wrong over and over again by orders of large magnitude. If there is a true desire to protect immune compromised children or teachers, then by all means, make allowances for them, but please let schools return on a normal basis this fall."

Michael Bereda Dayton, OH 2020-05-29 "Our Immune System is the ONLY cure a vaccine is NOT proven an example the FLU. Roughly 40 thousands die from the flu each year and that's with a vaccine"

Tracey Smith Fairborn, OH 2020-05-29 "This is ridiculous as children are not being affected by this virus. I don't understand why our children's education must suffer because of a virus that doesn't effect them me. Stop it and let our kids get back to a normal be childhood."

Elizabeth Bergeron Middletown, OH 2020-05-29 "Kids need consistency. Some parents need to work. Time to return to a normal schedule."

Roberta Knisely Macedonia, OH 2020-05-29 "My daughter is going into her senior year. She is taking AP and CCP classes for the first time. I don't want her to fail because she is getting 40% of the teachers time (they will be teaching the other half on the other days I would imagine). She has also worked for 6 yrs to get to her senior competition marching band season - which now has been put on hold indefinitely. Six years ... so much happens in their senior year and the governor wants to take that away. It will never be made up. Open us up Ohio"

Beverly Replogle" Angela Swob Anva, OH 2020-05-29 "Kids need to be in school every day with use of all facilities."

Amy Legg Lorain, OH 2020-05-29 "The reason for fear is quickly showing to be gone. Data shows kids have a miniscule chance of dying from this virus. We do not change school for flu seasons that kids are much more susceptible to. These kids cannot live their lives forever distanced. Enough!"

ashley Wheeler West Jefferson, OH 2020-05-29 "We should be able to send out children to school everyday. If you are fearful or have different reasons that you are concerned keep your child home."

Laura Hayes Fairfield, OH 2020-05-30 "Because i see how much my son needs to be at schools learning, being taught by teachers- in person and all week."

Dawn Mabry Jackson Center, OH 2020-05-30 "Children need a full time school schedule for structure, learning how to be around kids, the main everyday in and outs of being around other's and how to act accordingly... School also helps teach children to be accountable for their actions. A parent or parents with a full time job can only do so much.... These children NEED TO GO BACK TO SCHOOL!!! Socialize... Learn... Play.... And go back to being just kids...."

They can't clean every square space of the school. Kids play sports together, parents are friends, kids are friends. Stop this shit and just let us live our lives." Jason Kr Dayton, OH 2020-05-11 "Kids need consistent schooling, extra curricular activities, and sports!" Amy Hall Mansfield, OH 2020-05-11 "Our children need to in school!" We have four children of our own. This doesn't make sense for our students, their families or our communities. It only adds to the stress and fear. Our students have experienced a trauma that none of us have ever seen, and we need to put the pieces back together for them. A sense of normalcy and routine is needed. Your cure is about to be worse than the virus. As much as I think Biden is an idiot, he uttered words similar to that, and though he didn't have a clue as to what he was talking about, it has made many of us think that the cures, the precautions, the overall shut down is about to be far worse on our kids than the virus ever was." Karen Best Harrison, OH 2020-05-11 "Kids need TEACHERS teaching them 100%. Parents need to be able to get back to work." Wanda Bair Canton, OH 2020-05-11 "I can't read these responses! Selfish much? Can we just do what we need to do to keep our kids and grandkids safe, healthy and educated! How about voting for a levy to keep 30 kids to one teacher not happening, a full custodial staff to sanitize, kids not sitting in each other's laps! Some kids need the daily structure and services not provided online, like speech and language skills, PT, OT and Special Education! No one is going to flourish 2 days a week, and who is going to disinfect everything from buses, kitchens, to individual seats! Please think thru the big details! Our schools are not designed to be daycares or social event centers. Sad as those losses will be, schools are for education!" Joseph Strock Brunswick, OH 2020-05-11 "It's unconstitutional to take rights away" Pat Rzonca North Olmsted, OH 2020-05-11 "Working parents will have difficulty with this. Raegen Miles Mount Vernon, OH 2020-05-11 "Kids need to go back to full school days period." Emily Myers New Middletown, OH 2020-05-11 "The cost is definitely outweighing the benefits here. You are creating immense mental health issues state wide" Name Location Date Comment Ana Hincapie-Rippey Delaware, OH 2020-05-11 "As much as I am against going back to full "normalcy" because I don't believe that can happen until we have Covid-19 under control, I also agree with this petition! I cannot fully work and teach my children! I'm not sure what the solution is and I respect teachers tremendously and value what they do for our children. I don't want to put anyone in harms way, but children staying at home these many days ARE being harmed because way too many don't have adequate resources or stable home

My daughter has had 1 Zoom IEP meeting, 1 FaceTime teacher meeting, and one teacher phone call. My daughter has not had ANY zoom interactions with her classmates ever. Teachers refuse to teach, but still charge me taxes. This neglect of my school system makes my daughter's autism worse. Carrie Rollins Bethel, OH 2020-05-11 "My son is in 1st grade going into 2nd. The online education was mediocre at best. He did not learn anything new. I am not a teacher and never would pretend to be one. Teachers are there for a reason! I'm a nurse that needs to work, I have no support to provide education to him or to keep him at home. We are failing our children as a society. This is NOT what should be done. Children are less susceptible to COVID. More children die from flu and pneumonia and yet we keep schools in session. If parents or educators are afraid then those parents should keep their children home and look for alternative education, likewise for the educator they too can find alternate means or use PPE. All should not be punished! I will lose my job should this happen. It seems that no one cares about that!" Austin Conlon Latty, OH 2020-05-11 "As a future educator, I believe this plan will do more harm than good for the education of our students. Remote learning is not as effective for students to grasp concepts and retain information. It cannot be used as the same capacity as being in a classroom. Students, especially in elementary, need the classroom and school environment to gain as much as possible from education that will prepare them for the next year of school and the rest of their life." Nancy Showalter Dalton, OH 2020-05-11 "This is not good for the children's education!" Linda Bell Sidney, OH 2020-05-11 "The seniors this year missed so much of their daily interaction as a senior. Plus where do you think they are going on the off days? Most will have to go to day care or something similar and that exposes them to even more people and places and then MORE LIKELY to bring viruses etc back to the school those couple of days a week. And these kids are not learning and are bored which opens the door for them to get involved in other not so good things - which I have heard is already happening. Absolutely asinine idea!" How do parents that have young children make this work? Online learning for young children is not ideal at all. Kristi Sanford Beloit, OH 2020-05-11 "Because children need to be taught by teachers in a class room this online learning is crap. Many children are failing because they need the interaction with a teacher. If u can open walmart and half a dozen other things then open schools" Mary Wheeler Middletown, OH 2020-05-11 "I believe children NEED to be in the classroom with their teachers and other students/friends. Not every home is equipped to help students with online learning. Not every home is safe from abuse or have enough food to feed these kids! Back to the classroom ASAP!!!" Karressa Knight Centerburg, OH 2020-05-11 "I'm signing because it is too much for children to adjust back and forth from parental school days and the teacher. Our teachers know what they are doing and most of us parents struggle to help our children whether your job is staying at home or going to a business. Children thrive on consistency and repetitive methods which cannot be obtained by mixing up everything they're used to and forcing us all to deal with something we don't fully grasp." Let the kids go to school!!!" Kelli Payton Columbus, OH 2020-05-11 "I am a teacher who knows a lot about online learning and blended learning. Districts don't know how to handle online learning as it is. Blending learning takes a lot more prep and experience, which schools and teachers don't have. The school system has become a very important foundation block for many working parents, most of whom cannot afford to not work or to pay the massively increased childcare this would make necessary. Furthermore, childcare would then increase still exposing children and childcare workers. This is not a solution but instead another problem." Rhonda Bocks Williamsburg, OH 2020-05-11 "I believe that's to inconsistent! If nothing else start school later in Aug or first of Sept. They need their teachers!!!" Adrian Emerson Peebles, OH 2020-05-11 "As an educator, this type of schedule will be massively harmful to students in rural areas in particular. We are the main source of 2 meals per day for 70+% of the students in our area. In addition, there are dozens of students living in "hollers" that do not have accessibility where cellphone service, internet, and other remote learning necessities are concerned. The mental health of our children is suffering greatly from lack of socialization, exercise, and routine. You will be trading the young and healthy via suicide for a false sense of safety for the elderly." Brandi VanHook Columbus, OH 2020-05-11 "This is too much. Our children will not be getting the education they deserve. They're going into new classes and need to be in school with their teachers, learning. They cannot teach themselves, and not all parent's are equipped to teach all subjects. Please allow our children to get back to learning in the Fall. The cure cannot be worse than the threat." One if there not going to be at school why are Name Location Date Comment our teachers not on zoom having classes the kids can still change classes and log in and out of each class. They need this structure. We have some teachers that go the extra mile and others that do the minimum. Teachers could still be in there classrooms teaching through zoom or whatever else is out there. They are not around anyone else in there classrooms. Children need the structure to become better people and know there is a job to do for 13 years and not sitting at home playing video games and watching TV. We all know this does not pay the bills. Between getting emails all hours of the day and night and teachers not being available during the "school day" I'm ready to call the state board and report them all. I pay way to much in taxes to be teaching my kids while they tell them what app to use this week and giving no instruction. Rebecca Turner Lebanon, OH 2020-05-11 "Children need consistency in life. Cutting class size in half and splitting them into 2 day spans is not going to cut down the pissibility of passing illnesses. But it is going to deprive children of consistency, ease of getting teacher help, socialization with others, co-curricular activities and other things. It will make things difficult for parents insofar as working and increase the financial burden of many. It will double the work of already overworked teachers and other ancillary staff. And it will increase costs for the school systems that were already strained even before the huge cut recently enacted by the governor. I see no positives here."

It's not an environment conducive to learning and the materials being used are meant to have a TEACHER instructing them. Kids need structure and consistency and with this ridiculous sham of "distance learning" they get neither. It also leaves the kids with special needs to fall behind. They are not getting the services they require to succeed. If they can be in school 2 days a week, they can be in school 5 days. Tricia Purcell New Albany, OH 2020-05-13 "While the virtual learning was a quick fix the past two months and allowed for the "curve" to flatten, the intent was not to become a permanent solution. Children need to be socially engaged with students, teachers, support staff, etc. Parents can only provide so much guidance to help teach kids their lessons that the teachers have provided. Our kids are at the mercy of Zoom, Google meets and schoology to work properly everyday. We are failing our kids, taking away their sense of schedules, peers and activities that provide a place of belonging. In a world where 6-9 months ago we were reading articles , podcasts, and books telling us how harmful too much technology exposure and social media was to our kids, we are now accepting that that is how they need to learn. Relationships between teachers and students are often life-changing, and delivering instruction by computer affords no real opportunity for personal mentoring and relationship building. Socialization is also an important part of growth that is being overlooked. The damage done by just this short period of isolation from peers is already substantial, especially in the very young students who are just figuring out how to navigate life. I can't imagine how an extended period of distance learning with just limited interaction in a classroom would impact them. To close schools "just in case" seems irresponsible at best and almost criminal at worst. Our children deserve a quality education and that is not what has been happening for many reasons. For some kids, school represents a 7 hour haven from an abusive home. What about parents who have to work to provide for their families? What about single parents? Many young children will be left at home, unsupervised. And are we going to pay school staff for 5 days, when they're only working 2? How long do you think tax payers will put up with that? It is impossible to maintain distance with young children, instinct is to gravitate towards each other... as it should be. I'm in healthcare in high risk environments & I am against this! Schools are already receiving decreased funding and private school will not survive this if kids don't go to school. My oldest is special needs & requires socialization with peers. Also from a 2 parent working household this is not feasible.. for me it is all or nothing approach. Madison Phillips Columbus, OH 2020-05-13 "As one of the high school students that would be forced into this learning style I can say that I would not learn anything. I learn through interactions with my classmates and teachers staring at a computer screen these past few weeks I have learned nothing and it's a terrible feeling to know that you are expected to know something possibly even getting tested on it but you don't know it because some things you can't teach yourself and that would be why we have teachers and the school systems yet we do not have access to it. Along with the work being assigned it's not the same as what we get to do while in a classroom it's mainly busywork and mindless work that is not helpful to our learning process it seems more like an attempt to cover for the schools by saying they are assigning us work than actually being a useful tool to learn with or through." Kathrine Perez dayton, OH 2020-06-10 "This is not going to be what is best for the children."

Krista Britt Hamilton, OH 2020-06-11 "If they dont go back to normal school it would be a detriment to my sons educational path."

Pamela Tipps Dayton, OH 2020-06-11 "My children need a real teacher every day, all day."

Julie Meyer Dayton, OH 2020-06-11 "I am an Occupational Therapist in one of our local districts. I'm concerned about the amount of instruction that our students have missed since the closure. Our children need to be around other children. They need the social interactions of peers. They need their teachers. For some of our students, school is the best part of their day. Many of the students depend on it for 2/3 of their daily meals. Some of our students receive mental health services while at school. Students need to be in school 5 days per week."

Justina Erre Columbus, OH 2020-06-11 "I have a special needs child that needs consistency, therapies, and socialization. I also have two high schoolers whose depression level greatly increased during quarantine and remote learning."

Lisa Reid Hamilton, OH 2020-06-11 "Let our kids get back to a normal life already !!! NO MASKS NO SOCIAL DISTANCING, NO HALF DAYS NOTHING!!! I want a regular school days like before this covid !!!"

Dorlene DePew Oxford, OH 2020-06-11 "Kids need to get back into a normal school routine. Their lives have been interrupted by the virus and they should know it will get back to the way they were used to in schools."

Daniella Gibbons Hamilton, OH 2020-06-11 "I'm signing this because our kids need this. Their mental and emotional health matter."

Beth Goode Plain City, OH 2020-06-11 "I'm a parent and a public schools teacher. This IS NOT in the best interest of our students."

Terry Willis Cumberledge US 2020-06-11 "Our education system may need changed but this is ridiculous. To expect families and schools to be able to do this is wrong. No kids have died from Covid. Send them as usual in the fall. No restrictions."

Jill Parrett Centerville, OH 2020-06-11 "More than just textbook education being lost."

Lori Mucha Brunswick, OH 2020-06-11 "I am signing this because it is very important for children to be back in school on a full time schedule in the fall. As a teacher and mom, I have seen the effects of remote learning. Students need face to face interaction with their teacher. As well as interaction with their peers. This is very important to their academic development and their social emotional health." Tricia Koehler Dublin, OH 2020-06-11 "Kids need full day every day education in the fall!!!"

Trisha Day Hamilton, OH 2020-06-11 "I am a parent and I honestly think it is what is best for the kids."

Brion Treadway Hamilton, US 2020-06-11 "Kids need to be in school"

Joseph Stack US 2020-06-11 "this is one of those ideas that sound good for social distancing. I am sure there are other options to accomplish this...try harder to solve this concern."

Nicole Wetta Hamilton, OH 2020-06-11 "We work full time...who's going to help pay for childcare? Who's going to homeschool these kids? If sports are back as normal....so should school! Masks are just going to cause the kids to touch their face more! No mask."

Gina Walters Dayton, OH 2020-06-11 "Masks are not necessary for anyone. If students and staff are required to wear masks to school, I will not be sending my children this fall."

JENNIFER Crouch Follansbee, OH 2020-06-11 "I have two school aged children and work full time. An idea of mixed in school and out of school learning is not ideal. My daughter struggled with the online schooling and she is a straight A student. Please let the kids go back to school full time. Kids need to be in school and taught by their teachers that went to school for teaching not from their parents. Thank you!!"

Jackie Noonan Oxford, OH 2020-06-11 "Kids NEED to be in school. It's a safe place for so many and education is going to be salvation for so many that are at high risk"

Sue Schieberl Brunswick, OH 2020-06-11 "I have a daughter going to college and I don't want a new normal it's not healthy to do this to anyone"

Debbra Sullinger Vienn, OH 2020-06-12 "Kids need interaction with teachers & other students to learn. With the way things are being taught now an days are not the way we as parents were taught."

Stephanie Schneider N/A, US 2020-06-12 "Kids need their normal school routine back, and to learn in a classroom from their teacher with their friends!"

Jason Bateman Strongsville, OH 2020-06-12 "Who's gonna watch my kids while me and my wife are working or pay for daycare"

Christy Cole Hamilton, OH 2020-06-12 "Kids need to be in school! They are falling behind because I am not a teacher. If children were dying from covid I would be leary of sending my kids to school. I am a nurse and have worked on the fro globes throughout this entire pandemic and I am not scared to send my children to school"

Jonya Spencer cain Ohio, OH 2020-06-13 "I'm signing because I have 2 visual learners and their both in high school which doesnt offer online teacher assistance and this would be terrible especially for my senior that needs to meet certain criteria to get into college!"

Katarina Cindric Kirtland, OH 2020-06-13 "My kids are both in preschool and my oldest has an IEP for speech and occupational therapy. They both regressed on their progress after the schools went to online distance learning. They miss their teachers, their friends, and being in school. Even though their school days are only 2.5 hours/4 days a week, it made a huge difference in their learning. I fear they will regress even more if they are forced to do 2 days in school/2 days remote learning. It doesn't work for everyone."

Shawna Reed US 2020-06-13 "I have a daughter going in 7th grade and a son with special needs going in 2cd grade and I can't imagine either of my children only going to school 2 or 3 days a week and homeschooling the rest of the week us parents are struggling enough trying to keep food on our tables we can't be there teachers also. Having them wear face masks to school is totally out of the question could you imagine as a adult sitting through 6 to 8 hours everyday wearing one of those having to stay 6 feet apart its ridiculous. I think kids need the regular normal not the new normal."

Yuliya Viner Pepper Pike, OH 2020-06-14 "masks or no masks, but kids have to go to real school and have quality education, socialization, physical activities, etc. If they need to wear masks, have them wear masks, but open schools full time."

Elena Khlobystova Philadelphia, PA 2020-06-14 "Give our kids a chance to have a normal life and normal school!"

Elena Brodsky Brooklyn, NY 2020-06-14 "I'm single mother and need normal school days to be able to work" Diana Tintuc Brooklyn, NY 2020-06-15 "I am for school! Kids must to be in school like before quarantine, no mask, no distance"

Anna Mae Cleveland, OH 2020-06-15 "Kids have to go to school"

Mallory K Columbus, OH 2020-06-15 "Parents can not afford additional childcare - OR to be out of work themselves in order to stay home to help with and monitor remote learning. Also, our children will get significantly behind academically without the full-time in-classroom instruction. Plain and simple, learning remotely is just not the same. Yes, teachers did a great job with no notice switching to this in the spring out of necessity. And they put a lot of time and effort into it in most cases, but yet the quality of instruction was not near what it would be in the classroom. Also students need the social interaction with their peers and teachers in school. It is not good for social development or mental health for kids to be stuck at home and not having their needs met."

Stephanie Dooley Loveland, OH 2020-05-08 "Kids need to be in school 5 days a week for a quality education. Virtual education is terrible. The schools can handle hand washing and keeping the desks clean."

Christine Ankenbauer Cincinnati, OH 2020-05-08 "My daughter is supposed to start a trade junior year, half day and regular school second half. How the hell can she learn machining 2 half days per week. This is nuts."

Jill Goddard Tiffin, OH 2020-05-08 "I will have 4 children in different classes. I would need to quit my job if the school system went like that."

Theresa Haines Lebanon, OH 2020-05-08 "It would cost me more for daycare, I would have to quit my job to take care of 3 grandkids I am raising."

Heather Hutchinson Cincinnati, OH 2020-05-08 "I'm a teacher and my 1st graders need me in person, doing hands-on activities, being socialized and immersed in learning!"

Emily Werff Fairfield, OH 2020-05-08 "I am a working single parent & I can't just stay home all the time to educate my kids."

Amy Schramm Sylvania, OH 2020-05-08 "I believe students need classroom instruction. Especially career tech students. I plan to gradually ease back into society and take the normal precautions we use during flu season. Rick vs reward has guided me in making my decisions at this difficult time."

Julie Pettay Massillon, OH 2020-05-08 "This will provide undue hardship for many working parents with young children. Just not sure this makes sense for reducing spread Name Location Date Comment of illness anyway! Still lots of kids close together and the same teacher who will be exposed each day. Everything would have to be sanitized constantly. Not possible. This does not make sense and would be considerable chaos for little to no benefit."

Robbin Geis Batavia, OH 2020-05-08 "I believe this will not at all be good for the students, will be very confusing"

Phillip Lane Felicity, OH 2020-05-08 "It will hurt the kids more than it will help"

Andrea Detling Springboro, OH 2020-05-08 "I'm signing this petition because as a working mother and breadwinner for my family, this proposed school schedule would be first and foremost detrimental to my children academically and would certainly cause grave financial hardship for my family."

Leah Graniteo Madison, OH 2020-05-08 "It's not an option! People work...."

Jessica Oswald Orrville, OH 2020-05-08 "Kids need the routine of a normal school week. Parents need a safe ace for their children while they work."

Ericka Brodnan Painesville, OH 2020-05-08 "It's unfair to the parents and students and taking this pandemic way too far! Enough is enough!!"

Shelly Cook Greenville, OH 2020-05-08 "I have 4 grandkids in school. We have a small school. The assumption that parents will be able to juggle this schedule is ridiculous!"

Nicole Nickell US 2020-05-08 "This is not good for our children."

Jessica Kilgore Trenton, OH 2020-05-08 "Too difficult for parents to keep structure"

Melissa Reese Youngstown, OH 2020-05-08 "I do not believe this is a solution ... I would rather teach my children at home online. I DO NOT feel comfortable with even having my kids attending school with this virus."

Julie Henke New Philadelphia, OH 2020-05-08 "Kids are not learning at home and we have to work."

Debbi Brown Wooster, OH 2020-05-08 "This is just ridiculous...different kids from 1 home going different times but yet suppose to stay safe ..."

Kate Sorriento Mentor, US 2020-05-08 "This is detrimental to the future of the nation!"

Patricia Culp-Dickey Newton Falls, OH 2020-05-08 "Kids need to spend every opportunity AT school learning, socializing. We do not quarantine the sick"

Jessica malinkey Ashtabula, OH 2020-05-08 "This will not work for my kids!"

Tristian James Dayton, OH 2020-05-08 "We will have a kindergartener this fall and both my husband and I work full time. It's not fair to my child's emotional, social, and educational development to keep her out of school the majority of the week. Not only that, children thrive on routine and direction which at her age, she needs to continue. Thank you."

Jaclyn Pierce Xenia, OH 2020-05-08 "All kids deserve better than this."

Jennifer Keeton Sandusky, OH 2020-05-08 "I'm also a teacher and don't agree with this."

Lisa Kroehler Lima, OH 2020-05-08 "I think this is a big mistake and doesn't make sense. The virus is so smart that it's only a threat to the school two days a week? It's going to wreak havoc all the way around ."

Tonya Gatewood Canal Fulton, OH 2020-05-08 "I'm signing because this isn't going to protect anyone if that is the purpose. Let just go back and clean like we do when it's flu season!"

shelly viau dayton, OH 2020-05-08 "Without structure teen pregnancy, drug use, teen suicide will be at an all time high leaving them with no future. Education will just be obsolete."

kelly lockard Dayton, US 2020-05-08 "This is absolutely ridiculous! We are being Governed by week and ignorant individuals. May God Bless us all"

Ashley Hall New Waterford, OH 2020-05-08 "I am against this. Parents need to go back to work. Kids need to go back to school. The virus does not effect children. The curve is flat. Why are you trying to rewrite the educational system? Children with learning disabilities will fall farther behind. Children who's only safe place is school will be lost. Please return to a normal school schedule in the fall." Katie Miller Walhonding, US 2020-05-08 "

Katie Miller" Ingrid York Cincinnati, OH 2020-05-08 "I'm signing because my 6 grader experienced 2 days of school option in kindergarten and after coming out he was behind. In the winter he spent more days home because of snow days then the other days it was a hot mess"

Lisa TePas North Ridgeville, OH 2020-05-08 "I believe that kids NEED to have socialization and not have so much technology introduced at a young age. I have a kindergartener who will be starting 1st grade. My child is very unhappy right now not seeing his teacher or his classmates. Kids learn from each other and this isolation would be too much for all ages. Also, single parents would have a tremendous hardship. Our kids need their teachers and staff full-time."

Amanda VanBuskirk Urbana, OH 2020-05-08 "I am a SINGLE MOM of 2 kids WHO WORKS 40+ HOURS A WEEK OUTSIDE THE HOUSE!!!!!! I only see my kids a few hours a day, I don't want it to be spent entirely on school work! Its hard"

Kevin Sharrett Fairborn, OH 2020-05-08 "Not all students thrive either home schooling. They work better with their teachers as their teacher and parents as parents. Alot of kids give parents a harder time and dont listen to parents trying to teach but will sit and listen constantly to their teacher. Save the children and stop this job sense."

Denise Early Lima, OH 2020-05-08 "These kids need to be in class room school."

Jeff Hunt Dayton, OH 2020-05-08 "Let us live thru this!! I am STRONGLY against 2 on and two off. The quality of education will suffer greatly!"

Pam Suki Pepper Pike, OH 2020-05-08 "People have to work!!! The stress level with working from home and home schooling is out the roof!!!!!!"

Kevin Sharrett Fairborn, OH 2020-05-08 "Not all students thrive during home schooling. They work better with their teachers as their teacher and parents as parents. Alot of kids give parents a harder time

and dont listen to parents trying to teach but will sit and listen constantly to their teacher. Save the children and stop this non sense."

amber brammer Marion, OH 2020-05-08 "My son has had nothing but difficulty with the online learning this year. I dont want him to be behind next year also. Not everyone does well remote learning. Please dont ruined his senior year!"

Heather Freemont Twinsburg, OH 2020-05-08 "Alice, thank you for doing the petition so our voices can be heard. This online learning is not working. There is no way we can work and leave our children at home to figure this out and actually learn something when do not even have a schedule that a teacher adheres to. I refuse to support the school systems if the union push for this. Are we all supposed to quit our jobs."

Denise Griffith Canal Winchester, OH 2020-05-08 "I don't have young children but I do have grandchildren and their parents work. Two as a teacher trying to homeschool their own children while teaching her students. This is an undue burden on the teachers with children as well as parents that have to have daycare as a substitute. Many of These kids will be going to grandparents now so their parents can work and exposing some of the most vulnerable now. This is a ridiculous concept."

Donna Hill Beavercreek, OH 2020-05-08 "This is NOT the answer! I'm an educator and Parent and this is absurd! Back to school 5 days/week!"

Mike Kennedy Jr. Payne, OH 2020-05-08 "While parents are teachers we are not educators, we teach them about life and responsibilities, the schools teach them about reading writing and arithmetic"

Sylvia Darnall Goshen, OH 2020-05-08 "I am a nanny and I have been homeschooling two children since this mess started. Trying to get them motivated and focused to start the day is a big big issue. They want a snack every 15 min. Find one outside rollerblading. This isn't vacation!! This is a big deal that just doesn't work. These kids will be so behind. I have to reward these two kids so they buckle up and get it done. Many days there are tantrums and snotty attitudes. We are not teachers!"

Sarah Tilton Eaton, OH 2020-05-08 "I'm a teacher. The majority of students are not motivated enough and have not got enough resources at home to be successful students. If we do this to the school system, this will be the end of any semblance of actual education the school systems have left. It will all be an act and a ploy to save face, knowing the education system is no more."

Jen Coletta Salem, OH 2020-05-08 "Kids need to be in school. My 6th grader has learned nothing the past few months!"

Heather Muhlhauser Cincinnati, OH 2020-05-08 "It's not healthy for these kids to be at home so much."

Danielle Rice Powell, OH 2020-05-08 "Absurd! Are we still living in America??!!!! This is wrong on so many levels."

Dawn Orner Holland, OH 2020-05-08 "My kids have barely made it with good grades since this happened. They will NOT succeed not being in this type of school environment! My A and B children are failing what would normally have no issue. I struggle with the frustration, feeling inadequate, hearing them say they are dumb, not going to be good at anything. Tears over homework that would either be done in school, or 15-30 minutes at home. Seeing the anguish in my three daughters faces on a regular basis is not healthy physically or mentally. I have one daughter who is so down she doesn't want to eat, another who that is all she can do (stress eat), and one who goes in spurts of both of those."

Lori Krakowski North Ridgeville, US 2020-05-08 "There needs to be consistency for children. Parents can't be expected to homeschool and work. Too much anxiety for all involved."

Andi Wolodkiewicz Fairborn, US 2020-05-08 "It's the right thing to do!"

Sondra Putka Avon, OH 2020-05-08 "I have 5 children. Some of them are very not ok with distance learning! This started to give health care time to get ready. It is not only not overwhelmed, it's dying! Please consider all suffering under the curve of this virus. Please, stop the ridiculous, over reaction measures. They are doing more harm than the virus. A realizable vaccine is years away! Heard immunity is all that's left till then and you keep preventing it. RN, BSN"

Michelle Lester Mentor, OH 2020-05-08 "My daughter has an IEP and needs school structure for her learning."

Dawn Harnutovsky Youngstown, OH 2020-05-08 "2 days vs 5 days it makes no difference if they are exposed they are exposed we have 3 months to get a plan in place that works for them to be back in school full time."

KIM ELLIOTT CELINA, OH 2020-05-08 "I don't think it's necessary. Will put a lot of stress on kids and parents." Amy Anderson Dayton, OH 2020-05-08 "What about parents who work??? This is not a solution."

Susan Steadman Willoughby, OH 2020-05-08 "Susan steadman. Let's find our new normal, this isn't it"

Jonathan Fritinger Milford, OH 2020-05-08 "Enough is enough"

John Harney Dayton, OH 2020-05-08 "I'm a concerned parent and the husband of a teacher."

Scott A Sergent Dayton, OH 2020-05-08 "It affects my job"

Angela Gioia West Chester, OH 2020-05-08 "My daughter is a 3rd grade teacher"

Remote learning is too much transition for kids with Autism teachers will be spending these 2 days on behavior problems and they will learn nothing not to mention by law she gets so much speech and other needs to be done in person. Zoom does not work. This is not a free and appropriate education. When it comes to special needs if you do this even for part of the year you will be dooming a generation that has worked so hard to catch up to a typical child. Due to a virus less deadly than the flu. Nonsense" Lu Ann Currence Burton, OH 2020-05-09 "It's ridiculous...all 5 days or just stay at home." Teryl Botos Hamilton, OH 2020-05-09 "Teryl scharrer" Teryl Botos Hamilton, OH 2020-05-09 "This will make it difficult for my grandchildren to get their proper educational needs full filled. Difficult for parents who are essential workers to manage the children's educational needs" Amie Davidson Paris, OH 2020-05-09 "This virus is not something we can avoid, just like the flu. We can't change everything for a virus! We need normalcy for our children!" Ashley Thieman fairborn, OH 2020-05-09 "This is a terrible idea & it needs to not get passed!!" JANINE SEVITZ Middle Point, OH 2020-05-09 "Children need structure not mayhem. A lot of parents cannot afford this and it would just be a juggling act. Governor needs to get his head out of his ..." Amanda Warren Willowick, OH 2020-05-09 "My niece thrives on a structured schedule like school. She is backsliding not having the social and learning elements she can get in a school environment." Richard Evans North Royalton, US 2020-05-09 "Kids need each other, their teachers, and parents need help they cannot all supply in education their children." Aaron Zinda US 2020-05-09 "DeWine is out of touch. Kids need structure. Kids need a full week of school. He's also ridiculous on cutting funding to the school systems" Elizabeth Pierce Chagrin Falls, OH 2020-05-09 "This possibility will not work for kids." Niccole Remenowsky Dayton, OH 2020-05-09 "We can no longer run from this virus, herd immunity!" Rebecca Herrick Richmond, IN 2020-05-09 "Completely agree that my child will not get the education he needs by doing two days at school and two days online. Someone PLEASE change the word "undo" to "undue" so this petition will be taken seriously..." Kimberly Kale Akron, OH 2020-05-09 "This is unacceptable we are challenged everyday with virus and sickness. These kids can not be denied their education. They need to be in school with their peers and teachers who are trained to teach. Not a computer!" Jessica Snell Painesville, OH 2020-05-09 "If they can return for one day and they can attend all week. Kids deserve a good education" Jessica Haller Cleveland, OH 2020-05-09 "This affects especially the kids with IEP and 504 plans in special needs classes" Shelly Applegate Powell, OH 2020-05-09 "My kids need school and normalcy. Shannon Bednar Steubenville, OH 2020-05-09 "Students need to be in the physical classroom. Students are currently struggling and it will only get worse." Codi Hawkin Conneaut, OH 2020-05-09 "My child deserves to have a normal upbringing and schooling. My child has special needs and needs OT and other things that are needed for his development. We cannot live our lives in fear!" Name Location Date Comment Saunya Ross Walbridge, OH 2020-05-09 "This will be a strain to many parents especially the remote learning. Who will now care for these children and at

what cost to parents??? Not to mention the extreme changes to young students lives that could no doubt cause them more undo stress and mental instability. Many of them need the structure that school provides as well as the many interactions with others. I do not see a need for this and you are causing too much stress on both parents and students with this mental health also needs considered here!!!!" Cherri Hansford Cincinnati, OH 2020-05-09 "I can not teach. I'm doing more damage than helping her. As my child is starting K this fall, this will be a year of solid foundations for her entire academic time. It can be great or really bad. A split school year will be more harmful than good." Cassandra Nichols Steubenville, OH 2020-05-09 "Both my husband and I work neither of us went to school to be teachers, that's why we send our daughter to school. It's hard to keep her attention now at home to do her school work during this time of quarantine. How will mixed learning help anything. Kids will be exposed both at school and then again at child care and also put a financial strain on parent having to pay for both." Heather Shevlin Steubenville, OH 2020-05-09 "Remote learning isn't as effective as classroom learning. Parents need to work and don't always have childcare. Kids eat and feel safe for 8 hours at school. I am against mixed school days and all for completely in the buildings for fall! Scs is the best and does so much more than "just teach", they are these kids family!" Lauren Parriott Findlay, OH 2020-05-09 "This causes more chaos for teachers with school aged children for daycare. It is impossible to sanitize all desks in between all periods of the day and also to limit the kids' interactions with each other. This does not make sense" Colleen Baldwin Beloit, WI 2020-05-09 "That is the dumbest and craziest thing I've heard in my 63 plus years we don't have Hitler giving us orders. Kids need the bonds they make as friends and from teachers and the principal I had good memories of all from elementary thru high school. Don't change a thing for the children's sake. Hilliard, OH 2020-05-09 "As a teacher of 28 years and a parent of three, It is my professional and parental opinion that Mixed school days are not in the best interest of educating students. Continuity in the learning process is one the most necessary aspects of education. One of the most persistent concerns that teachers have is students not attending class. ... poor attendance. Mixed school days will fail. Stop asking administrators and ask the teachers for ideas." Ann Mambourg Massillon, OH 2020-05-09 "I have 3 children of my own who are struggling with remote learning. My junior missed her 3rd year of varsity softball and my freshman has missed his friends and teachers. This distant learning is teaching my children nothing but how to fight me on how to do their school work! It's more than just learning in school. It's about structure, it's about socializing, learning coping skills. It lets them out of the house and some kids my kids go to school with it's the only meals they eat and their safe haven! When parents work 8 hours a day they shouldn't have to come home and get dinner then help with school work for 4-6 hrs a night!! I think there should be accountability for kids to get up and go to a classroom even if it means coming up with a way the teachers have live class videos that kids have to get up and attend as if they were in school! Kids can go from class to class on the live videos and teachers can see who is there in the video and take attendance. The teachers are still getting paid being off Work don't they? This is a critical time for us to stand up for our rights and protect the future generations!" Kelly Kilijanczyk Cleveland, OH 2020-05-08 "The effects of this inconsistency are damaging to the children's learning and a nightmare for working parents. Especially single ones with zero help." Tiffany Lynn Fairborn, OH 2020-05-08 "These children need school. September is 4 months away. Start them after Labor Day. That's plenty of time to get this under control!!" Brian Keiser Atwater, OH 2020-05-08 "We need to end this madness and get back to life as it was" Amy Ryant Akron, OH 2020-05-08 "I did not hear about this. If I wanted my children to do remote learning than I would enroll them in an online program. I, personally, cannot afford to put my youngest in daycare on his "remote" learning days. This would be a tremendous financial strain and is NOT conducive to learning, especially for elementary students who need more direct teaching. If I'm working, who is helping him with his work, the underpaid, overwhelmed daycare worker or will he be left to do it all in the evening? I, honestly, cannot believe this is being considered as an option. At this point, this is getting ridiculous. Let us get back to normal life!!" Elena Caspar Hudson, OH 2020-05-08 "Kid need to be back in school!" Evie Warner Dayton, OH 2020-05-08 "Special education students will be hurt by this!" Jennifer Brock-Lee Okeana, OH 2020-05-08 "I would be interested to see how many kids successfully handled virtual learning with real grades (not the grades this quarter). If there are enough students they could work from home or in the gym. Distance learning for many kids has proven to be very challenging for the kids and that is without taking all of the other factors into account!" Krista Marcha Green Springs, OH 2020-05-08 "My daughters are both honor roll students and go to a good school. My family has wifi and resources. Still my girls have not been learning as much as they

would be if they were back in school. I'm also a teacher but teach in a less advantaged district. Many of my students don't have access to technology and resources so it is much harder for them to access education. Many of them have not completed many of the assignments that I have given. Many do not have parents who are capable of helping them. I have posted videos of myself teaching lessons but only a few are able to watch them. Education budgets were just cut so there will not be money for teacher training, technology, and resources for partial distance learning."

Julia Zilch Lorain, OH 2020-05-08 "I have a son in 4th grade. He needs to be in school full time, regular schedule. The real data shows that we should open back up as usual. Stop using fake data to run this stupid agenda! This is UNAMERICAN! Get a back bone and take a stand! No one wants Bill Gate's toxic vaccine for a lame virus that causes common cold or flu like symptoms."

Melinda Barker Columbus, US 2020-05-08 "We need to open up schools and the state!"

Mindy White Olmsted Falls, OH 2020-05-08 "My children like going to school. They love their teachers, friends, and activities the schools offer. The teachers in my community are wonderful, they make learning engaging and the kids need to be in school consistently. To mix their week doesn't make sense for numerous reasons."

Rebecca Scheffer US 2020-05-08 "Kids need stable days for a great education ! Parents are essential workers ! Teachers are better at educating please!"

Michelle Garvin Wheeler Dayton, OH 2020-05-08 "Continuing to make parents the teachers is continuing to give my children a subpar education. Our teachers have to split their focus even more to maintain an in-class curriculum as well as an online curriculum. If we need smaller classes, hire more teachers, build bigger schools, quit paying politicians such obscene salaries and start putting education first, for once!"

Susan Eckhardt Dummermuth US 2020-05-08 "No need for it at all. Numbers do not show any reason to implement this."

Lori Sears Cincinnati, OH 2020-05-08 "If the kids go to school Any day, they are potentially exposed to Covid-19. All or nothing! Parents needs to work, so education will fall to the wayside!"

Jennifer Parkinson Mentor, OH 2020-05-08 "This does not work for most families. Who is staying home with my elementary aged students while I have to teach full time to half the kids every other day? I am currently working one on one with my kindergartener everyday to get his online learning done."

Jennifer Sizemore Dayton, OH 2020-05-08 "I have 4 children in different grades - one who is in a Career Center going 2 days a week and home schooling is not feasible for the State of Ohio Hours. Going 2 days a week and doing Zoom Classes disrupt the learning process this is not quality education learning. This is not feasible when parents work outside the home and children are left home without someone to provide care."

Connie Dalke Madison, OH 2020-05-08 "School is so much more then math and history class. Kids need their band, choir, arts and sports. You cannot do these online....."

Evelyn Burge-Dehl Columbus, OH 2020-05-08 "I believe that this would hurt the students with their learning & I also know that it would be a hardship on a great many parents to work & teach students at home."

Kathy Moore West Portsmouth, OH 2020-05-08 "My child attends Clay elementary school in Portsmouth Ohio and I pay tax dollars for my child to attend 5 days a week in the classroom at that school. I live in the district and expect the school to be open. 2 days a week is not enough for them to attend classes and I am done with remote learning it has put extreme hardship on my family due to daycare costs and have not been able to keep up with helping my child do her schoolwork due to my long work hours , getting up at 530 am and home at 9 pm I do not have time to help my child with her schoolwork. She is a A,B student who is doing horrible now which is not her fault due to our crazy schedule. I am a essential worker and so is my husband we are already under stress as a nurse and correctional officer with 2 jobs and this should not be our responsibility to give our child a education at home. I would not and have never wanted to

choose home schooling for my child. She needs the socialization of school and structured learning. She stays in childcare wh"

Jessica Buttari Painesville, OH 2020-05-08 "If u send them half time they are still exposed so send them always or not at all!! Online schooling is not working!! My kids hate it! They are learning nothing and its a ton and i mean a ton of busy work!! That they are not getting grades for! My kids school is pass or incomplete!! I mean really!!"

Sean Ehinger Whitehouse, OH 2020-05-08 "Full school days are important to maximize children's potential!"

Leah Smith US 2020-05-08 "Too much change is unhealthy for children. Parents also may not be able to make this work if both parents work outside the home full time."

Larissa Phillips Cincinnati, OH 2020-05-08 "I'm a teacher and a mother. I can't be in two places at once. I would rather my children be safe at school with their teacher, than at home without me. Guess who many parents will rely on if we have to work and children are at home...? The grandparents...! Hmmm...?!?"

Shawn Miller New Philadelphia, OH 2020-05-08 "I'm signing this because mixed school days are crap... Also a load of crap is remote schooling..."

Stephanie Scholz Columbus, OH 2020-05-08 "I am an essential worker and I don't have the time to dedicate to remote learning. I also don't feel that my children are learning as much at home."

Shawn Miller New Philadelphia, OH 2020-05-08 "Mixed and remote schooling is the most ignorant thing I have ever seen"

Ashley Harrison Dayton, OH 2020-05-08 "I am signing because my son needs a structure and routine and greatly benefits from being in a classroom with neurotypical children. He was diagnosed with autism and we have seen such improvements since starting him at an inclusive classroom in the Northmont school district. He receives services at school like speech and occupational therapy. Only having two days at school would limit these services to those two days and while we have tried teletherapy it is nothing to be substituted for the real in person. Children do not learn well in this remote setting at all and this is a generation that needs socialization because of their heavy dependence on technology. I can't bear the thought of my son going to kindergarten, his first year in school that should be such happy memories turn into this ridiculous two days in two days off. I am not equipped with a degree to be able to teach my children. We are all still learning through his other therapy how to best teach him and I know if this happens it will make him"

Julie Busken Cincinnati, OH 2020-05-08 "The kids will be fine at school but much more isolation will be detrimental."

nicole jones Willard, OH 2020-05-08 "Kids need structure and social skills. They need things to go back to "normal". As we open Ohio, the only thing not opening is anything having to do with kids. Needs to stop. This is not healthy for them"

Christina Russo Brookpark, OH 2020-05-08 "Kids need to be in school. They need the socialization, they need structure, they need the teacher authority. Alot of parents work while their kids are in school they can not be off work all school year again families are going broke with just these 2 months off of school. Kids are becoming depressed and committing suicide from total isolation from school and friends. The virus is not going anywhere anytime soon it could be 5 - 10 years before a safe and effective vaccine is available. People need to get back out its not good on their immune systems to not be around other people and germs they will fall very ill from every other illness out there if it keeps up like this. We do not take kids out of school for the flu"

Brittany Etienne Dayton, OH 2020-05-08 "Our kids deserve a proper education"

Matthew Inman Harrison, OH 2020-05-08 "This is a logistical nightmare!"

Sam Carroll Fairborn, OH 2020-05-08 "I'm standing in place especially for the Christian schools that rely on parents to pay. If our finances struggle, the school struggles. If the kids do distance learning, parents won't pay for that and that would force the school to close up."

Karen Samples Dayton, OH 2020-05-08 "I'm signing this petition for so many reasons. I want my children in school learning from someone who is an educator. I want them around their friends and on a schedule. But, most importantly, school is a safe place for so many kids. By closing schools and keeping them closed you are putting numerous children at risk for abuse and malnutrition."

Jackie Thomas Loveland, OH 2020-05-08 "I'm signing because my children need 5 days a week of in school instruction. I am NOT qualified to be assisting them with their education at this level for longer than I already have had to. My son is dramatically behind socially and absolutely needs to be surrounded by his peers to develop those skills. I fear he will be set up for a life full of social anxiety if this continues. Enough is enough."

Olga Verbitsky Springboro, OH 2020-05-08 "I don't believe my son is enjoying virtual learning or receiving the same education"

Andrea Stipe Toledo, OH 2020-05-08 "We have given online learning our best effort, and it's not the solution. We are getting by, but the level of education isn't even 50% of attending live school. I do not want my kids to miss out on an entire year of school. Kids need a routine daily structure and socialization. Parents also need to work. Open schools in the fall."

Theresa Gonyer Wayne, OH 2020-05-08 "Kids need to be back in school full time, not just 2 days a week."

Jennifer Schmiede Mentor, OH 2020-05-08 "I have 3 children all with IEPs this at home instruction is making them fall behind. They need the structure and routine of school not for just 2 days a week. And I know many other parents with special needs children they need the consistent of school in a school."

Molly Wright Morrow, OH 2020-05-08 "This is some bullshit"

Sarah Brogan Dayton, OH 2020-05-08 "This idea is the most idiotic thing I've ever heard tell of. Let our children live a normal life, socialize and get the most from their education!"

George Beatty Grove City, US 2020-05-08 "This will cause so much more unemployment!"

Christina Barnes Holland, OH 2020-05-08 "There is no quantified evidence to support making this change. Before making this drastic of a change a true risk assessment must be done- not just risk of

illness, but long term impact to students. In addition, as school is primarily financed by either private tuition, or taxes paid by constituents, it should be on the ballot for voters to decide- not unilateral decision by a representative."

Sekena Jankowski New Carlisle, OH 2020-05-08 "Sekena Fulton"

Colleen Selden Wooster, OH 2020-05-08 "My kids are suffering from not having the instruction they need to be successful. School provides them with not only education but structure. We are a split family and both parents work. We cannot provide the structure they need to be successful. Not are we teachers. Kids need the personal experience you gain at school. There is so many social skills they will miss out on. What about athletes? Some kids rely on scholarships in athletics to be able to go to college. There are no social distancing sports. And what are we teaching our kids? To keep away from others? Humans need to learn compassion and kindness. Social interaction is how we learn this. Kids are already less social and less kind because they are so wrapped up in technology. School is one place they can be together playing and learning."

Rachel Garvin Madison, US 2020-05-08 "I'm a high school student and I will be going into my senior year this fall. I've grown up waiting for this year. I don't want to only be able to see my friends and teacher only half of the time. Along with that, I am having a hard time with online learning as a junior currently. I don't want to spend half of my senior year, trying to graduate through online learning. I need to be back in my school in the fall!"

If you feel like you don't want to send kids back to school for safety reasons, that is an option. But this is not practical for every family. My son is starting a vocational school next year, and this will not be good for him in particular."

Lynn Kallay Painesville, OH 2020-05-08 "Our children have had their entire lives flipped upside down literally over night. Before such radical measures are taken that will impact these kids for the rest of their lives, I want to know that these extreme measures are absolutely necessary. What sort of numbers are we seeing in children and how they contribute to the spread. This is the his virus. The emotional and social impact is going to be huge. Plan on suicide, drug and alcohol abuse, self harming behaviors, depression, high school drop out rates, and mental health issues in general to soar. know we need to save physical lives, but there is much more to consider here. These kids are our future."

Sara Brandstutter Georgetown, OH 2020-05-08 "I have two children one is my husband's 7 year old niece who we now have custody of, she is TWO grades behind she is still in kindergarten and should be moving onto 3rd grade and she's not. Linda Barrett Dayton, OH 2020-05-08 "This plan is as asinine as telling people they can return to work while keeping the daycare centers closed. Employers can not in most cases accommodate this without problems functioning. This will have little to no effect on infection."

Jennifer McCoard Mentor, OH 2020-05-08 "I am signing because kids should attend school Monday thru Friday. We should lower class sizes and hire more teachers. I know more money but I feel that is the best."

Melanie Birdsong Batavia, OH 2020-05-08 "It's time to open Ohio up. People's lives are being ruined not because of the virus, but because of the continued closure."

Vickie Kuli Oak Harbor, OH 2020-05-08 "Right now I am home schooling two nieces who cannot be home or attend day care. I am NOT a teacher! They need their wonderful IEP teachers in person!"

Elmer Latchford Goshen, OH 2020-05-08 "I believe kids should all be in school but of course exercise caution." Jess Miller US 2020-05-08 "This makes absolute no sense and I don't want to homeschool my 4 kids and pull them from Garaway but as of now that's my only option."

Ryan Cox US 2020-05-08 "This idea is ridiculous!!!"

Angie Yoder Cbus, OH 2020-05-08 "It's time:)"

Cynthia Thirion Warren, OH 2020-05-08 "Kids need to have consistency and must be able to socialize with others! Schooling at home was much needed during this pandemic but please let them attend and have a normal life!"

Amanda Springer Wakeman, OH 2020-05-08 "It is ashame how the government is going to give grants to fairs but not to the education of our children. Don't get me wrong fair is great my daughter is in 4h but I believe education should be the top priority. After all our children is our future."

Terri Byrer Troy, OH 2020-05-08 "Because I believe in our teachers and our Ohio school system but let's get them back to regular learning in school settings which have been available to us for many years!"

Kelley McLafferty Columbus, OH 2020-05-08 "I'm a teacher and a parent. How can I teach my students AND be home to homeschool own kids at the same time?! I also teach in an inner city school district.. how are those kids going to be home alone working or working at ALL when I have less than 25% of my 64 students completing 50% of my distance learning assignments NOW?! It's a bad idea all around!"

Mike Weber mentor, OH 2020-05-08 "Our schools are not equipped to do any kind of long term distance learning. If this is the route I choose to take (not forced to take) I will enroll my kids in a school that specializes in the distance education platform"

Jill Jones Nashport, OH 2020-05-08 "Our children need and deserve a normal school schedule. This idea is not it. Kids need to be in a structured classroom setting with their peers learning from teachers who are trained to teach. If parents are returning to work, then children need to return to school on a regular basis."

Linda Troyer Millersburg, OH 2020-05-08 "Schools need to open !!!! No mixed school days!!!"

Nathan Penrod Piqua, OH 2020-05-08 "I'm no longer a slave to fear, for I am a child of God."

tiffany wagner mentor, OH 2020-05-08 "They need to be in school every day! Most kids need the classroom."

Maria Ritchey Powell, OH 2020-05-08 "As a teacher AND mother, I can say with confidence this is NOT in the best interest of children. Children need consistency. They need stability. They need as little stress at home as possible. Their emotional well-being and learning depend on these things. Mixed days schooling will deny many children the: - Structure and routine they need to thrive.- The privilege of a peaceful home life with parents who aren't stressed about homeschooling. - The opportunity to develop deep and meaningful relationships with peers (a HUGELY important part of childhood development). - The opportunity to develop a trusting relationship with their teachers, which in many sad cases, is the ONLY trusting adult relationship children have. - The chance to learn according to their BEST learning style and method (remote learning is not effective for the MAJORITY of students --- especially those with any sort of learning disability). This model for schooling is not in the best interest of children or families. If we care about the over"

Elizabeth Spencer Cincinnati, OH 2020-05-08 "My son needs to be in school five days a week. He is already struggling doing distance learning these past 8 weeks."

Dee Dee Cole Greenville, OH 2020-05-08 "It's for a good cause!!!"

Amy Zellers Miamisburg, OH 2020-05-08 "My kids need socialization and me and my husband work fulltime so they would be home unattended 3 days a week. Just think this is a dumb idea."

Shannon Rece Columbus, OH 2020-05-08 "Living in fear is not living. This is ridiculous. My child isn't learning anything this way! She's going into her senior year and needs back in the classroom, not at home under government fear!"

Lisa Brown Rootstown, OH 2020-05-08 "Students need teacher interaction and not just video chat. Some students, including my daughter, has a question on a problem and it may take the teacher a while to respond. If they are in a classroom with the teacher five days a week they can get better help. It also gives them time they can see and talk and see friends, mostly at lunch."

Jennifer Maynard Mentor, OH 2020-05-08 "Terrible idea. We need our kids back in school!!!"

Regina Beran Garrettsville, US 2020-05-08 "This is appalling and absolutely not doable..parents have to work to provide for their family and this would not be conducive to that as well as giving the children the best opportunity at a good education"

Amy Thornburgh Dublin, OH 2020-05-08 "My daughter has special needs and is regressing."

Danita Wilson Woodsfield, OH 2020-05-08 "My kids are not yoyo's. Either they go or they dont. They need stability. Especially in this time of uncertainty!"

Deb McLafferty Dublin, OH 2020-05-08 "This will never work. The children need to go to school. They have already missed to much learning."

Cathy Carlisle Niles, OH 2020-05-08 "Cathy Carlisle" Joyce Burroughs Uniontown, OH 2020-05-08 "My child is struggling with the physical and social isolation and her schoolwork is suffering without the structure of a school day. She will continue to suffer greatly without a full return to school."

Kristina Alan Coshocton, OH 2020-05-08 "There is ways of doing a regular school week with kids in the build and keep the kids/adults safe."

Shari Steinhaus Cincinnati, OH 2020-05-08 "It just doesn't make sense. Socially these kids need to be in the same place. Academically they need to be in the same place. They are the lowest risk especially high school. Desk can be set apart and cleaning solutions can be put in place to make this successful"

Erica Hufgard Painesville, OH 2020-05-08 "My child deserves to go to school." Melanie Keels Dayton, OH 2020-05-08 "Melanie Keels"

David McCollum Cincinnati, OH 2020-05-08 "Kids need to be back in school with all of their sports and other activities. We need to learn to live with the virus, not hide from it."

Patricia Goldrick Columbus, OH 2020-05-08 "I am a teacher and this will not work for my ESL students or their families."

Jennifer Blair Lebanon, OH 2020-05-08 "This isnt healthy for our children and for the families. The children who live in abusive homes or worse. What about the parents who have to work. This is insane."

Chelsea Coppock Dayton, OH 2020-05-08 "The obvious... not workable for most families, certain groups of children will not learn, not needed due to where are numbers are currently"

Robert Parins Concord, OH 2020-05-08 "If the children aren't going to be on school for the purpose of schooling, then homeowner taxes should be refunded. They need the classroom setting. Not their bedroom."

Lori Atkins Mansfield, OH 2020-05-08 "My granddaughter, whom I have been doing distance learning with her and she does not do well. Too many distractions plus I am in grad school trying to complete my degree as well. Motivating her is a big struggle. I also have noticed a change in her personality."

Cyndi Daugherty Orrville, OH 2020-05-08 "I have a high school student taking upper level classes, and needs to be in school daily. If bars are allowed to open, so can schools. I also feel that our district is smaller, and can operate under different policies."

Nicole Werner Loveland, OH 2020-05-08 "Remote learning does a huge disservice to children, they've already lost 1/2 a school year. Education is too important for children's emotional, social, and physical, well being. Not to mention the extreme hardship this will place on working families."

John Graber Millersburg, OH 2020-05-08 "This make no sense. The virus doesn't know what day of the week it is"

Mandy Lundstrom Warren, OH 2020-05-08 "For my children! They deserve to be educated by trained professionals. I do not know how to teach them the academic skills they need in life, if I did I would've become a teacher. They need to go back to school to learn and grow both academically and socially"

Jennifer Hess cambridge, OH 2020-05-08 "Education is just as important for these kids. we are failing them if we do not allow them to return to a normal school routine."

Robin Valus Mentor-on-the-Lake, OH 2020-05-08 "I think they need 5 days a week at school not at home. Home to some kids are like freedom to do whatever they want and not school work"

Charles Lafkas Cincinnati, OH 2020-05-08 "Life cannot continue in this manner. With a proposal like this, the social and educational development of these children will be permanently impacted."

Liz Schehr Haygood Dublin, OH 2020-05-08 "I have 2 children, 1 with special needs. I am not qualified to teach either of my kids. Both kids are struggling with the elearning. My kids needs the consistency of being in a classroom full time! My children deserve the best education and at home learning is not it!!! Please open schools this fall!!!"

Cindy Uhrig Chillicothe, OH 2020-05-08 "The children need to get back to class. Whether they go one day, two or five...they are still exposed to each other. So.....It's time to move forward!!!!!"

Katie Maddock Loveland, OH 2020-05-08 "Being a 2 parent working household this would disrupt our family schedule. Additionally my children are not getting the same education or benefits of being at school. My youngest gets extra help and he works better for his teacher than me. Home is not the same environment for kids to stay focused for a better education."

Allison Moore Cornelius US 2020-05-08 "My children have different learning styles, neither of which I'm capable of fulfilling since my husband and I both work outside of our home. Horrible idea."

Tiffany Voigt Hilliard, OH 2020-05-08 "Do everything possible to get our kids back into school full time! Mental health is also important!"

Heather Conrad Painesville, OH 2020-05-08 "I am a single working mother of six and this schedule is not feasible for making arrangements. Also, the children will be negatively impacted by the inconsistency."

Melissa Parker Amelia, OH 2020-05-08 "I'm signing because my kids need to go to school full time next year so I can go back to work."

Stephanie Massari Strongsville, OH 2020-05-08 "This is not the way for children to receive a consistent education. They deserve a quality education!"

Heather Setmire Sunbury, OH 2020-05-08 "I'm signing this because my kids NEED to be IN school full time. They need interaction with other kids and their teacher."

Candace Brown Mason, OH 2020-05-08 "I'm a school SLP and remote learning is not meeting my students' needs."

Sara Michael Brunswick, OH 2020-05-08 "So... it's okay for children in early childhood and child care to go in to a center every day when they have no way of distancing, but older kids who actually CAN follow whatever protocols you put in to place for our "safety" CAN NOT GO TO SCHOOL FULL TIME?! This makes literally absolutely NO sense."

Jennifer Bruce Akron, OH 2020-05-08 "I am against the split school weeks."

Teresa Duff Miamisburg, OH 2020-05-08 "Children need a structured learning environment. And how can parents deal with trying to work and home school both. This is a very bad idea. Plus sheltering in place weakens immune system. If a child is sick keep them home just like always. If not send them to school."

Kim Priban Hudson, OH 2020-05-08 "Some schools can easily social distance the kids and it should be the schools choice. Make regulations that they must bring their own lunch, be distanced, wear a mask, whatever. Many of us who are essential workers will lose their careers of kids can't go to school next year."

Lindsey Steinberger Lewisburg, OH 2020-05-08 "Single mom of two, I get some financial relief when my son is in school and I don't have to pay full-time daycare for two kids. Which is about \$306 a week. Paying that through the summer is expensive enough. I can't do that off and on throughout a whole school year."

Joy Parkinson US 2020-05-08 "These kids deserve to go to school"

Sarah Andrassy North Ridgeville, OH 2020-05-08 "I 100% disagree with mixed school days. The social and emotional challenges the children face due to this shutdown is beyond words. They need the structure, their friends, educators and so much more!!!!"

Katherine Green Dayton, OH 2020-05-08 "I have a young adult in college and she has told me that it is just to hard to do the online class. So I'm sure these young kids in the in class time."

Tausha Thorman Milford, OH 2020-05-08 "My children have always done well in school... So well that the distance learning so far has taken approximately three hours each WEEK for my eighth grader and not much more for my senior. It's laughable how little learning is actually going on. I don't believe that the schools will be able to implement any type of effective distance learning by fall. Many children will be left behind because of home environments and children like mine will easily blow through the material and never be challenged. My other concern is the social interaction. My youngest thrives on it and as days go by, I see his enthusiasm waning in all areas, I fear depression among many children who are forced to be educated in the same place they sleep, eat, fight with siblings, etc. If I wanted to home school my kids, I could have been doing it for years but it was not ,and is not, in their best interest."

Emily Patchin US 2020-05-08 "I'm signing because my kids need to be in school 5 days a week not 2 days in and the the rest remote learning. My daughter has autism and that would be so hard on her, it would just end in melt downs."

Anthony Wilson Milford, OH 2020-05-08 "This is ignorant"

Patricia Braun Wapakoneta, OH 2020-05-08 "Students need a regular schedule. This will be a nightmare for teachers who then need to prepare lessons for in school time and online days. Such a challenge."

Kim Kennedy Cincinnati, OH 2020-05-08 "Students need to be in school for focused, effective education and instruction. For socialization, guidance and supervision."

Tracie Gillig Troy, OH 2020-05-08 "Mixed school would be devastating for the kids, hard for working parents, and unbelievable stress on teachers who have to online teach as well as in person teach and be a parent. That is NOT acceptable! Time to go back to normal."

Angelia Roy Hubbard, OH 2020-05-08 "Kids need school for social and educational purposes. Parents need to work. We all pay taxes for schooling. I am not a teacher. If I try to teach, I do it the old fashioned way and my kids may fail the new testing because of me. I want a full refund for the taxes we pay towards education so that I can find a private school option so that it works within the guidelines that work for my family and meets the education needs of my specific children. We are all sick of living this way... this is not living life."

Melissa Slusser US 2020-05-08 "Children need this structure and interaction to become healthy productive adults"

Denise Brandon Akron, OH 2020-05-08 "I am totally against this detrimental to parents and kids." Shelly Garey Findlay, OH 2020-05-08 "Kids need to have relationships."

Brandi Vitolo US 2020-05-08 "Children need structure. Families can't sustain remote learning. Everyone will suffer if school is not in place 5 days a week."

Rene Perry Mansfield, OH 2020-05-08 "Absolutely I signed! Split days would be a nightmare for already strapped families!."

Erica Pugh Akron, OH 2020-05-08 "Back to normal!!!!!!"

Heather Stout Massillon, OH 2020-05-08 "My daughter is dyslexic and needs more help then I could give her."

C Schaden Mesopotamia, OH 2020-05-08 "College should start in the Fall! Students should have the right to choose their own sanitary choices once there."

Samantha Belin Cleveland, OH 2020-05-08 "My kids deserve the same level of education they are they have grown accustomed to. The remote learning has been more of a review rather than learning new material."

April Petz Wauseon, OH 2020-05-08 "I have a child on and IEP and one entering kindergarten. My youngest will definitely not benefit from this type of schedule. He needs the direct instruction and consistency. My son on an IEP NEEDS his teachers to keep him gaining progress, he has been regressing in some areas due to these changes. Distance learning does not work for him."

Rose Stevens kent, OH 2020-05-08 "It should be up to the people whether or not they want to send their kids. Also, many children go to school and need school. Make it an option but don't mandate it."

Brandi Keith Akron, OH 2020-05-08 "This is not sustainable for working families and not best for the children!"

Mardee Ciresi Bedford, OH 2020-05-08 "Because this is unethical! Quit trying to change our way of life!"

Lisa Popovich Medina, OH 2020-05-08 "Because all 3 of my kids learn differently. They need a classroom setting. They need to be in school the way it was"

Michele Braybon Akron, OH 2020-05-08 "My kids need the school class room structure! My husband and I work full time and they are failing with schoolwork at home!!"

Neaja Berger Marysville, OH 2020-05-08 "This is too hard on families."

nichole adams Akron, OH 2020-05-08 "It is not possible to have mixed days while parents work 5 days a week and do not have the ability to be able to work from home to assist in the child's education/classwork or afford daycare. This is ridiculous, school is 5 days a week."

Cindy Zawojski Toledo, OH 2020-05-08 "It is detrimental to our children's education. We have an obligation to educate our children. That is NOT HAPPENING."

Marie Martin Tipp City, US 2020-05-08 "I'm signing because I won't have childcare if we go to a two day a week schedule and I'm still working full time. How are parents suppose to provide and take care of their kids? This is a scheduling and bussing nightmare!!! How are teachers suppose to instruct children in their classrooms and online?!"

Angela Sallee Milford, US 2020-05-08 "My son deserves a full normal education and I have faith that the school will be clean and sanitized ."

Tolly Bockbrader US 2020-05-08 "Either stay all the way home or go full time. This is too much."

Tricia Hammon Lisbon, OH 2020-05-08 "Kids need a consistent routine. Especially special needs children."

Anna Gingerich Dundee, OH 2020-05-08 "We need schools to go back to a normal start. It's very hard on the teachers & kids to do remote learning."

Beth Browning New viennia, OH 2020-05-08 "Because every kids should be able to go at same time ."

sarah pettigrew Philo, OH 2020-05-08 "I am a si gle mother of three with a grueling full time job. This will be impossible for me to juggle into our routine."

Kelly Kelbach Mentor, OH 2020-05-08 "Our kids can't learn this way. Parents are not teachers. Teachers have to have training and schooling for a reason. Financially it will be impossible."

Greg Moehl US 2020-05-08 "This is not my preference but it is better than the students not going at all."

Tammy Gates Alliance, OH 2020-05-08 "It's a stupid idea!"

Melissa Gaston Dayton, OH 2020-05-08 "I am a teacher, remote learning is very difficult for students with learning issues. Some of my students who were getting 'A's while in the classroom are failing in remote learning classes. For others, school is their safe place, home is not. It's impossible to learn when your though are on survival and safety."

Ariel Williams KETTERING, OH 2020-05-08 "I don't know what kind of financial hardships 2 days a week would do for everyone else, but for me it would be detrimental. I can't afford to also pay childcare on school aged children. I'm still not sure how summer works without camps either."

Jaime Rosado North Ridgeville, OH 2020-05-08 "Children need to learn in a school setting. They need engagement with peers and other authority figures. This approach is harmful to the mental state of all!"

Jon White US 2020-05-08 "As a single parent this would be not only hard on me financially, but also hurt my sons learning and ability to get one on one interaction with the teacher."

Jowanda Wiseman Jeffersonville, OH 2020-05-08 "Not at all parents can teach, not all students can learn from a computer. In rural communities some children still can not access their lessons and getting paper lessons is nearly impossible. Children need structured learning"

Kari Smith Rowe Columbus, OH 2020-05-08 "I don't want my kids senior year ruined ! My kids will lose their performing arts classes if this happens along with sports . It will ruin so many programs and their mental health is at stake as is their education !"

Julia Handlon Cincinnati, OH 2020-05-08 "Our kids should be in school full day full 5 day week- to best support their full development. If you want smaller class sizes provide more funding so they can hire more teachers to take down ratios."

Steph Neal Springfield, OH 2020-05-08 "For my personal situation the distance learning has not been an issue for my 15 yo son, other than missing his friends and sports. However, those with younger children unable to stay home alone... I'm sure this would create a major hardship! I don't know what the answer is other than creating more space in classrooms or utilizing other common areas like gyms and cafeterias."

Meghann Frank Morrow, OH 2020-05-08 "Because this is ridiculous"

Angel Colon North Lima, OH 2020-05-08 "My son is in an auto tech program...how is he going to learn how to fix cars from videos and not hands on. 2 days a week will not suffice."

Heather Kinney Dayton, OH 2020-05-08 "I work in the schools, have an understanding of public education, and know this possible "plan" is illogical, horrible, and must not happen!"

Joni Reed Fairborn, OH 2020-05-08 "Children need to be in the classroom full time . Online learning only works for a small amount of children. There is not enough science and facts to support this continued ridiculous house arrest of healthy children!"

Carrie Vitale Lancaster, OH 2020-05-08 "We need to open Ohio! Our kids need to be in school and adults need to be at work. This is ridiculous and we need to take our lives back NOW!"

Jessica Anglin Akron, OH 2020-05-08 "This is not good for the children. They are not learning what they should be"

Brittany Silverman Columbus, OH 2020-05-08 "Our children desire to be in the class full time. Their education should not be hindered!"

Kim Constable Morrow, OH 2020-05-08 "This does not make any sense and is not a smart thing to do it's just going to cost the state more money because they will have to pay more money out for day care for the parents that can't afford it."

Michelle Murray North Ridgeville, OH 2020-05-08 "What difference would sending kids to school some days and not others"

Alisha Gray Upper Arlington, OH 2020-05-08 "My child has an IEP. I am not qualified to educate him. It has been torture for both of us the last two months. We've both cried many tears. School should be back to normal in fall."

Joanie Nijak Delphos, OH 2020-05-08 "The adjusting families will need to do..what about all the school tuition? Is it going to cost less under this program?"

Kristen Conkle Beaver Creek, OH 2020-05-08 "My husband and I are both full time employees. We are not trained teachers and do not have the time to teach our kids after working all day. This is NOT acceptable!"

Dylan Williams Ross, OH 2020-05-08 "I don't want to have a mixed school year!"

Nick Brown Powell, OH 2020-05-08 "This is not a realistic option. We need schools and all activities open for next school year."

Joyce Cieslak Aurora, OH 2020-05-08 "There are so many reasons!!!! Kids need face to face learning. We pay tax for education. They are not getting the least restrictive environment at home. Kids with learning difference are struggling. We are leaving the at risk kids in environments where they are not monitored. Many parents need to work!"

William McAfee Dayton, OH 2020-05-08 "I disagree with this suggestion. It is time to get back to normal and this plan is not normal !!!"

Thomas Marquette Ashland, OH 2020-05-08 "I'm signing because Governor DeWine's orders continue to be arbitrary and are not supported by data, science or logic. His plan for schools is another example of this."

Annamarie Hanzak Madison, OH 2020-05-08 "No way!!!"

Jackelyn Caskey Cleveland, OH 2020-05-08 "I'm signing this because I don't have day care while I work my full - time job."

Paul Thompson Carey, OH 2020-05-08 "As a former teacher this is totally asinine. Children need consistency above all else. You can't be sending an elementary student from one person to the next. Get your nose out of the teaching/learning process!!!!!"

Heather Taylor Marysville, OH 2020-05-08 "Children need structure and a licensed teacher to teach them."

Tammie Fargo Mansfield, OH 2020-05-08 "Tammie Fargo"

Melinda Goings Blacklick, OH 2020-05-08 "Thankfully, I am currently a stay at home mom. My husband and I didn't have to struggle to figure out who would be home with our two young daughters. Also, I don't have to struggle to do school work after getting home from a full day at work. Thankfully, I have a small background in childcare and education, otherwise homeschooling would be more difficult than it is now. Think about the families who need two incomes for their household. Think about the teachers. Think about the children, because they are the most important. They cannot flourish in this environment. They need to be amongst their peers to laugh and play and learn. They need to be with their teachers. The individuals who, besides their parents, care daily for their emotional, physical and educational needs. Think. That's all I ask of you."

Sarah Kallay Kalida, OH 2020-05-08 "I think it is a stimulus rule to make. The children are going to be around each other 2 days a week... what's the difference full time?! I am also a mother who has a full time job along with my husband. This does not work for us"

Betsy Schaaf Loveland, OH 2020-05-08 "My kids need to be in school."

Traci Wheeler Tipp City, OH 2020-05-08 "This won't be easy on the students, teachers or parents! I don't understand how this would even be productive in any sense!"

Terry Rosebrock US 2020-05-08 "My grandson doesn't like it and has had problems, also the INTERNET DOESN'T work well in their area. Not everyone has good internet !"

CONNIE WARD Marion, OH 2020-05-08 "Children need a full week of school every week to even come close to receiving an adequate education. Do not take from the schools!"

Sarah Frazier Fairborn, OH 2020-05-08 "Daycares aren't even opened but they'll be more flooded than the schools and the remote learning won't get done"

Shannon Craft New Bremen, OH 2020-05-08 "My kids will learn more in school than at home. Home schooling is not very successful especially for my son who needs to be in school to focus on his work and receive extra guidance through through an IEP. Plus we are paying school taxes for a new school. I am not an accredited teacher and already have a full time job."

Anna Freeman Cincinnati, OH 2020-05-08 "Absolutely Not! How can people work to pay the taxes that you as a government require to operate? Stop this madness!"

Jill Powers Columbus, OH 2020-05-08 "This has to stop."

Joe Meeker Logan, OH 2020-05-08 "Won't work with people working and need daycare/babysitting"

Kate Van Jura Mentor, OH 2020-05-08 "Kids need the social interaction and the professional teachers"

Jason Reynolds Brook Park, OH 2020-05-08 "They need to have a schedule , and see people"

Melissa Stiltner Defiance, US 2020-05-08 "Kids are not learning being at home. They need teachers, friends & a schedule to follow. Parents are not teachers. They need to return to school full time."

Shawn Soles Wadsworth, OH 2020-05-08 "This is complete bullshit, this is a virus and it is something that will just need to be dealt with, no different than the flu stop trying to disrupt, destroy, hamper, and ruin people's lives."

Tamara Patterson Ashland, OH 2020-05-08 "Our children need to be in a building, with structured learning with their peers and need to be able to participate in sports and clubs."

Paula Plunk Dover, OH 2020-05-08 "This can't work for working parents with no sitter available for kids."

Christine Combs Cincinnati, OH 2020-05-08 "This does not make sense, They should be in school all 5 days, splitting the week does nothing but cause a ripple effect of other problems. How do people work while trying to take care of their kids 3 days of the week. Or putting them in daycare for the 3 days, foolish option DEWINE! Obviously if you have kids you are so removed due to your age that you forgot

the day to day responsibilities of being a parent of young children. Please wake up and let us work on our own, we're grown ups and really do know how to keep ourselves safe!!"

Dawn Seward Morrow, OH 2020-05-08 "I do not want my kids falling behind in academics."

Trying to complete school work and adapt to the se changes have caused major issues with him. We are having more behavioral issues and he is struggling with his school work. This was the first year he has actually thrived at school and loved it. I know adapting to these changes are hard on everyone but there needs to be a better solution than the one that is being proposed. This will not work with children with IEPs and other situations. Children need the social aspect as well."

Lisa Maynard RN Batavia, US 2020-05-08 "Extending this into next year is extreme overkill. These children need qualified teachers not a bunch of videos and worksheets!"

This social distancing is not about health. Doctors have told us again and again about the need to develop NATURAL herd immunity. Doctors have stated that children are not the ones who are being harmed; it is the elderly and those who have comorbidity issues. Are we going to lower these children's success by not educating them? What about the learning disabled? They will be left even further behind. To not have school five days a week is stupid, and it will only HARM our children overall. They will not be able to compete!!"
